GREENHOUSES.**

FORMERLY AT SPRINGFIELD, OHIO.

The Grandest Novelty of the Year, New French Hydrangea, MONSTROSA GRANDIFLORA.

This new plant cost the importer last year \$5.00 each and is now offered for the first time. It is one of the most valuable plants we have ever grown and we take great pleasure in endorsing it as the grandest and most beautiful of this year's novelties. The great clusters of bloom are simply enormous and of a beautiful and intense rose color shaded white. Growth robust and compact with a marvelous freedom in production of bloom. Our illustration on the cover is taken from a 3½ inch pot plant with clusters of bloom averaging 12 to 15 inches in diameter. Think of it, and be sure and include this grand plant in your order. We have grown a large stock and offer it at the low price of 35 cents each, or 4 for \$1.00. No further discount on this offer.

♦ ♦ Strobilanthes Dyerianus. ♦ ♦

ROYAL PURPLE.

A new house and bedding plant sent out last year by Messrs. F. Sander & Co., of England, at \$2 each, and to which was awarded the Gold Medal offered by the King of Belgium at the Ghent Exhibition. It forms a compact bush 18 inches high, with leaves 6 to 9 inches long, 3 to 4 inches wide, and of the most intense **metallic purple** color, shading into light rose with a light green margin, a combination unapproached by any other plant. Mr. Pfister, of the White House, Washington, put it in the open border, where it grew and colored up beyond all expectation in a very exposed position. It has created a veritable sensation wherever exhibited, and will be grown by the thousand as a bedding plant, while at the same time one of the most brilliant decorative plants in existence; for the table ornament, parlor or greenhouse, nothing can equal it. **Price, 15 cents each.**

SPECIAL OFFER—For \$1.00 we will send 12 fine plants, that will make you the most beautiful bed or border you ever saw. No further discount.

♦ ♦ Two Grand Everblooming Plumbagoes. ♦ ♦

BEAUTIFUL BLUE AND WHITE.

PLUMBAGO, CAPENSIS FLORA ALBA—This is a splendid novelty. The exact counterpart of Plumbago Capensis except in color, which in this beautiful novelty is a clear white. This is one of the leading new plants of the year. Do not confound this with the old worthless white. One of the most satisfactory bedding plants out. We recommend this highly. **Price, 10 cents each.**

PLUMBAGO, CAPENSIS—This produces large heads of light blue flowers. Has the most peculiar shade of blue of any flower in cultivation. Always in bloom, and an elegant bedder. **Price, 10 cents each.**

♦ ♦ Wild Flower Garden Seeds. ♦ ♦

WILD FLOWER GARDEN MIXTURE—These mixed flower seeds embrace more than a hundred varieties of such easy-growing and pretty flowers as are suitable for forming a wild flower garden. They are very useful for woodland walks, roadsides, railroad embankments, and for sowing alongside of fences, and on any untidy bare spots of ground which are so frequently unsightly, and which, if properly cared for and kept free from weeds, can be made to produce a continual display of bloom during the entire summer. **Pkt. 10 cts.; 3 for 25 cts.**

STROBILANTHES DYERIANUS (ROYAL PURPLE).

Please name two or three Plants at the bottom of your Order so that we may send them when out of those ordered.

HOW TO GET YOUR PLANTS FREE!

REGISTERED
INNISFALLEN
TRADE-MARK.

THERE are those who do not wish to spare the money, or do not feel able to purchase flowers, although they dearly love and enjoy them. And when there are those who take pleasure in interesting their friends and neighbors in the cultivation of plants, for, indeed, all communities are better off for a liberal display of flowers. We wish to call the attention of all such persons to the fact that while they are working for us they are at the same time providing themselves with plants at no outlay of money to themselves, but are practically getting them free.

HOW TO SEND CLUB ORDERS.—Keep each person's order separate, giving his or her full name, with the amount of the order. Then make your selection of the amount due you, naming plants desired as your discount, signing your name as the **getter-up of the club**.

REMEMBER, that the **getter-up of the club** is entitled to all discounts. We cannot allow each member of the club to select discounts, etc., and then allow the **getter-up of the club** to select another discount. We will, however, add one plant of our selection for each dollar's worth that any one member of your club may send.

HOW WE PACK CLUB ORDERS.—Each person's plants will be packed separately, with his or her name attached, so you will have nothing to do but to deliver the bundle. If the plants are to go by mail, and you desire them to be sent direct to the person, we will do so when the order amounts to 50 cents or more.

NOTE OUR DISCOUNTS on \$2.50, \$5.00, \$6.00, \$8.00 and \$10.00 orders. You do not know how easily you can secure an order from among your friends, and thus secure the benefits of these most liberal offers until you try. Individual orders are allowed the same discounts as club orders.

REMEMBER, These discounts do not apply to collections of plants or bulbs, but to plants and bulbs at price per single plant and bulb, and must be included in your order when you send it in. We cannot send your order at one time and the discount at another. So be sure and include the discounts in your order when you send it. : : : : :

. . . READ REMARKS ABOUT ORDERING CAREFULLY . . .

It will Greatly Assist us in Getting Your Orders Shipped Promptly.

OUR PRICES ARE STRICTLY CASH.—The proper remittance must in all cases accompany the order, and should be inclosed with it.

MONEY AT OUR RISK.—All money sent us by Postoffice Money order, Bank Draft, Express Money Order, or Registered Letter is at our risk, and we will be responsible for its safe arrival, and you may select full value for it, in plants, seeds or bulbs.

POSTOFFICE MONEY ORDERS can now be had at almost all postoffices and are absolutely safe. If the letter inclosing it is lost, send us the number, date, amount, the office at which it was payable, a list of what you ordered, and we will fill the order at once, and apply for a duplicate of the lost Money Order, which the Government will furnish in such cases.

BANK DRAFTS drawn on any city bank and made pay-

able to our order are good and can be had at all banks. If lost the bank will issue a duplicate.

EXPRESS MONEY ORDERS are one of the cheapest and best ways of sending Money. Perfectly safe, because if lost a duplicate can be had by applying to the Express Company.

REGISTERED LETTERS.—When you can not get Money Orders, inclose money—either notes or coin—carefully wrapped, and have it Registered by the Postmaster; the responsibility then is ours.

FREE BY MAIL.—At the prices named in this book we send everything offered by Mail, postpaid; when we ship by Express is at the purchaser's request and expense.

WE GUARANTEE all orders to arrive safely at any point in the United States, whether sent by Mail or Express. If anything is injured or spoiled in any way before delivery, it will cheerfully be replaced without cost.

NOTICE TO CLUB RAISERS.

We will furnish extra order sheets, envelopes and catalogues to all who need them in aiding in the getting-up of their Clubs. Oftentimes you may have friends residing at a distance from you who would be glad to join your club did they but know you were engaged in such work. We will mail all such persons our catalogues if you will send us their address. **Example:** If you reside in Texas, and have a friend in any other part of the State, or of the United States, or Canada, they can join your club, and the plants will be sent direct to them. We will be glad to write you explaining any of these offers should they not be plain to you.

We cannot fill plant orders for less than 50 cents by mail unless ten cents is added to pay postage, but for seeds we will accept any amount, however small, without additional postage.

GENERAL COLLECTION OF ROSES.

GENERAL REMARKS: Our Roses are all grown on their own roots and are plants of strong hardy constitution and are not forced by any natural or artificial means. This is the most essential point in successful Rose culture. Our prices are the lowest and our stock as good as any.

CULTURAL NOTES FOR THE ROSE.

SOIL.—Take good, rich soil, mellow and fertile, made from old decomposed sods is best, clearing out all insect germs and worms.

FERTILIZERS.—Fine well decomposed stable manure is the best for all purposes. If this cannot be obtained, ground bone or other commercial fertilizers may be used taking care to use sparingly as most of them are very strong.

WATERING.—If the ground is dry when planted water thoroughly so as to soak the earth down to the roots of the plants. After this very little water is required unless the weather is dry. Plants will not thrive if kept too wet.

PLANTING.—Mellow the ground thoroughly and mix a little well rotted manure in. Make holes in the soil about 12 inches apart, set plants a little deeper than formerly, arrange roots in their natural positions, cover with fine earth, pressing it down firmly upon them and in around the stems, then water freely.

CULTIVATION.—The soil around the plants should be kept loose and free from weeds and grass to insure their vigorous growth. During protracted drouths and if the soil becomes dry, water freely in early morning or evening.

PRUNING.—No rule can be regularly applied, plants differ so with respect to constitution and habits of growth. Many are neat and compact requiring little or no atten-

tion; others are vigorous and straggling. Pruning should be regulated to the habits of the different varieties. Usually about one-third or one-half of last season's growth is cut out, trim so as to give plant a well balanced, shapely appearance, cutting out all dead and diseased wood. This should be done in early Spring before the buds start. Remove the flowers before the petals begin to drop.

INSECTS.—For green fly use tobacco smoke or water, or dust it on in a powdered form. For slugs and worms, Paris green, Hellebore or Slug Shot.

HOUSE CULTURE.—Roses should be grown in three or four inch pots, placed in a warm light situation near a window, where plants can get as much sun as possible. Temperature ranging from 50 degrees at night to 75 degrees during the day should be maintained as nearly as possible; this is not difficult.

WINTER PROTECTION.—Do not cover the plants until Winter has fairly set in. This may be done with leaves, straw or light manures, placing a few boughs or pieces of boards upon the litter to keep it from being blown away. When standing alone Roses may be protected by driving a stake in the ground and tying long straw neatly and securely around the bush to the stake, or by driving a short stake in the ground and tying the bush together and then bend down within three or four inches of the ground, tying bush securely to the stake, then cover with coarse litter. Remove as soon as the buds start in the Spring.

Ever-Blooming Tea Roses.

Embracing all the Choice New and Standard Varieties.

For General Planting, all Tested Sorts

This class forms a very important group, and are universally regarded as the most desirable and valuable Roses of general culture; the demand for them far exceeds that of any other class. They commence to flower almost as soon as planted, and continue throughout the entire season, the blooms increasing in size and beauty until autumn. They are noted for their exquisite delicacy of coloring, which embraces all the lovely tea shades of yellow, fawn and cream; also for their delightful fragrance, which exceeds that of all other families. It is from this class of Roses that we get all the better sorts, especially those best adapted to house culture and growing under glass. The varieties included in the following List are recognized as the leading sorts for general culture. They combine all the more pronounced features of the class with reference to qualities of vigor, profuseness and brilliancy of bloom. The harvest of bloom during the first year will more than compensate for the trifling outlay and effort expended. We would call especial attention to the fact that many of the varieties included in the list are of the later introductions.

Price, 10 Cents Each.

Except where noted.

Two-year-old Plants, 25 cents.

Except where noted.

ARCHDUCHESS IMMACULATA—The color is an intermingling of bronze, orange, yellow, pink and crimson.

BRIDESMAID—A sport from the well known Catherine Mermet, but so much better both in growth and color that we think it will in time supersede it. The Bridesmaid at all times produces buds and flowers of a much deeper shade of pink than its parent. The stems are long and stiff, and the bud is so exquisite in form, and so solid and firm, that no other Rose can compare with it in keeping qualities after being cut. 15 cents; two-year-old plants, 30 cents.

BRIDESMAID.

Examine our list of Flower and Vegetable Seeds. See the very Low Prices. None Better. None Cheaper.

BEAUTY INCONSTANT.

BEAUTY INCONSTANT—A wonderful new Rose, deriving its name from its quality of producing flowers of different shades on the same plant. The colors vary from crimson to light pink through all shades of tawny red, orange, chrome, and deep rose, all these colors being frequently seen on one bush at the same time. The beauty of color effects is indescribable. 15 cents; two-year-old plants 30 cents.

CATHERINE MERMET—One of the most fashionable Roses for cut flowers; color, clear rose pink; large pointed buds.

CHARLES LEGRADY—Color, chamois red, richly shaded with violet crimson.

COUNTESS ANNA THUN—Immense size, perfect form, beautiful citron yellow, shaded with peach, orange salmon, and silvery pink.

CHRISTINE DE NOUE—This beautiful new crimson Tea Rose promises to be one of the best of recent introduction. It is particularly valuable because red has been a very scarce color among Tea Roses, and this one is exceptionally fine. It is a splendid grower, making a large-sized, graceful plant, with bright deep-green foliage; the flowers are borne upon strong stems, and are unusually large and handsome. The buds are long and finely pointed. Color, rich crimson, shading to deep pink in center; large, broad petals. Valuable for both cut flowers and for general planting. 15 cents; large two-year-old plants, 30 cents.

CORNELIA COOK—Beautiful snowy white buds of immense size.

COUNTESS EVA STARHEMBURG—Long, pointed buds of great beauty; color, creamy yellow, shaded and touched with rose.

COMTESSE DE FRIGNEUSE (The Golden Pearl.)—The buds are long and pointed, not unlike Niphetos in form. The color is a deep golden yellow; large and full. 15 cents; two-year-old plants, 30 cents.

DEVONIENSIS—Magnolia fragrance; creamy white, with rosy center.

DUCHESS OF EDINBURG—Large buds of the most intense dark crimson.

EDMUND SABLAYROLLES—Beautiful Hortensia-colored Rose, shaded with peach and rosy carmine. 15 cents; two-year-old plants, 30 cents.

EDMUND DE BIAUZAT—Color, peach, tinged with salmon pink.

ELIZA FUGIER—Rich creamy white, tinged with pure golden yellow; large and of fine form.

EMPRESS AUGUSTA VICTORIA—A royal Rose and should be found in every garden. It has magnificent buds, very double, perfectly formed, full flowers, and can be cut with long stems. The buds are beautifully formed, with large petals, of a thick and heavy texture. Color, pure white, shaded in the center of the fully expanded flower with pale lemon yellow. The habit of growth is strong and vigorous, every new branch having a lovely flower. 15 cents; large two-year-old plants, 30 cents.

ELLA MAY—The color is a rich amber or "old gold," shaded with dark, ruddy crimson; a sport from Sunset, which it resembles.

ETOILE DE LYON—(See cut on page 6.)—Color a beautiful chrome yellow, deepening at the center to pure golden yellow. The flowers are very large, double, and deliciously fragrant. It produces magnificent buds, equal to Marechal Neil in color and size. Remarkably hardy, both as to heat and cold, frequently standing the winter uninjured in the open ground.

EMPRESS MARIE OF RUSSIA—Fine large buds, canary yellow, passing to white and tinged yellow.

ERNEST METZ—(See cut.)—Finely formed and beautifully tinted in buds and open flower. Color soft, satiny carmine pink, bordered with bright rose and flamed with crimson in the center. Buds long and handsome; flowers large, full and sweet. Vigorous and free-blooming. A favorite Rose everywhere. 15 cents; large two-year-old plants, 30 cts.

DR. GRILL—Coppery yellow, with fawny rose reflex; a fine garden Rose.

DR. REYMONT—Splendid crimson-colored flowers in the way of General Jacqueminot.

DUCHESS DE BRABANT—Color, soft, light rose, with heavy shadings of amber and salmon.

DUCHESS SALVIATA—Color, beautiful chrome yellow, tinged with orange buff and pale rose.

EMPRESS AUGUSTA VICTORIA.

MADAM ELI LAMBERT.

LADY ZOE BROUGHAM—Bright, tawny yellow, a charming color.

LETTY COLES—Color, soft, rosy pink, shaded with intense crimson; exquisite.

LUCIOLE—Unequaled in its delightful coloring and size of buds; color, bright carmine rose, tinted and shaded yellow.

MADAME AGATHA NABONNAND—A superb Rose; color, rosy flesh, bathed in golden amber.

MADAME FALCOT—Color, apricot yellow; a beautiful and charming Rose.

MADAME DE WATTEVILLE—Color, beautiful shell pink, deepening to bright rose at the edge of the petals, the body of the flower being creamy white, known as the "Tulip Rose." 15 cents; two-year-old plants, 30 cents.

MADAME ELI LAMBERT—(See cut)—An exquisite Rose; rich creamy white, faintly tinted with pale golden yellow, and bordered and shaded with soft, rosy flesh. 15 cents; two-year-old plants, 30 cents.

MADAME ETIENNE—One of the finest clear pink Tea Roses: a beautiful variety.

MADAME HONORE DEFRESNE—A beautiful citron yellow, with coppery yellow shading.

GOLDEN GATE—Large, full and finely formed flowers; the color is a rich creamy white, tinged with golden yellow; an extra fine Rose.

GRACE DARLING—Color, porcelain rose shaded with crimson; an elegant variety. 15 cents; two-year-old plants 30 cents.

GUSTAVE NADAUD—Color, bright vermillion, shaded carmine and golden yellow.

HENRY M. STANLEY—The color is a rare shade of amber rose, tinged with apricot yellow.

ISABELLA SPRUNT—Bright canary yellow, large, beautiful buds, profuse bloomer.

J. B. VARRONE—Intense scarlet crimson, rich and bright, shaded with salmon yellow. 15 cents; two-year-old plants, 30 cents.

JEANNIE GUILLAUMEZ—Color clear bright red, touched with salmon; center coppery red, shaded silver.

LADY ASHBURTON—Large, full and handsome form; color, orange yellow; a most charming Rose.

LADY CASTLEREAGH—Color, soft rosy yellow, shading to deep rose at the edge of the petals.

LADY STANLEY—Long, pointed, dark-red colored buds, shaded with chamois in center.

ERNEST METZ.

MADAME CAROLINE KUSTER—Brightlem-on yellow, very large and handsomely shaped; one of the finest Roses; very free flowering. When its wood has once been hardened it bears buds as large and handsome as Marechal Neil. 15 cents; two-year-old plants, 30 cents.

MD. LOMBARD—(See cut)—A first-class Rose for bedding. Extra large, full flowers, very double and sweet; color a beautiful shade of rosy-bronze, passing to salmon and fawn, beautifully shaded with rich bright carmine. 15 cents; two-year-old plants, 30 cents.

MADAME OLGA—Color, rich creamy white, tinged with pale canary yellow.

MADAME SADI CARNOT—Large, fine full flowers; clear, bright cherry red, passing to magenta.

MADAME M. KUPPENHEIM—Color, beautiful pale yellow, touched with pink, and shaded with bronzy carmine.

MADAME WELCHE—Color, soft rose, pale yellow, sometimes cream; a charming Rose.

MRS. JAS. WILSON—Pale yellow, tipped with rose pink.

MARIE VAN HOUTTE—A most elegant Rose; white, shaded lemon yellow.

MALMAISON—This is certainly one of the choicest Roses in our collection; the color is a beautiful, rich creamy flesh, shaded clear peachy red, with a rose center.

MADAME CAROLINE KUSTER.

MALMAISON RED—An exact counterpart of Malmaison except in color, being a rich velvety crimson. 15 cents; two-year-old plants, 30 cents.

MALMAISON STRIPED—Color, creamy white, with rose center, reverse of petals striped carmine. 15 cents; two-year-old plants, 30 cents.

MALMAISON WHITE. (Crown Princess Victoria) — The color is pure, waxy snow white; the center of the flower has a delicate lemon tint. 15 cents; two-year-old plants, 30 cents.

MRS. PAUL—A fine garden Rose; the color is a blush white, usually overlaid with rosy peach shading; an exquisite variety. 15 cents; two-year-old plants, 30 cents.

MLLE. FRANCISCA KRUGER—In its shadings of deep coppery yellow it stands unique and distinct from all others.

MARION DINGEE—Deep brilliant dark crimson, perhaps the darkest and richest Tea Rose. 15 cents; two-year-old plants, 30 cents.

MADAME C. BERTHOD—Beautiful golden yellow buds; superb Rose.

MADAME C. GUINNOISEAU—Large, full and sweet golden yellow flowers.

MADAME HOSTE—Long, pointed buds, and of a lovely creamy white shade; a beautiful and charming Rose. 15 cents; two-year-old plants, 30 cents.

MADAME MARTHE DU BOURG—The color is a creamy white, touched with carmine or pale heliotrope at the edges. 15 cents; two-year-old plants, 30 cents.

MARIE GUILLOT.

Nearly all varieties at 3 cents per packet; or if you order one dollar's worth they will cost but 2 cents per packet.

MADAME LOMBARD.

RHEINGOLD—Long pointed buds; the color is a Naples yellow, shaded with orange; a beautiful flower.

RUBY GOLD—Tawny yellow shading to "old gold," crimson center, with veins of rosy red and pink. 15 cents; two-year-old plants, 30 cents.

REINE NATHALIE DE SERVIA—The color is a soft shade of shell pink, brightest at the center; very striking. 15 cents; two-year-old plants, 30 cents.

SNOWFLAKE—A lovely white Tea Rose.

SAPPHO—The color is a rich apricot yellow, tinged with fawn and pale rose. 15 cents; two-year-old plants, 30 cents.

SOUVENIR DE VICTOR HUGO—Color, lovely citron red, with amber and fawn shading.

SOUVENIR DE THERESE LEVET—Clear velvety crimson; large and full.

SOUV. DE FRANCOIS GAULAIN—Dark rich velvety crimson, very dark and velvety, exceedingly rich and handsome, very fragrant, large, full flowers. An unusual and highly remarkable color in a Tea Rose.

SUMMER QUEEN—The color is a bright silvery pink; full and double; twelve hundred buds have been cut from a single plant.

SUSANNA BLANCHET—The color is a beautiful pale flesh, passing to silvery white, shaded with fine rosy amber.

ETOILE DE LYON.

SUNSET—This exquisite orange yellow variety is one of the finest Tea Roses grown. The flowers are large and double. The exquisite shades of coloring in this variety can only be compared to gorgeous colors of a summer sunset; hence the name. It is deliciously fragrant; a strong-growing and free-flowering variety. 15 cents; two-year-old plants, 30 cents.

MADAME PIERRE GUILLOT—The buds are large, creamy white, each petal bordered with bright rose.

MEDIA—Large and full, deep golden yellow, a lovely and exquisite shade. 15 cents; two-year-old plants, 30 cents.

MADAME PHILEMON COCHET—Color, rose shaded with salmon, and suffused with a lighter shade.

MADAME SCIPIO COCHET—Color, a soft, primrose yellow, with rose shadings; unique in size and shade of buds.

MARIE GUILLOT—(See cut.)—One of the very best white Tea Roses; very double; an exquisite variety.

MARQUIS DE VIVIENS—Long, beautiful buds; bright carmine, shading into light rose and yellow.

NIPHETOS—A most elegant white Tea Rose; buds are three inches long.

PERLE DES JARDINS—Clear golden yellow, very rich and beautiful; constantly grows into favor.

PAPA GONTIER—Immense buds; color, rich cherry red, passing to clear glowing crimson. One of the best.

PEARL RIVERS—The ground color is ivory white, with petals delicately shaded and bordered with pale rose.

PERLE DE LYON—Beautiful orange yellow, with peach shading; sometimes coppery gold stained with crimson.

PRINCESS SAGAN—(See cut.)—A Rose of great beauty; the color is rich velvety crimson; handsome and showy buds. 15 cents; two-year-old plants, 30 cents.

PRINCESS BEATRICE—Large buds of exquisite color, outer petals varying from canary yellow, edged lightly with bright rose color, and apricot center. 15 cents; two-year-old plants, 30 cents.

PRINCESS OF WALES—Color, beautiful amber yellow, deepening towards the center to orange or coppery yellow, tinged and shaded with crimson. 15 cents; two-year-old plants, 30 cents.

RAINBOW—The color is a lovely pink, blotched and striped with the darkest crimson.

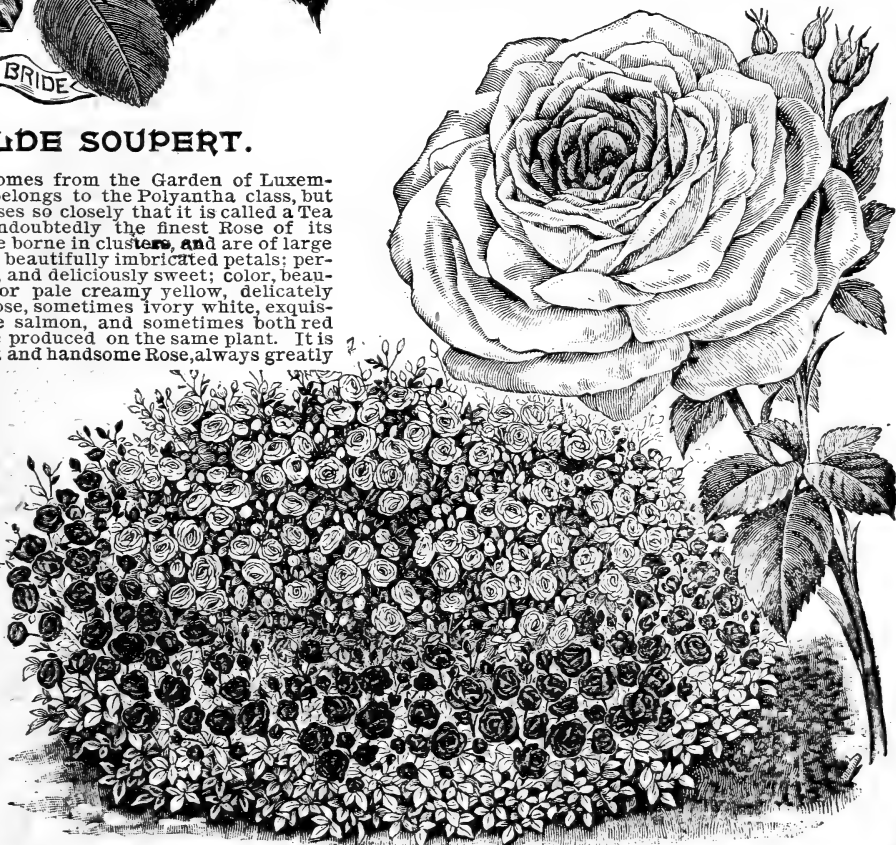

PRINCESS SAGAN.

CLOTILDE SOUPERT.

This lovely Rose comes from the Garden of Luxembourg, France. It belongs to the Polyantha class, but resembles the Tea Roses so closely that it is called a Tea Polyantha, and is undoubtedly the finest Rose of its class. The flowers are borne in clusters, and are of large round, flat form, with beautifully imbricated petals; perfectly full and double, and deliciously sweet; color, beautiful pinkish amber or pale creamy yellow, delicately flushed with silver rose, sometimes ivory white, exquisitely tinted with pale salmon, and sometimes both red and white flowers are produced on the same plant. It is a particularly elegant and handsome Rose, always greatly admired. The bush is a vigorous compact grower, and a continuous and remarkably profuse bloomer, being literally loaded with Roses. It is highly recommended for window and house culture; in fact, we think its one of the very best. 15 cents each; large, two-year-old plants, 30 cents each.

A bed 3 feet in diameter will hold 20 Roses, such a bed would give you a fine bunch of Rose buds every day until the severe frosts of fall set in. Look at our special offer in the EXCELSIOR ROSE COLLECTION of 20 of our best ever-blooming Roses for \$1.00.

A BED OF CLOTILDE SOUPERT AND QUEENS SCARLET ROSES.

THE BRIDE—"The Bride" is a pure white Rose, of large size and most perfect form. This variety has the most delicious Tea fragrance, and is a strong-growing, free blooming Rose either for summer or winter flowering.

THE GEM—A beautiful and superb Rose, of a fine, faultless straw color, shaded bright rose crimson.

THE QUEEN—Beautiful buds. The color is pure snowy white.

VALLEE DE CHAMOUNIX—Exquisite coloring; color, coppery yellow; shaded and tinged with rosy blush.

WABAN—Rich, deep bright pink; a gem in every way.

WHITE PERLE DES JARDINS—A pure ivory-white "Pearl of the Garden." A superb Rose. 15 cents; two-year-old plants, 30 cents.

THE THREE HERMOSAS.

CONSTANTLY IN BLOOM--THE BEST FOR HOUSE OR . . . GARDEN CULTURE . . .

WHITE HERMOSA, or Marie Lambert—Pure white. It has been called Hermosa, as it resembles Hermosa in form and freedom of bloom, and is quite as valuable; for though no claim has been made for it as a fancy Rose, its persistence in bloom will make it a very popular white variety for bedding or for pots. 15 cents; large, two-year-old plants, 25 cents.

PINK HERMOSA—A clean, healthy grower; color, bright pink. It is grown largely in the New York cemeteries for its hardiness and continuous blooming. 15 cents; large, two-year-old plants, 25 cents.

YELLOW HERMOSA, or Coquette de Lyon—This is a most charming yellow Tea Rose, a good grower, has elegant buds, and is so free in flower as to be called the Yellow Hermosa. A Rose that will please all. 10 cents; large, two-year-old plants, 25 cents.

SPECIAL OFFER—We will mail the 3 Hermosas, one of each, for 30 cents net. No further discount.

Standard Ever-Blooming Roses.

PRICE, SEVEN CENTS EACH.

18 Varieties Your Selection, or 20 Roses our Selection for \$1.00. Always a Good Assortment.

We will send strong plants from this list, your selection, for only 7 cents each. Or you may select eighteen Ever-Blooming Roses from this list for only ONE DOLLAR. 20 Roses, our selection, ONE DOLLAR, by mail, postage paid. Net. No Further Discount.

Remember that our large two-year-old Roses will cost you 25 cents each from this list. These are superb plants, and many of your old favorites. 6 large two-year-old Roses from this list ONE DOLLAR, NET. No Further Discount.

ABBE ROUSTAN—Creamy white, elegantly shaded rosy blush.
ADAM—Bright flesh salmon rose. Extra large and double.
ADRIENNE CHRISTOPHLE—A shade of apricot, citron and fawn.
AGRIPPINA—Rich velvety crimson. A grand bedder.
ALBA ROSEA—Beautiful rose-colored center, shaded blush.
ALINE SISLEY—Violet rose. A fruity, pleasant fragrance.
ANDRE SCHWARTZ—Beautiful crimson. Free-flowering variety.
ANNA OLLIVIER—Lovely blush, shaded with carmine.
ANTOINE VERDIER—A rich, dark carmine pink. Very free bloomer.
APPOLIEN—Clear pink, dashed with rosy carmine.
ARCHDUKE CHARLES—Brilliant crimson scarlet, shaded violet.
AURORA—Beautiful creamy white, with rose-colored center.
BEAU CARMINE—Carmine red, rich, large, pale rose and carmine.
BELLA—Pure snow white. Long, pointed buds. Tea-scented.
BON SILENE—Deep salmon rose, illumed with carmine.
BOUGERE—Bronzed pink, tinged with lilac. Large and full.
CANARY—Light canary yellow. Beautiful buds and flowers.
CHARLES ROVOLI—A lovely shade of brilliant carmine.
CHESHUNT HYBRID—Red, shaded with violet. Large and full.
CLEMENT NABONNAND—Coppery rose, tinged with crimson.
COMTESSE ALBAN DE VILLENEUVE—Rosy peach, with yellow.
COMTESSE DE BARBANTINE—Color, a flesh white, and sweet.
COMTESSE RIZU DU PARC—Coppery rose, tinged soft velvet.
CRAMOISI SUPERIEUR—A rich velvety crimson.
CRIMSON BEDDER—Bright fiery-red, velvety. Recommended.
DAVID PRADLE—Lilac rose center, rich crimson. Very sweet.
DOUGLAS—Dark, cherry red, rich and velvety. Large and full.
DUCHESS DE THURINGE—Beautiful silver rose. Finely cupped.
ENFANT DE LYON—An elegant mingling of pink and yellow.
GENERAL DE TARTAS—Deep mottled rose sometimes tinged buff.
HENRY MAYNADIER—A beautiful shade of rose color. Sweet.
HOMER—Soft, clear rose, with a salmon shade. Splendid.
JAUNE D'OR—Coppery yellow. Very sweet and good.
JEAN PERNET—Buds of light yellow, suffused with salmon.
JULES FINGER—Bright rosy scarlet and intense crimson.
LA CHAMOISE—Nasturtium yellow. Very beautiful buds.
LADY WARRENDER—Pure white, sometimes shaded with rose.
LA PRINCESS VERA—Pale flesh, changing to salmon.
LA SYPHIDE—Blush, with fawn center. Very large and double.
LA PACTOLE—Elegant buds. Color, pale sulphur yellow.
LOUISE DE LA RIVE—A flesh white changing to a rose center.
LOUIS DE SAVOIE—Pale yellow tinged with lemon.
LOUIS PHILLIE—Rich, dark velvety crimson. Free and beautiful.

LOUIS RICHARD—A coppery rose, beautifully tinted with lilac.
LUCULLUS—A beautiful dark crimson maroon. Full and fragrant.
MA CAPUCINE—Nasturtium yellow. Unique color. Excellent.
MADAME BRAVY—Creamy white. Large, full, very symmetrical.
MADAME CAMILLE—Delicate rosy flesh, changing to salmon rose.
MADAME DEVACOUX—An elegant shade of yellow. Beautiful.
MADAME DAMAZIN—A salmon rose color, changing to amaranth.
MADAME DENNIS—Waxy white, center fawn and flesh. Large.
MADAME DUBROCA—Delicate rose, shading to yellow. Extra fine.
MADAME JOSEPH SCHWARTZ—White, flushed pink. Cupped.
MADAME JURE—Lilac rose. Good size and substance. Fragrant.
MADAME LAWRENCE—Button Rose. Two colors, pink and red.
MADAME MELAINE WILLERMOZ—Creamy white, with thick petals.
MADAME MARGOTTIN—Citron yellow, with coppery center.
MADAME PAULINE LABONTE—Salmon rose. Large, full and sweet.
MADEMOISELLE RACHEL—A lovely Tea Rose. Pure snow white.
MARCELINE RODA—Pale lemon yellow. Lovely buds and flowers.
MARECHAL ROBERT—Pure white, tinged and shaded rosy blush.
MARIE DUCHERE—Rich, transparent salmon, with fawn center.
MARIE VAN HOUTTE—A lovely pale yellow suffused with pink.
MONSIEUR FURTADO—Yellow. Well formed, very full and fragrant.
MONTHLY CABBAGE—A rosy red. Globular shape, and fragrant.
PINK DAILY—Light pink flowers, produced in clusters.
PURPLE CHINA—Rich purplish crimson, velvety.
QUEEN OF BOURBONS—Clear carmine, changing to clear rose.
QUEEN'S SCARLET—Dazzling crimson scarlet, with beautiful buds.
ROI DE CRAMOISI—Bright purplish crimson. Full and very double.
RUBENS—White, shaded with rose, yellowish center.
SAFRANO—A bright apricot yellow, changing to orange and fawn.
SANGUINEA—Rich, dark velvety crimson. Single.
SOMBREUIL—Beautiful white, tinged with delicate rose.
SOUVENIR D'ELSIE VARDON—Creamy white, shaded with pink.
SOUVENIR DE GEORGE SAND—Amber, veined with crimson.
SOUVENIR D'UN AMI—Fine, delicate rose, shaded with salmon.
SULPHEREAUX—Sulphur yellow. Fine in bud and fragrant.
TRIOMPHE DE LUXEMBOURG—Rosy carmine on a buff ground.
VIRIDIFLORA—The flowers of this variety are pure green.
VISCOMTESSE DE CAZES—Coppery yellow, tinged rosy crimson.
WHITE DAILY—Pure white. Beautiful long, pointed buds.
YELLOW TEA—Pale lemon yellow. Beautiful, large, pointed buds.

We have received all our orders in best condition, prompt and correct. Find all prices more reasonable and our dealer more liberal than any one yet.—Mrs. J. J. B., Branch Hill, Ohio, April 1895.

Examine our list of Flower and Vegetable Seeds. See the very Low Prices. None Better. None Cheaper.

Tea Roses, Climbing Varieties. ♦ ♦

In the South and the Pacific Coast, where they stand the Winters, nothing can compare with them for beauty of bud and foliage. They are never to be forgotten when seen in full bloom, loaded with thousands of magnificent flowers.

PRICE, 10 CENTS EACH, EXCEPT WHERE NOTED.

LARGE, TWO-YEAR-OLD PLANTS, COST 25 CENTS EACH, EXCEPT WHERE NOTED.

CAROLINE GOODRICH, or Running General Jacqueminot—This Rose has finely-formed, very double flowers, and its fragrance is most delicious. This is a hardy Climbing Tea, and should not be classed with the Hardy Climbers that bloom but once a year. The color is the same as that of General Jacqueminot. Price, 15 cents each; large two-year-old plants, 30 cents.

CELINE FORESTIER—Deep sulphur yellow; flowers of good size.

CLAIRE CARNOT—Buff orange yellow, peach blossom center.

CLIMBING DEVONIENSIS—The same as Devoniensis, except that it is a rampant climber. A Magnolia fragrance. Price, 15 cents each; large, two-year-old plants, 30 cents.

CLOTH OF GOLD, or Chromatella—Clear golden yellow; large, very full and double; highly fragrant. Much prized in the South for pillars and verandas.

CLIMBING PERLE DES JARDINS—Same in every respect as the well-known "Pearl of the Garden," except that it is of climbing habit; the buds and flowers are much larger than those of the parent. 25 cents; large, two-year-old plants, 50 cents.

CLIMBING NIPHETOS—Beautiful, long pointed buds, pure white, with pale lemon colored center. 25 cents; large, two-year-old plants, 50 cents.

ESTELLA PRADLE—Lovely pure white buds; flowers full and sweet.

FURST BISMARCK—An improvement on Gloire de Dijon. The color is a blending of amber, carmine and cream, and of delicate fragrance. One of the most exquisite Roses and hardy. Price, 15 cents each; large two-year-old plants, 30 cents.

GLORIE DE DIJON—Our Southern friends are unbounded in their admiration of this fine Rose, which is seen there in its fullest perfection. being hardy in their section, where it is used as a pillar Rose. It is noted for the great size of its flowers, its delicate Tea scent, and its exquisite shades of color, being a blending of amber, carmine and cream. One of the finest Roses on our list. Price, 15 cents each; one size only.

GOLDEN CHAIN, or Climbing Safrano (Reve d'Or.)—A beautiful pillar Rose, being a strong climber. Color, orange yellow or deep saffron; good size; full and sweet.

GOLD OF OPHIR (Ophire)—Nasturtium yellow, suffused with coppery red. One of the most beautiful of the Climbing Roses.

LAMARQUE—Flowers medium size; borne in large clusters; pure white and double. A most beautiful Rose.

DEAR SIR—I received my box of flowers by express, was certainly delighted with them, such splendid plants, and so well packed in a light secure basket, that the expressage was only 30c. on \$4.50 worth of flowers, I had expected it would be \$1.00 or more. If the charges continue that low, I will greatly prefer having them sent that way hereafter.

LEXINGTON, MISS., November 12th, 1895.

MRS. M. P.

A strong, hardy grower and free bloomer. Price, 15 cents; two-year-old plants, 30 cents.

MADAME BERARD—An elegant, quick-growing sort, with rich colors of amber, carmine and cream. Elegant. Price, 15 cents; two-year-old plants, 30 cents.

MARECHAL NIEL—One of the most magnificent Roses ever grown; superb buds and flowers, extra large, very double, and deliciously perfumed; color, deep golden yellow; highly esteemed for general planting and greenhouse culture, and in the South a splendid climber. Price, first size, 10 cents; large plants 25 cents; extra large plants, 50 cents; very large two-year-old plants, \$1.25.

MADAME CLAIRE JAUBERT—New. Extra large, full flowers, and borne in large clusters; pale apricot yellow, beautifully clouded with rich Indian red. Price, 15 cents each; large two-year-old plants, 30 cents.

MONSIEUR DESIR, New Climbing Tea Rose—A most magnificent velvety crimson Rose, often shaded with maroon. This is like Marechal Niel; strong, vigorous climbing Rose, possessing a character quite different from other Roses in this section. 15 cents; two-year-old plants, 30 cents.

REINE MARIE HENRIETTA, or Red Flowering Gloire de Dijon—A strong, vigorous grower; flowers, large full and of fine form. Color, a pure cherry red; large full, and sweet-scented. Succeeds well in the South.

REINE OLGA DE WURTEMBERG—This is a

splendid Rose. Should be grown where the Marechal Niel succeeds. The people of the South would do well to employ this beautiful sort for covering verandas and trellises. Color, rose crimson, suffused with yellow. Price, 15 cents each; two-year-old plants, 30 cents.

MADAME ALFRED CARRIERE—Extra large, full flowers; very double and sweet. Color, a rich creamy white, faintly tinged with pale yellow; exceedingly beautiful.

JAMES SPRUNT—Deep velvety crimson; very double.

WILLIAM ALLEN RICHARDSON—Orange yellow, with outer petals lighter; center, copper yellow. Very rich. Rapidly becoming popular.

WALTHAM QUEEN—This splendid, new, ever-blooming climbing Rose is introduced from England, where it has given great satisfaction. Hardy in the North. It is a strong grower and continuous bloomer. The flowers are large, full, and sweet. The color is a rich scarlet crimson, very beautiful and a profuse bloomer. Nothing can compare with this for beauty of bud and foliage, and it literally lavishes, in the greatest profusion, its beautiful, rich, red flowers of magnificent size. Price, 20 cents, large size, 35 cents each.

MARECHAL NIEL.

Nearly all varieties at 3 cents per packet; or if you order one dollar's worth they will cost but 2 cents per packet.

fragrance, which, more than anything else, marks this Rose and the other six which we offer with it. Blooms profusely until frost. Each, 15 cents; large two-year-old plants, 25 cents.

STRIPED LA FRANCE—Imagine a lovely Rose with the shape and fragrance of a La France, of a rich creamy pink with a silvery gloss, growing deeper at base of petals, the whole beautifully etched and streaked with delicate carmine. This Rose is a sport of La France, but, if anything, stronger in growth, with the same elegantly shaped bud and the same beautiful full-blown flower. We find it the most attractive and showy Tea Rose of recent introduction. A very free-bloomer, every shoot producing a bud. 15 cents; large, two-year-old plants, 30 cents.

RED LA FRANCE—(Duchess of Albany.) Every one who loves a Rose is familiar with La France, the queen of all Roses, for not only is it a constant bloomer, but is perfectly hardy and deliciously sweet. The new Rose, Duchess of Albany, is a sport from La France, and retains all the characteristics of the type, with the blooms three to four shades darker, of a deep rose-pink hue. The flowers are produced in wonderful profusion upon long stems, are very large, double and superb form. 15 cents; large, two-year-old plants, 30 cents.

Hardy Ever-Blooming Climbing Roses.

CLIMBING LA FRANCE—Identical with La France in every respect except in style of growth, which in this new variety is of a strong climbing habit. It is a sport of La France and retains the charming peach pink color and the exquisite fragrance which have made the La France a favorite and which is almost totally lacking in the climbers. It is equally hardy as its parent and so may be safely planted in our Northern climate. 20 cents each; two-year-old plants, 50 cents each.

LA FRANCE DE 1889—New Crimson Hybrid Tea Rose—Pronounced by all the noted French rosarians as the most remarkable Hybrid Tea of late years. One notable peculiarity of this variety is its long elegant buds, which are often two to three inches long, while the expanded flowers are of immense size. Color, very nearly scarlet, sometimes lined and bordered with pure white. The brightest and most brilliant Rose we know. 15 cents each; two-year-old plants, 35 cts. each.

SPECIAL OFFER—For only \$1.00 we will send the above set of seven Hardy Ever-Blooming La France Roses, or three sets for \$2.00, or the set in large, two-year-old plants for \$2.00. No further discount in these offers. See Yellow La France on p. 11.

THE BEAUTIFUL La France Set

These four La France Roses are certainly nearest perfection of all flowers, and nothing can compare with them in the eyes of the true rose-lover. A distinctive characteristic of the set is the true La France fragrance by which every one may be known.

SET OF SEVEN Hardy Ever-blooming La France Roses.

Red, White, Striped, Pink, Crimson,
Yellow and Climbing.

WHITE LA FRANCE—(Augustine Guinnois.) Here we have a beauty indeed, one we can recommend to all, whether for outdoor culture or for pots in the house in winter. If you were to ask us to select six of the very finest Roses for you, we should be sure to include it in the six. It is identical with La France except the color. It is pearly white, sometimes tinted fawn. We predict for it far more popularity than La France ever attained. 15 cents; large, two-year-old plants, 25 cents.

PINK LA FRANCE—Undoubtedly the most perfect type of a cut-flower Rose; its large, well-opened flowers, with long stems and elegant foliage, shown in finest cut-flower stores of the largest cities, are considered by cut-flower buyers as the most beautiful of this class. No variety surpasses it in delicate coloring—silvery rose shaded pink, with a satiny sheen over its petals. Flower large, keeps well, and of distinct pervading

RED LA FRANCE (DUCHESS OF ALBANY.)

NEW YELLOW HYBRID TEA ROSE.

Included in the Set of La France Roses.

YELLOW LA FRANCE—(Mad. Pernet Ducher.)—A charming Rose, and a new shade in this section, being the first with a distinct yellow coloring. The outside petals are sulphur yellow and assume a deeper shade toward the center. The open flower is semi-double, very graceful and holds well together; it is an ivory-white in color, with a polished glistening surface like a water lily. The habit of the plants is free and graceful; the fragrance of the flowers is delightful. This is in every way a charming Rose, and should be in every collection. 20 cents each; large-two-year-old plants, 35 cents each.

SET OF

Hardy Ever-Blooming

• • Roses. • •

BALL OF SNOW (Boule de Nieve)—In this variety we have a hardy ever-blooming Rose of great value. It is a Rose of large size, perfectly double, exquisitely fragrant, pure white in color, and entirely hardy. Invaluable for cemetery planting; or where white flowers are desired, as it blooms freely all summer. 20 cents; extra large plants, 35 cents.

CHAMPION OF THE WORLD—A very hardy ever-blooming Rose; advertised extensively. The introducer claims that it is the champion in hardiness, fragrance, vigor, form and color, and for Winter blooming. While we can not endorse all the good qualities claimed for it, we have found it a remarkably free-flowering hardy Rose, resembling very much Mrs. De Graw. Color, a rich, deep, rosy pink, darker and richer than Hermosa. It is always in bloom, and is quite hardy. 15 cents each; two-year-old plants, 35 cents each.

DINSMORE—Very similar to Madame Chas. Wood, but claimed by the originator to be much stronger in growth and more fragrant. It is a vigorous Rose of dwarf, branching habit, and is fairly loaded down with flowers all summer long. The flowers are large, perfectly double, of a dazzling scarlet crimson color, with a rich,

DINSMORE.

spicy fragrance. It is entirely hardy and blooms incessantly. 15 cents each; two-year-old plants, 35 cents each.

MRS. DE GRAW—One of the best Roses for general cultivation. It is entirely hardy and equals the tender sorts in profusion of bloom. From early summer until frost it may be depended upon to produce flowers in abundance. In color it is a rich, glossy pink, delightfully fragrant, and is such a strong grower that it is almost impregnable against the attacks of insects which usually destroy some of our finest Roses; thus it is certain to be unequalled for the garden. 15 cents each; two-year-old plants, 35 cents each.

MADAME MASSON—An excellent Hybrid Perpetual, noted for its constant and profuse bloom. The flowers are large, color a clear, bright Rose, highly perfumed. One of the best for planting. This Rose is a very superb variety, and should be more generally known. Try it. Price, 15 cents; two-year-old plants, 35 cents each.

MADAME ALFRED DE ROUGE MONT—A strong, vigorous grower; begins to bloom at once, and continues until stopped by severe freezing. Pure snow-white flowers, finely tinged and clouded with pale, rosy blush. Large, full and double, and borne in large clusters. Fragrant and fine. Price, 15 cents each; two-year-old plants, 50 cents.

SPECIAL OFFER—For 75 cents we will send, free, by mail, the above set six Hardy Ever-Blooming Roses; or, for \$1.25 we will send 2 sets of above Roses. This set in large two-year-old plants for only \$1.25. No discount on this offer.

BALL OF SNOW.

WONDERFUL NEW CLIMBING ROSE.

EMPRESS OF CHINA—This is a new Climbing Rose of the greatest excellence. It was brought to this country by a gentleman from Cuba, who says that it commences to bloom in May, and is loaded with its beautiful bloom until in December. Think of it! There is no other Rose like it that will bloom for so long a time. This has been the greatest objection to Climbing Roses that they bloom once and are done. But here we have a Rose that blooms continuously for seven months in the year. It is simply wonderful. When it first opens the flowers are a beautiful red but soon turn to a lovely pink, and it blooms so profusely as to almost hide the plant. It is perfectly hardy and is a vigorous grower. Price 25 cents each; one size only.

Nearly all varieties at 3 cents per packet; or if you order one dollar's worth they will cost but 2 cents per packet.

GENERAL WASHINGTON.

EMPRESS OF INDIA—Dark, rich velvety crimson, perhaps the darkest variety.

ELISA BOELLE—An elegant Rose. Very full and double and delightfully perfumed. Color, a pure ivory white, sometimes clouded with blush, and tinged with amber.

FISHER HOLMES—Dark, rich scarlet, elegantly shaded with deep, velvety crimson; beautiful, extra large, full flowers; fragrant.

FRANCOIS LEVET—A very beautiful Rose. Soft china pink, delicately shaded carmine and blush; large, finely formed flowers; delightfully fragrant.

GENERAL WASHINGTON—This magnificent Rose is one of the best for general planting. Color, a beautiful shining crimson; very rich and beautiful; flowers are large and perfectly double. A free and regular bloomer. 15 cents; large two-year-old plants, 30 cents.

GIANT OF BATTLES—This is still esteemed the very best, rich red Rose. Very large, double, full, and sweet.

GENERAL JACQUEMINOT—A rich, velvety crimson, changing to scarlet crimson. A magnificent Rose, equally beautiful in the bud state or open. This is the best known of all the Hybrid Perpetuals, and is without a rival in fragrance and richness of color. It is, moreover, as easy of cultivation as many of the more common varieties, and is perfectly hardy. Price, 15 cents; two-year-old plants, 30 cents each.

GUSTAVE PIGANEAU—The color is a beautiful shade of bright red and brilliant carmine. 15 cents; two-year-old plants, 30 cents each.

GLOIRE DE MARGOTTIN—Clear, dazzling red; one of the most brilliant in the collection. 15 cents; two-year-old plants, 30 cents.

GLOIRE DE LYONNAISE—The flowers are a pale shade of chamois or salmon yellow, and shaded white, orange and fawn. 15 cents; two-year-old plants, 30 cents.

GENERAL BARON BERGE—(New)—Strong, vigorous growth, producing large, finely formed flowers of exquisite shape. Brilliant currant red, shaded silvery maroon. Very fragrant and free flowering. Awarded first prize at Lyons. 25 cents; large two-year-old plants, 50 cts.

Hybrid Perpetual Roses

For permanent planting the Hybrid Perpetual Roses are the most valuable of all hardy plants. The flowers are very large, of delightful fragrance, and the colors are much richer than the ever-blooming Rose. They are not, as a rule, constant bloomers, but live from year to year, and flower profusely in June, with occasional flowers during the summer and autumn months. While they will thrive with very little care or attention, they will richly repay careful attention in pruning, cultivation, and in mulching in the fall with stable manure. The following list embraces the best varieties in cultivation.

Price, 10 cents each, except where noted; or we will send fourteen kinds from this list, your selection, for \$1.00. Large two-year-old plants, 25 cents each, except where noted.

ALFRED COLOMB—A bright carmine crimson. Very large, full, and of fine, globular form.

ANNA DE DIESBACH—Long, pointed buds; brilliant crimson, sometimes shaded with bright maroon. 15 cents; two-year-old plants, 30 cents.

BARONESS ROTHSCHILD—One of the grandest and most beautiful of all Hybrid Perpetual Roses. Immense flowers, of a lovely shade of bright, rosy pink. Very handsome. 35 cents; one size plant only.

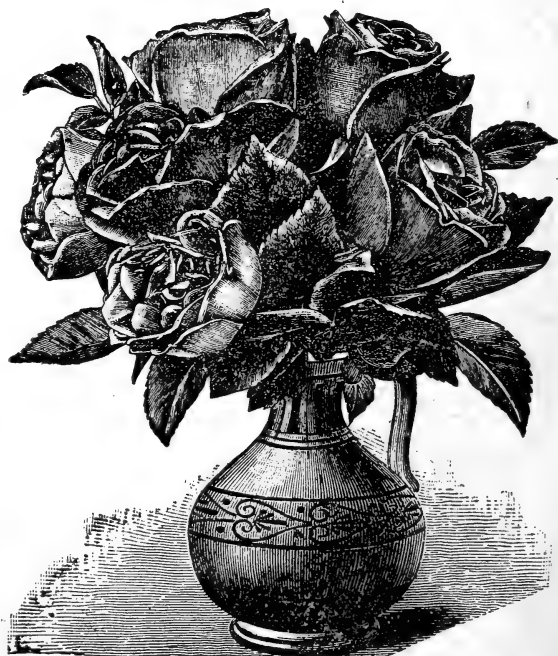

COQUETTE DES ALPS—A lovely pure white Rose. Very full and free in flower. Delicious fragrance.

COQUETTE DES BLANCHES—One of the finest white Hybrid Perpetuals. Flowers large; pure snow white; very double, full and fragrant. A constant bloomer.

CAPTAIN CHRISTY—The color is lovely shade of pale peach, deepening at center to rosy crimson. 15 cents; two-year-old plants, 30 cents.

COUNTESS ROSEBERRY—The color is a satin pink in the center, deepening to a bright rose on the outer petals, 15 cents; two-year-old plants, 30 cents.

DOCTOR HOGG—Deep violet crimson, richly shaded with maroon; shell-shaped petals; full, compact form. Very double and desirable.

GENERAL JACQUEMINOT

Examine our list of Flower and Vegetable Seeds. See the very Low Prices. None Better. None Cheaper.

PERFECTION DES BLANCHES.

MARSHAL P. WILDER—Bright, scarlet crimson, richly shaded with maroon. 15 cents; two-year-old plants, 30 cents.

PAUL NEYRON—Deep shining rose, very fresh and pretty. Flower large, often measuring five inches in diameter, and it has this merit—though very large the buds always develop fine, perfect roses. A good, strong grower, with nice, almost thornless stems. We know of no rose possessing so many good points to recommend itself as the Paul Neyron. Grown by thousands in the Eastern cities for its good, free-blooming qualities. 15 cents; two-year-old plants, 30 cents.

SILVER QUEEN—Silvery-blush shaded in the center with a delicate rosy-pink, very distinct, large and full, of beautiful cupped form, and produced in great profusion, every shoot being crowned with a flower bud. Foliage handsome and habit unusually good, the flowers standing well above the foliage. Price, 15 cents each; large two-year-old plants, 30 cents each.

ROSY MORN—A lovely name and a magnificent Rose. Extra large size, very double, full, deliciously sweet. Color, an exquisite salmon rose, shaded with delicate peachy red, sometimes pale blush, suffused with soft rosy crimson.

ULRICH BRUNNER—A Superb Rose—A seedling from Paul Neyron. Extra large, full flowers, full and globular, petals large and of good substance. Color, a rich, glowing crimson, elegantly lightened with scarlet. Fragrant.

VICTOR VERDIER—Rich, cherry rose, shaded with carmine. Very attractive color. Flowers, large and beautifully formed; very full. A beautiful Rose.

VICK'S CAPRICE—(The Striped Rose)—Its great beauty it is impossible to describe. It is a Hybrid Perpetual; commencing to bloom when very small, and producing flowers of enormous size, are perfectly double to the center, and of perfect form. It is very fragrant, and its color is a deep, satiny pink with numerous wide stripes of pure white, making the most odd and unique Rose in cultivation. 15 cents; large plants 30 cents.

WHITE BARONESS ROTHSCHILD—Same in every respect as the Baroness Rothschild, except in color, which is white. 35 cents each; one size plant only.

KING OF SWEDEN—(The Black Rose)—This wonderful new Hybrid Perpetual Rose was raised in France. It is an extra strong, vigorous grower; flowers large and double, and of the darkest, velvety crimson-black color yet seen in any Rose. It is very sweet-scented and of perfect shape, and the richest-colored sort yet introduced. It blooms when very small. 15 cents; extra large plants 30 cents.

JOHN HOPPER—Flowers are large, very regular and full. Color, a brilliant rose, changing to a bright, glowing pink, shaded with rich scarlet. Very sweet and a profuse bloomer.

JEAN LIABAUD—Fiery crimson, shaded with black; very dark flowers; large, full and beautifully formed.

JULES MARGOTTIN—Bright, clear cherry red; large and very double. A general favorite. One of the best Roses.

LA REINE—A beautiful, clear, bright Rose; fine, full form; very fragrant. It is well named "The Queen."

LADY EMILY PEEL—Very sweet; color white, sometimes tinged and shaded with blush.

LOUIS VAN HOUTTE—A rich crimson, heavily shaded with maroon; beautifully formed and double flowers.

MADAME PLANTIER—The iron-clad white cemetery Rose. This is the old standby, and is unequalled where a hardy white Rose is needed. It bears thousands of beautiful snowy white, fragrant Roses. It is as hardy as an oak.

MAGNA CHARTA—A bright, clear pink, flushed with crimson; very sweet; flower extra large, with fine form and very double.

MONSIEUR E. Y. TEAS—Color, a rich glowing crimson; very bright and striking. Large, round flowers, of perfect form, very full and sweet.

MRS. JOHN LAING—Clear, bright shell pink, exquisitely shaded. 15 cents; two-year-old plants, 30 cents.

MABLE MORRISON—Petals thick and of a very soft, smooth texture; shell-shaped; very double and rounded in form; of the purest white. 15 cents; one size only.

MARGARET DICKSON—The color is white, with pale flesh center; petals very large, shell-shaped, fine form, and have the true Magnolia fragrance. 25 cents; large two-year-old plants, 50 cents.

PERFECTION DES BLANCHES—The best and freest-blooming of the hardy white Roses. It is a finely formed, pure white variety, but occasionally shows light blush when first opening. Beautiful shell-shaped petals, evenly arranged. Flowers good size, perfect, and of fine form and finish. One of the finest, freest and most beautiful of the white Hybrids. Almost as free a bloomer as the Teas. Very suitable for cemetery planting and for hedges, as it makes a beautiful bush. Price, 15 cents; two-year-old plants, 30 cents.

PAUL NEYRON.

DUKE OF EDINBURGH.

The Six Nearest . . . Black Hardy Roses.

THE SET OF 6 FOR 50 CENTS.

THE SET IN LARGE, TWO-YEAR-OLD SIZE
FOR ONLY \$1.25.

No Further Discount on This Offer.

If you wish the nearest black Hardy Hybrid Perpetual Roses, you should order the varieties named below. They are the darkest of any, and exceedingly beautiful.

BLACK PRINCE—A superb Hybrid Perpetual Rose; very dark, blackish red, richly shaded with violet crimson; extra large, full flowers; delightfully perfumed; good, bushy habit; a hardy and vigorous grower, and free bloomer. One of the very best dark Roses. Price, 15 cents each; large two-year-old plants, 35 cents each.

SOUVENIR DE DUCHERE—A superb Rose. Extra large compact flowers, very full, double and sweet. Color, a beautiful, brilliant scarlet, deepening to dark, glowing crimson; very rich and handsome. Price, 15 cents each; large two-year-old plants, 35 cents each.

BARON DE BONSTETTEN—Splendid large flowers, very double and full. Color, a rich, dark red, passing to a deep, velvety maroon; highly scented and very beautiful. Price, 15 cents each, large two-year-old plants, 35 cents each.

ANTOINE QUIHON—Extra large flowers, very full, compact and regular form. Color, a rich, violet crimson, elegantly tinged and shaded with maroon red; a free bloomer, and very sweet. Price, 15 cents each; large two-year-old plants, 35 cents each.

PRINCE CAMILLE DE ROHAN—Very dark, rich velvety crimson, passing to intense maroon, shaded black, large, full flowers, looking at a little distance as if really black. One of the darkest roses; very handsome. Price, 15 cents each; large two-year-old plants, 35 cents.

DUKE OF EDINBURGH—Dark, velvety-maroon, full, regular form, very handsome and fragrant.

IMPORTED HARDY YELLOW ROSE.

PERSIAN YELLOW—Dark golden yellow. The best variety of its color; entirely hardy. It is difficult to imagine a finer sight than this when in full bloom, covered with its bright yellow blooms, which are borne along the ripened wood so that they appear in sprays. It must not be pruned much, if any, unless to cut out dead or diseased branches. Fine large plants, 50 cents each; large two-year-old plants, \$1.00.

POLYANTHA OR FAIRY ROSES.

The new Polyantha Roses are a beautiful class of ever-blooming Roses from Japan, and although a few varieties were introduced some years ago they have not been generally planted. Uniting, as they do, hardiness with fragrance and constant bloom, we know of no more satisfactory plant for general use. The flowers are very small, but perfectly formed, and are produced in clusters of from ten to twenty-five beautiful Roses.

ETOILE D'OR—A new Polyantha resembling Perle d'Or, excepting in color, which is deep chrome yellow. A dainty beauty that will win its way wherever planted.

GLOIRE DE POLYANTHA—A beautiful dwarf variety, with small, cup-like flowers. A real "Fairy Rose." The color is a bright rosy pink, with a red ray through each petal. This Rose is very distinct and beautiful, flowering in large clusters of from twenty to twenty-five flowers each. For growing in pots for Winter blooming no plant can surpass it in delicate coloring, freedom in bloom, or delicious fragrance. 15 cents.

GEORGE PERNET—Flowers bright rosy pink, of medium size, with petals beautifully rayed and reflexed; soft and pleasing in color, and fragrant.

MIGNONETTE—Very small flowers, about one inch in diameter; produced in large clusters; color, delicate rosy flesh, fading to pure white; dwarf, vigorous growth.

MADAME CECIL BRUNER—Plant grows nearly two feet in height; the strongest of the class. Fine for flower beds or borders; beautiful clusters of double flowers of a rosy pink, creamy-white edges. Splendid for buds.

PERLE D'OR—Orange salmon; exquisite buds of perfect form; very small; a general favorite.

Price, 10 cents each, except where noted, or we will mail the set of six for 50 cents, postpaid. Net.

VICK'S CAPRICE.

"CRIMSON RAMBLER," ♦ ♦ ♦

THE NEW HARDY CLIMBING ROSE, THE FLORAL WONDER OF THE CENTURY.

MAGNIFICENT TRUSSES OF DEEP
CRIMSON FLOWERS.
300 BLOOMS COUNTED ON A
SINGLE BRANCH.

EVERY GARDEN IN THE WORLD
SHOULD HAVE A
"CRIMSON RAMBLER" ROSE.

THE LATEST AND BEST CONTRIBU-
TION FROM THE
"FLOWERY KINGDOM" TO
THE GARDENS OF THE WORLD . .

Price, 25 Cents Each; Large Size, 50 Cents Each.

THE new hardy Japanese climbing Rose, "Crimson Rambler," is one that we offer to our customers with unbounded confidence in its merits. It came to this country heralded as a wonder among flowers, but the most extravagant praises yet bestowed on it fall short of doing it ample justice. The judges at one of the principal flower shows in England, when awarding it a Gold Medal, the highest honor they could bestow, epitomized the views of all who had seen it when they said that the ordinary premiums reserved for new Roses of the highest grade were entirely inadequate to indicate the merits of the "Crimson Rambler." At every exhibition throughout Great Britain where it was shown it received the highest honors, and this opinion was endorsed. The National Rose Society of England, the National Horticultural Society of France and the International Exposition awarded Gold Medals to **Crimson Rambler**.

It is of rapid vigorous growth; plants in our grounds attained a height of fifteen feet the past season. The flowers are produced in trusses, pyramidal in shape, good specimens measuring nine inches from base to tip and seven inches across, fairly covering the plant from the ground to the top, so that it is one mass of glowing crimson. The color is superb, and remains strong and vivid to the end; plants in our grounds retained the bloom for two months. The profusion of bloom is marvelous. A correspondent of the "London Garden" stated that on one shoot he counted over three hundred blooms. It is essentially a garden Rose, but makes a magnificent specimen in a pot or tub. It is adapted to the entire country. Price, 25 cents each; large size plants, 50 cents each.

Hardy Climbing ♦ ♦ Roses. ♦ ♦

The Hardy Climbing Roses are valuable for training over arbors, verandas, and for screens for unsightly objects, such as old fences, walls, etc. They bloom the second year, and but once in the season, but are then loaded with splendid roses, and for a few weeks in June are the most beautiful of all flowers.

BALTIMORE BELLE—Pale blush, shading to rose color, very double; flowers in beautiful clusters, the whole plant appearing a perfect mass of bloom. One of the best climbing Roses. 10 cents each; two-year-old plants, 25 cents.

GREVILLE, or Seven Sisters—Flowers in large clusters; varies in color from white to crimson. Luxuriant dark green foliage. 10 cents each; two-year-old plants, 25 cents.

MILLEDGEVILLE, or Pride of the South—A splendid variety. Color, a rich satiny pink, very fresh and beautiful. Fine, large globular flowers, full, regular form, very double and sweet. A profuse bloomer and quite hardy. Price, 10 cents each; two-year-old plants, 25 cents.

PRAIRIE QUEEN—Clear, bright carmine pink, sometimes with a white stripe; large compact, and globular; very double and full; blooms in clusters; are of the best. 10 cents each; two-year-old plants, 25 cents.

TENNESSEE BELLE—A strong, vigorous grower and free bloomer; color, bright, rosy blush; large, full, and fragrant. 10 cents each; two-year-old plants, 25 cents.

The Lady Banks, or Banksia Roses.

These are fine climbing or trailing Roses, very good for the South and Pacific coast, where the Winters are not too severe. They require two or three year's growth to bloom to perfection and are then very beautiful. As the flowers are produced on the old growth, they should be pruned but very little, merely cutting away what is absolutely necessary. The flowers resemble a double cherry blossom, and are the size of a silver dime. They are produced in large clusters, and have a decided violet perfume. Indeed, if blindfolded you could not by their odor distinguish them from violets.

WHITE BANKSIA—A pure untinted white. Price, 15 cents each.

YELLOW BANKSIA—Rich, golden yellow. Price, 15 cents each.

The two varieties, 25 cents, net.

Microphylla, or Burr Rose.

The White Microphylla and Red Microphylla Roses are hardy, vigorous and bushy varieties, suitable for cemeteries, old walls, mounds, rock work, etc. They have small, glossy-green foliage, and are nearly ever-green in habit. Flowers are semi-double, very pretty and sweet. 10 cents; large plants, 25 cents.

The Mary Washington Rose.

This Rose, so widely advertised, is claimed by the introducer to have originated in the garden of George Washington, at Mt. Vernon, over one hundred years ago. It is an ever-blooming Climbing Rose, of vigorous and rapid growth, and makes a profusion of fine buds, which are borne in large clusters. The flowers resemble the Polyantha Roses, and are of medium size, perfectly double, very sweet, and borne in endless numbers all summer. Strong plants, guaranteed genuine, 20 cents each; two-year-old plants, 35 cents.

Nearly all varieties at 3 cents per packet; or if you order one dollar's worth they will cost but 2 cents per packet.

Hybrid Tea Roses

THE New Hybrid Tea Roses are recommended for their great beauty, exquisite fragrance and constant bloom. They generally succeed well in favorable localities in open ground, and are particularly valuable for growing in pots and greenhouse culture. They are moderately hardy, but require covering in winter north of Washington, D. C.

AMERICAN BEAUTY—Many of our friends know all about this grand Rose, and value it accordingly. To others we would say that it is well known as one of the best and most valuable Roses, both for garden and house culture. Color, rosy crimson, exquisitely shaded, and very handsome. Extra large, full flowers, exceedingly sweet, makes magnificent buds, is a constant bloomer. Price, 25 cents; one size only.

AMERICAN BELLE—A pink sport from "American Beauty," and entirely distinct from it, both in color of flower and foliage; a very beautiful variety, and will become a great favorite when better known. Price, 25 cents; one size only.

BEAUTY OF STAPLEFORD—Color, clear, bright pink, shading to bright rosy crimson. 10 cents; two-year-old plants, 25 cents.

ESMERALDA—A lovely Rose; color, silvery rose, finely shaded with peach and fawn. 10 cents; two-year-old plants, 25 cents.

LADY H. GROSVENOR—Flowers, flesh color, large, full and globular. An exceedingly free and effective variety; also a fine young forcing Rose. 15 cents; two-year-old plants, 35 cents.

VISCOUNTESS FOLKESTONE.

MADAME CAROLINE TESTOUT—The petals are large and of the elegant La France form; exquisitely edged, and bordered with clear silvery rose; the color is a brilliant satiny rose, deepening to clear red. 15 cents; two-year-old plants, 30 cents.

MD. JOSEPH SCHWALLER—Color, a bright rosy flesh, paler at the base of the petals, and deepening at the edges. 10 cents; two-year-old plants, 25 cents.

METEOR—The color is rich, velvety crimson, very bright and striking; one of the brightest colored and most brilliant Roses in our collection; sure to please. 10 cents; two-year-old plants, 25 cents.

PIERRE GUILLOT—Bright, dazzling crimson; large and very double flowers. 10 cents; two-year-old plants, 25 cents.

SOUVENIR DE WOOTTEN—Bright magenta red passing at base to fine violet crimson, richly shaded. 10 cents; two-year-old plants, 25 cents.

MADAME VEUVE MENIER (Hybrid Tea).—A strong, vigorous grower, producing buds in great profusion. Pale light Rose; flowers of good size, double and very free flowering. 15 cents; two-year-old plants, 35 cents.

TRIUMPH DE PERNET PERE ("Pernet's Triumph"). A fine, clear magenta red, sometimes passing to a bright crimson. 10 cents; two-year-old plants, 30 cents.

VISCOUNTESS FOLKESTONE—Unsurpassed among light-colored varieties. It is very graceful, and has strong, heavy foliage. The flower is delicately tinted flesh color, almost white and lustrous as satin. When in full bloom it is like a white pæony, but without a suggestion of stiffness. Full flowers often measure six inches in diameter and are delightfully sweet. Vigorous and free-blooming. 10 cents; two-year-old plants 30 cents.

NEW JAPANESE CREEPING ROSE,

WICHURAIANA—Unexcelled for cemeteries: Of rapid prostrate habit of growth, quickly covering the ground with a mass of deep, glossy-green foliage. Flowers single, creamy-white, with showy masses of golden yellow anthers and intensely fragrant. When used to cover banks, ledges, or masses of rock this is unsurpassed. It has very showy foliage and a mass of bloom at a season when flowers are becoming scarce. Used extensively in parks, and no private place exists on the grounds of which it cannot be used to advantage. 25 cents each.

MADAME CAROLINE TESTOUT.

MOSS ROSES.

MOSS ROSES stand alone in picturesque beauty, different and distinct from all others. Their opening buds, half covered with delicate clinging moss of fairy-like texture, are the admiration of every beholder. The Moss Rose is a strong, vigorous grower, perfectly hardy, and justly esteemed as very desirable for outdoor culture in open ground. Most varieties bloom but once in a season and usually not the first year, but the flowers and buds are very handsome. They remain in bloom a long time, and are highly prized wherever beautiful Roses are known. Moss Roses like rich ground and are much improved in beauty and fragrance by liberal manuring and good cultivation; but they bear hardships and neglect well, and always bloom profusely. Being difficult and slow of propagation the price is higher than for other Roses.

Price of Moss Roses, 15 cents each, except where noted. Large, strong plants, 40 cents each, except where noted.

ALICE LEROY—Fine, clear pink; extra fragrant flowers, of the purest snowy-white, and comes in large clusters, delightfully perfumed, buds thickly covered with lovely deep green moss. Price, 25 cents each; large two-year-old plants, 60 cents each.

COMTESSE DE MURINAIS—Flowers white, sometimes tinged with flesh color; large, double, cupped, buds heavily mossed. Price, 20 cents each; large two-year-old plants, 40 cents each.

DE LUXEMBOURG—Bright crimson scarlet; large and double; very sweet and mossy.

GLORY OF MOSSES—The open flowers are very bright, and of most delicious fragrance; color, a rich, glossy pink, tinged crimson, large and globular; the buds are almost hid with beautiful green moss.

NEW MOSS ROSE, CRIMSON GLOBE—This is the richest crimson in color of all the Moss Roses. Very large and bright. The buds are well covered with moss. Price, 25 cents each; large two-year-old plants, 60 cents each.

HENRI MARTIN—A magnificent Moss Rose; color, a deep rosy carmine, shaded bright crimson; very mossy and fragrant, and one of the finest.

We will send five of these Roses, our selection, for 50 cts.

NEW PERPETUAL MOSS ROSE, MOUSSELINE—Extra fine, large, very full and delightfully fragrant. Color, a pure white, sometimes shaded with rosy blush; elegantly mossed and very beautiful. Price, 25 cents each; large two-year-old plants, 50 cents each.

"PERPETUAL WHITE" MOSS ROSE—One of the mossy varieties; prettiest in bud; the flowers are of medium size and borne in clusters; fragrant, but not very double. Color, a pure white. Price, 25 cents each; large two-year-old plants, 50 cents each.

PERPETUAL MOSS ROSE, BLANCHE MOREAU—New and highly recommended. Flowers are produced in clusters, and are large, full and sweet. The color is pure white, and both flowers and buds have an abundance of deep green moss. Price, 25 cents each; large two-year-old plants, 50 cents each.

PERPETUAL MOSS ROSE JAMES VEITCH—One of the finest Perpetual Moss Roses; it has extra large flowers, very fragrant and full. The color is a bright carnation red, very fine; it is a splendid Rose. Price, 25 cents each; large two-year-old plants, 50 cents each.

ZENOBIA, NEW—Fine satin Rose. Color, very soft and pleasing; large, full and globular; exceedingly fragrant, buds well mossed and growth vigorous. Price, 25 cents each; large two-year-old plants, 50 cents each.

Lord Penzance's New Hybrid Sweetbriars.

These lovely hybrids, apart from their extreme beauty, are most interesting, being crosses between the common Sweetbriar and various other Roses. Like their parent, the common Sweetbriar, the foliage is deliciously scented. The flowers are of the most beautiful tints, and produced in great profusion. Not the least of their recommendations is the fact that they are perfectly hardy, even in the coldest situations, and possess a robust vigor which is quite astonishing; these, when covered with flowers of the most delicate shades, have a most gorgeous effect.

AMY ROBSART—Lovely deep rose; the buds before opening are most graceful; of true Sweetbriar type; and abundant bloomer; robust and free.

ANNIE OF GIERSTEIN—Dark crimson, followed by an abundance of pretty clustered bunches of hips; large foliage, good grower and graceful branching habit.

ROSE BRADWARDINE—Beautiful clear rose, perfect in shape; very profuse; strong, robust habit.

Price, 35 cents each; the set of five, \$1.25. No further discount.

True Old English Sweet Briar Rose,

EGLANTINE—Very desirable for shrubberies and general planting. Flowers are bright pink and single, but the exquisite fragrance of the flowers, leaves and young branches in the early spring frequently perfumes a whole neighborhood. Price, 25 cents each.

The Newest Novelties in Pedigreed Roses

Foreign and American Productions.

All Tested and Tried Varieties of Merit.

The moderate price asked for these new introductions is quite inexpensive, considering the excessive cost of importing and testing the favorites and Queen of all Flowers, the Rose.

LEO XIII—New Tea Rose. An exquisite rose, and certain to become popular on account of its buds, which are as long and of the same shape as Niphetos; the color is white shading to pale yellow, with a light salmon centre. The plant is of vigorous growth. 15 cents each.

HIPPOLYTE BARREAU—(New Tea Rose.) Distinguished among the crimson roses of the year for its striking shape and contour, which are as beautiful as they are unusual. In the buds, which are solid and beautifully moulded, the petals close upon each other in folds of deep carmine-crimson, shaded with velvety maroon; in the open flower they are regularly and elegantly reflexed almost to the center, yet with a soft, light effect that has no suggestion of heaviness. A glowing flower, so double and perfect that it challenges you to find any fault with it, even when its utmost depths are disclosed. The color lightens somewhat as the rose opens, and shows touches of vermilion

in the center; at night it lights up wonderfully. The stems are long, and the foliage rich, dark green. 25 cents each.

INGENOLI PREDILATTA—(New Tea Rose.) Middle-sized flowers; color vivid carmine red externally and rose peach flower internally—a pleasing contrast. 15 cents each.

FRANCOIS MENARD—Very large and full flowers of a beautiful globular shape; crimson red color, cherry red in the centre, passing to a dark purple; bud very big, elongated and carried by a firm rigid stalk. 15 cents each.

FATA MORGANA—New Tea Rose. Strong grower; flower semi-double; color, magenta-red, with center petals of satiny-pink. 15 cents each.

SOUV. DE LUDOVIC DE TALANCE—Flower a delicate flesh color; a free bloomer, and very double; of Polyantha habit. 15 cents each.

Nearly all varieties at 3 cents per packet; or if you order one dollar's worth they will cost but 2 cents per packet.

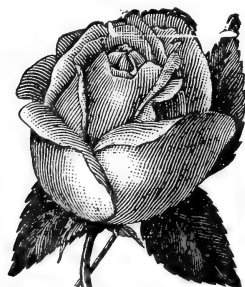

LEONIE OSTERREITH.

LEONIE OSTERREITH—New Polyantha Tea Rose. (See cut.) Large, full flowers, cup shaped; color, brilliant porcelain white, shading to very light yellow in the center. 25 cents each.

COMTESSE FESTETICS HAMILTON—New Tea Rose. Large flowers, full, well formed, nearly always solitary; color brilliant carmine red with reflected copper hue in the center; back of petals more highly colored. 15 cents each.

GEN. R. E. LEE—New Ever-Blooming Tea Rose. A New Southern Rose, entirely distinct among yellow Roses, and very beautiful and unique in color. It was raised by Mr. Meehan, of Virginia, and, when introduced last year, was deemed worthy of special praise from all sides. It is an ever-blooming Tea, moderate and branching in growth, and very lavish at all times of its richly colored, delicately-scented buds and flowers. Color soft apricot-yellow in the wide outer petals, warming to a brighter salmon-yellow in the center. Shadings of cadmium and orange occasionally deepen the heart of the flower, and, in sunshine, it is brightened all through by a delicate tinting of salmon-pink. The buds are quite long and quaintly pretty in form, the tips of the large outer petals swirling away from the full center with a charming fluffy effect. The outer petals are much wider and longer than the inner ones, and, when the rose is half-blown, form a pretty, pale tinted cup, filled with brighter flutings. The flower is large, and opens widely in a somewhat flattened form, showing a center that is very full, double and sweet. When cut it is quite lasting, not falling apart even when withered. The foliage is graceful and glossy. A charming trait of the Rose is that it often sends up on the stem of an opening flower a long, light spray of leaves, topped by a tiny bud, to give an extra grace and daintiness for corsage wear. 15 cents each; large two-year-old plants, 25 cents each.

MD. BESSONNEAU—New Climbing Tea Rose. Large sized flowers with a delightful Tea fragrance. Color, blended shades of amber carmine and cream; one of the finest new Roses. Price, 25 cents each.

PERLE DE FEU.

SENEATEUR LOUBET—(New Tea Rose.) Dwarf, but vigorous; very large, finely formed flowers. Outer petals light, tender rose, center metal yellow color, heightening sometimes to crimson. Very free flowering. 15 cents each.

PRINCE KAMILE PACHA—New Tea Rose. The flowers are produced on long stems, very large and globular, with petals of good substance, color apricot changing to salmon yellow. Will undoubtedly be popular on account of its beautiful buds. 15 cents each.

PERLE DE FEU—(Fire Pearl)—(See cut.)—New Tea Rose. A perfect little gem. The flowers are of only medium size, but the buds are perfectly formed, and the color is so intense that its name, "The Fire Pearl," is a better description than any we can give. French Rosarians describe it as poppy-red, shaded vermillion and nankeen-yellow, with chamois tints on the reflex of petals. An odd, captivating Rose. 20 cents each.

VIRGINIA—A pretty yellow New Tea Rose, introduced last year as a seedling from the prime old favorites, Safrano and Marechal Niel; bushy in growth and valuable for forcing. The blooms are large, double, finely formed and very lasting. Color, yellow, softly tinged with saffron at the center. Delicately Tea-scented. 15 cents each.

MAD. LOUIS PATRY—A New Tea Rose, with large, fine tapering buds of excellent form and substance. Extra large, well filled flowers opening nicely. Color, rich silvery-pink, delicately shaded with rosy blush. Tea scented; very double and attractive. A good compact grower and constant bloomer. 15 cents each.

DIRECTEUR RENE GARARD—New Tea Rose. Remarkable for the size, fullness and brilliant color combination of its blossoms. Color, light yellow, bordered with china rose and deepened to golden yellow at base of petals; the full, rich center of the flower is bright peachy pink. Fragrant; free-blooming and robust in growth. 15 cents each.

MADAME HENNEVUE—New Tea Rose. Color, variable, bright satin rose, veined carmine; shading lighter. Strong in growth. 15 cents each.

LOUIS BOURBONNAUD—New Tea Rose. Color, bright flesh rose, lined and touched with yellow. A free flowering rose, with long buds. 15 cents each.

MADAM FREULON—New Tea Rose. Color, clear white, shaded with cream and rose. Long buds; very free and sweet. 15 cents each.

MADAME PELLISSIER—New Tea Rose. An improved Co-

quette de Lyon.

A most beautiful yellow bedder; broad, creamy outer petals, deepening to fine yellow in center. Petals very large and shell-shaped 15 cents each.

LE SOLEIL—Fine, bright, glossy yellow; large thick petals; very full and cupped. Very strong grower. 15 cents each.

GEN. R. E. LEE.

MAMAN COCHET—(See cut.) Grand New Tea Rose. Maman Cochet is, without exception, the best new Rose introduced last year, and, up to date, it is the best of all pink Roses for planting in the garden. A Rose marvelous for exquisite form and color of its buds and open flowers. Old rosarians regard it with loving pride as a superb thoroughbred, and even stolid people exclaim over its beauty. It was illustrated and described in the "Journal des Roses" two years ago, and over one thousand dollars was refused for the stock by the originator, Monsieur Cochet. The full, firm, rounded buds are long and elegantly pointed. As they expand the petals show great depth and richness, sometimes measuring two and half inches from base to tip. They are shell-shaped, waxen, thick, and shining, and overlap each other in folds of silvery-pink, deepening to bright rose in the circle of uncurling edges. The large, high-built, open flower is an elongated half-globe, perfectly double, and enchanting in fragrance and delicate brightness. The tips and reverse of petals show pearl-pink glints and shadings of rosy-mauve; at their base the deep rich, full center has a glow of soft chamois-orange. The plant is strong and clean in growth, blooming constantly and profusely. The foliage is dark and glossy, the flower stems stiff and long. A peerless and well-nigh faultless garden Rose.

Price for this superb Rose, 20 cents each; large, two-year-old plants, 40 cents each.

MAMAN COCHET.

BARONNE BERGE.

BARONNE BERGE—(See cut.)—A new Tea Rose. A bewitching dappled little Rose, full to the center, and rather short petaled, but with plump, chubby buds that are as dainty and pretty as can be for wearing. Colors odd and almost indescribable, catching the eye at once; outer petals a tender lemon-white, passing to lilac-rose on the reflexed edges, which overlap each other regularly and just enough to glimpse the yellow shade below. The center curls into pretty cup-shape, and is lighted by tints of apricot and soft rose-pink. 25 cents each.

MRS. PIERPONT MORGAN—New Tea Rose. This is one of the very finest Roses ever introduced in America. Enormous flowers, the petals are broad and massive. The color is an intensely bright cerise or rose pink. Has received prize medals and certificates wherever exhibited. Price, 25 cents each.

BELLE SIEBRECHT—New Hybrid Tea Rose. Described as imperial pink of good form, large flowers, borne on good strong stems and retaining a good shape when fully developed. It is a good vigorous grower and free blooming, with fine handsome foliage and altogether a very desirable addition to this class. It is also a very hardy variety and will prove very valuable for bedding also. Has received awards wherever exhibited. 25 cents each.

MAD. JULES FINGER—A New Hybrid Tea of great beauty. The large and handsome flowers are full and globular, well poised, and can be cut with long stems. Color a beautiful cream-white, shaded with rose and salmon-colored center passing to pure white. 35 cents.

CORINNE—A New English Tea Rose of great promise. It has taken the Gold Medal in London and several certificates of merit. The color is a beautiful flesh, shaded with rose and suffused with tawny copper. The flowers are of large size, excellent shape, and very freely produced. We have tested Corinne in our greenhouses during the last year, and can recommend it as a dwarf, vigorous Rose, that will produce an abundant crop of large, double pink roses during the entire summer. 25 cents.

MRS. W. C. WHITNEY—A new American seedling of the Hybrid Tea race. The buds are large, long, full and pointed; the flowers are full and delightfully sweet. Color, a clear, deep even pink. The plant is robust and free blooming. Price, 25 cents each.

• • Carnations--Fragrant Ever-Blooming Gems. • •

JUBILEE.

STANDARD VARIETIES.

PRICE, 8 CENTS EACH.

- ALEGATIERE**—Fine dark crimson variety.
DAYBREAK—Very large, perfectly double flowers of the most delicate shade of pink.
DAWN—Large perfectly formed flowers, flesh color, deep pink center.
CREOLE—Color a very dark crimson, large flower.
FRED DORNER—Immense double scarlet flowers, of very richest shade. A strong free grower and also free in bloom.
LIZZIE McGOWAN—Purest white, petals lightly fringed.
PORTIA—Brilliant scarlet flowers, very fragrant.
PRES. GARFIELD—A very fine bloomer, blood red.
SUNRISE—An exquisite variety; orange-colored flowers, flaked and striped with vermillion.
SILVER SPRAY—Pure white; profuse bloomer; beautifully fringed.
TIDAL WAVE—The flowers are a bright pink, shaded salmon, a new shade in Carnations.
W. W. COLES—Bright, deep scarlet; flowers large.

SPECIAL OFFER—For only 50 cents we will mail to your address ten fine Carnation Pinks, our selection. No further discount on this offer.

No plant excels the ever-blooming Carnation Pink; rivaling the Rose in beauty of colors and shades, equaling in lasting perfume and even excelling it in profusion of flowers. Easily grown, and bloom freely, either as bedding plants in summer or in the greenhouse or window garden in winter. Planted out in April, they will commence flowering in early summer, and continue until checked by cold weather in the fall. If intended for Winter flowering they should be gone over every three or four weeks and the young growth pinched or cut back to within four or five inches of the main stem. This should be discontinued by the first of September, by which time they will have made strong, bushy plants. They should be taken up and potted before the first of October, and kept shaded for a few days, when they will be ready for removal to the conservatory or window where they are to bloom.

The Newest Carnations

OFFERED FOR THE FIRST
TIME

ARMAZINDY—Color, pure white, very lightly penciled with scarlet. Stem is stiff and slender. The flower is very large and never bursts. Price, 25 cents each.

EL DORADO—(New.) A beautiful shade of yellow, streaked with crimson. The best yellow extant. Price, 25 cents each.

JUBILEE—(New.) Color, intense scarlet of the richest shade; one of the largest flowering among the reds. A persistent and very free bloomer. Price, 25 cents each.

AMERICAN FLAG.

UNCLE JOHN—(New.) The color is a pure white; finely fringed and very fragrant, with flowers of the largest size; strong, vigorous growth. 10 cents.

WILLIAM SCOTT—(New.) Exquisite and lovely shade of pink, with superb fragrance; very large flowers. 10 cents.

SPECIAL OFFER—For only \$1.00 we will mail you, postpaid, the entire set of twelve splendid new Carnations. No further discount.

HARDY GARDEN CARNATIONS.

MARGUERITE—Unequaled for garden or house culture; blooming continually. Every color known in Carnations is represented—white, crimson, scarlet, orange, maroon, yellow, striped, speckled, etc.; but although all these colors and numerous shades not mentioned are to be found in them, yet having been grown from mixed seed we cannot supply any special color. Price, 6 cents; 12 for 50 cents, net. No further discount.

NEW WHITE HARDY FLOWERING PINK HER MAJESTY.

This splendid New Pink, which originated in England, we offer this season, with the greatest confidence, as the best hardy pink of its color of recent introduction. A compact, healthy grower with beautiful and

TWELVE SPLENDID NEW CARNATIONS.

AMERICAN FLAG—(See cut.) Color distinct, regularly and distinctly striped vivid scarlet and pure white. 15 cents each.

ALBERTINA—(New.) Flower very large, round and full. Color, light flesh and pink, with strong clove fragrance. 15 cents each.

ADELAIDE KRESKEN—(New.) Color, a beautiful rose pink. Very free blooming and probably the largest Carnation before the public. 10 cents each.

GOLDFINCH—Rich golden yellow, lightly penciled with clear carmine. 15 cents each.

HELEN KELLER—(New.) One of the largest and most beautifully formed Carnations. Exceedingly free-flowering; a strong, vigorous and healthy grower. Color, clear, white ground, delicately and very evenly marked with bright scarlet, giving it a very pleasing and effective finish. 15 cents each.

PURITAN—(New.) Large white flower with heavy fringed petals; delightful clove fragrance. 10 cents each.

ROSE QUEEN—(New.) Color, soft pure rose. So much admired. 10 cents each.

RICHMOND—(New.) A very large flower; color, bright carmine pink. 10 cents each.

SWEET BRIAR—(New.) A new and rich shade of pink. 15 cents.

THE STUART—(New.) The color is like the rich shade of scarlet found in so many Geraniums; immense-sized flowers, frequently four inches in diameter. 10 cents.

HER MAJESTY.

distinct foliage of a charming Nile-green color which retains its attractive evergreen appearance throughout the winter, whether planted in open ground outdoors or grown for house culture. Flowers a lovely clear white in color, very double and produced on long, stiff stems, exhaling an exquisite clove-scented fragrance; rivaling the finest Carnations in size and substance; very prolific bloomer, producing immense masses of flowers. 15 cts.

HARDY SCOTCH OR SWEET MAY PINKS.

These are dwarfer than the Carnation, growing about one foot in height, the color being of the various shades of maroon, carmine and rose, beautifully laced and banded on white ground, flowers perfectly double, clove-scented, and the plant will stand out of doors year after year, being entirely hardy. They make a very nice border for beds of other flowers, or for cemetery planting, making a large tuft of bronzy-green foliage a foot or more in diameter, from which the flower stalks are thrown up in great profusion. Indispensable for summer bouquets.

PRICE, 8 CENTS EACH.

ALBA FIMBRIATA—Pure white, beautifully fimbriated, quite fragrant. This is the Pink our grandmothers used to grow in their gardens, and smells like early summer time and ripe strawberries.

BRUNETTE—Center very dark and velvety, almost black; very fine.

ESTHER—Splendid white, bordered with maroon.

JULIETTE—Deep cherry-red, variegated with pink and pale silvery white; very fine.

LAURA WILMER—A very beautiful new variety, with fringed edges; it has very large center, velvety maroon, surrounded by cream-white.

SNOW—Large, pure white; exquisite clove fragrance.

MARGUERITE.

Nearly all varieties at 3 cents per packet; or if you order one dollar's worth they will cost but 2 cents per packet.

CHRYSANTHEMUMS.

"THE QUEEN OF AUTUMN." "THE PEOPLE'S FLOWER."
MORE POPULAR THAN EVER.

Exhaustive List of the Best Exhibition and Prize-Winning Varieties.

The Demand Steadily Increasing.

... CULTURAL DIRECTIONS ...

Which, if Carefully Followed, will Insure Positive Success.

WHEN TO PLANT—The Chrysanthemum is easy to please on this point; any time after the ground can be worked, even up to July 1st, will give you good blooming plants in the Fall.

SOIL—Dig the ground deep; put in quantities of manure. The Chrysanthemum is a gross feeder. If well fed, the flowers will be larger and better colored.

DISBUDDING AND STOPPING—When your plant is six inches high cut back to a height of four inches; allow four shoots to grow from this main trunk; when these four shoots are four inches pinch out the terminal bud, and save three or four of the branches that will spring from each of these limbs. Allow these last branches to attain a height of nine inches, then stop back for the last time, which should be done not later than August 15th. Allow one bud (flower) to a stem, and that a terminal bud.

WATER—Copiously, never allow them to suffer for it.

WHEN TO LIFT—In localities subject to heavy frosts in October and November, plants should be lifted into large pots or boxes from September 1st to 15th; after lifting, drench thoroughly, and never allow them to suffer for water; give manure water, if possible, once a week. If protected from frost by sheeting they need not be brought into the house till well into October; and when brought in, place in a room without fire, and give plenty of air when not frosty. In cold climate winter in the cellar.

CHRYSANTHEMUMS GROWN IN POTS—Throughout the season must be carefully watched and shifted into larger sizes as they are needed; otherwise their culture is the same as for bedded plants.

BLACK APHIDES—Nothing destroys this troublesome insect so easily as clean, cold water, dashed on forcibly with a syringe; or frequent sprinklings of tobacco dust or tobacco water will effectually destroy these pests also.

Standard List of Chrysanthemums.

NO INFERIOR SORTS AMONG THEM.

The list of Chrysanthemums named and described below are well-known varieties of standard excellence, and we especially recommend them for general planting. Please note the very low prices.

PRICE, SEVEN CENTS EACH.

Any 20 of Your Selection for \$1.00, or for \$1.00 we will send 25 of Our Selection. No Further Discount.

AMBER QUEEN—Soft amber, deep shadings; exquisite form.

ANNA WOODS—Bright rosy magenta, petals heavy, incurving center.

A. T. EWING—Creamy white, penciled in carmine pink.

AUGUST SWANSON—Incurved, red within, reverse old gold.

AUTUMN QUEEN—Large, globular flower, light bronze.

BEACON—Immense size, broad petals, of purest white.

BRIDE OF ROSES—Beautiful shade of rosy carmine.

CHRISTMAS EVE—Purest white, petals curved and twisted.

COL. W. B. SMITH—An immense double, high-built flower, petals broad, forming a solid mass of bright golden bronze. Late.

CULLINGFORDII—Reflexed flower; color, brilliant crimson, shaded scarlet.

DIANA—Large incurved white.

DOMINATION—Creamy white; extra large; early.

DR. H. D. HULL—Light cameo pink, petals long and broad.

E. G. HILL—Bright golden yellow; full and double.

EDA PRASS—Reflexed, globular flower, delicate salmon. changing to white.

E. AUDIGER—Crimson purple; early and good.

EMILY DORNER—Incurved, rich orange yellow, touched with crimson.

ED. HATCH—Immense size, almost spherical; color, soft lemon, suffused with pink.

FRANK THOMPSON—White, shaded with pearl-pink; strong grower, with very large flowers.

GEO. R. GAUSE—A bright bronze or terra-cotta; size immense.

GLORIOSUM—Clear lemon yellow, very broad, incurved petals, resembling a ball of silk ribbon.

H. E. WIDENER—Bright yellow, without shadings. One of the best.

IVORY—One of the best whites, being of sturdy, dwarf growth, freely producing incurved blooms of the purest white.

JOSH. H. WHITE—A large white variety, with upright dahlia-like petals.

JOEY HILL—Color, deep cardinal red of beautiful shade, faced with old gold.

JESSICA—The earliest white grown; flowers average six inches in diameter; away ahead of anything yet produced.

J. C. VAUGHAN—Rich plum crimson; of good size and good grower.

JENNIE WILLIAMS—Creamy white, with yellow shadings.

KIOTO—Deep yellow, with peculiar waxy lustre; petals incurved and twisted; free bloomer.

KATE BROWN—Early white; good for cutting.

LIZZIE CARTLEDGE—Bright rose, reverse silvery white.

L. CANNING—Pure white flower, very large and flat; good for all purposes.

M. BOYER—Pink, shading to white; of good form and sturdy grower.

MISS LYDIA HOPKINS—Color, white, irregularly suffused with bright pink; no two flowers marked just alike.

MARVEL—White, with maroon center; fine.

MARGARET JEFFORDS—A large ball, of fine amber color; a splendid grower.

MATIE BRUCE—A fine pink, shaded mauve; petals reflexed.

MAUD DEAN—Color, pink, almost rose; a very rare shade.

MILES A. WHEELER—Flowers large; the ground color a beautiful light yellow with outer petals finely striped pink.

MINNIE WANAMAKER—White, of the largest size; a variety in great demand.

MRS. C. D. AVERY—Color, bright yellow; free flowering.

MRS. G. H. BATES—Intense golden yellow.

MRS. J. G. WHILDIN—A light yellow variety of splendid size.

MRS. J. W. CROUCH—The nearest to a self-purple yet seen.

MRS. ROBERT CRAIG—One of the finest white.

MRS. E. D. WARD—Flowers large, of beautiful shade of buff, shaded pink at tips of petals.

MRS. M. W. REDFIELD—A perfect ball of peach-pink.

Examine our list of Flower and Vegetable Seeds. See the very Low Prices. None Better. None Cheaper.

Standard List of Chrysanthemums—Continued.

MRS. MARIA SIMPSON—Incurving Japanese, of large size; fine chrome yellow.

MRS. J. N. GERARD—Beautiful peach-pink, of large size.

NIVEUS—Grand snow white.

PURITAN—Large, early white; should be in every collection.

POTTER PALMER—Fine, large, pure white, good style of growth.

PRES. W. R. SMITH—A pure self-pink, very heavy in substance, perfectly double; a splendid keeper and especially fine for cutting.

PENDENNIS—Rose madder, reverse of petal silver.

ROSLYN—Rose pink, petals thick and heavy; immense sized flowers.

ROBT. BOTTOMLY—Large and full, pure white.

SHASTA—A perfect flower of the Japanese incurved type; color, pure white.

SOURCE D'OR—Fine orange and gold.

SARAH HILL—Bright golden yellow, very large and full, broad petals.

THE QUEEN—A grand double white, of fine form, incurving and full.

TUXEDO—Amber bronze, of a very bright color; half-globe when fully open.

VIOLET ROSE—Violet rose color, large flower and fine form.

V. H. HALLOCK—Delicate pink, of a very pleasing shade; large flowers.

WABAN—Fine shade of pink; superb flower for cutting or exhibition.

W. G. NEWITT—Pure white, with long, drooping petals from the outer rows; one of the finest whites.

W. N. RUDD—Pale lavender pink; petals long and notched at the ends.

WELCOME—Shades of chrome yellow and bronze.

W. M. SINGERLY—Rich dark plum color.

W. H. LINCOLN—Large bright yellow.

New and Rare Chrysanthemums.

VIVIAN MOREL

THE Chrysanthemum is one of our leading specialties and there is no class of plants in our catalogue that we send out with greater confidence. We discriminate very carefully in the selection of new varieties. The following new varieties are the best, and have all received medals and prizes at the different Chrysanthemum shows. Please note our very low prices for these magnificent varieties.

PRICE, 10 CENTS EACH, EXCEPT WHERE NOTED.

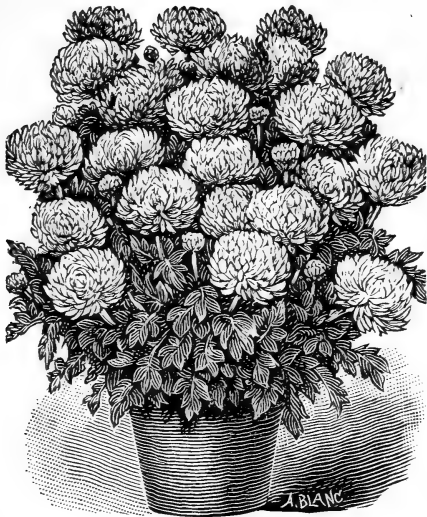

ADA SPAULDING—Large globe shaped flowers; color, pink and white. Very fine. This variety won the silver cup given by Mrs. President Harrison. 15 cents each.

ALICE C. BREWSTER—On opening the flower is beautifully shaded with lilac pink, passing to a pure white. **A** magnificent variety.

Nearly all varieties at 3 cents per packet; or if you order one dollar's worth they will cost but 2 cents per packet.

New and Rare Chrysanthemums.

CONTINUED.

ADA SPAULDING.

JUDGE HOITT—A nemone flowers, fully eight inches across; color, pale pink. The greatest new seedling in years.

LAREDO—A Japanese of great merit with whorled and incurved strap-like petals; deep pink, without a trace of magenta.

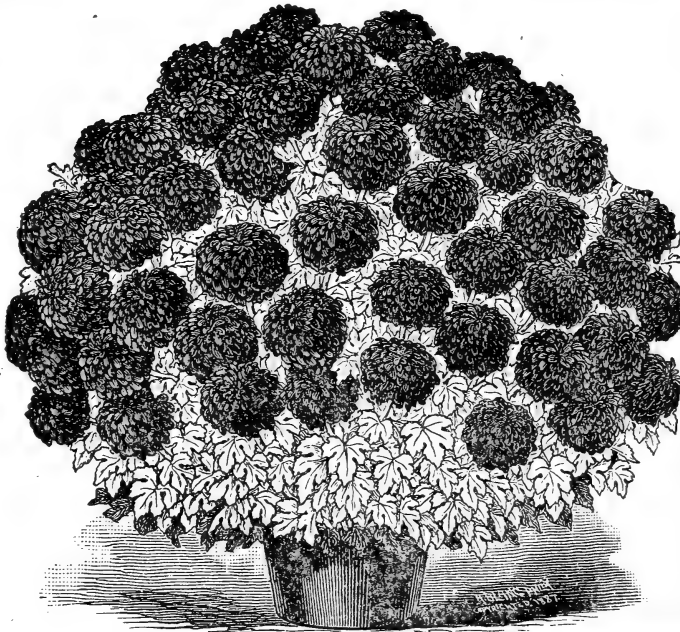

LURLINE—Deep silvery pink enormous flowers; long, tubular petals.

LADY ASHBURN—Bright wine color; a very handsome flower.

MISS S. G. BATES—Bright, intense golden yellow; large and beautiful flowers.

MISS MARY WHEELER—Pearl white, very large flowers; one of the most popular.

MISS MABEL SIMKINS—Forms an immense incurved all of pure white; Chinese.

GETTYSBURG.

MAJESTIC—Beautiful carmine rose color, reverse gold.

MRS. W. K. VANDERBILT—Very large late flower, very full solid and deep, of the purest snow white.

MADAME GARBE—Fine, large flowers; ivory white, and extra fine variety.

MONSIEUR DE MORTILLET—Superb, clear, white flowers of the largest size.

MRS. JAMES CRANE—Large flowers, open, incurved, of the richest deep rose color, reminding one of a Pæony; early.

MRS. NELLIE P. MOULTON—Brilliant yellow flowers; large and full; long, incurved petals; extra fine.

MADAME ISAAC—A novel and distinct variety; pure white; center creamy white.

MRS. E. D. ADAMS—This is one of the best and most distinct white Chrysanthemums in the market. The flower is large (specimens have been measured eighteen inches from tip to tip of petals), with long, reflexed petals of medium width, the outer ones swirled; makes a splendid bush plant. 15 cents.

OREANA—A beautiful pink; outer petals reflexed; center incurving; fine.

O. P. BASSETT—The very finest example of crimson scarlet. The flowers are very double, and of elegant form.

CLINTON CHALFANT—A magnificent golden yellow, upright Dahlia-like petals; forming a finely rounded flower.

CREOLE—Deep claret, reverse of petals bright garnet, large flowers; early.

DOROTHY TOLER—A most beautiful variety; flowers of a warm rose color, tipped with red.

ESTHER CLEVELAND—Large, handsome, clear, deep rose pink, incurved flower of merit; late.

ELENORE—A beautiful flower, large, pure white.

FLOSSIE—Ivory white, reflexed, early dwarf habit.

FAIRVIEW—Deep, rich, self-crimson lake; large, full round flower; very attractive.

GEO. F. GOODMAN—Delicate lemon yellow, globular flowers; broad petals.

GETTYSBURG—The richest deep crimson variety we have ever seen. Petals broad and of fine form.

INGOMAR—One of the finest for exhibition purposes; color, yellow with bronze shadings; long, tubular petals.

JOHN GOODE—Fine fancy flower variety. Outer petals delicate lavender, inner petals clear lemon color.

JOHN SHRIMPTON—The finest red extant; large flower and handsome foliage; color, brilliant crimson scarlet.

MRS. JOSEPH THOMPSON—Purest white, broad, incurving petals; fine, large flowers.

MRS. E. O. WALCOTT—Very large flowers, forming a perfect incurved ball, of a beautiful silvery pink color.

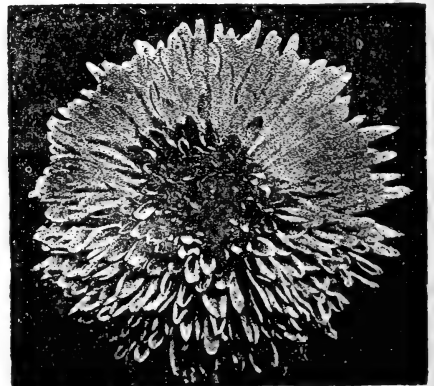

MRS. FLORENCE LANGHAM—Very large flowers; loosely incurved; a beautiful, soft rose color; a fine and striking variety.

MRS. JOHN DALLAS—A novel, incurved, Japanese variety; color, rich apricot yellow, shading to rose; large size.

MRS. H. McK. TWOMBLY—Very large, perfectly double flowers, of a beautiful white, shaded with pink.

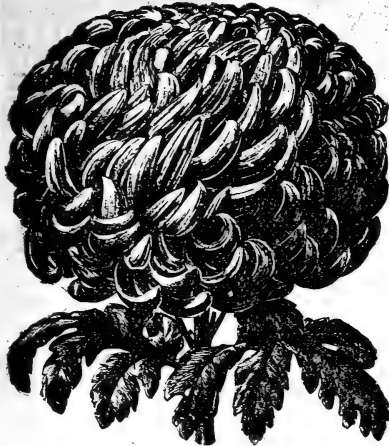

MRS. GEO. McGEE—Forms a perfect ball of silvery pink; dwarf habit.

MISS BALDWIN—Beautiful white suffused with pink.

POND LILY.

New and Rare Chrysanthemums--Continued.

FAIRVIEW.

PERLE BLANCHE—Beautiful snow white, fine flower.

PROSPERITY—Primrose yellow, large, full and double flowers.

ROBERT OWEN—Large, round, bright golden-yellow flowers.

RICHARD DEAN—Deep crimson flowers; golden reverse; extra large.

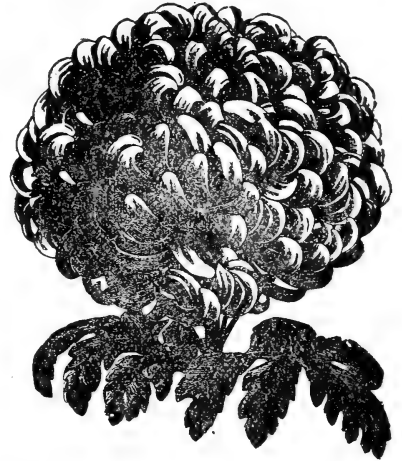

SOPHIE SEVERS—Purest white; flowers large and graceful; one of the very finest. 15 cents each.

SAN JOAQUIN—The largest Anemone variety ever produced; long, white, tubular guard petals, with the center ones lightly tinted light lemon.

TITIAN—A very fine, late variety; bright rose pink; large and full.

VIVIAND MOREL—Extra large flowers, petals long and loosely arranged. Color, a beautiful shade of light pink. A prize winner wherever exhibited. Price, 15 cents each.

W. C. COOK—Large, incurved; midseason; bright orange yellow; broad massive petals.

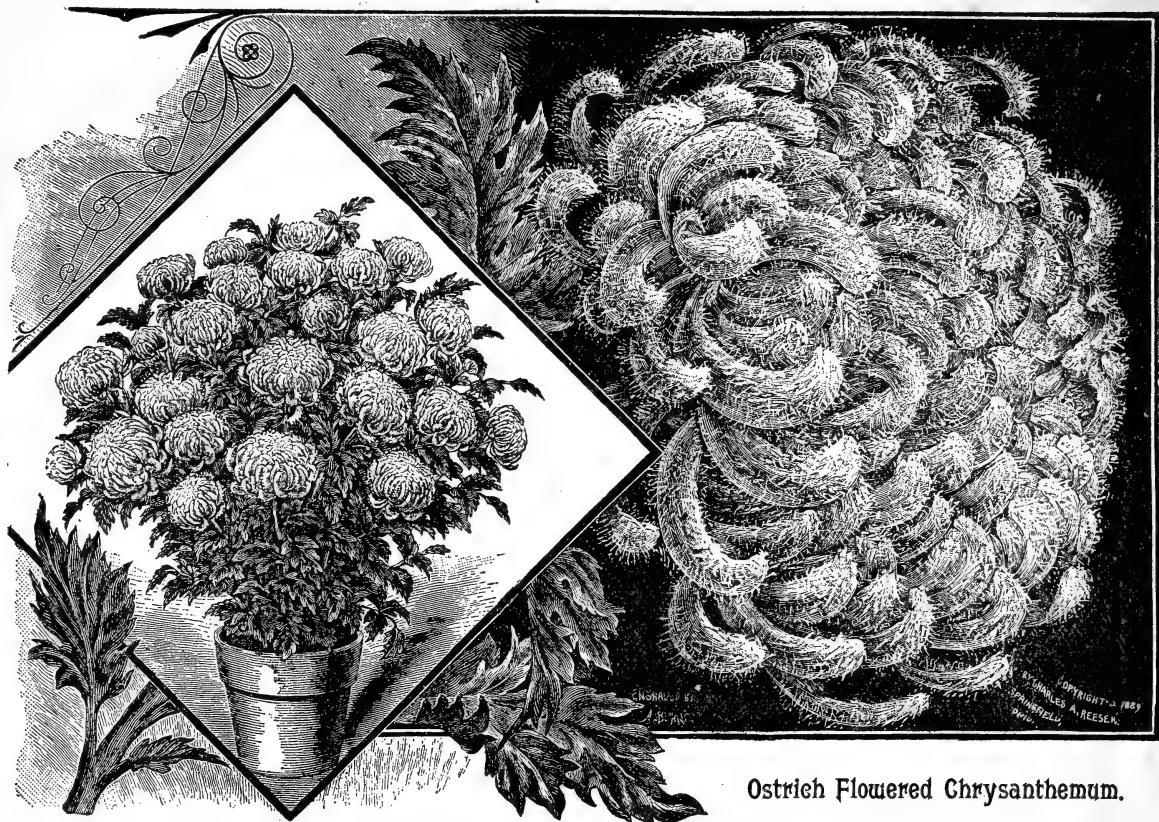

MRS. E. D. ADAMS.

New White Intermediate Chrysanthemum,

TRILBY—We consider this the crowning glory of this year's (1895) new white Chrysanthemums. The petals are slightly twisted, but form a bold, round handsome flower; very much fuller than shown in our illustration. Color, clear and glistening white. Growth dwarf, averaging about three feet, with handsome foliage. Blooms in perfection about November 20th, just in time for our National Thanksgiving Day. Everybody should have this grand variety in their collection. Price within the reach of all, only 25 cents each.

Nearly all varieties at 3 cents per packet; or if you order one dollar's worth they will cost but 2 cents per packet.

Ostrich Flowered Chrysanthemum.

THE title of "Ostrich Plume" was applied to the first of this new type of the Chrysanthemum (Mrs. Alpheus Hardy) to distinguish it for all time from those previously known, but more particularly to direct attention to the soft feathery growth with which the flowers are thickly studded, forming so striking a resemblance to an Ostrich Plume that this title was instantly suggested when first s

EIDERDOWN—One of the grandest new Ostrich Plumes; color, pure snow white, with broad solid incurving petals overlapping each other; a strong grower with stiff stems. Flowers lasting unusually long after cutting. Price, 15 cents each.

GOLDEN HAIR—Color, bright chrome yellow, suffused with amber; the greatest novelty in the Ostrich class that has appeared lately. Price, 10 cents each.

GOLD DUST—Pure golden yellow; very full and large, finely incurved, showing no center at all. The most brilliant yellow in the Ostrich Plume class. First season out; received medals at the Fall Exhibitions. Received honorable mention at the great Chicago Show last Fall. Mr. Hill, the introducer, says it is the grandest Hairy Chrysanthemum extant. Price, 20 cents each.

L'ENFANT DES DEUX MONDES—This variety is a great improvement on Mrs. Hardy, with a grand flower, very large, fine pure white and very plumey. Makes a fine bushy plant. Extraordinary good for pots. Price, 15 cents each.

LOUIS BOEHMER—This is identical in its strange and beautiful formation with Mrs. Alpheus Hardy, but its color is an exquisite shade of silvery pink, with deeprose on the inside of the petals. It is of vigorous constitution, being one of the strongest growing varieties we have, so that it is certain to produce perfect flowers under the most ordinary cultivation. Price, 10 cents each.

SPECIAL OFFER—For \$1.00 we will mail, prepaid, the above set of 13 Ostrich Plume Chrysanthemums. No further discount on this offer.

MRS. ALPHEUS HARDY—No engraving can do justice to the unique and peerless beauty of this Chrysanthemum. Imagine plants completely covered with balls of flowers one foot in circumference, whose petals curve gracefully inward, and which, in turn, are dotted with a peculiar, hairy-like growth, the whole resembling, more than anything else, masses of snow-white Ostrich Plumes. And then you begin to form some idea of the beauty of this royal flower. Price, 10 cents each.

MRS. WM. TRELEASE—Color, beautiful shade of pink and violet; very hairy, large and full. Price, 15 cents each.

MONARCH OF OSTRICH PLUMES—Bright chrome yellow, shaded with amber; flowers very large, full and incurved; a grand addition. Price, 15 cents each.

MRS. HENRY GRAVES—A grand peach pink, quite hairy. Price, 10 cents each.

SPARTEL—Beautiful rose pink with hairy florets. Price, 10 cents each.

SAUTEL'S WHITE—Grand flower; pure white and very hairy. Price, 15 cents each.

W. A. MANDA—The flowers are very large, of a beautiful, clear golden yellow, incurved, and covered with golden yellow hairs. Price, 10 cents each.

WHITE LOUIS BOEHMER—In every respect identical with Louis Boehmer, except that it is a beautiful pure white. A gem in its style and a prize winner. Price, 10 cents each.

September or Early Flowering Chrysanthemums.

AN entirely new Japanese Chrysanthemum, invaluable on account of its early flowering. We are indebted to M. Delaux, of France, for this new deparature, and it is doubtful if any more valuable acquisition has been secured in the long annals of successful hybridization. They embrace the most desirable colors. Hitherto the great objection to Chrysanthemums in our Northern States was that the frost destroyed most of the flowers before coming to maturity, but now this difficulty is overcome, and this grand advance must surely give an impetus to Chrysanthemum culture hitherto unknown.

PRICE, 10 CENTS EACH, EXCEPT WHERE NOTED.

MAD. BERGMAN.

MME. B. JUNG—Pæony; enormous, the largest of its kind; deep crimson red, lighting to chamois, shading to a rich velvety brown; petals incurved and old gold on reverse, with frequently a silvery edge; a striking variety and a good plant for exhibition.

MME. EULALIE MOREL—Japanese hybrid; flowers very large; very long recurved petals; rich rosy pink deepest at the center.

MME. GASTELLEIR—Pure white: a large, fluffy flower, double to the center; one of the earliest to bloom, and one of the most showy varieties in the list.

MME. LOUIS LIONNET—Pæony Japanese Hybrid; flowers large, brilliant silvery white, richly tinged with rose; center old gold.

M. ZEPHIR LIONNET—Japanese; flowers semi-double, very large; petals long, recurved and curled; color, violet rose and purple.

VICE-PRESIDENT HARDY—Japanese. It is without dispute one of the most remarkable varieties in existence; petals very large and very long, recurved, curled, irregularly grouped; flower exceptionally large, brilliant yellowish gold, bordered with rose crimson violet; new species, distinct from all others.

SPECIAL LOW OFFER—For \$1.00 we will mail you, prepaid, the set of 14 varieties of September Flowering Chrysanthemums, including Mad. Bergman and Marion Henderson. No further discount on this offer.

NEW EARLY YELLOW, "MARION HENDERSON"—A new seedling Chrysanthemum. It has been on trial for three years, and we have every confidence in offering it as the best yellow Chrysanthemum yet offered. No engraving can show the rich buttery yellow color of the flowers, which is superb. It is full of petals and lasts a long time; in fact, although very early, it can yet be made late, because it remains perfect on the plant for such a length of time. We cut the first flowers on October 10th, days before any other large yellow was ready, and had perfect flowers to cut a month later. This grand variety will be invaluable for early cut flowers, and we believe will occupy the same position among early varieties that Golden Wedding does among the late ones. Price, 15 cents each.

MAD BERGMAN—A grand new early Chinese variety of dwarf habit, very full in growth, and with large dark green foliage. The flowers are large and globular, with reflexed petals. Color, pure white with creamy center. Especially valuable because it is the earliest of all the flowering sorts. Price, 15 cents each.

BARON LEILLARD—Pæony-flowered hybrid Japanese; plant dwarf, flower very double and very large; brilliant yellow, each petal outlined in rosy crimson. Unique and splendid.

MARQUISE DE MONTMORT—Japanese; flowers very large, pure glossy rose and silvery white; a unique and distinct variety.

M. DUPUIS—Pæony, large doubled-flowered; well imbricated; deep, beautiful canary yellow, reverse rose; a beautiful novelty.

M. FRANCOIS KATZER—Japanese; very large flower, curled and disheveled, a rusty rose and light yellow, marked with long lines of deep yellow; entirely new, the most beautiful and most remarkable of the autumn varieties, obviously distinct.

M. FREDERIC L'USMAYER—Japanese; flowers enormous and very double; large petals, those on the edge rolled up among themselves, of a most brilliant color deep yellow, each petal regularly framed with crimson maroon.

M. MAXIME DE LA ROCHETERIE—Japanese. This variety obtained a first-class certificate in London. The outer petals recurved; flowers very large, disheveled and curled; brilliant orange with yellow centre, shaded rosy crimson.

MARION HENDERSON.

Hardy Chrysanthemums.

We are asked occasionally if we can supply the hardy varieties that stand the extreme winter of the North, and that are in flower usually in October. We offer the following two sorts. They have large flowers, and are perfectly hardy. Hardy Yellow and Hardy White. Price, 15 cents each.

Nearly all varieties at 3 cents per packet; or if you order one dollar's worth they will cost but 2 cents per packet.

✦ The Medal Collection of New Chrysanthemums. ✦

EVERY VARIETY WON MEDALS AT THE RECENT CHRYSANTHEMUM SHOWS.

PRICE, 15 CENTS EACH

BEAU IDEAL—A variety of great excellence. Color, beautiful bright rose pink. Flowers of large size and good substance; petals broad. A prize winner at the Worlds Fair Exhibition.

EUGENE DAILLEDOUZE—Large, full and double; glowing bright yellow, with magnificent foliage; nothing brighter or clearer in yellows; center petals folded and closed; extra fine.

GOLDEN GATE—One of the finest and largest exhibition varieties; petals broad and recurving; color, a very beautiful shade of tawny gold.

GOLDEN WEDDING—A grand golden yellow variety. Nothing can exceed the richness of its color; it is unrivaled in this respect. It is a remarkably vigorous grower, and has such strength of stem that it carries its great globular flowers erect, giving it a bold, majestic appearance. The form of Golden Wedding is unique; the outer petals droop downward in picturesque irregularity; the center of the flower is built high, with broad petals irregularly overlaid, so that, although the flowers are large, they are not heavy, solid-looking, like many others.

GEORGE W. CHILDS—The Jacqueminot Crimson Chrysanthemum. This variety is the best and most perfectly formed reflexed crimson variety yet introduced. The flowers are of massive size, with broad, stiff, reflexed petals. The color is a deep, rich, velvety crimson, with no shade of brown or chestnut. The stems are strong and erect. Awarded the Pitcher Gold Medal at Orange, for the best seedling; a silver medal at Philadelphia, and several others.

INTER-OCEAN—One of the grandest novelties of the year; the color is a glistening pearly-white, suffused pink petals, recurving, large and fine.

MAJOR BONNAFFIN—Color, soft yellow, incurving, full to the center, 6 to 8 inches in diameter and nearly as deep, of perfect form; a magnificent variety. Won Columbian Medal.

MRS. CRAIG LIPPINCOTT—The largest yellow in existence. This magnificent new Chrysanthemum, measures over nine inches in diameter, and is without exception the largest yellow Chrysanthemum ever introduced. The color is deep, rich yellow, the half expanded flower incurving. In the fully expanded flower the petals are reflexed, showing a yellow disc. Some idea of the value of the new sort may be formed from the fact that the introducer retailed cut blooms for \$1.00 per bloom.

MRS. JEROME JONES—Pure white incurved high rounded flower; one of the best of the whites and always averages large first-class blooms. Always a prize winner.

MRS. E. G. HILL—One of the finest of the new varieties of the year; 7 to 8 inches in diameter, bright, clear pearl pink, very early, a grand incurving sphere, a beautiful shade. Awarded the Columbian Medal. See cut.

MRS. J. GEO. ILS—A very large pure white variety with incurving, interlacing petals forming a massive high built flower of great substance. Growth vigorous. Won medal at the World's Fair.

POND LILY, Pitcher and Manda—This is the most striking novelty in Chrysanthemums lately introduced from Japan. This variety attracts more attention, and receives more encomiums from the press of the country than any other variety. Of fine habit, with large dark-green leaves. The flowers are very large of an entirely new type; both in form and color. The distinct and important point in this new variety—and in this it stands without a peer—is the color. The central area is of a clear canary yellow, while the outer five or six rows of petals are pure white. This strong contrast in color gives the flower the unique appearance of a Pond Lily.

SPECIAL OFFER—For \$1.00 we will mail you, postpaid, this entire collection of 12 Prize Medal Chrysanthemums. No further discount.

Chrysanthemums

A GRAND LOT OF PRIZE WINNERS
FOR EXHIBITION OR HOUSE CULTURE.

PRICE, 10 CENTS EACH, EXCEPT WHERE
NOTED.

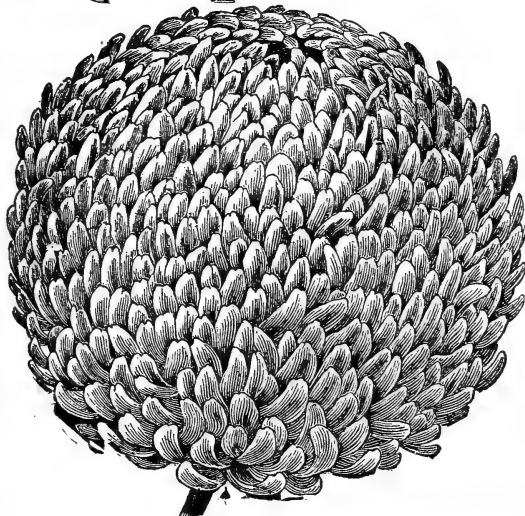

HARRY BALSLEY.

GOOD GRACIOUS—Another introduction from Japan, and so remarkable for size as to suggest its name. The color is also unique, being a delicate shade of peach pink throughout. The form is remarkable; the petals are incurved and twisted, overlapping each other in irregular fashion, and resembling talons. Of all the splendid varieties introduced from Japan this is, perhaps the most remarkable for size, form and color, and stands alone in its unique beauty, there being nothing at all approaching it.

HARRY BALSLEY—A magnificent variety, of a soft "Mermet Rose" pink in color. Price, 15 cents each.

HERON'S PLUME—Immense flowers of purest frosted snow white; eight inches in diameter; petals, long and broad, resembling the beautiful plume of the white Heron.

CHALLENGE.

MALMAISON—Very large, incurved, with broad petals, clear pink at the base, salmon or flesh pink on the outside. A charming flower.

THE WHITE QUEEN—The grandest double white extant. Flowers enormous and of fine form. The best white for every purpose, exhibition or house culture. A prize winner every where.

YELLOW QUEEN—Extra large; bright clear yellow; one of the finest early varieties ever introduced, having perfected its flowers in the open air by the 10th of October.

SPECIAL LOW PRICE OFFER—For only \$1.00 we will mail you, postpaid, this entire Queen Collection of prize winners. No further discount.

Bowker's Ammoniated Food for Flowers.

A new odorless fertilizer for pot plants. Makes plants grow and bloom luxuriantly, and drives insects from the soil. It starts the plants at once into a healthy and vigorous growth and abundant bloom. It drives worms and other troublesome insects from the soil. It has no disagreeable odor, and is the only Artificial Fertilizer which can be used without danger of injury to the plants. It takes the place of liquid manure, and is just the thing that has been wanted for a long time. We have sold tens of thousands of packages of it, and have yet to hear the first complaint. If your plants are doing poorly get a package and see how quickly they will be benefited. The Ammoniated Food is put up in packages with full directions for use. One package, sufficient for twenty-five ordinary sized plants for one year, for 50 cents. Sent by mail, postage prepaid, on receipt of price.

ACHILLES—Very large fine grower; one of the best. Color white flushed pink.

CHALLENGE—The grandest of all late yellows and has won over fifty-four prizes. The flower is a perfect globe of bright golden yellow of immense size. Price, 15 cents.

FISHER'S TORCH—A pure deep scarlet red, an entire new shade; quite full and flat, all one tone of color. This is something distinctly new.

GEORGIENNE BRAMHALL—One of the finest sent out last year; grand globular flowers, incurving form. Color, soft primrose yellow, almost a cream.

GOLDEN BALL—This new variety is so unique in its symmetry and beauty that it stands without a rival. The grand flowers are a perfect ball of bright golden yellow, of great substance, lasting for many days when cut and placed in water.

HICKS ARNOLD—Large, full double flowers of an old gold and amber color. Very fine.

MRS. A. C. BURPEE—A Japanese variety, with the outer petals drooping gracefully, while the inner ones are incurved and form in whorls toward the center. Color, deep yellow, streaked with bronzed, changing to pure chrome yellow. Many of the blooms measure eight inches in diameter.

MUTUAL FRIEND—Very large and broad long drooping florets, making a very deep reflexed flower, of the purest white, fine growth and of great keeping qualities when cut; size and form enormous.

MARIE LOUISE—Beautiful curving white, with interlacing petals, outer ones reflexing closely around the stem, inner ones building up full to center, forming a plumy globe a healthy and strong variety of the easiest culture, perfecting its flowers about Oct. 20th.

WHITE AND YELLOW QUEENS.

Nearly all varieties at 3 cents per packet; or if you order one dollar's worth they will cost but 2 cents per packet.

The Newest Novelties in Chrysanthemums.

THIS LIST OF VARIETIES HAVE ALL WON MEDALS OR CERTIFICATES
OF MERIT

And we Take Pleasure in Announcing that They are the Very Best of the Newest of New "Mums."

PRICE, 20 CENTS EACH, EXCEPT WHERE NOTED.

AMOR—Very large, rounded incurved variety with broad convex petals; amber bronze, lined with a deeper color. Early.

BRONZE GIANT—A mammoth incurved Japanese bloom, perfect in habit; one solid mass of petals without an eye. Color, rich golden yellow, heavily shaded with the deepest crimson.

CAMILLE D'ARVILLE—Large white bloom, on first opening is tinted with salmon; with upright Dahlia-like petals.

CRYSTALINA—Snow white flower, medium size; of the Snow Ball type. Novel.

DR. A. W. WAKLEY—A massive rich chrome bronze, inside shaded red; immense and spiral in form.

EDITH SMITH—The earliest large reflexed white Japanese to date; broad flat petals, outer ones reflexed. In full bloom by October 10th.

HELEN BLOODGOOD—A pure clear pink, without a trace of purple or magenta. Globe form and a grand flower.

H. W. RIEMAN—A very deep, bright golden yellow, very massive in form and deep as wide. Foliage very beautiful. A grand exhibition flower and a sure prize winner.

JENNIE FALCONER—An immense deep bloom, bright lemon yellow; dwarf habit; broad incurving petals.

LATEST FAD—A mammoth bloom borne on stiff stems, with cord like petals eight inches in length, gracefully recurving, without an eye. Color, a rich yellow, at times mottled, striped and slashed with bright crimson and bronze. A grand and unique pot plant.

MISS GLADYS SPAULDING—One of the very best whites ever produced. A large, round exceedingly well built flower.

MAD. CHARLES MOLIN—A fine large pure white, flowers frequently measuring 10 inches in diameter.

MRS. HIGINBOTHAM—Enormous bright pink, broad spreading Japanese variety with extremely wide cupping and incurving petals, covered with glandular hair. The largest and best hairy variety to date, exceeding 12 inches in diameter.

MRS. HENRY ROBINSON—A very early white of exceptional merit blooming about October 1st.

MRS. M. M. JOHNSON—A new dwarf variety of extraordinary merit, makes a beautiful pot plant. Color, deep golden yellow, of grand form and great depth, which marks it as the greatest yellow extant.

M. RICHARD DEAN—Very bright clear pink, of a beautiful shade; petals horizontal and recurving, of great substance and depth and far above average in diameter. First premium at Chicago last Fall for the best pink.

MRS. J. H. WHITE—One of the largest and richest crimson varieties. Petals reflexed, reverse bright gold.

MRS. J. M. PARKER, Jr.—Of dwarf robust habit with fine foliage, flowers 7 to 8 inches in diameter, with broad incurving petals, inner surfaces deep rich pink, reverse light silvery shade. Blooms about October 10th.

MINERVA—Good clear yellow, flower very large and early; plant quite dwarf. One of the best yellows.

MRS. WM. H. RAND—A remarkable rich yellow color and quite distinct. Petals long, twisted and irregularly reflexed, making it resemble a tangled mass of gold. Price, 25 cents each.

MISS LOUISE D. BLOCK—Color, reddish orange; solid compact bloom of large size, lasting indefinitely when cut.

NELLIE ELVERSON—Grand flowers of enormous size; color, indian red. One of the best for exhibitions or house culture. Awarded premiums everywhere shown.

OCTOROON—A perfect incurving dark Japanese bloom of great size, broad petals, perfectly double, forming a massive ball. Color, ox-blood, reverse a shade lighter.

PARTING GUEST—The most chaste and beautiful late incurved Japanese. Large and very deep; color, white, lower petals lightly tinted rose-lilac.

RADIANCE—New and great improvement over the renowned Golden Wedding. Color, deep and shining golden yellow, of heavy texture and broad incurving petals.

Philadelphia.

Immense, large round Japanese incurved flower, with grooved pointer petals of great width, reverse of petals ribbed. Color, white with faint primrose markings at the tips. Awarded silver medals in England and America.

PRICE, 25 CENTS EACH.

Mid-Season Collection of Chrysanthemums.

This set comprises twelve fine sorts of a great variety of color that bloom in the latter part of October. We select this collection with great care, so there will be no different blooming plants among them. Try this set, you will find it unusually satisfactory. Price for entire set of twelve varieties only 75 cents. No further discount.

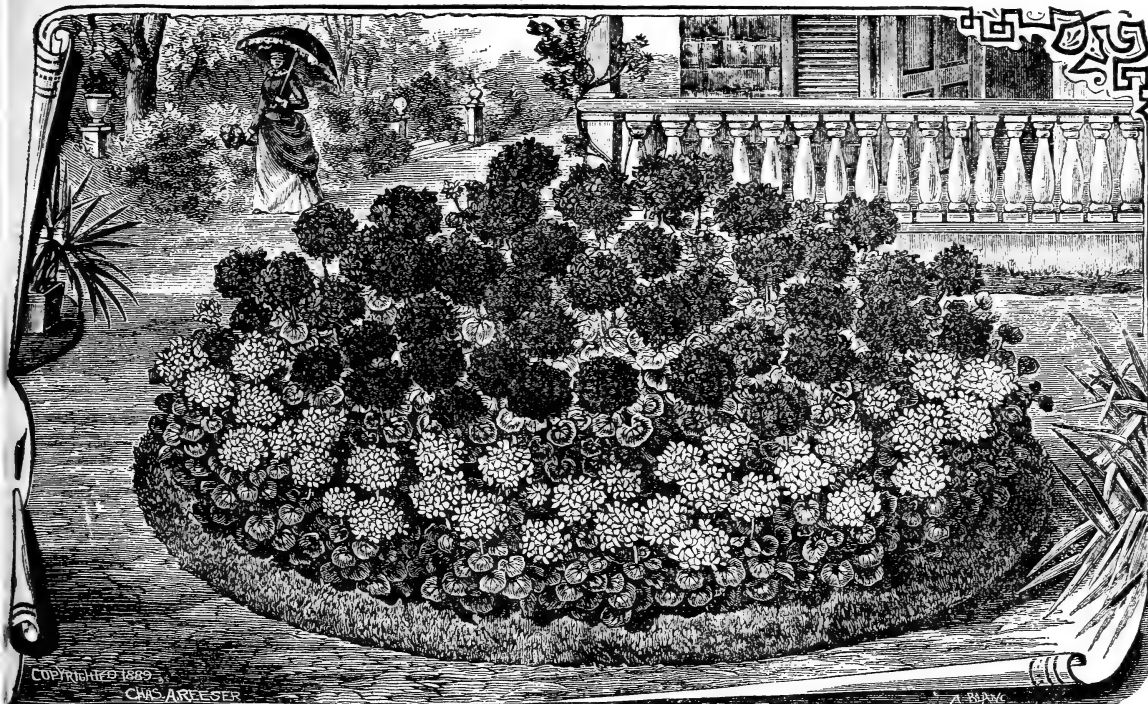

With the SEPTEMBER, MIDSEASON and CHRISTMAS COLLECTIONS you will be able to have a fine display (a veritable Chrysanthemum Exhibition of your own) of bloom for three months.

A WONDERFUL BARGAIN For \$2.25 we will mail, postpaid, to any address the Three Collections—THE SEPTEMBER, THE MIDSEASON, and THE CHRISTMAS. No further discount.

Christmas Collection of Chrysanthemums.

Under this head we offer twelve of our choicest late flowering Chrysanthemums, every one a gem, with grand and gorgeous flowers of the largest size. Price for this set only 75 cents. No further discount on this price.

GERANIUMS—New and Standard Varieties.

Bed of Bruanti Geraniums, with an Edging of Geranium Crystal Palace Gem, 5 feet in diamter.

A BED OF 40 MAGNIFICENT GERANIUMS FOR \$2.00.

Every garden, large and small, has room for an attractive Geranium bed, and no Geranium gives better satisfaction for bedding than the now celebrated Bruanti. It is the best semi-double scarlet, and is one mass of bloom throughout the whole summer.

FOR \$2.00 We will send, postpaid, 20 Bruanti Geraniums and 20 Crystal Palace Gems, which can be used as a border, as it makes a round, ball-like plant about a foot high, with foliage edged with golden yellow. The above 40 Geraniums will plant a bed five feet in diameter. If preferred, we will send 40 Bruants for \$2.00, postpaid. NO FURTHER DISCOUNT ON THESE OFFERS.

Bruant's Sun-Proof Geraniums.

No matter what the temperature or weather the Bruants are always growing, always green and crowned with flowers. New colors, new styles, profuse blooming sorts—all these have combined to make the Bruant Geraniums the most popular plant for bedding or pot culture. **PRICE, 10 CENTS EACH.**

ALFRED TENNYSON—Very large trusses of large semi-double flowers; color, clear orange, petals marked with heliotrope.

ALFRED MAME—A magnificent bedding variety; the trusses are of extraordinary size, the florets by actual measurement being $2\frac{1}{4}$ inches long by 2 inches wide. Of almost pansy form; the color is soft sub-scarlet, lower petals shading to salmon in the center, which is deeply veined crimson. This variety will probably never be equaled.

AURORA BOREALIS—Bright, brilliant red; large flowers; very effective.

BRUANTI—The giant among Geraniums; color, most pleasing shade of vermillion red; trusses exceptionally large, spherical, and flowers absolutely perfect in shape, contour and make-up; one of the best for pot culture and bedding.

BLANCHE MOULAS—A grand bedding and potting variety; flowers large; color, salmon, beautifully bordered with white.

BARBIZET—Flowers very large; color, fresh, bright rose, maculated with white on upper petals.

BEAUTY POITEVINE—Very large double flowers in immense trusses; color, brilliant salmon.

COMPT DE BLACAS—Of beautiful habit, foliage of medium size, with good zone; large florets in good sized truss, center brilliant orange salmon, with brighter border and large white eye. The best salmon for producing a mass of this color in bedding.

CHAPLIN—Large floret, semi-double, of brilliant red, shading to white center; a lovely shade.

DR. OLENET—Strong, vigorous grower. Immense trusses of bright, capucine scarlet. A fine bedding variety.

FRANCOIS ARRAGO—A charming variety and free bloomer; color, salmon pink, shading to salmon in center.

GLORIE POITEVINE—Extra large florets and trusses; color, orange vermillion, white center.

LE CID—Rosy carmine, shading to scarlet; a charming shade.

LEVIATHAN—Enormous flowers; color, bright orange red; reverse of petals, silvery; semi-double; very fine.

MONSIEUR EMIL BARR—Large flowers, borne in immense trusses; color, vermillion red; very attractive and showy.

MADAME DE LA ROQUE—Enormous round flowers in large trusses; color, a beautiful salmon, with orange-shaded center.

MONSIEUR PONSIGNON—Color, bright aurora rose, shaded salmon, with white eye; large trusses.

MRS. E. G. HILL—Single; floret, $2x2\frac{1}{2}$ inches; center of each petal soft light salmon; bordered with rosy salmon and veined deep rose.

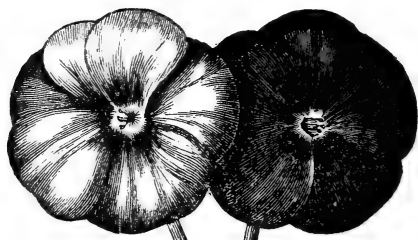

MRS. A. BLANC—Apricot red, veined darker, with rose center.

MONSIEUR LOUIS FAGES—Semi-double; clear, bright orange-scarlet; extra fine.

PROTEE—An exquisite variety; flowers, very large; color, silvery lilac-white, changing to silvery pink.

Nearly all varieties at 3 cents per packet; or if you order one dollar's worth they will cost but 2 cents per packet.

Standard Single Geraniums

THE plants should not be put into the ground until the weather is quite warm and all danger from frosty nights is over; in Northern States towards the last of May. Set the plants about 12 inches apart so that when fully grown they will cover the ground.

Price, 8 Cents Each.

FOR \$1.00 YOU MAY SELECT ANY 18 IN THIS LIST, OR WE WILL SEND 20 OF OUR SELECTION.

—No Further Discounts on These Offers.—

APPLE BLOSSOM—Pearly, white, suffused with rose.
BAMFORD'S GLORY—Clear scarlet carmine, white eye.
BEAUTY OF KINGSESSING—Salmon center, margined white.

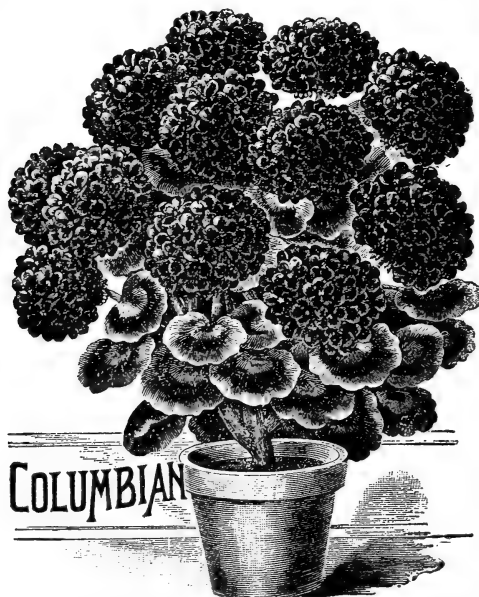

BRIGHTNESS—Bright, dazzling scarlet.
BLONDE BEAUTY—Deep flesh, shading to white.
CINDERELLA—Bright rosy salmon, large truss.
CELESTIAL—Deep rose, tinged white.
CHALLEMEL LACOUR—Rich, vivid crimson.
DAZZLER—A fine, rich scarlet, with a large white eye.
EVENING STAR—White, with large rose colored center.
FAIRY—Flowers salmon, flaked with white.
FAVORITE—A fresh and beautiful shade of light lilac.
GENERAL HOOD—Large flowers of deep velvety scarlet.
GLORIE DE ST. LOUIS—Cardinal; flowers in immense clusters.

GENERAL GRANT—A fine scarlet; largely used for bedding out.

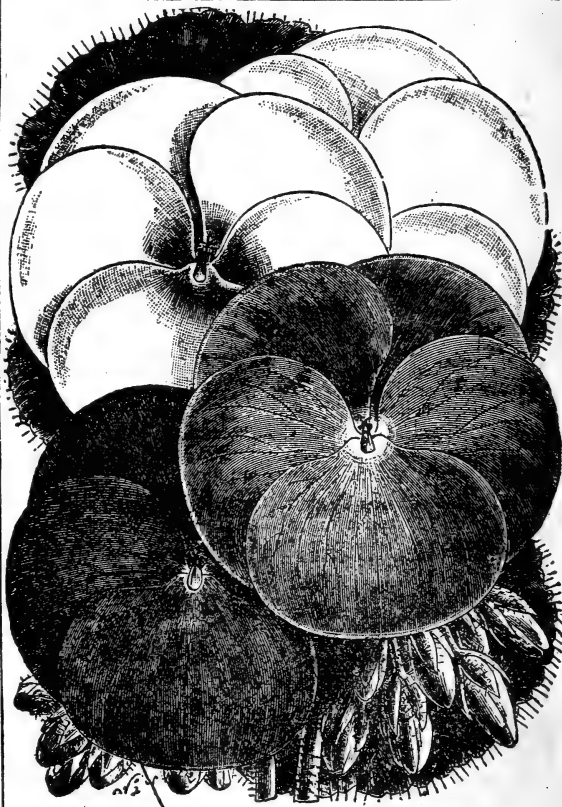

JERSEY LILY—Delicate rose color, shading to white; beautiful.

JEALOUSY—Orange scarlet; a decided yellow hue.

KATIE SCHULTZ—Delicate pink; dainty and beautiful.
KATE PATTERSON—Deep, rich orange, overlaid with buff.

MRS. JAMES A. GARFIELD—Pure white; excellent.
MARY HALLECK FOOTE—A bright, pale salmon rose; very large.
QUEEN OLGA—A fine, brilliant pink, with white at the base.
QUEEN OF THE WEST—A bright orange scarlet, with a large truss.
QUEEN OF THE BELGIANS—New; pure white; excellent variety.
RALPH—A profuse bloomer; dark amaranthine purple.
SARAH BERNHARDT—A grand Geranium, with pure white flowers.
SUNSHINE—Vermillion scarlet; excellent.
WHITE PERFECTION—Pure white, and a profuse bloomer.
WILLIAM CULLEN BRYANT—A soft, rich, pure scarlet, white eye.
WOOD NYMPH—Bright, clear pink, with light markings.

SAM SLOAN AND MRS. J. M. GARR.

New Single Geraniums.

THE improvement in Single Geraniums still goes on. In the following list are some grand, high-colored bedders, as well as some of the most exquisite fancy pot varieties.

Price, 10 Cents Each.

FOR \$1.00 WE WILL SEND 16 OF YOUR SELECTION.

No further Discount on This Offer.

ATHLETE, New Crimson Geranium—For many years it has been the aim of all Geranium-growers to produce a bright scarlet Geranium with a distinct white eye. There have been many varieties, but until Athlete was raised, there was none that filled all the requirements. Its florets measure two inches across, of the most intense fiery scarlet, and it has a large, distinct, pure white eye.

ALPHONSE DAUDET—Color, reddish salmon, darker center.

NEW SINGLE GERANIUMS—Continued.

BENJAMIN SCHROEDER—Very large single flowers, of soft rosy pink, with distinct white blotch on the upper petals.

BRILLIANT—A grand scarlet; very fine circular florets and beautiful trusses; one of the grandest of the single scarlets.

BILL NYE—Color, peach, shading to pale salmon; flowers of fine size and form.

CANNELL'S FAVORITE—Flowers of the most perfect circular form and immense size; color, soft, rich crimson, white eye, enormous truss.

CHRISTOPHER COLUMBUS—This Geranium is a perfect marvel; it is very compact and dwarf; the flowers are bright cinnabar-red orange color, very distinct.

COLUMBIAN—This variety is a perfect marvel among geraniums. It is dwarf and compact rarely growing over 15 inches high, of branching habit. Flowers produced in good sized trusses. Color, a brilliant scarlet.

F. BECKER—Color, glowing peach pink, shading to carmine near the center, and enclosing white eye.

FRED KANST—One of the grandest of all the scarlet bedders; color very bright, yet soft.

LEON PERRAULT—A grand bedding variety, raised by Brunt; enormous trusses, of brilliant scarlet, of the most dazzling shade.

LOWELL—Soft scarlet pink, of beautiful shade, large trusses; fine indoors or out.

LA LORRAINE—A grand variety; large trusses; color, very tender silvery flesh with lavender shadings.

MARGUERITE DE LAYRES—A grand single white; florets extra large and of the purest white.

MRS. J. M. GARR—Dwarf, compact habit, and in freedom of bloom is superior to all whites, and equal to best scarlet bedders.

F. BECKER.

MADONNA—Very softest shade of pale pink; a most delicately beautiful color and striking variety.

PRINCESS MARQUERITE—A very large truss of pure white. A grand grower and free bloomer.

REV. H. HARRIES—Soft rosy red, producing freely florets and pips of gigantic size.

SAM SLOAN—Fine velvety crimson; carrying quantities of immense trusses.

SIGNOR CRISPI—Immense florets, forming large trusses of the most delicately beautiful pink, with white eye.

S. G. COBB—Two upper petals are white one-half the distance from center, the other half is bright pink. The other three petals are bright pink, dotted with many points of bright red.

ST. PETERS—One of the largest Single Geraniums; color, bright, glowing salmon, bordered with white and veined salmon.

SCARLET CLOTH—Splendid rich shade of scarlet. Extra large floret and truss.

W. A. CHALFANT—Dazzling scarlet, florets slightly circular and slightly cupped, forming a magnificent truss; one of the best for bedding.

Spotted Geraniums.

HERE we have a class of Geraniums entirely new, and possessing a novel, distinct, and important feature never seen before.

COUNTESS NETUMIERS—Bright orange vermillion, the three lower petals cream white. Price, 10 cents each.

MADAME DELAMARRE—Bright rosy crimson, with heavy white markings on the upper petals. Price, 10 cents each.

JEAN D'ARC—Even freer in bloom than Mirande, while the color is most distinct and attractive, being bright, warm crimson, banded about a creamy white center. Price, 10 cents each.

SOUVENIR DE MIRANDE—The greatest novelty in Single Geraniums that has appeared for a number of years is undoubtedly Souvenir de Mirande. It is entirely different from any variety known, and is quite different from the usual marked varieties that have from time to time made their appearance. It has round florets; lower petals salmon rose, streaked with pure white; a most novel color. It is extremely free flowering, and produces fine trusses of beautiful blooms. Price, 8 cents each.

W. L. GUMM—A beautiful example of the Miranda type; the colors are very bright and distinct, pure white and brilliant rosy scarlet. 10 cents each.

PELARGONIUMS, OR LADY WASHINGTON GERANIUMS.

These are commonly known as Lady Washington Geraniums. The flowers have deep blotches on the upper petals and bright spots on the lower ones. When in bloom during the months of May and June, they are very beautiful and ornamental, either as pot plants or in the garden. Although their time of blooming is short their great beauty while in flower makes them very desirable. We offer the newest varieties. Their beautiful veins and markings are so hard to describe we can only refer you to the plants to give you an idea of them.

—BEAUTIFUL NEW VARIETIES OF PELARGONIUMS.—

BRILLIANT—Dark crimson scarlet, bright and strong. 25 cents.

FRED DORNER, New Ever-Blooming Pelargonium — It is a perpetual-blooming variety, usually commencing to bloom in December or January and continuing throughout the spring and summer. The throat and edges of the petals are pure white, each shaded towards the center with rich carmine pink, with a glowing crimson blotch on each. 25 cents.

MADAME THIBAUT—The Queen of Pelargoniums; rosy

SPECIAL OFFER—For \$1.00 we will mail you the set of 5 Lady Washington Geraniums. No further Discount

pink, double; beautifully ruffled edges. A free, easy grower, and very fine in bloom. 30 cents.

MRS. ROBERT SANDFORD—Flowers of the largest size, well doubled, beautifully ruffled on edges of petals, pure, glistening snow-white; wonderful lasting qualities when cut. 30 cents.

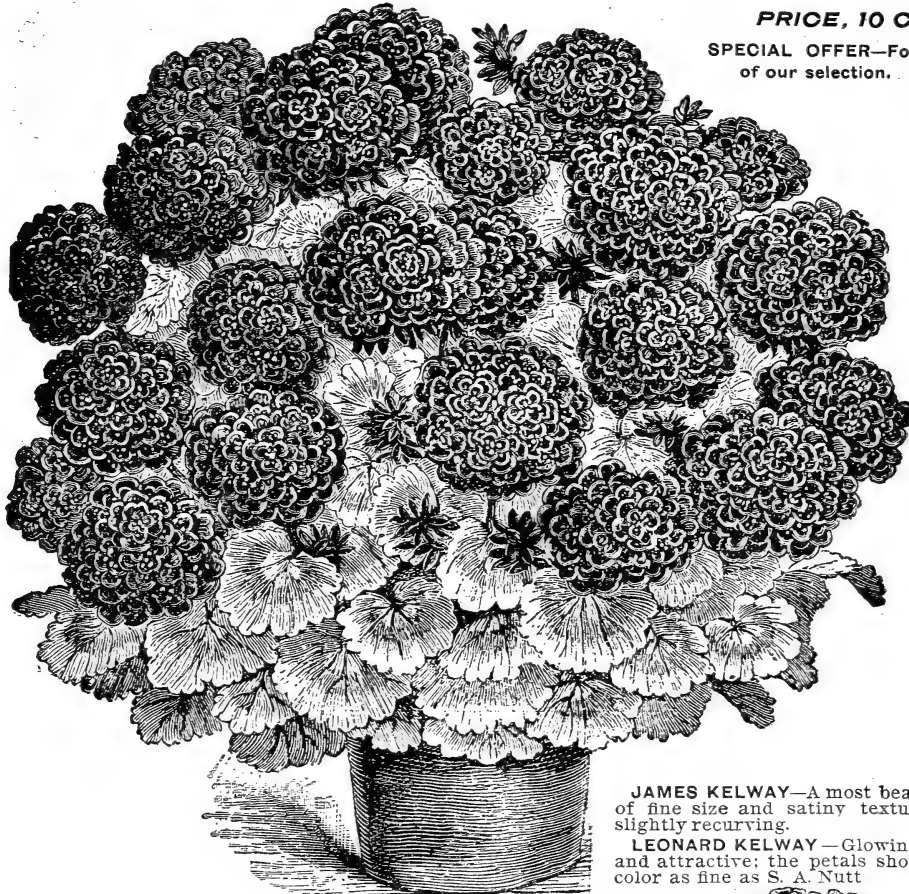

VICTOR—No word can express the beauty of this charming variety. The flowers are bright cherry red, with white at the base of each petal; the upper petals are dark crimson maroon. The flowers are immense size and are very freely produced. A grand variety. 25 cents.

Nearly all varieties at 3 cents per packet; or if you order one dollar's worth they will cost but 2 cents per packet.

New Double-Flowering Geraniums

PRICE, 10 CENTS EACH.

SPECIAL OFFER—For \$1.00 we will send 16 of our selection. No further discount.

DOUBLE CRIMSON, S. A. NUTT.

LA FAVORITE—This is, without doubt, one of the best double white Geraniums ever offered. It is a strong grower, a profuse bloomer, always coming perfect in color and substance; the trusses are very large, flowers beautifully formed, of the purest white, retaining their color in the sun, not drawing to a pinkish color.

LE CONTABLE—Large, full double flowers of a beautiful bright rose color; an extra fine variety.

MONSIEUR PRESS—Enormous trusses of large well-formed flowers; rich rosy salmon, shaded with carmine and white.

MONSIEUR DE FORTANIER—Double, very large, round florets; rosy cerise and capucine red.

MADAME CHANTRIER—A fine winter bloomer; enormous trusses; rosy scarlet and solferino, with white reverse.

MADAME CHEVRELIERE—The best double white Geranium in cultivation. In our trials we noticed that all through the summer this superb new variety produced more flowers than any other white variety, and the trusses and florets were larger.

PROFESSOR POIRAULT—One of the most beautiful of the fancy doubles; flowers large, and of brilliant violet color, the upper petals very distinctly marked with orange.

ROSEBUD—A perfectly formed, bushy little plant, constantly covered with well-proportioned trusses of exquisite little rosebud florets, so intensely brilliant in color that they appear to vibrate. Of hardy, vigorous, healthy habit, and growth, and quite distinguished among scarlet Geraniums for its pretty, dainty form and dazzling color. Fine and lasting for button-hole bouquets. A charming pot plant, lavish of its pretty blooms, and attractive at all times of the year. 15 cents each.

S. A. NUTT—Dark crimson; florets of large size and perfect form; trusses massive, and produced in great quantity.

SULLY PRUDHOMME—Florets very double, in large trusses; bright carmine in color.

SACHER MASOCH—Very large trusses of double florets; color, currant red.

SIR TREVOR LAWRENCE—Enormous trusses of bright rosy pink flowers; beautiful foliage.

WM. KELWAY—Very large trusses; double, fiery scarlet.

ALPINE BEAUTY—What S. A. Nutt is among dark reds Alpine Beauty is among double whites; we consider this the finest double white up to date. See cut.

CENTAUR—Color, the richest deep pink; shading near base of petals to light pink; the base of upper petals creamy white.

DR. JACOBY—Enormous trusses, of a clear nankeen salmon.

ELLA GIDDINGS—Large flowers, of a rich dark scarlet.

ERNEST KELWAY—Vivid scarlet, with grand truss; everything that could be desired, both in habit and quantity of bloom.

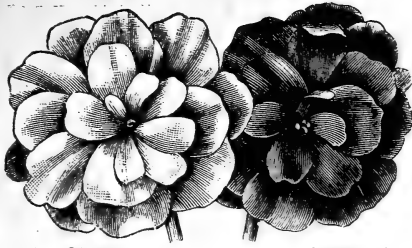

GEN. L. MILLOT—Intense and dazzling crimson scarlet; an extra fine bedder.

HERVE DE BORNIER—Large trusses of double flowers; white, delicately tinted.

JAMES KELWAY—A most beautiful crimson scarlet of fine size and satiny texture; two upper petals slightly recurving.

LEONARD KELWAY—Glowing carmine, very bright and attractive; the petals showing a peculiar gloss; color as fine as S. A. Nutt.

Standard Double Geraniums.

PRICE, 8 CENTS EACH.

18 FOR \$1.00 YOUR SELECTION, OUR SELECTION, GOOD VARIETY,
ALL LABELED, 20 FOR \$1.00.

No Further Discount Allowed on These Offers.

ASA GRAY—Flowers are a salmon pink, mixed with white.

BELLE DE NANCY—The center of each flower is a rich, warm crimson, outside of this is a creamy band, the whole outer margin being a bright deep blush.

B. K. BLISS—Trusses large, a vivid, rich scarlet.

CHEERFULNESS—A flesh pink, shaded and mottled rose.

ERNEST LAUTH—Deep glowing crimson, illuminated scarlet.

EMILE DE GIRARDIN—Enormous trusses of rose-colored flowers.

EMERSON—Flesh-colored flowers shaded pink and salmon.

EMILE LEMOINE—Immense pips of deep crimson scarlet.

GEORGE THORPE—Immense trusses of light crimson.

GRAND CHANCELLOR FAIDHERBE—Flowers a very dark, soft red.

GILDED GOLD—Deep golden orange, of medium size.

HOFF BEACH—A rich amaranth purple.

HENRY CANNEL—The richest, most vivid and dazzling scarlet.

J. H. KLIPPART—Dazzling, brilliant scarlet, trusses very large.

J. P. KIRTLAND—A rich, deep crimson, dashed with purple.

JAMES Y. MURKLAND—Bright peach rose, broadly margined white.

J. P. STAHL—Deep, soft rose, edged with salmon; beautiful.

JOHN HERON—Rich plum purple flowers, large trusses.

MRS. HAYES—A beautiful light shade of pink or flesh color.

MRS. CHAS. PEASE—Rich, deep pink, marked with white. Very fine.

MINISTER CONSTANS—Bright orange, shaded salmon.

MADAME THIBAUT—A rich rose, washed with violet carmine.

PRESIDENT JAMES A. GARFIELD—Large scarlet flowers; free bloomer.

PEACH BLOSSOM—White, shaded with a dark peach pink.

PETER HENDERSON—Bright orange flowers of fine shape.

PROKOP DAUBEC—A very bright, soft rose.

QUEEN OF THE FAIRIES—Rich flesh, mottled with pearly white.

RICHARD BRETT—Fine orange scarlet, and very double.

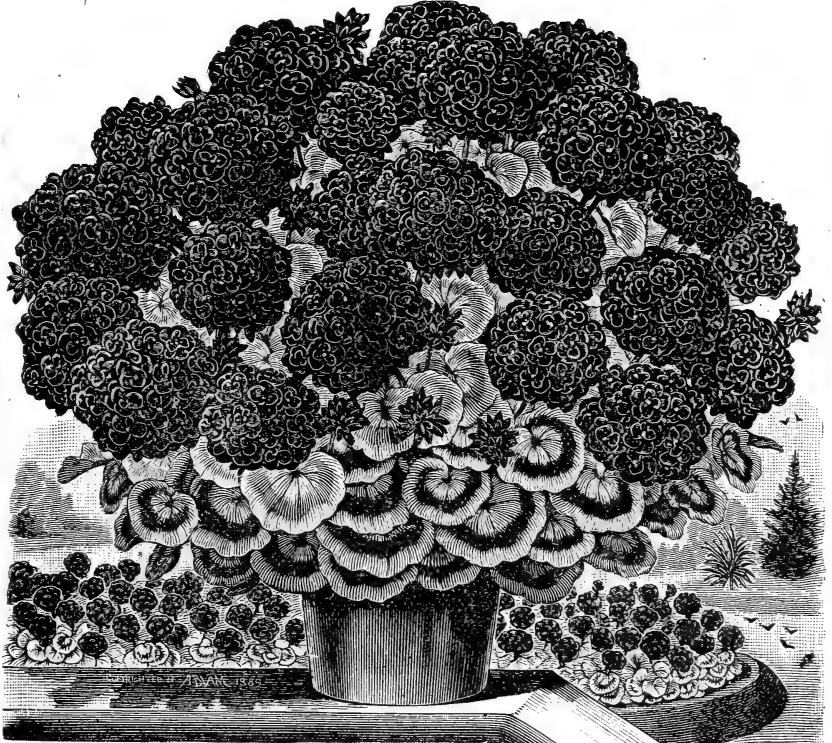

ROBERT GEORGE—Deep crimson scarlet, and of great size.

WHITE SWAN—Fine double white.

New Pedigree • • Geranium.

JOHNNIE DOYLE—This remarkable new Geranium is a cross between Grand Chancellor and Bruanti and is destined to take the most prominent place in bedding or pot Geraniums. In our grounds during the past season this grand variety was the center of attraction the entire summer through, which was one of the dryest and hottest known for years. It never lagged but grew and bloomed continually. The growth dwarf and massive. The color brilliant and rich vermilion scarlet. Flower trusses enormous, on stiff upright stems; fine for cutting. Price, 15 cents each; 12 fine plants for \$1.00. No further discount.

NEW DARK SCARLET BEDDING GERANIUM. JOHNNIE DOYLE.

C. A. REESER—Dear Sir: Would you please send me one of your fall catalogues. After trying plants from three different greenhouses in Canada I find after all your plants cheaper and give best satisfaction. Thanking you for favor in the past and hoping to have a catalogue soon.

Believe me, yours sincerely,

GOLDEN, B. COL., Aug. 21st, 1895.

MARY J. P.

DEAR SIR: Last year I bought of you your \$1.00 Chrysanthemum set and they were all that any one could desire. They were the nicest collection in the village.

Yours respectfully,

MRS. NATHAN B. C.

NICHOLS, CONN., Jan. 22d, 1895.

Nearly all varieties at 3 cents per packet; or if you order one dollar's worth they will cost but 2 cents per packet.

Golden Bronze Geraniums.

WE offer only the best varieties; fine for bedding. Foliage beautiful. Colors, bright during the heat of the summer.

BRONZE BEDDER—The brightest and best of all; foliage yellow with a narrow zone of deep chocolate, simply grand. Price, 10 cents each.

CRYSTAL PALACE GEM—Broad golden yellow margin, with a central disk of green, dwarf and free. One of the best. Price, 8 cents each.

DOUBLE BRONZE GERANIUM CORINNE—Clear golden yellow foliage, with elegant zone, double, fiery orange colored flowers. Price, 15 cents each.

GEN. R. E. LEE—Leaves deep green, distinctly marked with a large, light golden blotch in the center, forming a well marked variegation. Flowers dazzling scarlet, with attractive white eye. A fine variety. Price, 10 cents.

MARSHAL McMAHON—The best of the bronze Geraniums. Ground color of leaves, golden yellow, marked with a deep chocolate zone. A splendid bedding variety, the variegation withstanding our hot, dry atmosphere. 8 cents each.

ZULU—The best of all the Bronzes. Ground color of the leaf bright yellow, with a broad zone of the deepest chocolate. Decidedly the darkest and best of its class. Price, 15 cents each.

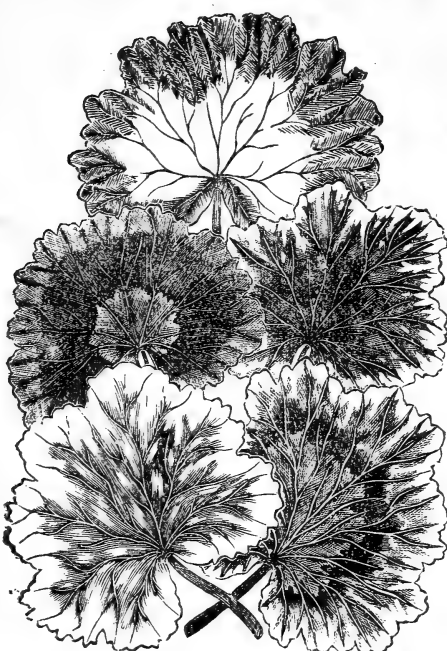

Tricolored Geraniums.

HAPPY THOUGHT—A tricolored Geranium, with very dark green foliage, having a light creamy, almost white, center, with a dark band about the light zone; flowers bright scarlet. 10 cents each; fifteen for \$1.00. No further discount.

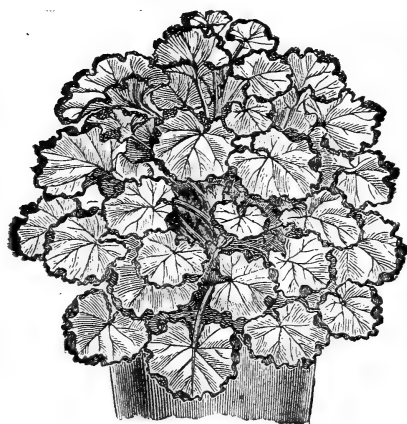

MOUNTAIN OF SNOW—The finest of this class; a vigorous grower, an abundant bloomer and for ribbon lines or massing is one of the best; the center of the leaf is bright green, the outer margin broadly marked with silvery white; one of the whitest-leaved sorts; flowers bright scarlet. 10 cents each; fifteen plants for \$1.00. No further discount.

MRS. POLLOCK—A magnificent variety, the green leaf disc, overlaid by a beautiful bronze-red zone, belted with bright crimson, and outwardly margined with golden yellow; very fine for the parlor or conservatory during the winter or spring. 15 cents each.

MRS. PARKER—Beautiful double pink flowering geranium. Flowers large and double; foliage massive, bordered with a broad band of silver white. 25 cents each.

GOLDEN BRONZE GERANIUMS.

HAPPY THOUGHT.

MOUNTAIN OF SNOW.

Sweet-Scented Geraniums.

This class of Geraniums is grown exclusively for the fragrance of their foliage, as the flowers of most varieties are of little importance. They are a treasure for the making of bouquets, and as a background for button hole bouquets they are indispensable. The leaves of some varieties are fine cut.

—PRICE, 8 CENTS EACH, EXCEPT WHERE NOTED.—

APPLE-SCENTED—Apple fragrance. Price, 15 cents each.

BALM-SCENTED—Delicious balm fragrance.

FERNIFOLIA ODORATA—The most delicate of all the cut leaved Geraniums, of delightful fragrance, very free growing. The leaves are valuable for mixing with cut flowers. Price, 15 cents each.

LEMON-SCENTED—Delightful lemon odor. Price, 10 cents each.

MRS. TAYLOR—Foliage not very fragrant, but beautiful; flowers scarlet, in good clusters, shaped like a small

Pelargonium, blooms very freely and constantly. Price, 10 cents each.

NUTMEG-SCENTED—Small leaves, with nutmeg perfume.

OAK-LEAVED—Beautiful foliage, resembling oak leaves; black center, with green border.

PEPPER-SCENTED—Fine cut foliage, with distinct pepper scent.

ROSE-SCENTED—Two kinds, broad leaf, and cut leaf; this is the most popular of all scented Geraniums.

SKELETON-LEAVED—Leaves very finely cut; rosy fragrance.

Novelties in Geraniums of Surpassing Beauty

BARONNE DE SCALIBERT.

Bruant dwarf and compact growth, and so free in bloom that the large trusses cover the plant. Florets extremely large of bright soft pink color, center marked white, petals veined with red, a lovely color and a grand addition to the Bruant type. Price, 20 cents each.

. . . . A Grand Lot of New Double Geraniums

PRICE, 20 CENTS EACH, EXCEPT WHERE NOTED.

COLOSSUS—Floret quite circular, semi-double; $2\frac{1}{2}$ inches in diameter; truss also fine. The color is very beautiful, a rich shade of rosy crimson. Very free in bloom. One of the very largest and finest among the double reds. Price, 25 cents each.

DR. BLANCHE—Flowers are large, full; very bright orange red.

DIEGO PODDA—Very large trusses of fine double flowers, copper orange shading to clear rosy, flesh at the edges of the petals. An extremely fine novelty and very distinct.

FLEUR DE NEIGE—(Bruant.) Carries enormous trusses on long foot stalks, well above the foliage. The florets are semi-double, of the peculiarly charming form of Mme. Chevalerie; purest white in color. A robust but compact grower; very free; fine for massing. Price, 25 cents each.

EULALIE—Bright salmon, a beautiful well-formed flower, and a distinct advance upon any previous introductions in the same class both in bloom and habit.

GAMBETTA—Strong, stiff stems, carrying very large flowers of bright magenta rose color. Extra good in all points if you like the color.

DOUBLE GUINEA—A decided improvement on Re Umberto, which is good enough recommendation; it is a better grower, stands the sun better, and is of a very bright orange yellow color; florets and trusses large and of fine form. Price, 25 cents each.

LADY CANDAHAR—Intense deep salmon, large full flower and truss, habit dwarf and branching, very full. A decided advance on the best double salmons.

LORD TENNYSON—One of the finest of the New English Geraniums; very large, semi-double flowers, distinct and effective. Color, fiery salmon. Trusses fine but crowded. Price, 25 cents each.

MRS. GLADSTONE—Grand color, pure white and shaded flesh pink toward the center, a beautiful combination. Fine bold truss and splendid habit.

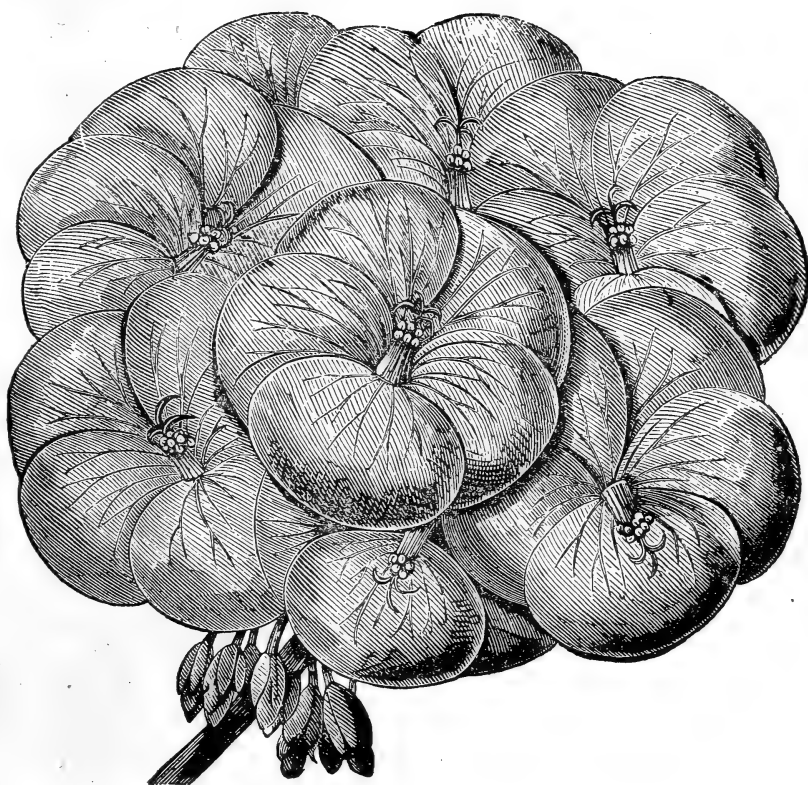

M. LOCKROY—Stems stiff and trusses large; flowers very full. Color, a beautiful shade of soft sub-scarlet.

MR. DE LA RUE—Rich carmine lake color of most intense shade with white mark at the base of the petals; also lined and dotted carmine. Very large flowers, color magnificent.

MME. BACOT—A abundant bloomer of a most remarkable shade of orange approaching yellow. Plant dwarf and of free growth. Very fine.

MARQUIS DE GALARD—Trusses of immense size, semi-double, color, rosy-cerise shading to orange. Stems very stiff and long. Color, very beautiful and quite new, catching the eye at once. A perpetual bloomer.

MARGUERITE PINON—Very free in both growth and bloom. Fine trusses of large florets, clear rose marked deeper and shading to silvery pink.

MME. JULES CHRETIEN.

MME. JULES CHRETIEN—Florets full two inches across, perfectly circular in form and extremely showy. It is the largest, finest and most showy fancy Geranium that we have ever seen. The center of the flower is pure white, surrounded by an aureole of pale violet, and is bordered bright red. The bloom is of the very largest size, and is a beautiful dwarf grower and very free in bloom. A most astonishing variety. 25 cents each.

MME. POMEON—Clear orange salmon; center bright orange with white eye; extra good.

PICOTEE—Very beautiful and distinct, quite unique in appearance on account of the quilled scalloped formation of the petals; color white, with bright salmon pink base. Price, 25 cents each.

RASPAIL IMPROVED—Among double Geraniums there is nothing finer. The color is a deep scarlet of exquisite shade. The floret is very regular in form, more than semi-double, and about $2\frac{1}{2}$ inches in diameter. Foliage and habit are both good, and it is a first-class winter bloomer; can easily be made into grand specimens. Price, 25 cents each.

Nearly all varieties at 3 cents per packet; or if you order one dollar's worth they will cost but 2 cents per packet.

IVY LEAVED GERANIUMS.

JOAN OF ARC.

New Ivy-Leaved Geraniums.

AUGUST HARDY—Large full trusses on strong stems; color, a fine scarlet. Price, 25 cents each.

EDITH OWEN—A deep rose color, very bright and very full; grand bold flower. Price, 15 cents each.

JULES JANIN—Flowers very large, of cup-shape and very double; color, a rosy violet. Very pretty. Price, 15 cents each.

LA FOUDRE—Fine flowers, quite double and of a bright orange scarlet color. Price, 15 cents each.

RYECROFT SURPRISE—Vigorous, upright habit, producing magnificent flowers of a lovely and distinct shade of salmon rose. Price, 15 cents each.

—Silver Leaved Geranium,—

MAD. SALLEROI.

A very compact variety of silver Geranium; very fine for massing or bordering, rarely over six inches high; very thrifty. Leaves small, clear green, edged with white. Price, 8 cents each.

SPECIAL OFFER—For \$1.00 we will mail you 18 fine plants. No further discount.

BASTIEN LE PAGE—The flowers are very double full and of perfect form; color, rich carmine and lake; one of the best. Price, 10 cents each.

CHARLES TURNER—Color, light scarlet, with soft rose tint, two upper petals veined with crimson. Price, 15 cents each.

CAMILLE FLAMMARION—A beautiful variety and a general favorite with all lovers of the ivy-leaf varieties. Flowers large, full, cup-shaped and a deep rose color. Free flowering and vigorous. Price, 15 cents each.

EDEN MARCHII—Flowers are very large; color, rosy-salmon, shaded violet. Price, 10 cents each.

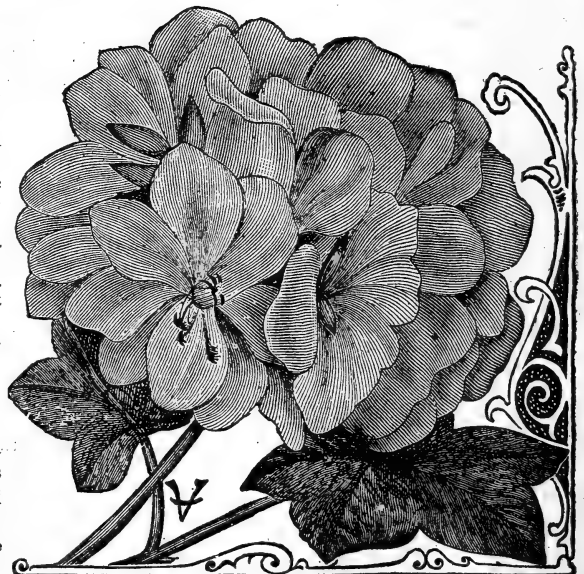

GALILEE—Rich, deep pink; large flowers of good substance, and not only flowers in summer, but will make a beautiful plant for the window in winter. Price, 10 cents each.

INCOMPARABLE—Trusses very large, florets immense and very regular in form; quite full; the color is an exquisite shade of rosy carmine. No finer. Price, 15 cents each.

JOAN OF ARC—This is one of the most beautiful plants it has been our privilege to offer. The flowers are perfectly double, white as snow, and literally cover the plant when in full bloom. The foliage is extremely handsome, the dense, glossy green leaves making it a most effective background for the great clusters of snow-white flowers. Price, 15 cents each.

P. CROZY—The flowers are brilliant, borne in the greatest profusion, the trusses measuring six inches across, and the individual florets two inches. The habit is dwarf and compact; the flowers are semi-double, and last a long time. As a plant, or in beds in the open ground, it surpasses in brilliancy any variety in our grounds. Price, 15 cents each.

SPAULDING'S PET—An excellent variety of semi-drooping habit and compact form, profuse in bloom; color soft, cerise red. Stands sun perfectly, and one of the very finest Geraniums in its class. Price, 8 cents each.

PETER CROZY

New Ivy Leaved Geranium,

GEN. CHAMPIONNET.

A grand, pure scarlet color; florets of beautiful rose form, quite circular, of the largest size; the most regularly beautiful of all the reds, and as fine in color as P. Crozy, and a little darker, besides being very double. Price, 25 cents each.

Grand Set of New Bruants for 1896.

PRICE, 15 CENTS EACH.

COMTE D' ELBEE—Single. Habit rather dwarf, foliage beautifully zoned; trusses immense, on rigid stems; florets immense; color, tender rose, passing to bright rose; very distinct. A decided novelty in this race.

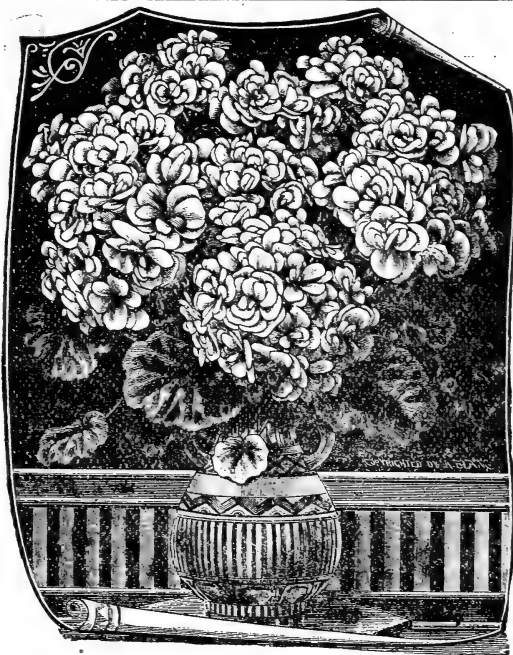

GENERAL DODDS—Plant very dwarf in habit, and foliage very heavy; leaves beautifully dented; trusses very large indeed; florets more than two inches in diameter; color, soft vermilion; of grand effect. Single.

MME. CHAS. MOLIN—Trusses and florets enormous; color, clear, bright salmon, white eye. Remarkable for the beauty of the trusses, and also for its lovely color. Plant semi-dwarf, zoned in black, and very fine in bloom. Single.

J. J. HARRISON—Double. Brilliant capucine scarlet; florets of enormous size; habit all that could be desired; a fine bedder and a most effective sort.

W. P. SIMMONS—Single. A novelty remarkable for its dwarf stature and its brilliant and abundant bloom, color, extremely bright orange scarlet; flowers well up above the foliage, and of grand size.

VILLE DE POITIERS—Double. There is nothing finer than this in the Bruant race. Color, rosy-scarlet, very clear and bright; trusses very large, composed of enormous florets, nearly three inches across, and of the peculiarly beautiful form of Beaute Poitevine. Very free, producing an elegant effect when massed.

GEN. CHAMPIONNET.

SPECIAL LOW OFFER—For 80 cents we will mail you the entire set of New Bruants, postpaid. No further discount.

• • GLOXINIAS. • •

This gorgeous exotic is as easily grown and cared for as many of the common flowers. They will bloom in three months from time seed is sowed. They will bloom in six weeks from time dry bulb is planted. The flowers will last in water, when cut, over two weeks in perfect condition. They are the most magnificent table decoration we have in summer. Keep the bulbs in pots in the house, or on the veranda, in boxes or little frames on the outside and you can cut flowers all summer.

Their green leaves are surmounted with a cluster of lovely trumpet-shaped flowers. The coloring is exquisite; the ground work of many is pure white, with throats of blue, scarlet, rose, or crimson; or the tubes are of bright color with white throat. The bulbs should be started in a warm place—greenhouse, hotbed or sunny window. They will bloom till late in summer, when they should be dried off, letting the leaves die; the pots can be kept over winter in a cellar free from frost.

FRENCH TIGERED AND SPOTTED, AND CRASSIFOLIA GRANDIFLORIA ERECTA—In splendid mixture embracing all the best types and colors.

Price of Good Strong Bulbs, in mixed colors, 18 cents.

SPECIAL OFFER—For \$1.00 we will send eight assorted, fine large bulbs. No further discount.

Ferns--Noted for their Beautiful Foliage.

PRICE, 20 CENTS EACH.

ADIANTUM BELLUM—A very handsome species, with tufted fronds about four inches long.

ADIANTUM CUNEATUM—The popular Maiden Hair Fern very beautiful and graceful.

DAVALLIA STRICTA—One of the finest ferns in cultivation, whether for growing as a decorative plant in the room or planting out. The fronds are of a strong texture and of a beautiful shade of green.

PTERIS ARGYREA—(Silver Fern.) A very showy, strong-growing Fern, with variegated foliage, fronds large, light green, with a broad band of silvery white down the center of each, very distinct.

PTERIS TREMULA OR, SHAKING FERN—One of the finest Ferns for house decoration, growing very rapidly and

throwing up large, handsome fronds. It makes magnificent specimens. Easily grown and very popular.

PTERIS PALMATA—Broad palm-shaped fronds; a very distinct and handsome species.

PTERIS SERRULATA—A valuable species for cutting. It is of quick growth and the fronds are indispensable for cut-flower work.

SWORD FERN—(Nephrolepis Exaltata.) In well-grown specimens the fronds attain a length of six or seven feet, but only one to three inches wide, and like plumes, arching over in every direction in a most graceful manner. This beautiful Fern is excellent for outside planting in shady borders. It is a very fine plant for hanging pots or baskets on the piazza in summer, and conservatory or window in winter.

SPECIAL LOW OFFER—For \$1.00 we will send you the above set of Eight Fine Ferns. No further discount.

Nearly all varieties at 3 cents per packet; or if you order one dollar's worth they will cost but 2 cents per packet.

BEGONIAS.

Flowering Varieties.

PRICE, 8 CENTS EACH, EXCEPT WHERE NOTED.

THEY are suitable for pot culture in the window or the outdoor plant stand, and also for planting in hanging baskets and ferneries. The Begonia is the one flowering plant that is always found in the window garden. It grows with very little care and is always attractive. During the greater portion of the year the plants are, in the different varieties, covered with a profusion of graceful, drooping racemes of pink, white, crimson and bicolored buds and blossoms that are exceedingly beautiful, having a waxy, coral-like appearance, and at our very moderate prices a few at least should be included in every order.

10 FINE FLOWERING BEGONIAS FOR ONLY 50 cts.

SPECIAL OFFER—For only 50 cents we will send, postpaid, ten fine Begonias of our selection from the following list, all different and each labeled. No further discount.

ARGENTA GUTTATA—A cross between Olbia and Alba Picta, having the silvery blotches of Alba Picta and form and beauty of Olbia. The leaves are oblong in shape, of a purplish bronze color, with silvery markings. The flowers are white. Price, 10 cents each.

BEGONIA ARGENTA GUTTATA.

ALBA PERFECTA—In all respects identical with the well-known Rubra, except that the flowers are white. Price, 10 cents each.

ALBA PICTA—Long, pointed, slender leaves, thickly spotted with silvery white. Foliage small and elegant. Price, 10 cents each.

BERTHA CHATEAU—An upright growing variety, with small, bright green leaves, and flowers of a beautiful currant red. Very floriferous and a charming variety.

COMPTA—A new variety, resembling closely the old Zebрина. Compta is a more compact grower, with long, pointed green leaves; a silver tinge along the midrib; underside of leaves and stem pale pink.

DEWDROP—The best flowering Begonia ever obtained. Its graceful flowers are produced in profusion during the winter months. It can be planted out in the strong sun in the spring, and will be one mass of bloom the entire summer. It will grow and thrive anywhere, and requires no more care than a Geranium. Color, pure white.

DIADEMA—This is a distinct and comparatively new variety. The leaf is large and deeply lobed, giving it a very tropical appearance. Color of leaf a rich olive green, handsomely spotted with silver. It grows well and is indeed very attractive. Price, 10 cents each.

FUCHOIDES COCCINEA—Beautiful flowers of a bright scarlet color.

LOBATA VARIEGATA—The plant is covered with handsome rosy-white flowers, beautiful foliage. Price, 10 cents each.

BEGONIA ALBA PICTA.

INCARNATA—Beautiful pink flowers, edged with salmon. A charming variety. Price, 10 cents each.

McBETHII—Foliage fern-like. Panicles of pure white flowers produced in the greatest profusion. It is, the most persistent bloomer of the Begonias.

MARQUERITAE—Similar to Metallica; leaves bronze green; light rose-colored flowers. Price, 10 cents each.

METALLICA—This elegant variety has large glossy leaves, shaded with green, crimson and olive, with a peculiar metallic luster over all; large, dark pink flowers. Price, 15 cents each.

BEGONIA MANICATA AUREA—In our entire list we have no plant whose foliage can equal that of this grand Begonia. The shading and distinct marking of the leaves is something wonderful. One part of the leaf will be a deep velvety green, while another is a light cream, shaded with bronze or pink, making a most novel and showy appearance. Its strong, healthy habit of growth and variegated leaves make it a favorite with every one. The illustration is a correct representation of this lovely Begonia. Price, 20 cents each.

NITIDA ROSEA—A strong-growing, profuse-blooming variety, producing immense panicles of rose-colored flowers.

NITIDA ALBA—Similar in every respect to Nitida Rosea, but with white flowers.

BEGONIA MANICATA AUREA.

BEGONIA RUBRA.

NEW BEGONIA, M. DE LESSEPS—A decided improvement on *Argentea Guttata*, the leaf being four times the size seen in that variety, while the silky texture is the same, and it is beautifully spotted with silver. A very strong, free-growing variety, that will succeed with any ordinary care, growing rapidly and sending out quantities of beautiful white and pink flowers. Price, 15 cents each.

PAUL BRUANT—A *Begonia* that grows in fine bushy, tree form, increasing in size and number of leaves very rapidly. The bloom is borne in the greatest abundance on long graceful stems, and is of two forms; a part being very large and of a peculiar rose shade; the smaller forms being rose and white; the petals quite transparent; continues to bloom from November to May, and is a handsome plant at any season of the year. Price, 20 cents each.

BEGONIA SEPTRUM.

PRESIDENT CARNOT—A remarkable strong-growing variety, of stiff upright habit; foliage large and something in style of *Rubra*, but more than twice as large; upper side deep green; under side purplish red; flowers beautiful coral red in large pendant panicles. A grand flowering variety. Price, 15 cents each.

RUBRA—If you only have one *Begonia*, let it be a *Rubra*, for it will prove a constant delight. It is so fast-growing that it will in a year or two reach the top of your window, sending up heavy stiff canes an inch in diameter, and rising beside them will grow strong, slender branches, gracefully drooping under heavy waxen leaves and pendant panicles of coral colored flowers as large as a hand. Price, 10 cents each.

SEPTRUM—A strong, upright-growing species, with palmate leaves, which are ornamented with large silver spots arranged parallel with the ribs; underside of leaf thickly studded with small, sparkles, making a handsome specimen. Price, 20 cents each.

SANDERSONII—Coral *Begonia*. One of the best flowering *Begonias*. The flowers are of scarlet shade of crimson, borne in profusion for months at a time. Leaves slightly edged with scarlet.

BEGONIA VERNON.

BEGONIA THURSTONII—Is a cross between *Metallica* and *Sanguinea*, having the bright red foliage and veinings underneath the leaves, and bright metallic green, shading to red, in the younger growth on top. The flowers are a beautiful deep pink in bud, but when expanded become a beautiful shell pink. A charming variety. Price, 15 cents each.

VERNON—This excellent new variety is of unusual merit as a bedding sort, flowering fully as freely when planted out as when grown as a pot plant. It begins flowering when first planted and continues throughout the whole season until stopped by frost. Foliage rich glossy green, often shaded deep bronze. Flowers at first opening are a deep red, changing to a beautiful clear rose in the fully open flower. Price, 10 cents each.

WETTSTEINI—New Red Coral *Begonia*. A grand new *Begonia* that will rival in popularity the well-known favorite "*Rubra*." The flowers resemble *Rubra*, and are just as freely produced, but the foliage is entirely distinct. The leaves are oblong, of a deep green color, shaded with crimson. The young foliage is particularly beautiful. Flowers deep coral red, formed in pendant panicles. Price, 10 cents each.

VELUTINA—A beautiful, erect-growing *Begonia*, with dark, rough foliage of a lustrous bronze green on upper surface, underside reddish bronze; flowers rosy white, very full, should be in every collection. Price, 15 cents each.

BEGONIA REX.

BEGONIA REX.

THE Begonia Rex is the king of foliage plants, far outshining all others. It seems to feed on the rich metals of the soil, and to spread their lustrous tints over its leaves. Give them a soil composed of rich loam, woods earth and sharp sand. They require a warm, moist atmosphere and a shady situation; suitable for warden cases. Do not allow the sun to strike the leaves while wet, and do not overwater.

PRICE, 20 CENTS EACH.

REX LESOUDSII—This is the finest and largest-leaved of any of the Rex family. It is impossible to describe in words the beautiful markings of this magnificent Begonia. It is a cross between a Begonia Diadema and a Rex variety, but retains in a marked degree the Rex character. We consider this the finest of all the Rex family, both in size of leaf and rich coloring.

REX BERTHA MCGREGOR—Leaf nine by six inches, long-pointed and with deep notches. A free, strong grower, producing foliage in abundance. The center of the leaf is small, dark and palm-shaped, the body of leaf being solid silver, outlined with bronze. Extremely elegant.

REX SIEBOLD—Dark reddish green center, very broad, light metallic band, this bordered again with a bright, medium shade of green, all surrounded by a dark, ruffled edge, beautifully mottled.

REX QUEEN VICTORIA—Bright silver green of crepe-like texture and reddish veins and fluted edge.

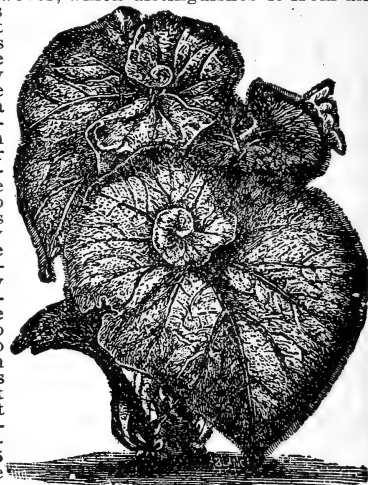

REX MADAME MERSCHKE—This is the easiest of all the Rex to grow, and soon makes handsome specimens with large, bronzy-green foliage, beautifully mottled and marked. One you can grow and a beauty. Try it.

REX ROI FERD MAJOR—Extra large leaf of fine silver, small dark starry center and edge embroidered in the same dark shade. Extra fine.

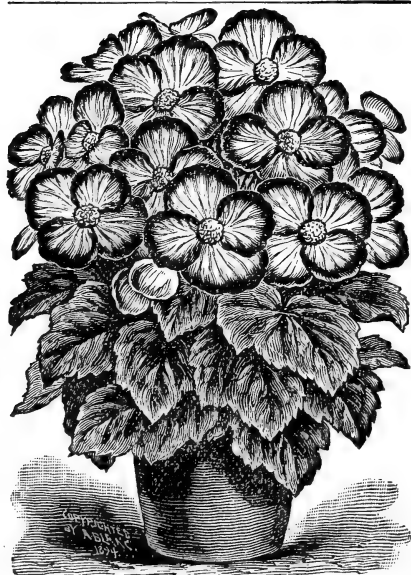

SPECIAL OFFER—Any Three Rex Begonias for 50 cents. No Further Discount.

Begonia Rex, Countess Louise Erdody.

This is the Begonia of all Begonias and a plant of unusual beauty and growth. It originated from seed in the garden of Count Erdody, a Hungarian nobleman. The leaf, which has a metallic lustre, appears dark silvery in the center, shading into coppery-rose toward the margin, which is broadly and evenly edged with the same hue, but darker and more brilliant. The veins are yellowish green on both sides accompanied by a dark green ribbon, while owing to an elegant undulation of the leaf, they run in a sort of groove, close to the margin of the leaf. The striking peculiarity, however, which distinguishes it from all other Begonias consists in the fact that the two lobes at the base of the leaf do not grow side by side but one of them winds in a spiral-like way until in full grown leaf there are four of these twists lying on top of the leaf nearly two inches high. It is truly a curiosity and one but little known in this country. This variety retains the general character of the Rex family as to growth, but is so distinct in growth and peculiar in its leaf development that it stands out unique and striking in all its individual beauty. 35 cents each. (See cut.)

COUNTESS LOUISE ERDODY.

TUBEROUS BEGONIAS.

Single Flowering Tuberous Begonias.

For Pot Plants, are now classed among the handsomest Flowering Bulbs. The record of floriculture does not list a flower that has been so greatly increased in size, improved in form, and intensified in color as this. They bloom continually throughout the spring and summer, the flowers often exceeding six inches in diameter, and out rival in color the most brilliant and dazzling Geranium flowers; and from the time the first blossom appears until all growth is stopped by frost they are never out of bloom, and are borne in such profusion that the rich green foliage is almost hidden under the load of blossoms. For bedding plant outdoors, or for pot culture in the house, the Tuberous Rooted Begonia can not fail to give satisfaction, even to the most inexperienced, as they require but little more attention than the Geranium. We have fine bulbs in the following colors: Crimson, Scarlet, Rose, Yellow, Pink and White.

—TO COLOR, 18 CENTS EACH.—

SPECIAL OFFER—For \$1.00 we will send you 8 Large Flowering Bulbs, Assorted Colors. No Further Discount.

Double Flowering Tuberous Begonias.

In Assorted Colors Only.

—PRICE, 30 CENTS EACH; THREE FOR 75 CENTS.—

No Further Discount.

Examine our list of Flower and Vegetable Seeds. See the very Low Prices. None Better. None Cheaper.

New Sunset Large Leaved Coleus.

THE Coleus is the gardener's paint box, bearing all the colors on its leaves, ready to be disposed in whatever ornate and particolored designs we may choose to display upon our lawns and parterres. In this field there is the greatest opportunity for an interesting exercise of the ornamental taste possessed by all flower lovers. The style is very appropriately called "carpet gardening." Plants should be set about a foot apart, so that when the size of the bed is ascertained, it is easy to figure how many plants are needed of each kind in a row. We have a collection of fifty kinds of the most distinct sorts out. Leave the selection of varieties to us, as it is hard to describe the various tints.

PRICE, 5 CENTS EACH

20 distinct varieties by mail for \$1.00.

By express at your expense we will send 30 choice plants for \$1.00.

These are all good bedders, standing the hot sun without losing their colors. No further discounts on these offers.

AUTUMN GLOW—Has all the beautiful tints of autumn leaves.

BRONZE QUEEN—A deep bronze, with a fine yellow edge.

BLACK BIRD—Very dark, with reddish cast.

BUTTERFLY—A crimson bronze, old gold and green.

BIZZARRE—Crimson, edged with green and gold.

BEAUTY—A crimson bronze, with green edge.

CHICAGO BEDDER—Green and gold. An excellent bedder.

DORA CLAPP—Crimson center, with bronze and green edge.

EMPRESS OF INDIA—Crimson, with a golden edge.

FIRE BRAND—A fine bedder. Dark crimson, shaded garnet.

FIRE CREST—This is, without exception, the most brilliant colored Coleus as yet introduced; in fact, we know of no plant surpassing it in brilliancy of coloring. The major portion of the foliage is a bright carmine-crimson. Remember, the above twenty choice Coleus for only \$1.00. You have never seen anything so grand in the Coleus line. Try them, and see what a beautiful bed you can have, and with but little care.

Royal New Coleus, Newly Imported.

This new set are the handsomest ever introduced. They make magnificent pot plants.

PRICE, 15 CENTS EACH.

BEATRICE—Here we have great size of leaf, brilliant coloring and faultless habit; the creamy white veinings of the leaves intermixed with amber, green and intense crimson. The latter color sometimes develops in an extraordinary degree, forming a most charming combination.

DUKE OF YORK—One of the richest and most beautiful of the set; the chocolate-red and almost black ground color of the leaves and reticulated emerald green markings produce a novel and very rich effect.

INDIA—The leaves of this magnificent variety are of enormous size, creamy yellow at the base, suffused with emerald-green with a central band of deep magenta-crimson, intermixed with maroon, and growing deeper towards the margins until the edges are almost black.

MRS. F. SANDER—We have no hesitation in saying that this is the most beautiful and distinct Coleus yet raised; dwarf and bushy in habit, it makes a perfect pot plant. This splendid variety differs from all other Coleus in having a wedge of creamy white in the center of the leaf, with a clearly defined margin of oxide green, bronze, crimson and purple. This central wedge-shaped creamy white blotched occupies the greater half of the leaf, and is sometimes splashed with magenta and porphyry. First-class certificate awarded.

shade, the edge is slightly marked with golden yellow, which heightens the coloring. The center of the leaves is blotched with deep bronze, the leaves are deeply toothed, and have that graceful wavy appearance so desirable. Price, if ordered alone, 10 cents each.

GOLDEN BEDDER—Deep golden yellow.

GOLDEN VERSCHAFELTII—Ranks first in yellow vars.

HERO—A deep jet black.

HIAWATHA—Bronze and yellow, spotted.

PROGRESS—A beautifully mottled red, green, bronze.

RETTA KIRKPATRICK—Bright green, large, deep yellow center.

SETTING SUN—Crimson, with brightest golden edge.

VERSCHELTII—A rich velvety crimson. Best bedder.

YEDDO—This we place next to Fire Crest as being the best Coleus. The color is a deep golden yellow, spotted with bright green. A splendid bedder, and always bright. Price, if ordered alone, 10 cents each; or Fire Crest and Yeddo the two for 15 cents.

MRS. F. SANDER.

Nearly all varieties at 3 cents per packet; or if you order one dollar's worth they will cost but 2 cents per packet.

ROYAL NEW COLEUS—Continued.

PRINCESS MAY—This superb variety has huge leaves of pale creamy ground color, and is remarkable for the rich mosaic markings in various shades of green, crimson and yellow. Sometimes the margins of the leaves are ornamented with an edging of emerald green and rich crimson.

PRINCE ALBERT EDWARD—Monstrous leaves of a beautiful pale chrome color, splashed with emerald green at

the base, bright crimson lake being the predominating color. Leaves also exquisitely serrated and deeply cut.

WALES—A splendid variety; the ground color of the leaves is bright magenta, spreading flame-like over the leaf, with crimson-chocolate markings intervening. The edges are very deeply toothed and margined with creamy yellow and bright green. At the base of each leaf there is a patch of creamy yellow, with orange yellow and emerald green mosaic marking.

SPECIAL OFFER—The above set of Seven Royal New Coleus, the handsomest you ever saw, for only 75 cents, by mail prepaid. No further discount.

CHARLES HENDERSON—This valuable new Canna is of dwarf habit of growth, throwing up erect, compact trusses of bloom with individual flowers of the largest size. The color is a wonderful rich crimson with center penciled with gold. Owing to the dwarf habit of growth, this makes a perfect pot plant, while for outdoor bedding it is invaluable for placing at the outside of the bed in conjunction with the others.

DUCHESS DE MORTEMARTE—This is undoubtedly one of Mr. Crozy's most beautiful and distinct introductions. The flowers of this splendid sort are of the most perfect form, the petals are even broader than those of Madame Crozy and more rounded at the ends, which latter characteristic represents the best type sought for in the latest hybridizations, are well opened and of the most brilliant golden-yellow, dotted with brightest scarlet, and are the largest of all Cannas, and produced in constant succession.

FLORENCE VAUGHAN—The habit of the plant is superb, and the flowers of the most perfect form are borne in grand spikes; the petals are broad and rounded, representing the highest type sought for by hybridizers. As will be seen in our illustration from nature, the flowers are well expanded, thereby showing the richly brilliant colors, golden yellow dotted with brightest scarlet. The habit of the plant is vigorous, and splendid spikes of flowers are produced in constant succession.

A **WONDERFUL** wave of popularity for Cannas came rolling up from the French Exposition at Paris in 1889 to the World's Exposition at Chicago in 1893, where millions were delighted with the brilliancy and grandeur of the flowers. This great favor is well deserved, as, for rich and luxuriant tropical foliage and distinct flowers of large size, Cannas demand a place amongst the most splendid summer-flowering plants. All are vigorous in growth, flourishing with little care, and the great tuberous roots can be kept over winter as easily as potatoes. On this page we have gathered together the cream of these noble decorative plants, and have recourse to such large stocks that we can make popular prices for fully developed roots that can not fail to give satisfaction. Cannas will be the most popular bedding plants for this year. The gorgeous tropical effect when bedded is simply magnificent.

erred together the cream of these noble decorative plants, and have recourse to such large stocks that we can make popular prices for fully developed roots that can not fail to give satisfaction. Cannas will be the most popular bedding plants for this year. The gorgeous tropical effect when bedded is simply magnificent.

✻ Eight Valuable Cannas ✻

RECENTLY INTRODUCED.

PRICE, 20 CENTS EACH.

ALPHONSE BOUVIER—This grand and luxuriant variety grows from five to eight feet. The tips of the shoots are surmounted by immense clusters of brilliant crimson flowers of largest size, a single plant showing from thirty to forty. This variety is not suitable for pot culture, being too tall growing; but for bedding, or as a specimen plant in the center of a flower bed, it is unequaled.

MISS SARAH HILL—A beautiful lake overlaid with carmine, and one of the very best in our list. The habit of the plant is all that could be desired, growing to a height of about four feet, and surmounted by symmetrical heads of flowers. In our grounds it was a continuous mass of bloom from the opening of the season until frost.

MADAME CROZY—A wealth of tropical and luxuriant foliage with flaming panicles of bloom borne in immense heads at the end of every shoot. The petals are wide and broadly rounded; color, deepest vermillion, bordered with gold.

PAUL MARQUANT—One of the most distinct and beautiful varieties. The individual flowers are very large and the spikes enormous, each flower standing out separately by itself. It is difficult to describe the color, which might be called a bright salmon with carmine tint, but there is silvery lustre which glistens and glows in different lights, making the brilliant color changeable. To some it appears the fashionable apricot shade now so popular.

STAR OF '91—Very dwarf and fine for pots; bright green foliage with flowers of a deep vermillion bordered with golden yellow.

Special Offer:

For only \$1.00 we will mail you, postpaid, this cream set of EIGHT New Cannas. THE BEST IN THE WORLD. Don't Fail to Get This Entire Set. No Further Discount.

Nearly all varieties at 3 cents per packet; or if you order one dollar's worth they will cost but 2 cents per packet.

VALUABLE PALMS.

PALM, LATANIA BARBONICA.

trunk and stems are a golden yellow, irregularly spotted with bronzy green, giving it a peculiar charm. (See cut.) Small plants, 25 cents; large plants, 50 cents; extra large stocky plants, \$1.50.

COCOS WEDDELLIANA—This is undoubtedly the most graceful Palm yet introduced to our collection. The stems are slender; the leaves long and beautifully arched; the leaflets or pinnae are very fine; deep green above, white below. Good young plants, 60 cents.

KENTIA BELMOREANA—The Kentias are among the best of the palm species for general cultivation, being almost impregnable against diseases. The variety shown in the engraving is one of the best in its class, gracefully disposed; as a decorative plant for the window, dinner table or conservatory it scarcely has an equal. Nice young plants, 40 cents; extra good plants, 75 cents; extra strong, stocky plants, \$2.00 each.

CHAMAEROPS EXCELSA—A handsome fan-leaf Palm of rapid, easy culture. Very valuable and useful for outdoors during the summer. Price, 25 cents and 75 cents each.

PANDANUS UTILIS—For majesty of form and gracefully arranged foliage this is without a peer, while its vigorous constitution enables it to stand more neglect, without serious injury, than almost any other plant we know of. As an ornament for the window its glossy, dark green, serrated foliage renders it unusually attractive, while as a vase plant or single specimen in greenhouse or conservatory it is unsurpassed. Nice young plants, 25 cents each.

WASHINGTONIA FILLIFERA—A beautiful Palm; it has elegant, dark green fan-shaped leaves, from which hang thread-like filaments. Price, 20 cents each.

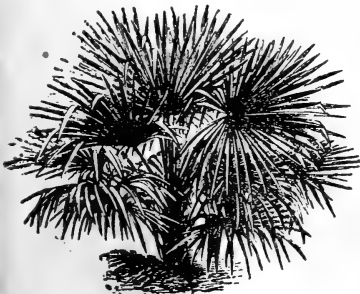

Our Stock of Palms is Unusually Fine.

PHOENIX RECLINATA—Beautiful reclinate foliage. A graceful and exceeding ornamental Palm. Nice plants, 50 cents.

OUR PRICES ARE NEVER SO LOW.

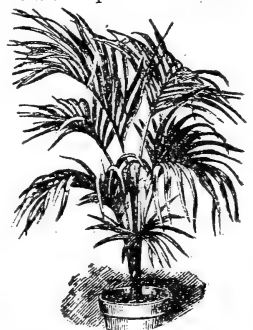

ORDER SOME OF THEM, AND YOU ARE SURE TO BE PLEASED.

CHAMAEROPS EXCELSA.

HIGH prices are always asked for Palms, and it is worth while to state why. They are slow in growth, and it is impossible to propagate them rapidly; but these are only reasons why they cost the florist much; they are, in addition, intrinsically more valuable than most other plants. When a palm pushes a new leaf it has developed a feature which it will not lose for years—practically never lose under good treatment. Herbaceous plants grow, and their growth dies at the close of the season, or the plant becomes ungainly, and some of its branches have to be removed. All growth of Palm, on the contrary, is stable; it is part of a symmetrical structure, and will endure so long as the plant itself survives. The foliage is firm, closely woven of hard fibers, and is uninjured by any but the most uncalled-for neglect and abuse. The beauty of the plants is corresponding. They make noble specimens, very graceful, but of great dignity, and are more effective for indoor decoration than plants of any other description, and where there exist circumstances to render the growing of a full plant collection inconvenient or impossible, a single good specimen Palm will often find room and constitute in itself a handsome floral furniture. Please notice that all palms of the fan-shape sort have, when young, leaves of a long, narrow shape, developing the round, fan-shaped ones as they grow older. Therefore, when you get your plants, and see long leaves instead of round ones, do not think that a wrong sort has been sent you.

PALM, ARECA LUTESCENS—This majestic Palm is without a peer for strength and elegance combined. Its dark glossy green leaves are gracefully curved on slender stems, and the entire foliage is gracefully disposed. The

KENTIA BELMOREANA.

LATANIA BARBONICA—The well-known favorite Fan Palm, beautiful in all stages of growth. No plant is more easily grown, and none more tenacious of life, enduring alike the dust, cold and heat from open windows and gas-heated air of our dwellings. The demand for this particular kind is perhaps five times that of any other. Leaves large, fan-shaped, of cheerful green color. Plant of hardy constitution, and adapted to all decorative purposes, within or without doors; appreciated by all the plant-loving community. With age the plant attains noble proportions, and becomes very valuable. When too large for the house it can readily be sold. Small plants, 25 cents; extra good plants, 50 cents; extra large stocky plants, \$1.50.

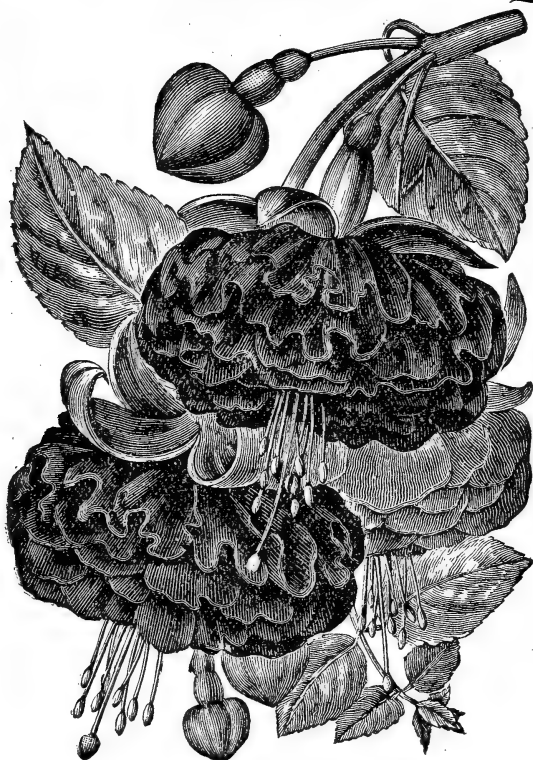

SEAFORTHIA ELEGANS—A most useful conservatory or lawn plant. Leaves from two to ten feet long. Largely grown on account of its hardy constitution and useful and graceful character. They soon develop into noble specimens. Nice young plants, 20 cents each; large plants, 40 cents each.

ARECA LUTESCENS.

Flowering Fuchsias.

PRICE, 8 CENTS EACH, EXCEPT WHERE NOTED.

JUPITER.

PHENOMENAL—The largest Fuchsia we have ever seen—larger than Champion of the World. The tube and sepals are bright coral red, beautifully formed. The corolla, nearly two and one-half inches across, is of the very richest violet shade. The habit is remarkably free, and it blooms more freely than any large variety we have seen. Price, 15 cents each.

ROSAIN'S PATRIE—Another fine double white variety. Very free bloomer and quite early; tube and sepals rosy carmine, corolla pure white.

STRIPED UNIQUE—Purple corolla, striped with red, tube and sepals scarlet. Price, 15 cents each.

SUPERB NEW DOUBLE WHITE FUCHSIA,

MRS. E. G. HILL.

This superb variety is undoubtedly the most perfect and beautiful Double White Fuchsia ever raised. The short tube and sepals are a bright, rich, reddish crimson color; corolla extra large, full and double; flower of the largest size; is of upright growth, not coarse but compact, and very symmetrical. It has every qualification to recommend it—size, freedom of bloom and constitution. Price, 15 cents each.

Single Corolla Flowering Varieties.

ANNIE EARLE—Carmine corolla; waxy white sepals.

BLAND'S NEW STRIPED—The tube and sepals a glowing crimson, corolla rich plum-colored purple, regularly and distinctly striped red rose. Price, 10 cents each.

CONSTANCY—Corolla single, rich carmine; sepals white; flowers large; a very beautiful variety. Price, 10 cents each.

DUKE OF ALBANY—Purple, drooping flowers; very fine in form and size. Price, 10 cents each.

DR. TOPINARD—Sepals large, cerise red; large, open, single corolla, pure white, marked rose.

EARL OF BEACONSFIELD—Deep orange corolla; extra large flowers. Price, 10 cents each.

ERNEST RENAN—Corolla carmine; sepals white.

THE Fuchsias, as all know, are elegant flowers, delicate in coloring, and exquisitely graceful in form. There are many partially shaded sides of the garden where they succeed admirably, more especially if the soil is made rich, and they have, occasionally, a good soaking of water. It is not advisable to place them in a full sun, as they frequently shed all their leaves in such positions, and look unhappy. Before the first frosts, remove the plants to the house, and they will make you glad all the winter, and be ready for service again next summer. We have selected a very fine and distinct list of varieties, many of which are quite new, and will be sure to please if they are properly cared for.

Double Corolla Varieties.

AVALANCHE—An early flowering variety with rich golden foliage and large double purple flowers. Price, 10 cents each.

DUCHESS OF EDINBURGH—One of the finest double whites. Corolla averages two inches across. Very pure white; sepals bright carmine.

ELM CITY—Sepals a rich crimson, corolla a deep purple, double, very free-flowering. Extra fine.

MOLESWORTH—Beautiful double white corolla, tube and sepals scarlet; fine for house culture.

M. ALPHAND—Very large recurring sepals of bright scarlet; very large corolla of soft reddish violet.

NEW DOUBLE FUCHSIA JUPITER—All lovers of this beautiful class of plants will be pleased to note the addition of another variety of Fuchsia, that produces such wonderful large flowers as Phenomenal. Jupiter is a sport from that variety, and is similar to it in every respect, except in the coloring of the corolla, which is a beautiful shade of light magenta, with dark crimson veins. Price, 15 cents each.

NEW DOUBLE WHITE FUCHSIA, WHITE GIANT—The largest and best White Fuchsia grown. Fine form, very double, color a pure white. We find it to be an excellent winter bloomer. It gives us much pleasure to offer this grand Fuchsia. Price, 10 cents each.

PURPLE PRINCE—Tube and sepals a waxy carmine scarlet, corolla rich velvety purple.

MRS. E. G. HILL.

BLACK PRINCE.

New Dwarf Perpetual
.. Flowering. ..

LITTLE BEAUTY—Freest flowering of all Fuchsias. It begins to bloom when only two or three inches high and continues to flower the year round. Flowers of good size. Tube and sepals bright red, corolla deep purple. Price, 20 cents each.

New Perpetual Double Flowering Weeping
: : Fuchsia, : :

—STORM KING.—

This beautiful novelty introduced a few years since, is a decided acquisition, and deserves a place in every garden. Our stock is genuine, and we give the description of the introducer: "This grand variety is of the most beautiful weeping habit. The branches, drooping as they do, lend the plant a charming grace which is rarely found. Branches numerous, leaves small and numerous, and of the most beautiful, glowing green. The buds, for two weeks before they expand, are balls of glowing scarlet-crimson. The flowers continue to grow larger and larger after they expand. The sepals are of the same glowing scarlet-crimson as the buds, while the large double corolla is of delicate, waxy whiteness, elegantly pencilled with deep, bright crimson. Its flowering qualities are most remarkable, for it is never out of bloom when in a healthy condition. To keep a plant blooming all the time, many of the buds must at times be removed, or the plant will bloom itself to death." Price, 15 cents each.

BLACK PRINCE—The grandest of all winter bloomers. This is really one of the most charming and desirable Fuchsias, and should be better known. It is a genuine winter bloomer, and all who know its value is very highly for this quality. The habit of the plant is erect and compact, presenting a decidedly neat and attractive appearance as a pot plant. The fine star-shaped flowers are produced in profusion, and begin when the plants are quite young. Indeed, the plants in our houses at all stages are rarely seen without flowers. The tubes and sepals are light sky blue. It blooms quite freely, plants in two-inch pots frequently producing flowers; but large, well established plants will bloom more freely and produce larger clusters. We have seen a plant of this Fuchsia six feet high and five feet through, and by actual count it was loaded with over five thousand of its bright blooms. It was an object of beauty not soon forgotten. It is of the easiest culture, requiring the same treatment as other Fuchsias. No plant will attract more attention than a well grown specimen of Fuchsia Black Prince. Its clusters of long, drooping, tube-like, brilliant flowers, and very large, green foliage, gives it a most striking and beautiful appearance. Price, strong plants, 10 cents each.

LOTTIE—Tube cream; sepals tender rose; corolla bright carmine. Price, 10 cents each.

LUSTRE—Tube and sepals pure white, vivid crimson corolla.

MONSIEUR THIBAUT—A splendid variety, with large, handsome foliage of a delightful green tint. The foliage alone would make it worthy of cultivation. The flowers are single, of unusual size, sepals dark red, corolla rose vermilion, tinted violet. Price, 10 cents each.

M. JULE—Color, very remarkable; lilac, changing to light blue.

ORIFLAMME—Prune-colored corolla; crimson sepal. Price, 10 cents each.

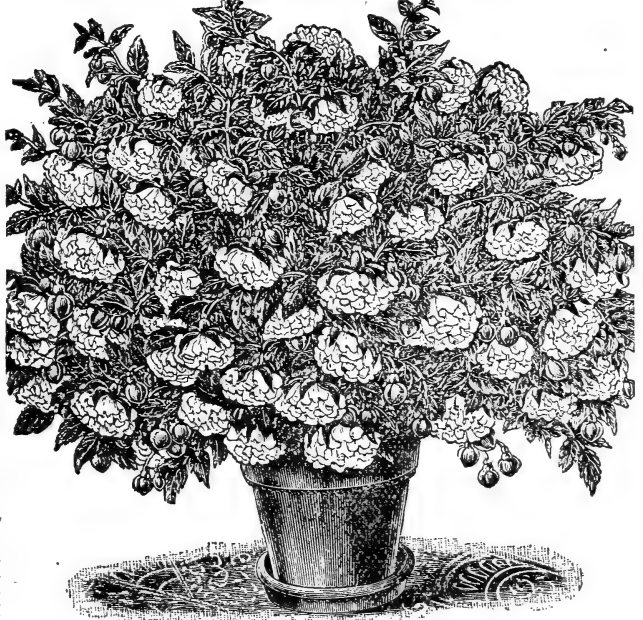

PENELOPE—A grand single white flower, corolla very long and large. Sepals nicely reflexed.

PRESIDENT G. GUNTHER—A grand sort, with large flowers, the sepals delicate carmine. The corolla is a bright lilac, darkened with violet. A beautiful and fine variety.

ROSE OF DENMARK—Light pink corolla, sepals reflexed. Price, 10 cents each.

RENOWN—Large flower of fine form, purple corolla.

SPECIOSA—Corolla orange scarlet; sepals white.

STORM KING.

SPECIAL LOW OFFER.

Our Selection, 20 Fuchsias, Single and Double, Only \$1.00.

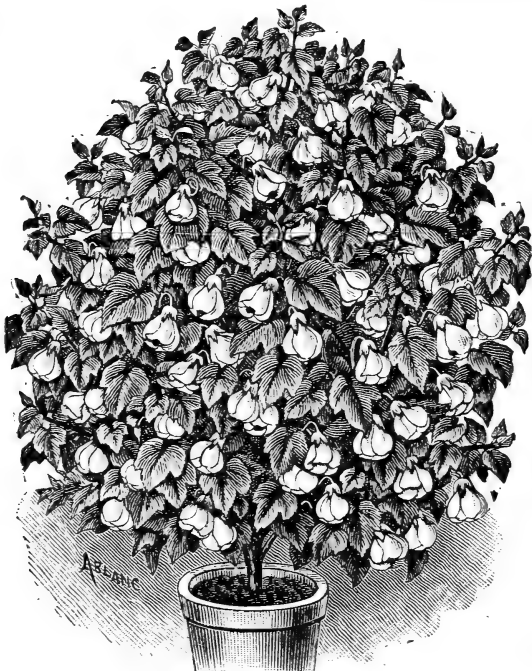

20 FINE FUCHSIAS, Double and Single, For Only \$1.00, all labeled. Fuchsias are well known for their beautifully colored flowers, and exquisite and graceful form. They are unexcelled as pot plants as they thrive best in a shady situation. No Further Discount.

Nearly all varieties at 3 cents per packet; or if you order one dollar's worth they will cost but 2 cents per packet.

New Abutilons—Perpetual Flowering Maples, OR CHINESE BELL FLOWERS.

The Abutilon is a plant of easy culture. It is beautiful both in leaf and flower, and very profuse in bloom. Today they stand in the highest estimation as a decorative plant as well as for their elegant and graceful pendant blooms. When bedded out during the summer they produce magnificent effects.

PRICE, 8 CENTS EACH, EXCEPT WHERE NOTED.

GOLDEN BELLS.

SOUVENIR DE BONNE—(New.) A very distinct and striking new plant with large bright green leaves distinctly edged with a pure white band as shown in illustration. The plant is of strong, robust growth, and forms fine specimens in a very short time. The long stemmed flowers are bright orange veined with crimson and stand out well beyond the foliage producing a very pleasing effect. An excellent plant for large vases and porch boxes, contrasting finely with green leaved decorative plants. Price, 15 cents each.

SPLENDENS—Dwarf compact habit; flowers deep red.
SNOW STORM—Beautiful pure white flowers, growth dwarf.

THOMPSONI PLENA—A variety with perfect double flowers; color rich deep orange, shaded and streaked with crimson.—Price, 10 cents each.

ACHANIA MALVAVISCUS—From the time it is three or four inches in height the Achania blooms, mattering little what the season, but its best showing is usually in the winter. Certainly nothing could be more accommodating as to habit, for the plant is always healthy, grows to a great size in time, and blooms very freely when other flowers are scarce. The brilliant scarlet flowers are upright, peculiarly formed, and carried on the extreme end of the branches. Price, 10 cents each.

THOMPSONI PLENA.

AMOMUM MELEGUATA, Cardamon Plant—An interesting green house plant, from which is obtained the Cardamon seed of commerce. Leaves broad, green and delightfully fragrant. Price, 20 cents.

BRONZE BELLS—A bright bronze red, unique color. Price 10 cents each.

BLUE BELLS—A beautiful new color, pourpre red overlaid with a tinge, flowers large and fine. Price, 20 cents each.

ECLIPSE—An excellent plant for basket or vases, of trailing habit, with large foliage beautifully marked with deep green and yellow. Flowers bright yellow with crimson throat.

FLEUR NEIGE—A grand improvement on the old white, the flower being very much larger and the stem longer; a very useful and beautiful white flower; a free grower. Price, 20 cents each.

GOLDEN BELLS—A bright golden yellow Abutilon of strong bushy habit and very free flowering. The plants are symmetrical in growth, covered with bloom during the entire season. Price, 10 cents each.

INDIAN CHIEF—A dark blood red variety of great beauty. Price, 10 cents each.

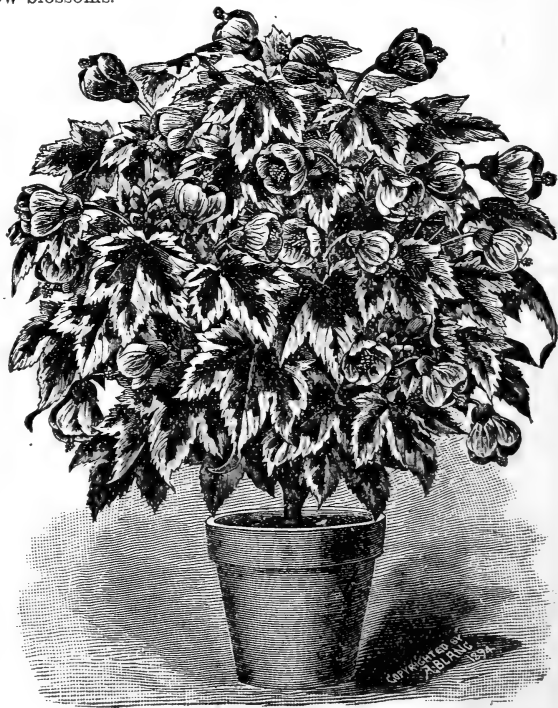

INFANTA EULALIE—(New.) An excellent variety for pot culture, the growth is short-jointed and compact, making a neat and bushy plant. Flowers very large and much more cup shaped than most of the Abutilons, color delicate satiny pink. A remarkably free-bloomer both summer and winter. Price, 15 cents each.

MRS. JNO. LAING—Immense flowers of soft, rosy pink, of beautiful expanded form; habit good, and free in growth and bloom. Flowers nice for cutting, as the stems are long. Price, 15 cents each.

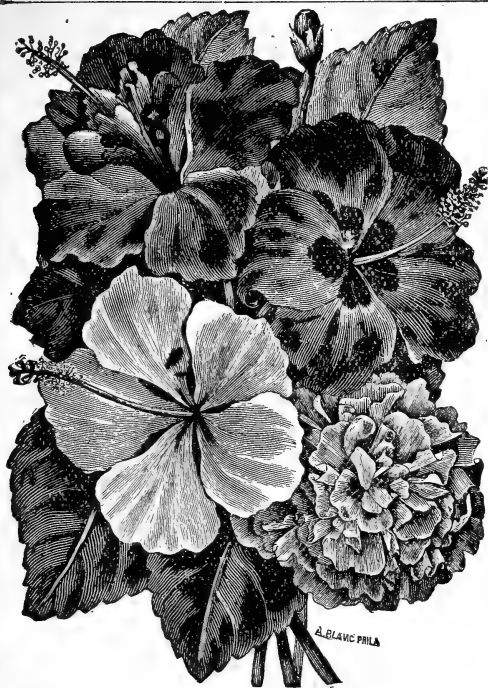

PINK PERFECTION—Flowers, deep pink. Price, 10 cents each.

ROBERT GEORGE—A free and continuous bloomer. Flowers broad, their large, overlapping petals incurved; color orange, veined with crimson.

SHOWER OF GOLD—A beautiful, dwarf variety, the whole plant being covered with a profusion of beautiful golden yellow blossoms.

SOUVENIR DE BONNE.

GROUP OF HIBISCUS.

SCHIZOPETALUS—The petals are deeply lacinated and fringed; its drooping flowers, with reflected orange red and lacinated petals, render this plant not only a curiosity, but highly ornamental. Price, 15 cents each.

SUB-VIOLEACEUS—Flowers of enormous size, of a beautiful carmine, tinted with violet; probably the largest flower of the Hibiscus family, and an unusually free bloomer.

❖ HIBISCUS. ❖

Large-growing tropical shrubs, with fine glossy foliage. The plants under the hottest sun produce enormous flowers in great numbers, and make noble specimens. They can be grown in tubs and kept for years. The blooms average five or six inches in diameter, and are gorgeously colored. When bedded out in the lawn the effect is simply grand and gorgeous, commanding the attention and admiration of all. The plant can be wintered over in a warm, dry cellar or pit. We have reduced the prices of these plants so as to place them within the reach of all, wishing them to become better known.

PRICE, 10 CENTS EACH, EXCEPT WHERE NOTED.

COOPERII TRICOLOR—Foliage beautifully variegated with dark green, pink and white; flowers crimson. This beautiful tricolored plant is one of rare magnificence, and is unequaled by any other plant in brilliancy of foliage. Strong plants, 15 cents each.

COLLERII—A remarkable, new, distinct variety, introduced from the South Sea Islands. Flowers buff yellow, with a crimson scarlet base, and peculiarly handsome. Double.

GEN. DE COURTIGIS—A very grand, large-sized flower; single; light scarlet; very showy.

GRANDIFLORUS—Rich glossy green foliage; blooming continuously literally covering the plant with crimson scarlet, single flowers.

HIBISCUS AURIANTICA—Large, double, orange-colored flowers.

MINIATUS—Semi-double flowers of a bright vermillion scarlet; petals waved and recurved; the flowers noticeable for the absence of formality, but are very handsome.

MAGNIFICUS—A very large flower, and of perfect form. Color a deep magenta, ends of petals touched with brown, foliage finely touched.

RUBRA—A magnificent double variety, with large red flowers.

ROSA SINENSIS—Flowers red and very large, averaging nearly five inches in diameter.

VERSICOLOR—A variety combining in its flowers all colors of the whole family, being handsomely striped crimson, buff, rose and white. Double.

ZEBRINUS—Double, outer petals scarlet, edged with yellow, inner petals very regular; curiously variegated with creamy yellow scarlet.

HELIOTROPES.

The Heliotrope is universally esteemed and admired for the delicious perfume of its flowers, and as the plant only requires the treatment ordinarily given to the Verbena it may be enjoyed by all. If it is planted in a rich soil out of doors in summer it will yield a constant profusion of fragrant flowers. Bedded out in a conservatory, the Heliotrope lives for many years, grows to a great size, and furnishes a large quantity of bloom in winter. Indeed, it is one of the best plants for this purpose.

ALBERT DEAUPELX—(Purple and Gold.) A French variety of great beauty. Foliage is a bright golden yellow, very pronounced and marked slightly with a delicate green. In bloom it is exquisitely beautiful, the deep lavender color of the flower contrasting admirably with the ever varying foliage; very free flowering, trusses large. Price, 10 cents each.

JULIETTE—Very dark purple. A grand bedding variety. Price, 10 cents each.

QUEEN OF VIOLET—Its color is the deepest violet-purple, with large white eye, and very fragrant. The plant is of vigorous habit, very floriferous. Price, 10 cents each.

SNOW WREATH—Superb, large clusters of deliciously fragrant flowers of pure white. Price, 8 cents each.

WHITE LADY—One of the very finest of the whites. Price, 8 cents each.

Heliotropes—Grand New Novelties.

COMPESSE DE MORTEMART—Very free flowering and exceedingly sweet; dark velvety blue, with white eye; splendid for massing. Price, 10 cents each.

MME. AD. DUBOUCHE—Trusses enormous, soft and mossy looking; color, velvety-violet. One of the most beautiful Heliotropes ever introduced. Odor exquisite. Price, 10 cents.

M^{lle} EILLE—The floret is immense, very delicate pearl shade, edged with palest heliotrope. An improvement on White Lady, though not nearly so white. Price, 10 cents each.

M^{lle} A. CARRIERE—An elegant novelty, and it has a very large white eye, contrasting with the bright blue; panicles very large. Semi-dwarf, extremely free. Price, 15 cents.

PICCOLA—Rosy violet with white center. A grand giant variety, also very free and of beautiful habit. Price, 15 cents each.

SPECIAL OFFER—For 50 cents we will send you the above set of 5 grand new Fragrant Heliotropes. No further discount.]

Nearly all varieties at 3 cents per packet; or if you order one dollar's worth the will cost but 2 cents per packet.]

CALLA LITTLE GEM.

HYDRANGEAS.

OF the many varieties of plants that we grow, there is none that is of easier culture, or that will stand more neglect, and it is at the same time more attractive than the Hydrangeas. Can you name anything prettier than a well grown specimen in a tub on the front porch? If you wish to possess one of the most showy and attractive things in the way of flowering plants in your neighborhood, plant a tub with three or four plants in it, set it on the your front porch, and our word for it, your neighbors will all wish for a tub of Hydrangeas when they see yours in bloom.

HORTENSIA—A well known and favorite old plant, producing large heads of pink flowers in great profusion. Price, 10 cents each.

OTAKSA—A splendid variety from Japan. Flowers large, bright pink, tinted with blue; produced very freely. Price, 10 cents each.

PANICULATA GRANDIFLORA—The finest of all hardy flowering shrubs. Price, 15 cents each. Two year plants 35 Cents each.

RAMIS PICTIS—(Red Branched.) A grand variety, producing flowers in immense sized trusses. Color very deep rose or light cherry. The new growth of wood is a deep reddish purple color; making it distinct from any other variety. Price, 15 cents each.

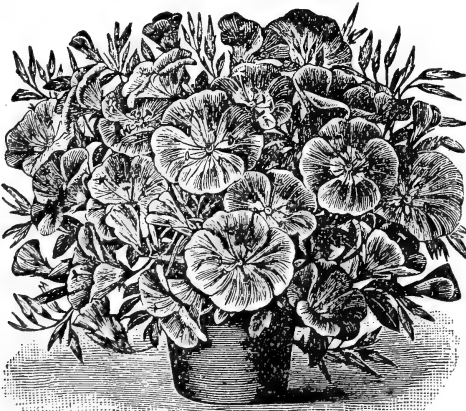

STELLATA FIMBRIATA—(White Fringed.) Flowers in large trusses often eight inches across. Pure white with crimson spot in center of each flower; one of the best. Price, 15 cents each.

SAPPHIRE—(The Blue Hydrangea.) A strong stocky grower, throws out numerous trusses of bloom of a beautiful porcelain blue color. Price, 20 cents each.

THOMAS HOGG—The immense trusses of flowers are first slightly tinged with green, becoming of the purest white, and remaining so a long time. Price, 10 cents each.

The Grandest Novelty of the Year, and the First Time Ever Offered to the Public.

HYDRANGEA, MONSTROSA GRANDIFLORA—This grand plant was originated in France, and has enormous clusters of bloom of an intense rose color shaded white. Be sure that you get this fine plant in your order. Price, 35 cents. See Our Illustration on Cover.

Mexican Primrose.

A grand perpetual blooming plant for hanging baskets or pots. The plant is dwarf, free growing and is literally covered with bloom the entire year. Unsurpassed as a window plant on account of its great beauty and hardiness. The early frosts do not injure it in the least. Color, a clear satiny pink with large saucer shaped blossoms from two to three inches in diameter. Price, 10 cents each; 3 for 25 cents.

The cut on the left is Mexican Primrose. On the right is Black Calla.

SPOTTED CALLA.

NEW CALLAS.

CALLA LITTLE GEM—This little pigmy rarely exceeds twelve inches in height and blooms most abundantly. The flowers are not more than half the size of the common variety, and therefore can be used with telling effect in bouquets. It is in every way superior as a house plant to the larger growing variety. Price, 20 cents each; large plants, 50 cents each.

CALLA, WHITE OR LILY OF THE NILE—This old favorite is too well known to require any description. We offer dry roots, as they are superior for forcing and winter-flowering purposes; they come into bloom quickly, and require less room—making less foliage. Price, extra large, dormant roots, 25 cents each; first size, 15 cents each; one-year-old plants, 8 cents each.

CALLA, SPOTTED LEAF—(Richardia Alba Maculata.) This plant is always ornamental, even when not in flower, the dark-green leaves being beautifully spotted with white. In other respects the plant is the same as the old favorite White Calla, excepting being of smaller habit. Price, 15 cents each.

THE BLACK CALLA ARUM SANCTUM—(Solomon's Lily or the Black Calla of Palestine.) This magnificent flower, often measuring one foot in length and five to eight inches in width. Beautifully shaped and turned, sweet scented. The color is of the richest velvety purple black, while the outside is of pleasing green. Our fine bulbs are sure to bloom if planted in rich soil two inches below the surface. Require the same culture as the old well known Calla. (See Cut.) Price, 30 cents each.

A Few High Class Ornamental Plants.

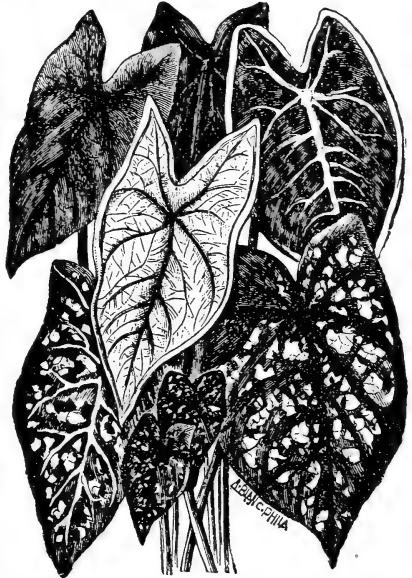

SANSEVERIA ZEALANICA—A beautiful plant specially adapted for the decoration of drawing rooms and halls, as it stands drouth and dust with impunity, and requires scarcely any water. The leaves, as shown in cut, are beautifully striped crosswise, with broad, white variegations on a dark green ground. It is a rare and beautiful plant, which should be abundantly grown for positions out of the reach of sunlight, where other plants will not thrive. It can be placed in any position in any room, and do well. It has a singular beauty for decorative purposes which other plants do not possess, and is useful both in winter and summer. For vases and baskets it is a fine center piece, and grows splendidly out of doors during summer. Fine plants 15 and 25 cents each.

SILVER STRIPED PEPEROMIA—Window plants will ever be popular. So thick and waxy like are the leaves of this parlor gem that nearly every one takes it to be an

artificial plant. The leaves are distinctly variegated, white and green, and have the appearance of being powdered with frosted silver. Few plants could be more useful for table decoration, and none will stand ill-usage so readily. Its small spikes of Mignonette-like flowers are quite interesting. Price, 15 cents each.

NEW PEPEROMIA METALLICA—This is an introduction from the great city of Brussels. We never saw a more beautiful house plant. Its leaves are thick, waxy-like, and appear as if covered with bronze, so shiny and velvety. It is a gem indeed, that must be extensively advertised and is sure to delight. Moreover, its management is of the easiest. Price, 15 cents each. For 25 cents will send the two Peperomias.

FANCY-LEAVED CALADIUMS—Fancy leaved Caladiums have splendid large leaves, beautifully spotted, margined and variegated with white, pink, scarlet and other bright colors. They are best suited for pot culture in house, conservatory or shaded situation. Price, for fine dry bulbs, 35 cents each; 3 for 75 cents. No further discount.

MUSA ENSETE, THE ABYSSINIAN BANANA—The fruit of this variety is not edible, but the leaves are magnificent, long, broad, and massive, of a beautiful green, with a broad, crimson midrib; the plant grows luxuriantly from eight to twelve inches high. During the hot summer when planted out it grows rapidly and attains gigantic proportions, producing a tropical effect on the lawn, terrace, or flower garden. It can be stored in a light cellar or cool greenhouse during the winter, with a covering of soil, or planted in a tub, watered sparingly; grand for conservatory decoration. Price, small 50 cents; larger plants \$1.00 each.

Nearly all varieties at 3 cents per packet; or if you order one dollar's worth they will cost but 2 cents per packet.

ACALYPHA OR SHRUBBY COLEUS—A new bedding plant with the richest colors, and on account of its vigorous habit stands the sun perfectly well. Much used in Parks and Public Gardens at Washington, D.C., and in other large Parks last summer, always attracting attention. The foliage resembles the Autumn Maple leaves in shape and color. They also make nice ornamental plants for the window and garden. Price, 10 cents each.

OBOVATA—Beautiful notched oval leaf with distinct bright markings on a sage green ground.

TRICOLOR—Red, blotched with bronzy crimson.

MARGINATA—Large, pointed, oval leaf, center brown, broadly margined with rosy carmine.

growing. Price, 20 cents each.

ACALYPHA, NOVELTIES—Which make the grandest ornamental specimens you ever saw.

MILTONIANA—A very valuable addition to this useful class. The leaf is four to five inches long by one and one-fourth broad, notched, and very sharp pointed. The color is bright green, bordered with creamy white; short jointed and a free, rapid grower. Price, 20 cents each.

TRIUMPHANS—Ovate pointed leaf two by four inches, very bright in color; a good red, marbled darker; a very fine, free

EPIPHYLLUM, OR LOBSTER CACTUS—A wonderfully free bloomer, frequently blooming three or four times during the year. Of drooping, weeping habit. 15 cents.

EPIPHYLLUM MAKOYANA—(New.) This grand member of the Cactus family should be in every plant collection. It is of the easiest culture, requiring a poor, sandy soil.

and but little moisture. The plant has a beautiful habit, soon attains a large size, and literally bends under its weight of scarlet bloom, which continues for weeks. Price, for this beautiful novelty 50 cents, which is very low.

OTAHEITE, OR CHINESE DWARF ORANGE—This is not a new plant, but one that deserves to be more generally known and cultivated than it is. It has the same deep-green, fragrant foliage as the Sweet Orange, but it is of

decided dwarf, bushy growth. Plants only one year old, and not over ten to fifteen inches high, produce their delicious blossoms, which are succeeded by fruit. Nothing can be more ornamental and attractive in a collection of pot plants than one of these minute orange trees, with half a dozen or more of their bright-colored fruits on, which get to be about one-third or one-half the size of the regular oranges. Plants are of the easiest culture, and can be kept in the cellar over winter if no other place can be provided for them. Price, 15, 25 and 50 cents each.

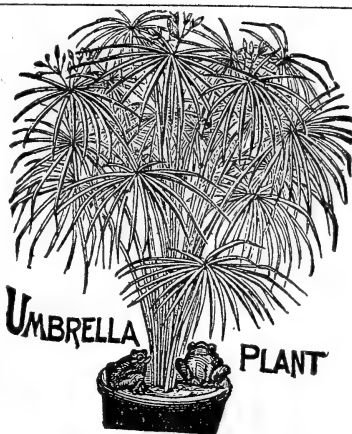

CROWN OF THORNS, From the "Hills of Judea"—On the wild rocky hills of Judea and in the immediate neighborhood of Jerusalem this emblematic plant is found, and from there our original stock was secured. It is a peculiar plant, thorny, with a few bright green leaves and an abundance of light rose blossoms, of easiest culture, and can be trained to assume any shape as is shown in this cut. "The Crown of Thorns," worn by our Saviour, was made out of this plant, and the thorny branches were frequently used for the chastisement of offenders. Indeed some sacred historians assert that the drink given to our Saviour before his death was made from the juice of this plant. Price, first size, 15 cents each; second size, 60 cents.

FARFUGIUM (LIGULARIA) GRANDE—A very ornamental plant, with broad, shiny dark green foliage, which is irregularly blotched with bright yellow and occasionally with white and rose. As a border plant it has few equals. It is not entirely hardy in the Northern States, and so should be taken in the house in winter. Price, 25 cents each.

CYPERUS, OR UMBRELLA PLANT—This plant grows finely in shallow water with rich soil or mud soon throwing up long stalks which are surmounted with narrow dark green leaves, arranged in such a manner as to suggest the name of Umbrella Plant. It will also flourish and make a fine clump in the garden with the same culture as Cannas and Dahlias. Price, 10 cents.

Lantanas, or Shrubby Verbenas.

LANTANAS.

THE brilliant colors, robust growth, and profuse blooming habits of the Lantana render it one of the finest bedding plants. The flowers embrace all of the most delicate shades of orange, sulphur, creamy-white, etc. Price, 10 cents each.

COMTESSE DE BIENCOURT—Flowers bright rose and yellow, dwarf and bushy.

FRANCINE—Quite dwarf; flowers large; rosy lilac.

GRAND SULTAN—Deep orange crimson with yellow centre, excellent.

HARKETT'S PERFECTION—Golden, variegated foliage; color, yellow and pink.

JACQUES MINOT—Yellow, changing to bright orange red.

JAVOII—Purest white; very large flowers.

JAUNE D' OR—Bright golden yellow, with bronze edges; a very choice variety.

LA PLEU D' OR—Pure yellow flowers, dwarf and bushy; a profuse bloomer.

MICHAEL SCHMIDT—Fresh and sparkling flowers, brilliant yellow passing to a purplish vermillion.

RIGOLETTO—Pale pink, shading to rose.

SNOW BALL—Large pure white flowers; very fine.

SERAPHINE—Dwarf; red with yellow center.

SWEET-SCENTED VIOLETS.

OF all the delightful perfumes, that of the Sweet Violet is the most delicate and pleasing, and places the modest little blue flowers among our greatest favorites. They bloom during the spring outdoors, or can be flowered in pots in the winter with very little heat. Perfectly hardy. During the winter they should be kept at a low temperature, as they will not bloom freely where too warm.

DOUBLE PURPLE VIOLET, MARIE LOUISE—To contrast with the white, we offer this fine, double, deep bluish purple, sweet-scented variety recently introduced. Desirable for pots or gardens. Plants hardy and bloom almost as freely as the white, especially in the winter and spring.

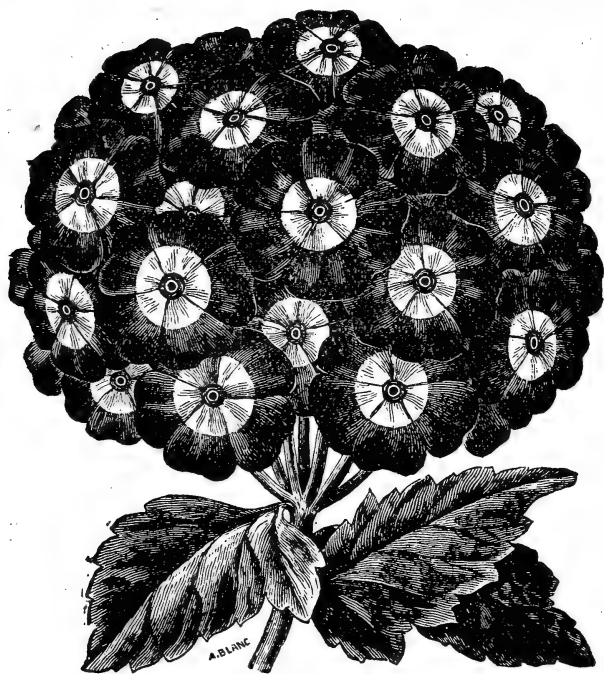

HARDY DOUBLE BLUE ENGLISH VIOLET.

Price, 10 cents each.

SWANLEY WHITE, OR QUEEN OF FRAGRANCE—This beautiful New Double White Violet is unquestionably the finest double white variety in existence, and is a decided acquisition even to the smallest collection of plants. It is desirable for pot plant for winter culture, for planting in cold frames, or for planting in the open ground. Unequaled for its great freedom of flowers and fragrance; flowers of the purest white. If desired for winter flowering they should be planted out in the spring and potted in September. Price, strong plants, 15 cents each.

The Hardy Double English Violet.

This Violet is entirely hardy, perfectly double, a deep violet purple color and deliciously fragrant. It surpasses the well-known "Marie Louise" Violet in richness of color, being darker, and far excels it in its delightful odor; this is one of its greatest merits. It is entirely free from disease and will grow and bloom in any garden and in any situation. Nothing is more appropriate for cemetery plots than the Hardy Double English Violet. (See cut.) Price, 15 cents each.

VERBENA MAMMOTH.

PRIMROSE—CHINESE FRINGED.

THERE are no plants so valuable for window culture, or more easily grown, if the right conditions are observed, than the Chinese Primulas. They are unequaled as winter and spring bloomers, giving a succession of flowers throughout the season, and are prized both for the beauty and the delicate fragrance of their foliage and flowers. Each flower is about the size of a silver quarter, and there will be scores of flowers in each cluster on a well-grown plant, so that you will have flowers from the same cluster for weeks in succession. Fortunately it does not require a south window, in fact, does best in a north window, as it likes coolness. Care should be taken in watering that no water gets on the buds, as it causes them to rot. In our collection will be found the choicest and newest shades to be had. Price, 10 cents each.

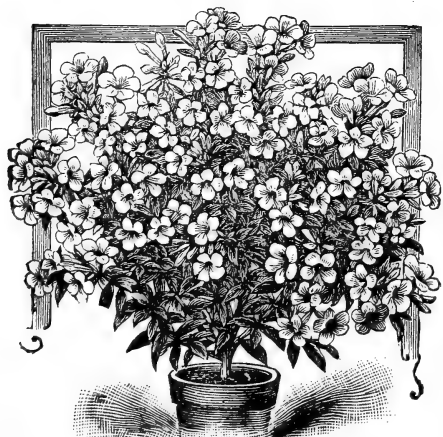

SPECIAL OFFER—For 50 cents we will send six fine sorts. No further discount.

.. PRIMULA OBCONICA. ..

THIS is a charming plant for winter. In fact we know of none that is better adapted to home culture than this one. It is not susceptible to changes of temperature that most plants are subject to. It bears its delicate sprays of bloom of a delicate pink and white in the greatest profusion. It is certainly elegant. Price, 15 cents each; two for 25 cents.

PRIMULA OBCONICA.

ALLAMANDA WILLIAMSI.

ALLAMANDA HENDERSONII—A pretty house plant; bearing deep yellow, tube-shaped flowers, about four inches long and two inches in diameter, which are produced freely in summer. Plant of strong bushy growth, well adapted for pot culture. Price, 20 cents each.

NEW DWARF ALLAMANDA.

ALLAMANDA WILLIAMSI—This handsome variety is entirely distinct from all others, being quite dwarf and in no way resembling a climber, but forming a compact bush with trusses of bloom at every point, and having from two to four expanded blooms on each extremity at the same time and buds innumerable. It continues flowering the whole summer, and, with proper management, in the winter also. The flowers are from three and one-half to four and one-half inches in diameter, of a very rich yet delicate tint of yellow, and are deliciously scented. Good young plants, 35 cents each.

HUMULUS JAPONICUS VARIEGATA—Leaves beautifully marked with silver white, yellow, light and dark green. A rapid climbing plant that is never injured by heat or insects. Price, 10 cents each; three for 25 cents.

PASSIFLORAS OR PASSION FLOWERS—These are considered the best tender vines for outdoor planting. We have three fine sorts of Blue and White. Price, 10 cents each.

Verbenas Mammoth Flowering.

THE Verbena is one of the prettiest and the most popular of all the flowering plants suitable for forming beds on the lawn. It commences to flower and spread from first day the plants are set until late in the autumn, every day becoming better and more handsome. A healthy plant will cover a space three feet in diameter. Our plants are grown with care, and are very robust. The Mammoth variety have very large trusses, when well grown, measuring fully nine inches in circumference, the single florets being large enough to cover a twenty-five-cent piece. Price, 6 cents each.

SPECIAL OFFER—For \$1.00 we will send 25 choice Mammoth Flowering Verbenas. No further discount.

BOUVARDIAS—These are among the most important plants cultivated for winter and summer flowers. Beautiful shades of white, pink and red. We offer six fine sorts single and double flowering. Price, 10 cents each.

CALCEOLARIAS—Beautiful ornamental plants, producing masses of pocket-like flowers of various colors. Price, 10 cents each.

ANTHERICUM VARIEGATUM—Valuable decorative plant grand for baskets, vases or window boxes. Long slender foliage, bright green, beautifully striped and margined pure white. Price, 8 cents each.

RUSSELLIA JUNCEA—A lovely rare and unknown plant, suitable for garden, pot culture, baskets, vases or window boxes. Growth long and wiry grass like stems with long trumpet shape, crimson scarlet flowers borne in great profusion during the year; of easy culture; same treatment as given geraniums answering admirably. Price, 10 cents each.

General Collection of Plants and Vines

SUITABLE FOR IN AND OUTDOOR PLANTING.

Including New and Standard Varieties too Well Known to Need Extended Descriptions.

—PRICE, 7 CENTS EACH, EXCEPT WHERE NOTED.—

ANTHEMIS CORONARIA Fl. Pl.—(Golden Double Marguerite.) No plant that we offer for sale could be more showy, either as a pot plant or bedder out. It is a perfect mass of rich, golden yellow flowers the whole year round; fine for winter flowering. Price, 15 cents each.

AZALEAS—We can supply the following colors: White, Pink, Crimson, Salmon, Rosy Lilac and White, striped with crimson. Our plants are fine. Price, 75 cents each.

ALOYSIA CITRIODORA, LEMON VERBENA—A well known shrub, indispensable for the delightful fragrance of its leaves, in the construction of bouquets, etc. Price, 10 cents each.

ALTERNANTHERA, PARYCHOIDES MAJOR—This, with Aurea Nana, form the two great bedding plants, each brilliant and almost uniform in color, and unsurpassed by any other plants of like dwarf habit. When at its best the color of this variety is a clear carmine, the delicate foliage making a dense but soft cushion. 20 for \$1.00. No further discount.

ALTERNANTHERA, AUREA NANA—Bright golden yellow under the sun of summer; dwarf and compact. Planted alone it makes handsome borders, and for contrast with other foliage it is superb. 20 for \$1.00. No further discount.

ALYSSUM GIANT FLOWERING DOUBLE WHITE—The trusses are enormous, measuring at times one inch in diameter, and five inches long. The flowers are perfectly double, and of delightful fragrance.

AGERATUM—Two varieties; bright beautiful blue and pure white. Fine for ribbon or carpet bedding.

BRYOPHYLLUM—(Air Plant.) A curious plant bearing large trusses of pretty flowers.

CORONILLA GLAUCA—A beautiful flowering plant; the flowers are pea-shaped, bright yellow and fragrant. Blooms freely during winter and occasionally through the summer. Of easy culture. Price, 10 cents each.

CAMELLIA JAPONICA—We have a good assortment of extra large plants in the following colors: Double White, Blush Rose, White with Pink Stripes, Flesh Color, Bright Crimson and Salmon Rose. Price, 75 cents each.

CESTRUM PARQUI, OR NIGHT-BLOOMING JASMINE—In bloom almost the entire year round, orange, sweet-scented flowers. Price, 15 cents each.

CESTRUM LAURIFOLIUM—Same as above, except the flowers are pure white.

GRAPE MYRTLE—A neat little tree, bearing exquisitely fringed flowers; petals curiously curved. Two sorts, crimson and pink. Price, 10 cents each.

CLERODENDRON BALFOURI—A rapid climber of great beauty; the flowers are bright scarlet, encased by a baglike calyx of pure white; very pretty. Price, 10 cents each.

CLERODENDRON FRAGRANS—Dwarf plant with compact heads of double pinkish white flowers, very sweetly scented. Price, 20 cents each.

CYCLAMEN PERSICUM—This is a well known variety of long standing, equally as beautiful as the giant strain, flowers smaller. Fine bulbs, 15 cents each.

CYCLAMEN PERSICUM GIGANTEUM—The flowers of this variety are monstrous, colors range in crimson, rose and white, with delicately scented flowers. Mixed colors. Price, 25 cents each.

CISSUS DISCOLOR—A very handsome climber with leaves beautifully shaded dark green, purple and white, upper surface having a rich, velvet like appearance. Price, 15 cents each.

COCOLOBA PLATYCLADA—A very singular and interesting plant, stem and branches being flat and spreading, well suited for vases, &c.

CROTONS—Are the finest decorative or tropical bedding plants known. The leaves are veined, margined and variegated with shades of yellow, orange and crimson. We have twelve distinct sorts. Price, 10 cents each.

CUPHEA—(Cigar Plant.) Bright red flowers; tipped white. Fine for baskets or window boxes.

DOUBLE TROPAEOLUM "DARKNESS"—Habit dwarf. Flowers profusely, color deep mahogany red shaded brownish-crimson. Fine for vases and baskets. Price, 10 cents each.

DRACÆNA INDIVIS—A high class ornamental plant with long slender leaves. Price, 10 cents each.

DRACÆNA TERMINALIS (OR DRAGON PLANT)—Grand plant, foliage variegated with cream, bright scarlet and mahogany red. Price, 25 cents each.

ERYTHRINA CRISTA-GALLI—(Coral Plant.) A magnificent plant, producing its scarlet and crimson pea-shaped flowers on spikes eighteen inches long. Planted in May they will flower profusely through the summer; they may be taken up in the fall and kept in perfect preservation during the winter in a dry cellar, the roots covered with half dry earth. Price, 25 cents each.

ERANTHEMUM PULCHELLUM—Rich, deep blue flowers; very pretty.

EUPATORIUM RIPARIUM—Plants of any size bloom in winter, and large plants simply lavish with flowers; the feathery clusters of white are beautiful.

EUCHARIS AMAZONICA—This is the far-famed "Lily of the Amazon." The flowers are white, star-shaped, exquisitely fragrant, and born in clusters of from five to six on long stalks above the foliage; they increase rapidly, a large pot of plants being scarcely out of bloom winter or summer. Price, 25 cents each.

FICUS REPENS—A fine creeper for house or conservatory decoration; it will cling tenaciously on a rough surface.

FEVERFEW, DOUBLE WHITE—This is the well-known double white Feverfew. Invaluable for cut flowers; suitable for pot or garden culture; the blossoms are freely borne on long stems. They produce immense crops of double, daisy-like flowers.

FICUS ELASTICA—(India Rubber Plant.) Deep glossy green leaves; stands any kind of treatment; equal to palms for decorations. Price, 50 cents and \$1.00 each.

GENISTA CANARIENSIS—(Fountain of Gold.) The drooping branches are covered with delicate, sage-green foliage, and every twig is tipped with a long raceme of exquisite, pea-shaped blossoms of a pure canary color, almost hiding the foliage. Price, 10 cents each.

GOLDFUSSIA—Beautiful dark green foliage and flowers of a pale lilac color, funnel shaped.

GREVILLEA ROBUSTA—(Silk Oak.) Magnificent decorative plant with finely cut foliage. Price, 10 cents each.

GIANT PARIS DAISY—With giant, white, semi-double flowers; fine for bouquets. Price, 10 cents each.

GLECHOMA HEDERACEA—(Variegated Ground Ivy.) The foliage of this charming novelty is bright green, marked with pure white, and has a refreshing fragrance similar to mint. Price, 10 cents each.

HOYA CARNOSA—(Wax Plant.) Star-shaped, waxy flowers, in clusters. Beautiful, thick, glossy, evergreen leaves. Excellent for house decoration, standing the dry heat of a sitting room with impunity. Price, 20 cents each.

IMPATIENS SULTANA—This, the most distinct and beautiful of recent introduction, either as a winter blooming pot-plant or for the border in summer. It is of a compact, neat habit of growth, and a perpetual bloomer. The flowers are of a brilliant rosy scarlet color, about 1½ inches in diameter, produced from the axils of the leaves, but so freely that a well-grown specimen appears to be quite a ball of fire. Price, 10 cents each.

IVY GERMAN, OR PARLOR—A rapid growing and succulent plant, well adapted for covering trelliswork quickly or for training in the parlor. Leaves glossy green and flowers yellow, in clusters.

IVY ENGLISH—Splendid evergreen climber, hardy, with dark glossy leaves. Very desirable. Price, 10 cents each.

IPOMEA GRANDIFLORA VARIEGATED—Same as the white Moonflower, but has beautiful silvery white variegated foliage. Price, 15 cents each.

IPOMEA MORTONII—With large violet blue flowers. Price, 10 cents each.

IPOMEA ELARI, THE BLUE MOONFLOWER—From Ceylon. A handsome, quick-growing, perennial climber. Often flowers in bunches of a half dozen; flowers trumpet-shaped, about four inches across, of a rich violet blue, with five purple rays. Price, 10 cents each.

Nearly all varieties at 3 cents per packet; or if you order one dollar's worth they will cost but 2 cents per packet.

GENERAL COLLECTION OF PLANTS AND VINES—Continued.

JASMINE GRANDIFLORUM—Foliage fine. Flowers white star-shaped and fragrant. Blooms from November until May. Easy culture. Price, 10 cents each.

JASMINE POETICA—Similar to Jasmine Grand. Flowers smaller, but borne on large spikes. Makes a valuable climbing plant, though if desired can be grown in bush form. Price, 10 cents each.

JASMINE GRACILLIMUM—A flowering shoot is produced from every joint, which terminates in a dense cluster of pure white, fragrant flowers; in bloom from October to February. Price, 10 cents each.

JASMINE REVOLUTUM—A strong climbing plant, with glossy leaves and single, deep yellow fragrant blossoms. A beautiful plant, and easily grown. Almost hardy in this latitude. Price, 10 cents each.

JASMINE CAPE—This well-known variety grows into a fine, large bush; fine rich, glossy foliage and large, double flowers of delicious fragrance. Price, 15 cents each.

JASMINE GRAND DUKE—Easily grown and bears a profusion of double, deliciously scented flowers. Fine for pot plant or out doors. Can be stored in dry cellar over winter. Price, 20 cents each.

JUSTICIA CARNEA—(Or Brazilian Plume Plant.) The plant is a strong, rapid grower and throws up long stems on which are produced fine plume-like, pink flowers, the ends of each petal drooping in a most charming manner. When the plants are a few weeks old they are literally covered with their beautiful blossoms. It does equally well either for house or outdoor culture. Price, 15 cents each.

LINUM TRIGYNUM—A winter blooming plant of great beauty producing in the greatest profusion, very large and showy blossoms of a bright yellow color. The flowers are about the size of a Morning Glory, and no matter how small the plant is, it will bloom profusely. Price, 10 cents each.

LOPESIA ALBA—Small white spider like flowers.

LOPESIA ROSEA—Small, spider-like flowers, of a beautiful rose color. One of the most persistent winter blooming plants that we have. Of the easiest culture.

LIBONIA—Dwarf growing; fine for baskets or vases, with rich crimson colored flowers.

LEONOTUS LEONURIS—(Lion's Tail.) Long spikes of flowers of a vivid orange color.

LOPHOSPERMUM SCANDENS—Ornamental climbing plant with Fox Glove-like flowers.

MANETTIA BICOLOR—This is a most beautiful and desirable vine as it can be grown equally well in house or garden. It branches freely and blooms profusely from time of planting. The flowers are from one to one and one-half inches long, intense scarlet shading into flame, tipped bright yellow, and are covered with thick scarlet moss. Price, 15 cents each.

MOONFLOWER—WHITE. (The true Moonflower.) This plant has become very popular, and is certainly a wonderful annual climber. It grows rapidly and blooms profusely. No insects attack the leaf, and even if it did not bloom it would be very desirable, because of its foliage; but when is added to this the wonderful effect of the flowers, which are grown in great profusion, it can not fail to please. The flowers are immense, pure white, sweet scented, five inches in diameter, borne very profusely, and, as they open at night, are very striking. It is a charming plant for verandas. Try it. Price, 10 cents each.

OLEA FRAGRANS—(Sweet Olive.) One of the most desirable flowering shrubs of Southern gardens, and also a favorite house plant in the North. Has deep green foliage similar to the Camellia. The white flowers, although small, are produced in great profusion, and emit the most pleasing fragrance. The blooming period begins in the fall, and lasts for several months. It is of easy culture, and especially desirable as a window plant. Nice plants, 30 cents each; larger plants, 50 cents each.

OXALIS ORTIGIESI—A beautiful plant with bronze and olive green foliage, with bright, golden yellow, star-shaped blossoms. Price, 10 cents each.

OLEANDERS—Three fine sorts. Price, 15 cents each.

PARIS DAISY, MARGUERITE—White. A ray of white petals around a yellow disc; blooms winter and summer. Fine for bedding or pot culture. Flower like the field Daisy in size and appearance. A good winter bloomer.

PARIS DAISY, SOLIEL D'OR—Rather dwarf plant, with bright golden yellow flowers, disc and center being the same shade. These two varieties make a beautiful contrast.

POMEGRANATE ALBA PLENA—Creamy white flowers; very double. Price, 10 cents each.

POMEGRANATE JAMES VICK—A dwarf variety, which blooms when quite young. The flowers are large, and of most brilliant orange scarlet; grows from 4 to 6 feet in height. Price, 10 cents each.

POMEGRANATE VARIEGATA—The flowers are very double, yellow, flaked with scarlet, and almost the size of a Hibiscus flower. Price, 10 cents each.

PYRETHRUM—(Golden Feather.) Dwarf, with golden foliage; fine for ribbon or carpet bedding.

PARROT'S FEATHER—An aquatic hanging basket plant of great beauty, with long trailing stems clothed with whorls of the most exquisite foliage. Price, 10 cents each.

PLUMBAGO COCCINEA—Bearing sprays of bright red flowers with beautiful foliage. An attractive plant. Price, 15 cents each.

PERISTROPHE AUREA—A beautiful plant bearing showy purple flowers. Foliage marked golden yellow. Fine for baskets and vases.

RHYNOSPERMUM JASMINOIDES—Beautiful glossy evergreen foliage, with great masses of pure white Jasmine like flowers, delightfully fragrant. Price, 20 cents each.

STREPTOSOLEN JAMESONII—With dazzling cinnamon red and orange flowers.

SWAINSONIA ALBA—With beautiful pure white, Sweet Pea-like flowers on long spikes. Everblooming and of easy culture. Price, 15 cents each.

SANCHEZIA NOBILIS—Beautiful and ornamental; of trailing habit. Leaves long, of a sea-green color, striped with creamy white. Price, 15 cents each.

SANTOLINA TOTEMTOSA—Neat and effective border plant of compact habit, with fine grayish white foliage.

SALVIA ALBA—A white variety of Splendens, identical in every respect, except in color, which is pure white.

SALVIA PITCHERII—A very free flowering sort; flowers a deep violet, shaded porcelain blue and white. A splendid flower to cut for bouquets.

SALVIA RUTILANS—(Apple-scented.) Beautiful spikes of magenta-colored flowers; graceful foliage. As fragrant as the famous Apple Geranium.

SALVIA ROSEA—Winter flowering variety with rose colored flowers in spikes six inches long.

SALVIA SPLENDENS—The standard sort for bedding; flower spikes of the most brilliant scarlet.

SALVIA SPLENDENS VARIEGATA—White and red flowers very evenly striped.

SALVIA DWARF, THE PRESIDENT—It forms a compact bush, completely covered with rich scarlet flowers, which are of heavier substance than the older sort, and remain longer on the plants. Price, 10 cents each.

SALVIA YELLOW BIRD—New and very dwarf plant of great beauty, with bright, golden yellow foliage and scarlet crimson flowers. A magnificent plant for edging beds or for a pot plant. Price, for this grand novelty, 15 cents each; 12 for \$1.00. No further discount.

SMILAX—Every window garden should contain Smilax; the beauty is exquisite. It carries the most lasting foliage. It runs on strings, so that it is only necessary to cut these strings and the wreathing is ready-made.

STEVIA SERRATA—Most excellent for bouquets. Produces one mass of tiny, star-shaped, pure white flowers. The plants grow about eighteen inches high, stems branching freely, and almost completely covered with the corymbs of flowers.

SAXIFRAGA SARMENTOSA. (Strawberry Geranium)—A handsome plant of low habit; leaves nearly round, and striped freely with silvery bands. Blooms white, borne in spikes nearly twelve inches high. Adapted for hanging baskets, vases, etc.

TORENIA FOUNEIRI COMPACTA—Of dwarf compact growth, with flowers of rich velvety blue, spotted dark blue and bright yellow throat. Very easily grown and fine for borders or pot plants. Price, 10 cents each.

TORENIA WHITE WINGS—Same as above, but with pure white flowers. Price, 10 cents each.

TRADESCANTIA—(Or Wandering Jew.) Three distinct sorts.

VINCA HARISONII—A drooping plant much used in vases or baskets; center of leaves marked with light green.

VINCA VARIEGATA—Same as above, except leaves are white and green.

SUMMER-FLOWERING BULBS.

GLADIOLI, NEW SUPERB SEEDLINGS—These bulbs have all been lately grown from choicest seed carefully saved from the most beautiful French Hybrids, and embrace a large range of colors. Our New Superb Seedling Gladioli can be relied upon to bloom freely and embrace all shades of buff, salmon, pink, crimson, yellow, white, lemon, rose, maroon, scarlet, cherry and beautifully variegated and oddly marked varieties; they are so cheap and so good that we know the bulbs will give a magnificent return, while the spikes of bloom are always in demand as cut flowers. Good large bulbs, sure to flower, 5 cents each.

SPECIAL OFFER—For 75 cents we will send free by mail, 20 good large bulbs, guaranteed to flower. No further discount on this offer.

LEMOINEI SEEDLING GLADIOLI—The colors are more intense and vivid than any other Gladioli. Good flowering bulbs, all new Lemoinei Seedling, price, 5 cents each; 12 for 50 cents. No further discount.

SPECIAL CHEAP OFFER OF

SIX SHOWY NAMED GLADIOLI.

PRICE, 5 CENTS EACH.

For massing or grouping the six named Gladioli described below will be found very effective and showy, while they also furnish fine spikes of bloom for cut flowers.

BRENCHLEYENSIS—The flowers are of a dazzling scarlet color, of good size, almost enveloping the entire spike which is very long.

CERES—The ground color is pure white, while each flower has a conspicuous large blotch of violet-rose.

MADAME MONNERET—A splendid, vigorous grower, with great spikes of delicate rose-colored flowers.

NAPOLEON III—Fine, large spikes of intensely scarlet flowers, each with a clear white throat.

ISAAC BUCHANAN—Very large flowers of a beautiful canary yellow, borne on a splendid spike.

REINE BLANCHE—Large flowers, pure white, strikingly marked with carmine. Planted with the varieties described above, forms an attractive contrast.

APIOS TUBEROSA—Also called Tuberous-rooted Wistaria. This native plant grows very quickly, and attains a great height, making with its dense foliage and beautiful flowers a most attractive screen; profuse clusters of rich, deep purple flowers, deliciously fragrant; perfectly hardy. Price, 10 cents each.

CINNAMON VINE—Is a tuberous-rooted vine, that grows with rapidity. Its bright, lively green foliage makes a dense screen. Has beautiful clusters of flowers, of delicious cinnamon odor. The tubers will stand our most severe winters without protection. Price, 10 cents each.

CALADIUM ESCULENTUM—Fine, either for culture in large pots or tubs, or for planting out on the lawn. Will grow in any garden soil, and is of the easiest culture. When of full size it stands about five feet high, with immense leaves, often measuring four feet in length by two and one-half in breadth. The roots should be preserved in dry sand in the cellar during winter, out of danger from frost. Price, good bulbs 15, 25 and 50 cents each.

HYACINTHUS CANDICANS—A very stately bulbous plant, with large Yucca-like leaves, growing as high as four feet. The flowers are pure white, pendant on the long whip-like stalks. Price, 8 cents each.

DAHLIAS—These plants are always great favorites and they now have attained a height of perfection that seems impossible to improve. The roots should be set about four feet apart in a rich loamy soil, mulched with well rotted manure.

We have twelve fancy flowering varieties which embrace the entire range of colors. Price, 20 cents each. Eight fine sorts for \$1.00. No further discount.

CYCLAMEN EUROPEUM—Hardy in the garden if planted four inches deep. Rosy-pink flowers in autumn; beautiful foliage; winter blooming. Price, 25 cents each.

CYCLAMEN NEAPOLITANUM—Hardy and charming species; leaves finely variegated, flowers white and rose with purple throat; winter blooming. Price, 25 cents each.

LILY HARRISII—(Easter Lily.) Pure pearly white and deliciously fragrant; fine for summer blooming but not hardy. Price, for good bulbs, 20 cents each.

LILY AURATUM, OR GOLDEN-BANDED LILY—It is the grandest of all Lilies for growing in the open ground; entirely hardy, lasts for years, increasing in size and beauty each season. Stalks three to six feet high, crowned with masses of splendid white and gold flowers four to six inches in diameter. The odor is fascinating. Price, 25 cents each.

LILY LONGIFLORUM—Resembles the Easter Lily; flowers large and pure white. Perfectly hardy. Price, 20 cents each.

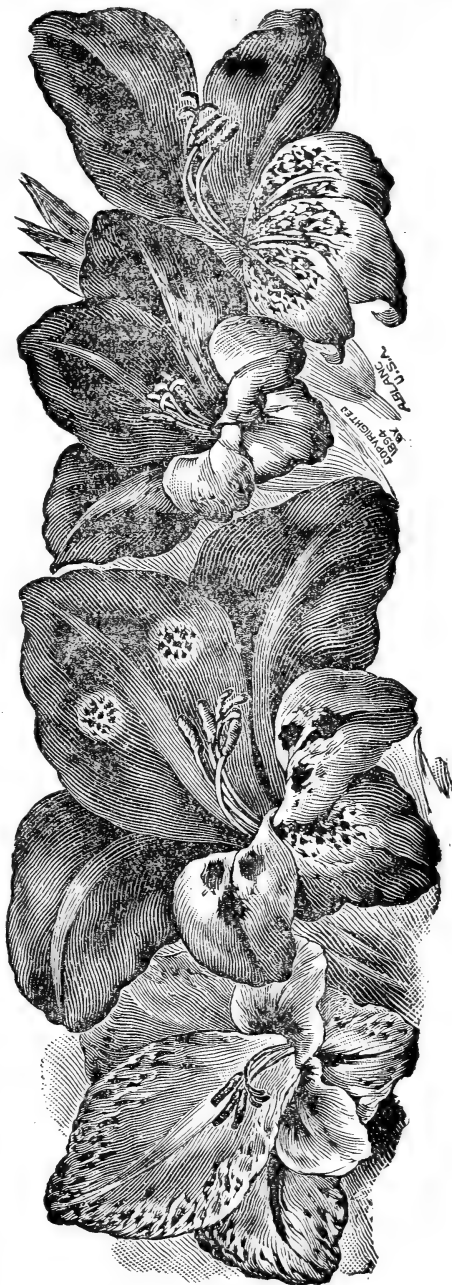

LILY CANDIDUM (LILY OF THE ANNUNCIATION)—The deep lemon anthers contrast beautifully with the wax-like petals. The fragrance is delicious and never oppressive. It is one of the best Lilies to grow in the house or outside. Perfectly hardy. Price, 20 cents each.

LILY ELEGANS—Color, a beautiful red, one of our finest golden lilies. Price, 20 cents each.

LILY SPECIOSUM RUBRUM—This is one of the most popular and satisfactory of all Lilies. The flowers are bright crimson and white spotted. Splendid large flowers borne in clusters, stem two to three feet. Price, 25 cents each.

TIGRINUM FL. PI.—(Double Tiger Lily.) This magnificent Lily is borne in immense clusters on tall stems; the flowers are very large, frequently six inches across, and very double; color, deep, fiery red, spotted with black. Price, 20 cents each.

MADEIRA VINE—A beautiful, rapid growing climber, bearing graceful racemes of fragrant, white flowers. The vine is very pretty and useful. Price, 5 cents each.

LEMOINEI GLADIOLI.

Nearly all varieties at 3 cents per packet; or if you order one dollar's worth they will cost but 2 cents per packet.

SUMMER FLOWERING OXALIS.

These useful little plants have been much neglected. They are very effective in masses or beds and are particularly valuable for edgings. The bulbs, when planted three inches apart, produce an unbroken row of elegant foliage and pretty flowers. The bulbs, which are the size of peas, or larger, planted the first of May, or earlier, will flower by the first of June, and will furnish a neat and attractive border the whole season.

ARBOREA ALBA—White. Price, 5 cents each.

BOWEI—Brilliant rose-colored flowers, produced in great profusion. One of the best. Price, 5 cents each.

CERNUA—Very large yellow flowers, in clusters. An extra sort. Price, 5 cents each.

DEIPPI—Rose purple; very pretty. One of the most desirable bloomers, winter or summer. Price, 5 cents each.

THE BERMUDA BUTTERCUP OXALIS—An unrivaled flowering pot plant, of easy culture succeeding anywhere. This is the finest of all Oxalis. Strong, luxuriant grower, one bulb sufficient for a five or six-inch pot or hanging basket. The flowers are of large size, of the purest bright buttercup yellow. Price, 8 cents each.

NEW DOUBLE BUTTERCUP OXALIS—Exactly like the Bermuda Buttercup Oxalis in color, except that the flowers are very double and very large. Grand for pots, baskets and window boxes. Price, 8 cents each.

LASANDRIA—Rosy pink. Price, 5 cents each.

HIRTA—A fine variety, flowers deep red. Price, 5 cents each.

VESPERTILLIONUS—Light violet; very beautiful. Price, 5 cents each.

SPECIAL OFFER—For 50 cents we will send you 25 assorted Oxalis of our selection.

TIGRIDIA, GRANDIFLORA ALBA—Flowers large, of a clear, pearly-white color, marked at the base of each division with large spots of a reddish-brown, on a yellow-ground, forming a fine contrast with the white of the petals. Price, 10 cents each.

TIGRIDIA, CONCHIFLORA—Fine yellow-spotted crimson. Price, 10 cents each.

TIGRIDIA, GRANDIFLORA—Very large. Bright crimson; center variegated with yellow. Price, 10 cents each.

TUBEROSE, DOUBLE ITALIAN—The flowers are pure white, very double, and wax-like, and are borne on stems two or three feet high. The fragrance is exquisite, rivaling orange blossoms in sweetness. Price, 5 cents each.

TUBEROSE, NEW EXCELSIOR DWARF PEARL—Grows only about eighteen inches in height, and has all the other good qualities of the Double Italian; large, fine bulbs. Price, 10 cents each.

TUBEROSE, ORANGE-FLOWERED—The flowers are single, white with the orange blossom fragrance. Price, 10 cents each.

TUBEROSE, NEW EARLY BRANCHING, "ABLINO."—Beautiful single-flowering variety, splendid for forcing and cutting. Price, 15 cents each.

HARDY GARDEN PLANTS.

The demand for for this valuable class of plants for permanent planting for the hardy border and flower garden increases every year. Perfectly hardy, they grow and bloom freely with the most ordinary care, and when once established increase in value and beauty every year.

ANEMONE JAPONICA.

See illustration. One of the most showy of all our autumn blooming herbaceous plants.

They commence to bloom in August and continue to increase in beauty until the end of autumn. They thrive best in light, rich, somewhat moist soil and should not be transplanted more than necessary to divide them when they become too thick. A covering of leaves, straw or long manure is sufficient for our most severe winters.

ALBA—Pure white, yellow center. Price, 15 cents each.

RUBRA—Deep rose, yellow center. Price, 15 cents each.

The two varieties for 25 cents.

NEW DOUBLE WHITE ANEMONE WHIRLWIND—A beautiful semi-double form of the autumn blooming White Anemone. In habit the plant is like the old Anemone Japonica Alba, the same strong growth and healthy foliage, and fully as free a bloomer. The flowers are two and one-half to three inches across, with several rows of large white petals; very durable, lasting much longer than those of the single variety. One of the finest hardy plants for cemetery planting, and excellent for cut flowers. Price, 20 cents each.

ASTILBE JAPONICA—Hardy everywhere. Incomparably the most beautiful of hardy herbaceous plants, growing about two feet high in

ACHILLEA, PEARL—One of the very best white flowering plants for the border. The flowers are borne in the greatest profusion throughout the entire summer on strong erect stems. Pure white in color, somewhat resembling Pompon Chrysanthemum. As a summer cut bloom it is a great acquisition. Price, 10 cents each.

compact shape, with handsome foliage, from above which rise its panicles of small feathery, white blossoms, the embodiment of grace and delicacy. Can be bloomed readily in winter. Give the plant a half shaded position. Price, 15 cents each.

HARDY GARDEN PLANTS—Continued.

ANTIRRHINUM, NEW HYBRIDS—One of the most useful and showy hardy plants for the garden or summer bedding. Finely shaped and improved flowers of the most beautiful and brilliant colors, with delicately marked throats. Price, 10 cents each. For \$1.00 we will send 15 fine plants. No further discount.

COREOPSIS LANCEOLATA—A hardy perennial that should find its way into every garden. The flowers are a clear, bright golden yellow and certain to attract attention. It flowers profusely and thrives in almost any situation. One of the best of the perennials. Grand for cutting. Price, 15 cents each.

DICENTRA SPECTABILIS, BLEEDING HEART—A hardy perennial plant with rose-colored flowers in great abundance. One of the best border plants. Price, 20 cents each.

DAISY, NEW GIANT DOUBLE WHITE, SNOW CREST—Gigantic pure white flowers, borne on long stiff stems, fine for cut flowers and perfectly hardy. Price, 10 cents each.

DAISY, GIANT PINK PERFECTION—Grand small companion for Snow Crest; flowers of a beautiful pink color. Price, 10 cents each.

FUNKIA ALBA—(White Day Lily.) A handsome, showy plant, with beautiful large broad leaves. Flowers large, pure waxy white, borne in large trusses. Very fragrant. Price, 15 cents each.

HELIANTHUS MULTIFLORA PLENA, DOUBLE GOLD-EN SUNFLOWER—A double perennial "Sunflower." It is a great addition to our hardy herbaceous plants. Its dark golden yellow color is both fashionable and beautiful for cut flowers, and planted singly or in clumps on the lawn it gives a splendid effect; bearing numerous large golden heads of flowers as large as Dahlias; continuing in bloom until frost. Price, 10 cents each.

HELIANTHUS SOLEIL D'OR—(New Dahlia Sunflower). This grand novelty should be in every collection of hardy plants. It forms a very ornamental bush covered with large golden yellow blooms. Growth compact and short jointed. Price, 20 cents each.

HEMEROCALLIS FLAVA—(Yellow Day Lily.) Large, double golden yellow flowers; in bloom all summer. An excellent plant for the hardy border, and one that grows and blooms well in almost any situation. Price, 15 cents each.

PONTEDERIA CRASSIPES—(Water Hyacinth.)

Unique and of great beauty; requires but limited space; easily grown; floats on the water by means of curious inflated leaves, a mass of feathery blue roots growing downward into the water. The flowers, as large as a silver dollar are borne on spikes 6 to 8 inches long, resembling Hyacinths, and are as handsome as an Orchid; of a beautiful, sparkling, rosy lilac color. It can be grown in the summer in the water-lily tub or pond. In the winter it is beautiful and effective when grown in a glass vessel of some sort. It is a free bloomer. Price, 15 cents each.

MILLA BIFLORA—(Floating Star.) The flowers are in pairs, of a pure waxy white, nearly two and a half inches in diameter; the petals are thick and leathery, of great substance. Price, 7 cents each.

BESSERA ELEGANS—It blooms quickly, and continues until frost. The flowers are bell-shaped, of a bright coral,

HOLLYHOCKS—Few hardy plants combine as many good qualities as the Hollyhock. For planting in rows or groups on the lawn or interspersing among shrubbery they are invaluable. The flowers, which are as elegant in shape as a Camellia, form perfect rosettes of the most lovely shades of crimson, yellow, pink, orange, white, etc. They require a deep, rich soil, and will repay in quantity and beauty of bloom any extra care. We offer a fine assortment in separate colors. Price, 15 cents each.

HARDY PHLOXES—There is no class of hardy plants more desirable than the perennial Phlox. They will thrive in any position and can be used to advantage in the hardy border, in large groups on the lawn, or planted in front of belts of shrubbery, where they will be a mass of bloom the entire season. We offer an excellent assortment, selected with great care from the best European collection. Our list embraces a wide range of colors with flowers of very large size, and are a decided advance over the older varieties. We offer twelve new European varieties. Price, 10 cents each.

IRIS KAEMPFERI (FLEUR DE LIS)—The rainbow hues of these grand flowers rival the finest orchids. Deemed worthy by the kings of France to be placed on the royal banner. We offer the improved Japanese varieties, which far surpass the older kinds. Assorted colors, 15 cents each.

IRIS GERMANICA—These are neat, robust, hardy herbaceous, early blooming plants, with large ornamental flowers of rich and elegantly blended colors, and are admirably adapted for gardens. Price, 10 cents each.

MYOSOTIS, BLUE FORGET-ME-NOT—Beautiful blue flowers, blooming continually, perfectly hardy. Price, 10 cents each.

NEW HARDY HIBISCUS, CRIMSON EYE—A remarkable showy and handsome hardy plant. It is a robust grower with dark red stems and foliage. The flowers are immense in size, often measuring twenty inches in circumference. The color is of the purest white with a large spot of deep velvety crimson in the center of each flower. It is a striking combination of color. Price, 15 cents each.

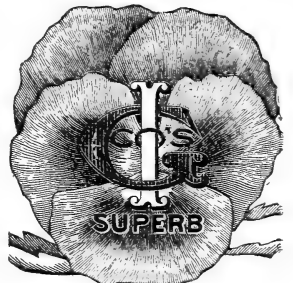

PLUMBAGO LADY LARPERT—A very beautiful and useful hardy plant, bearing rich deep blue flowers and continually blooming till cut by frost. Price, 10 cents each.

PEONIES, HARDY HERBACEOUS—Herbaceous Peonies are among the showiest and most useful of hardy plants, growing well in almost any situation of soil, although the flowers will be finer and the colors brighter if planted in a deep, rich loam, well manured. We offer a splendid assortment in six distinct varieties. Price, 20 cents each.

PINKS, HARDY—See page 21 for description.

INNISFALLEN SUPERB PRIZE EXHIBITION PLANTS

—Favorites everywhere the world over. The plants we offer are grown from the highest class Exhibition Prize strains of England, France and Germany. Flowers enormous when well grown; will often measure three inches in diameter, and of the most brilliant and beautiful hues imaginable. Price, 5 cents each; 15 plants for 60 cents. No further discount.

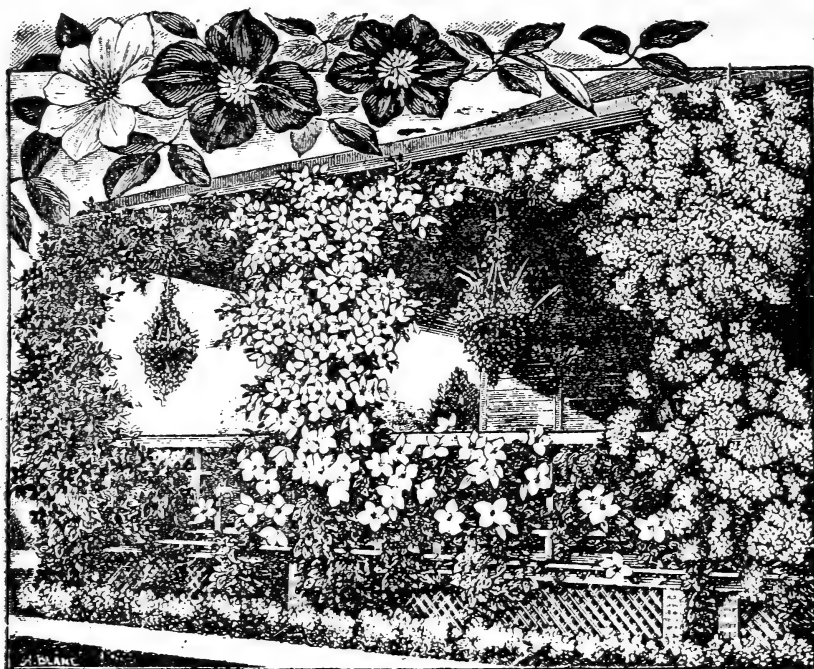

YUCCA FILAMENTOSA—(Adam's Needle.) A tropical looking plant, with long evergreen leaves, throws up a long flower stem bearing a large number of creamy white, bell-shaped flowers; quite hardy. Price, 10 cents each.

scarlet color, with white cups and dark blue anthers. Price, 7 cents each.

CYCLOBOTHRA FLAVA—Graceful habit of growth, producing many clusters of drooping, cup-shape flowers. golden yellow. Price, 7 cents each.

Nearly all varieties at 3 cents per packet; or if you order one dollar's worth they will cost but 2 cents per packet.

CLEMATIS JACKMANII.

HENRYI.

PANICULATA.

CLEMATIS HENRYI—Fine, large white flowers. A strong grower and very hardy; one of the best of the white varieties; a perpetual bloomer. Price, 75 cents each.

CLEMATIS JACKMANII—The flowers, when full expanded, are from four to six inches in diameter; intense violet purple, with a rich velvety appearance, distinctly veined. If flowers continually from July until cut off by frosts. Price, 60 cents each.

CLEMATIS JACKMANII ALBA—The same free-flowering qualities and the hardness of constitution, but, instead of being purple, is a lovely white. Price, 60 cents each.

CLEMATIS KERMISENUS RUBRA—This beautiful Clematis is much sought after, but is very scarce. The color is a bright, rosy red, entirely distinct from any other sort. A persistent bloomer and strong grower, with large flowers. A grand variety. You should try it. Price, 75 cents each.

CLEMATIS RAMONA—A strong, rampant grower and very hardy. A free and perpetual bloomer; flowers very large; color, a deep sky blue. Price, 60 cents each.

CLEMATIS DUCHESS OF EDINBURG—This is without doubt the best of the double whites. Very free flowering and very fragrant. Price, 75 cents each.

CLEMATIS PANICULATA—A vine of very rapid growth, quickly covering trellises and arbors with handsome, clean, glossy-green foliage. The flowers are of medium size, pure white, borne in immense sheets, and of a most delicious and penetrating fragrance. These flowers appear in late September, at a season when very few other vines are in bloom, being an added merit of great consequence. The extreme rapidity of its growth, the showy foliage, beautiful and fragrant flowers borne so very freely, and its late blooming nature; united with an entire hardiness, serve to make this one of the very choicest of recent introductions, and indispensable to every private place. Price, 25 and 50 cents each.

CLEMATIS COCCINEA—A very handsome hardy climber, bearing thick, bell-shaped flowers of a bright coral red color; blooms with wonderful profusion from June until frost. Price, 25 cents each.

THE SACRED LILY OF CHINA—(Joss Flower or Flower of the Gods.) is a bulb bearing in the greatest abundance silvery-white flowers with a bright golden yellow cup in the center of each; of entrancing beauty and while the bulb can be grown in a pot, the most novel and beautiful way is to grow it in a shallow bowl of water with enough pebbles to prevent it from toppling over. The great spikes of flowers are developed in from four to six weeks after planting, and in fact it can be grown everywhere and by anyone. Large bulbs, 20 cents each, free by mail.

Beautiful . . Hardy Climbers.

AKEBIA QUINATA—A scarce, Japan twining plant, with rich, dark green foliage and curious brown flowers of the most powerful and delicious fragrance; attains a height of twenty feet. Price, 20 cents each.

AMPELOPSIS VEITCHII—(Boston Ivy.) This is the most deservedly popular of all climbing plants, being entirely hardy in the most exposed places attaining a height of thirty feet in two or three years, clinging to stones, brick or wood-work with the greatest tenacity. During the summer the leaves are a rich shade of green, and lap over each other with great regularity like a coat of mail or slate on a roof. But it is in the fall that it shows its exquisite beauty: the leaves then change to the brightest tints of scarlet, crimson and orange, so dazzling as to be seen at a great distance. Price, 15 cents each; extra, large plants, 25 cents.

BIGNONIA RADICANS, TRUMPET FLOWER—A rapid growing climber, with large scarlet trumpet-shaped flowers. Price, 15 cents each.

CHINESE HARDY MATRIMONY VINE—A strong and vigorous hardy climbing plant, and in a short time after planting is covered with bright purple flowers, which are succeeded by brilliant scarlet berries nearly an inch long, every branch being covered with them. The berries ripen in early autumn, and remain on the vine late into winter. Price, 15 cents each.

CHINESE BLUE WISTARIA—A popular hardy vine. It grows very rapidly, climbing to a height of fifty feet or more. Desirable for porches, trellises, etc., and when in full bloom is truly magnificent. It flowers in early spring in long drooping racemes, resembling in size and shape a bunch of grapes. Price, 10 cents each.

CENTROSEMA GRANDIFLORA, "LOOK AT ME"—A perfectly hardy perennial vine of rare beauty, bearing in the greatest profusion inverted pea-shaped flowers from 1½ to 2½ inches in diameter, ranging in color from white to rosy violet and reddish purple, with a broad feathered white marking through the center. The large buds and the backs of the flowers are pure white—a graceful contrast. Flowers produced in great abundance, sometimes six to eight in a single cluster. Price, 15 cents each.

HARDY WHITE MOONFLOWER—This is one of the most desirable vines in our list. It is tuberous rooted, perfectly hardy and increases in size from year to year. The roots do not spread or sprout, but penetrate the soil deeply, so the vine is not effected by drouth. The growth is rapid and foliage so dense as to form a perfect screen from base to summit of vine. The flowers are from 4 to 5 inches across, pure satiny white, with purple throat, and produced profusely from June to October. Price for tubers, 15 cents each.

HONEYSUCKLE AUREA RETICULATA—(Golden-leaved.) A variety with beautiful variegated foliage. Price, 15 cents each.

HONEYSUCKLE CHINESE EVERGREEN—Blossoms nearly all the season, deliciously fragrant, flowers buff, yellow and white. Price, 10 cents each.

HONEYSUCKLE HALL'S JAPAN—This is the most constant bloomer of the class, being literally covered all summer with beautiful yellow and white flowers. Price, 10 cents each.

HONEYSUCKLE BELGIAN, OR EUROPEAN SWEET-SCENTED—Fine, hardy grower; flowers large and exceedingly sweet; color, buff, yellow and red; a constant bloomer. The finest Honeysuckle, suitable for trellis or pillar. Price, 10 cents each.

HONEYSUCKLE SCARLET TRUMPET, OR RED CORAL—A rapid grower, bright red, with trumpet-shaped flowers. This is the old, well-known variety. Price, 15 cents each.

The Best and Most Useful Hardy Flowering Shrubs.

ALMOND—(Double Flowering.) A desirable class of early flowering shrubs. Price, double white, 25 cents each; double rose, 25 cents each.

ALTHÆA, OR ROSE OF SHARON—The flowers are of large size, very double and full, of various brilliant and striking colors. They bloom freely during August and September, when scarcely any other shrub is in bloom. Price, two kinds, double and white rose, 15 cents each.

AZALEA MOLLIS—A Beautiful hardy species from Japan, with large flowers of fine shape. The colors run through all the shades of orange, yellow and carmine. Fine bushy plants. Price, 50 cents each.

BARBERRY, PURPLE LEAVED—Foliage and fruit of a violet purple color, very striking; fine for single specimens; also a desirable ornamental hedge plant. Price, 15 cents each.

CALYCANTHUS FLORIDUS—The old-fashioned sweet-scented shrub. A very compact-growing bush, producing its highly-scented flowers in spring time. A universal favorite. It is sometimes called "Strawberry Shrub," from its delicious odor; flowers dark chocolate brown. Price, 15 cents each.

CORNUS FLORIDUS—(Flowering Dogwood.) An interesting species with pure white flowers, followed by showy fruit; symmetrical growth, excellent for the lawn. Price, 25 cents each.

DEUTZIA GRACILIS—A charming shrub. Flowers pure white, bell-shaped, delicately fringed and borne in such profusion as to cover the branches. Price, 15 cents each.

DEUTZIA CRENATA—Four feet in height. Flowers double, of a pure white, beautifully tinged with rose. An elegant shrub. Price, 15 cents each.

DEUTZIA CANDIDISSIMA—Flowers are a pure white in color. It excels all others in size of flower and profusion of bloom. Price, 10 cents each.

EXOCHORDA GRANDIFLORA OR PEARL BUSH—A strong, vigorous grower, perfectly hardy; needs no protection in winter; forms a neat, compact bush, 4 to 6 feet high; blooms profusely early in spring. The flowers are pure white, and borne on long, slender branches; rare, graceful. Price, 25 cents each.

ELEAGNUS LONGIPES—A handsome, shapely, silver-leaved shrub; ornamental reddish brown bark in winter; perfectly hardy and easy to grow. The bright yellow flowers appear in June on long stalks, but the greatest value of the shrub is in the fruit which is produced in the greatest abundance along the whole length of the branches, oval in shape and one-half an inch long; color, deep orange red, very showy and attractive. The fruit is not only ornamental but finely flavored, resembling cranberries, and makes a delicious sauce for the table. Price, 25 cents each.

HYDRANGEA PANICULATA GRANDIFLORA—The most popular shrub; perfectly hardy in all sections of the country, very easy to grow and but one plant in a thousand will fail to grow and bloom the first year if given the ordinary care. The flowers will be larger and finer if given good rich soil, but it will grow and flower well in almost any soil or situation. The flowers are in immense large panicles, creamy white when first open, changing to pure white when fully out, and turning pink and bronze with age. Commences to flower in July and re-

mains in flower until November. The plant should be cut back each spring, fully one-half the past season's growth, as the flowers are much finer treated in this way. For cemetery planting and large lawns we know of nothing as desirable. Price, 15 and 35 cents each.

LILAC PERSIAN—Of more slender growth and finer foliage than the common lilac. Flowers purple, in immense sized spikes. Price, 20 cents each.

LILAC PERSIAN WHITE—(S. Persica Alba.) Slender growth, fine, beautiful white flowers. Price, 20 cents each.

PYRUS JAPONICA—BURNING BUSH, OR JAPAN QUINCE—A splendid lawn plant. The bright scarlet flowers produced before the foliage make a gorgeous display. Price, 15 cents each.

RHODODENDRON—(Rose Bay.) One of the most valuable of our hardy decorative plants. The leaves are broad, glossy and evergreen. In June, when the masses of rich, glossy-green leaves, are surmounted by scarlet, purple and white clusters of bloom, each cluster large enough for a bouquet, the display is worthy of admiration. The plants we offer are from 12 to 24 inches high, well established—many of them set with buds. The colors are bluish, rosy-crimson, dark scarlet, lilac, crimson, purple and variegated. Don't confound these plants with the cheap kinds offered by some, as they are not the same. Price, fine, large plants, two feet high, with large branching head, with from eight to ten buds, sure to bloom this spring, \$1.00.

SPECIAL OFFER—For \$3.00 we will send 4 fine sorts of our selection from the above colors. No further discount.

SPIREA BILLIARDII—Flowers in spikes of pink or rose color. Price, 15 cents each.

SPIREA PRUNIFOLIA—Flowers like double small white Daisies, known as Bridal Wreath. Price, 20 cents each.

SPIREA VAN HOUTTE—A strong grower, flowers a pure white in clusters. Fine. The best.

WIEGELIA ROSEA—Flowers large and rose-colored, borne in such profusion that the whole plant appears a mass of lovely blooms. Price, 20 cents each.

WIEGELIA VARIEGATED-LEAVED—Deep-green leaves, broadly margined yellowish-white. Very striking and pretty. Flowers same as above, but of smaller growth. Price, 20 cents each.

WIEGELIA CANDIDA—This is the very best of all the white flowered Wiegalias. A strong, upright, erect grower, flowers a pure white and produced in great profusion in June, and continues to bloom through the entire summer. Price, 20 cents each.

VIBURNUM OPULUS SNOWBALL—Attaining a height of eight feet, produces its snow-white flowers in large balls or masses in June. Price, 15 cents each.

VIBURNUM PLICATUM, JAPANESE DOUBLE SNOWBALL—One of the most valuable of our hardy shrubs. It forms an erect, compact shrub, six to eight feet high; it blooms in early June and for a long time is a solid mass of white, the plants being completely covered from the ground to the top of the branches with large balls of flowers on a branch 18 inches long. The foliage in early summer is an olive green turning to very dark green later in the season. Price, 25 cents each.

.. Valuable Small Fruits for the Garden. ..

NUTS.

AMERICAN SWEET CHESTNUT—The American Sweet Chestnut produces fruit very early. Trees in our nursery, five years planted, bore a fair crop. The trees will do well on ridges where it would be impracticable to plant other fruit trees that need cultivation. We know of nothing in the way of fruit trees that combines so many valuable properties as the Chestnut. Ornamental, fruit-producing, timber, etc. Price, 10 cents each.

SPECIAL OFFER—For 50 cents we will send, postpaid, six trees. No further discount.

JAPAN, OR GIANT CHESTNUT—Are being planted by the hundreds, same as apples. They bear young, and come into bearing soon after planting; nuts very large and sell at highest prices. Price, 30 cents each.

SPECIAL OFFER—For \$1.00 we will send, postpaid, five fine young trees. No further discount.

BLACKBERRIES.

THE OREGON EVERBEARING BLACKBERRY—It is so entirely different from all other Blackberries that it attracts the attention and is admired by every beholder. The vines do not die in winter like other Blackberries, but

continues to grow and bear fruit each year, like a grape vine. It is entirely hardy, enormously productive, and thrives in any soil and climate. Five bushels of ripe berries have been picked from one vine. The quality of the fruit is equal to that of any of the best Blackberries, and without any hard core. Price, 20 cents each.

CHILD'S EVERBEARING TREE—Large, fine flavor and great productiveness, fruiting for two months, are prominent characteristics of this desirable kind; its growth is vigorous and erect, branching like a tree. Very desirable for the home garden. Price, 10 cents each.

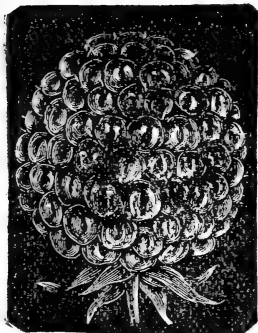

SPECIAL OFFER—For 50 cents we will send four plants, two of each of above varieties, postpaid. No further discount.

IMPROVED DWARF JUNE BERRY.

The Dwarf Juneberry resembles the Swamp Huckleberry in appearance and quality. It is more easily raised, more prolific, and is of better quality. The fruit is borne in clusters; color a reddish purple, changing to bluish-black; rich sub-acid flavor; excellent for table use. The bush is exceedingly hardy, and grows like the Currant. By mail, each 10 cents.

SPECIAL OFFER—For 50 cents we will send six plants, postpaid. No further discount.

Nearly all varieties at 3 cents per packet; or if you order one dollar's worth they will cost but 2 cents per packet.

MAYBERRY.

JAPANESE GOLDEN MAYBERRY—A Raspberry which ripens its fruit before Strawberries—"The earliest Raspberry ever known. The berries are of a golden straw color, as large as Cuthbert, and ripen a month before Hansell, before Strawberries, and before the earliest of the standard Raspberries of the past have hardly awakened from their winter rest. The bushes are distinct from all others, growing like trees, with spreading tops, and all along the branches large, white, well-

shaped blossoms are pendant, which are soon followed by the great, sweet, glossy, golden, semi-translucent berries." They were sold lately at \$5.00 each. Nice young plants, 30 cents each.

SPECIAL OFFER—For \$1.00 we will send five plants. No further discount.

THE FOUR BEST STRAWBERRIES.

Why not Have Strawberries all Summer?

No garden is now considered complete without its Strawberry bed, and no family but what should have a supply of this wholesome and delicious fruit. By planting the following varieties the season can be so lengthened as to practically have berries the entire summer.

MICHAEL'S EARLY—Is decidedly the earliest good Strawberry in cultivation. The plant is a strong and vigorous grower, productive as the Crescent, and ripens ten days earlier than any other Strawberry. Has a perfect blossom, berries large size uniform in shape, a rich scarlet color, and a pleasant Strawberry flavor. They are as solid as the Wilson, and good shippers. The value of a good, large Strawberry, that will be fit for the table or market one week before any other, can be well appreciated. By mail, doz. 35 cents; hundred \$1.00. No further discount on these offers.

BUBACH No. 5 (P)—Not only the hardiest but also one of the most productive varieties in cultivation. It somewhat resembles the Sharpless in size and shape, but is much more prolific and of better quality. The plant is large and stocky, healthy and vigorous; fruit very large, roundish, and slightly flattened; orange-scarlet color. Always produces a large crop. By mail, doz. 35 cents; hundred \$1.00. No further discount on these offers.

GANDY'S PRIZE—The fruits are uniformly large and perfect in form and firm; color bright crimson, and as glossy as if varnished; it has a large bright-green calyx, which greatly adds to the beauty. This is the best flavored berry we have yet seen. The quality is all that can be desired, giving out a most delightful aroma suggestive of both strawberries and peaches. It ripens from late to very late. The plants are very vigorous growers. In well-fertilized soil this berry is a big yielder. By mail, doz. 35 cents; hundred \$1.00. No further discount on these offers.

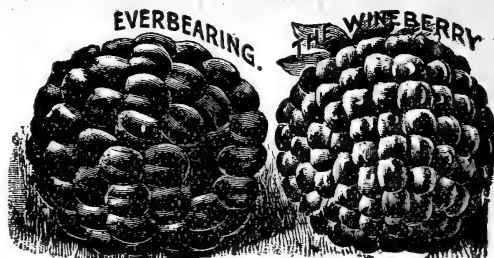

OREGON EVER-BEARING STRAWBERRY—This grand, new Strawberry originated near Mt. Tabor, Oregon. It certainly is a remarkable berry, and well deserves the name of Ever-Bearing. It has a perfect blossom, commences to bear early, and continues to bloom and ripen its luscious fruit until frost. The berries are large, and of fine quality. It is immensely productive. The first crop is the largest, but fine berries are produced the whole season. There was not a day from June until September but what we could find blossoms, green fruit, and ripe berries. Price, 10 cents each.

SPECIAL OFFER—For \$1.00 we will send by mail, postpaid, six good, strong plants of each of the above—all summer varieties. No further discount.

DEWBERRIES.

LUCRETIA—Decidedly the best of all Dewberries. As early or earlier than Early Harvest Blackberry and larger than Erie. It is a superb fruit, large and handsome, of a shining jet black, melting and of a delicious quality. The plant is entirely hardy everywhere, a healthy, strong grower, and exceedingly productive. We can confidently recommend the Lucretia as being a fine acquisition to the family garden and a delightful introduction to the blackberry season. Price, 8 cents each.

SPECIAL OFFER—For 50 cents we will send, postpaid, eight plants. No further discount.

EVERBEARING RASPBERRY EARHART

EARHART—(Everbearing.) Hardy, strong, stocky grower. Fruit jet-black, large size, good quality, ripens soon after Souhegan. The new canes commence ripening their fruit soon after the main crop is gone, and continue to bloom and produce fruit till stopped by freezing in fall. Price, 15 cents each; \$1.00 for eight.

JAPANESE WINEBERRY RASPBERRY—Berry round deep red, glossy, handsome, of medium size, and fairly firm. Borne in large clusters, and each berry at first tightly enveloped by the large calyx, forming a sort of burr, which is covered with purplish red hairs. These gradually open and turn back, exposing the fruit. The canes are covered with purplish red hairs, which extend along the stem to its extremity; the leaves are large, green above and silver gray beneath. Price, 10 cents each; 13 fine plants for \$1.00. No further discount.

FIVE BEST HARDY GRAPES.

PRICE, 20 CENTS EACH.

THE MOYER GRAPE—Hardy and productive, having four to six full bunches on one cane. Rapid grower, and thrives in any soil or climate. Berries fair size, thin skin, amber color, sweet, melting and delicious. It never drops off the stem when ripe, but gradually changes into raisins.

EATON—Black grape. Large bunches, often weighing three pounds. The berries are nearly an inch in diameter. It is hardy in any situation and a great bearer. Ripens one week earlier than the Concord.

MOORE'S DIAMOND—Ripens last of August. Hardy; healthy; free from blight and mildew; berries large, tinged with yellow, and of the finest quality; few seeds; pulp melts in your mouth like snow; a great bearer.

EMPIRE STATE—A new grape of decided merits: a strong, vigorous grower and entirely hardy; bears large bunches of juicy white berries of the sweetest flavor. Free from rot, and very prolific.

MOORE'S EARLY—This is considered by many to be the best early black grape. Vine a good, healthy grower; berries large, juicy and luscious.

SPECIAL OFFER—For 75 cents we will send one each of the above five new grapes. No further discount.

12 BEST HARDY GRAPES—(Standard Varieties.)

PRICE, 15 CENTS EACH.

AGAWAM—Large, dark red berry, sweet and productive. **BRIGHTON**—Resembling the Catawba in appearance, with the richness of the Delaware.

CATAWBA—A late keeper; sweet, rich, musky and luscious.

CHAMPION—Berries large, black; good quality and early.

CONCORD—The grape for the million. One of the most popular and productive varieties. Good quality; good keeper; thrives in any situation.

DELAWARE—Small, light red, compact bunches; exceedingly sweet.

MARTHA—A reliable white grape, ripening in midseason.

NIAGARA—Greening white, turning to pale amber; sweet and good; large and compact clusters; vigorous and productive.

POCKLINGTON—A splendid white grape; vigorous and extremely hardy; large, compact bunches; berries large, greenish amber; sweet and delicious.

SALEM—Excellent, productive, early grapes; never mildews; always sure to bear a crop; good quality; bright reddish brown.

WILDER—Finest quality of large black grapes; bunch and berries large; very productive.

WORDEN—Similar to the Concord; larger, compact bunches.

SPECIAL OFFER—For \$1.00 we will send ten good vines, our selection from above list, by mail, postpaid. No further discount.

BEST CURRANTS AND GOOSEBERRIES.

These are the very best of all Currants and Gooseberries. They are so far in advance of all others that it is folly to plant any other kinds.

FAY'S PROLIFIC CURRANT—A superb sort of recent introduction. It is large and fine flavored, brightest cherry red, and four times as productive as any other red Currant. The bushes are a perfect mass of long clusters of fruit. Price, 15 cents each.

SPECIAL OFFER—For 50 cents we will send five plants. No further discount.

ORANDALL TREE CURRANT—A new black Currant, growing six to eight feet in height, in tree form, and absolutely proof against currant worm and other insects. Enormously prolific; no other small fruit approaches it in productiveness; generally produces fruit the first season planted. Berries large, $\frac{3}{4}$ inch in diameter. For all culinary purposes, either for pies or sauce, green or ripe, and for jellies and jams, when ripe, it has no superior. Price, 25 cents each, postpaid.

SPECIAL OFFER—For 50 cents we will send three fine plants. No further discount.

THE DOWNING GOOSEBERRY—Of all Gooseberries for profit and general planting "Downing is King." Fruit

large, green, and of fine quality. Very strong grower; perfectly hardy and always productive. Bears paying crops soon after planting. A bushel of Downing is a sight to see. Price, 15 cents each.

GOOSEBERRY, INDUSTRY—The best known of the English varieties. Now largely grown and very successfully. Fruit very large, dark red, excellent quality, and bushes are loaded with fruit. Sells at fancy prices. Used for desserts and eaten out of hand. Price, 10 cents each.

SPECIAL OFFER—For 60 cents we will send six plants of either variety, or three of each. No further discount.

IMPROVED DWARF ROCKY MOUNTAIN CHERRY.

This rare Cherry, a native of the Rocky Mountains, has been greatly improved by cultivation since its discovery. The fruit is as large as the Morello cherry, and is far superior in richness, coloring and delicacy of flavor; for preserves or to eat out of the hand it has no equal in the line of pitted fruits. The plants are of bushy habit, growing from two to four feet high, when loaded with fruit the branches are bent to the ground. It is entirely hardy and most desirable as an ornamental plant for the garden or lawn. Price, 30 cents each; two for 50 cents.

DISCOUNTS.**Annuals and Other Flowers Blooming the First Year from Seed.**

NEW WHITE BRANCHING ASTER—(See cut on next page.) A new variety of American origin. Of branching character, the magnificent large, double white flowers, quite four inches in diameter, are borne upon long stems, making them excellent for cutting. The long, broad petals are frequently twisted and curled in such a manner as to give the blossom the appearance of a large, graceful chrysanthemum. We cannot recommend this distinct New White Aster too highly for cut flowers. Per pkt. 10 cts.

ASTER DWARF CHRYSANTHEMUM-FLOWERED—The plants are only ten to twelve inches high, producing large, double flowers resembling Chrysanthemums, and valuable on account of profuse late flowering. Pkt. 5 cts.

ASTER HARLEQUIN—Very odd and attractive double flowers, composed of pure white petals quaintly interspersed, in irregular manner, with deep-blue and bright-red petals. Pkt. 5 cts.

ASTER COCARDEAU, OR CROWN—A very showy variety, the large double flowers having the center pure white, surrounded with petals of a distinct, bright color. Pkt. 5 cts.

ASTER DWARF WHITE QUEEN—Grows only 10 to 12 inches high, with spotless white flowers. Fine for pot culture as well as for bedding out. Forty flowers have been cut from a single plant. Pkt. 5 cts.

ASTER DWARF BOUQUET—Only 6 to 8 inches high. Each plant is covered with handsome flowers, and looks like a bouquet set in the ground. Mixed colors. Pkt. 5 cts.

ASTER PÆONY-FLOWERED PERFECTION—One of the most deservedly popular of all Asters. Very double, large and beautiful flowers. Mixed colors. Pkt. 5 cts.

ASTER NEW ROSE—The flowers are large and double incurved and recurved like a Rose. Mixed colors, Pkt. 5 cts.

ASTER VICTORIA—Flowers very large, quite double, beautifully reflexed. The plants bear ten to twenty flowers, with the appearance of an elegant pyramid. $1\frac{1}{2}$ feet. Over twenty colors mixed. Pkt. 5 cts.

ASTER COMET—A handsome, new and very distinct Aster, resembling the Japanese Chrysanthemum in shape of flowers. The petals are very long, beautifully curled, are of a lovely delicate pink, bordered with white, bright pink, light blue, white borders and other colors mixed. Pkt. 10 cts.

ASTER COMET, NEW GIANT WHITE—Try this and see the size and wonderful perfection of the flowers of this grand novelty. Clear, pure white. Pkt. 10 cts.

ASTER COMET, CLEAR CARMINE—A very showy and strikingly brilliant color. Pkt. 10 cts.

ASTER COMET, LILAC BORDERED WITH WHITE—A lovely combination. Pkt. 10 cts.

ASTER COMET, PURE LILAC—A delightful tone of fine lilac is shown in this selection. Pkt. 10 cts.

ASTER, NEW JEWEL OR BALL—Very novel and pretty with ball-like flowers. Color, mixed Light Rose, Dark Rose and White. Pkt. 10 cts.

ASTER QUEEN OF THE MARKET—Of graceful spreading habit. Its great merit is its early flowering character, being in full bloom fully two weeks before any other Aster begins to blossom. The colors are deep blue, white, pink and deep rose. Finest mixed. Pkt. 10 cts.

EXCELSIOR MIXTURE OF TALL ASTERS—A mixture of the most beautiful, striking, and delicate colors of all tall-growing Asters. selected from the cream of the

Nearly all varieties at 3 cents per packet; or if you order one dollar's worth they will cost but 2 cents per packet.

AMARANTHUS SALICIFOLIUS—(Fountain Plant.) Foliage red, orange and green, elegantly contrasted. Height, three feet. Makes also a good vase plant. Pkt. 3 cts.

AMARANTHUS TRICOLOR—(Joseph's Coat.) Grand plants for summer bedding, growing to a height of two feet, with crimson, yellow and green foliage. Pkt. 3 cts.

AMARANTHUS CAUDATUS—(Love Lies Bleeding.) Blood-red, drooping panicles of flowers, pretty for decorations. Pkt. 3 cts.

ALYSSUM MARITIMUM—(Sweet Alyssum.) The well-known plant of trailing habit, so much used for edgings. Flowers white, produced in the greatest profusion. Height, nine inches. Pkt. 5 cts.

ALYSSUM, LITTLE GEM—The plants are very, dwarf, and each spreads so as to completely cover a circular space 12 to 20 inches in diameter. They soon become one mass of white, remaining in full bloom from spring till fall, densely studded with the beautiful miniature spikes of deliciously fragrant flowers. Pkt. 5 cts.

ANTIRRHINUM MAJUS—(Snapdragon.) Useful border plants, with large flowers of various bright colors in spikes. Height, 1½ feet. They do best in a light, soil well enriched. Pkt. 3 cts.

ANTIRRHINUM TOM THUMB—A dwarf-growing variety six or seven inches. Fine for bedding. If sown early they will bloom the first season. Pkt. 5 cts.

ANTIRRHINUM, NEW HYBRIDS—A grand mixture of choicest exhibition flowers. Pkt. 10 cts.

ASPERULA AZUREA SETOSA—Sweet-scented, blue flowers, blooming in April and May. Best sown in the fall. Pkt. 3 cts.

BURPEE'S DEFIANCE, FINEST MIXED—This mixture is composed in nearly equal proportions, of violet white spotted, shining scarlet, white tinted lilac, scarlet white spotted, rose white spotted, royal purple, pure pink, chamois rose, all the above eight colors, each having been grown separately. (See cut.) Pkt. 10 cts.

BALSAM, HENDERSON'S SUPERB—The finest large-flowered, perfectly double Balsam in cultivation. Flowers, borne in wonderful profusion, are well formed, full, and of immense size, being frequently over two inches in diameter. Bright and effective colors, embracing varied and brilliant self-colors, and also superbly mottled and striped varieties. All colors mixed. Pkt. 10 cts.

Truffauts, Victoria, Comet, Crown, and other most desirable sorts. It has been specially prepared by us. Pkt. 5 cts.

EXCELSIOR MIXTURE OF DWARF ASTERS—Like the above, this strain is a mixture of the finest varieties, but consists of dwarf and half-dwarf sorts in the choicest colors, and is especially adapted for edging and ribbons and for cultivation. Mixed. Pkt. 5 cts.

ASTER WASHINGTON—Very fine, large flowers, frequently measuring four to five inches in diameter. Mixed. Pkt. 5 cts.

ASTER PRINCE OF WALES—New and very fine. The plants grow about fifteen inches in height, branching freely in all directions, the large flowers bending the stems over with their weight, giving the plants a graceful, open, and pendulous appearance. The flowers are of a deep crimson-red color, and very large size. Pkt. 5 cts.

ASTER'S SUPERFINE MIXTURE—Of all our varieties. Pkt. 5 cts.

ABUTILON ROYAL PRIZE—Well-known, showy green-house shrubs, with bell-shaped orange, red, or white flowers. While they require green-house temperature in the winter, they may be planted out in the open border in the summer. Choicest mixed. Pkt. 12 cts.

ABRONIA UMBELLATA—An elegant trailing plant, with rosy lilac flowers, doing best in a light sandy soil. Pkt. 8 cts.

AGAPANTHUS UMBELLATUS—(African Lily.) Large umbels of bright blue flowers. Pkt. 5 cts.

AGERATUM MEXICANUM—The species most extensively grown. Height, 1½ feet. Blue or white. Pkt. 3 cts.

AGERATUM IMPERIAL DWARF—A dwarf variety, only growing to a height of about nine inches. Blue or white. Pkt. 3 cts.

AMARANTHUS MELANCHOLICUS RUBER.—A very useful bedding plant, with crimson-shaded foliage and of compact habit. Pkt. 3 cts.

BALSAM, CAMELLIA FLOWERED—Flowers of extra large size and so perfect that they resemble small Camellias, borne in wonderful profusion, five hundred blooms being frequently counted on a single plant at the same time. Pkt. 5 cts.

BALSAM, WHITE PERFECTION—The beautiful, large, double, snow-white variety has the most thoroughly double, immense, solid, round flowers that we have ever seen. Pkt. 5 cts.

BALSAM, FINEST MIXED—This is a first class mixture very choice colors. Pkt. 3 cts.

BRACHYOOME IBERIDIFLORA—(Swan River Daisy.) Very effective, dwarf-growing plants, covered for months with a profusion of single daisy-like flowers; blue and mixed; six inches. Pkt. 3 cts.

BROWALLIA—Handsome plants; eighteen inches tall, with shining green foliage and bright blue and pure flowers mixed. Pkt. 3 cts.

BARTONIA AUREA—Showy, yellow-flowered annual, growing to a height of one foot. Pkt. 3 cts.

CALLA ETHIOPICA—The popular Calla Lily. Easily grown from seed, flowering the second year. Pkt. 5 cts.

CATCHFLY, MIXED—Showy, early-flowering garden annuals. Pkt. 3 cts.

CALLIOPSIS, GOLDEN WAVE.

DEFIANCE BALSAM.

CARNATION, NEW DOUBLE DWARF MAMMOTH FLOWERING MARGUERITE—Now offered for the first time and an entirely new strain, producing flowers twice the size of its parent, the Margaret. The variety of color is greater and more brilliant. The plants begin flowering in three or four months after sowing the seed and grow to be about fifteen inches high. Equally good for pots and garden. The delicious fragrance of this grand new strain will delight every one. Be sure and try this new strain. Pkt. 10 cts.

COSMOS—The plants grow four to six feet high, and literally covered in the autumn with large, single dahlia-like flowers, ranging through shades of rose, purple, white, etc.; splendid for cutting purposes. Feathery foliage; annuals. Mixed colors. Pkt. 5 cts.

COSMOS NEW MAMMOTH, GIANTS OF CALIFORNIA—This new strain of Cosmos is notable both for purity of color and the gigantic size of its flowers. The broad petals overlap each other, producing perfectly circular flowers of splendid substance, which measure four inches across sometimes even reaching five inches in diameter, making a circumference of from twelve to fifteen inches. The colors are pure white or delicate clear pink. The plants, five to six feet high, are one mass of feathery, fern-like foliage, studded with the mammoth flowers long after most other plants have succumbed to the early frosts. Mixed colors. Pkt. 10 cts.

CALANDRINIA UMBELLATUM—Perennial for edging, purple flowering. Pkt. 5 cts.

CALENDULA OFFICINALIS—(Pot Marigold.) Very showy and free flowering. Fine double mixed. Pkt. 3 cts.

CALENDULA METEOR—Bright yellow, striped orange. Fine and distinct. Pkt. 3 cts.

CALENDULA, PRINCE OF ORANGE—Darker than the preceding. Fine for contrasting. Pkt. 3 cts.

CALENDULA ORIOLE—Large flowering, bright yellow. Pkt. 5 cts.

CALLIOPSIS, FINE MIXED—Shades of yellow, orange, and reddish brown. Pkt. 3 cts.

CALLIOPSIS CORONATA—Brightest yellow flowers, of large size, deepening to rich orange toward the center, and elegantly punctuated with maroon. The flowers, borne on long, erect stems, one foot high. Pkt. 5 cts.

CALLIOPSIS DRUMMONDII—(Golden Wave.) Bushy, compact plants, covered all summer with bright golden flowers, two inches across, distinctly marked with dark-brown center. (See cut.) Pkt. 3 cts.

CROZY'S NEW DWARF CANNAS—These new, dwarf, ever-blooming, large-flowering French Cannas bloom freely the first year from seed. They are much less expensive and incomparably more beautiful for bedding than the best Geraniums. Single specimens are very attractive in the garden. The roots can be kept in the cellar over winter and each clump will give six to eight good roots for planting the following spring. The Mixed Seed we offer has been saved from the finest varieties of all colors. Pkt. 10 cts.

CASTOR-OIL BEAN—See Ricinus.

CANDYTUFT, NEW EMPRESS—Really a magnificent variety with enormous heads of pure white flowers. Pkt. 5 cts.

CANDYTUFT, NEW DWARF HYBRIDS—Of dwarf habit and perfect shape, abundant flowers, from pure white to purple. Pkt. 5 cts.

CANDYTUFT, SNOW QUEEN—It bears but little foliage, and the mass of white produced makes it useful for borders. The seed should be started in the house. Pkt. 5 cts.

CANDYTUFT, TOM THUMB—White, very dwarf; only four to six inches. Pkt. 5 cts.

CANDYTUFT, ROCKET—Spikes of white flowers. Oz. 20 cts.; pkt. 3 cts.

CANDYTUFT, DARK CRIMSON—Pkt. 3 cts.

CANDYTUFT, NEW CARMINE—The richest in color. Pkt. 3 cts.

CANDYTUFT, MIXED—Including above varieties. Oz. 20 cts.; pkt. 3 cts.

CANDYTUFT, WHITE—Oz. 20 cts.; pkt. 3 cts.

CENTAUREA CANDIDISSIMA—Fern-like leaves, nearly white, suited for borders. Pkt. 5 cts.

CENTAUREA GYMNOCARPA—Finely cut, arching, silvery gray leaves. Pkt. 3 cts.

CENTAUREA AMERICANA—Tall annual with red flowers, suitable for borders. Pkt. 3 cts.

CENTAUREA CYANUS—(Cornflower or Bluebottle.) A popular, old-fashioned flower. Mixed colors. Pkt. 3 cts.

CENTAUREA MOSCHATUS—(Sweet Sultan.) Showy border plant. Mixed colors. Pkt. 3 cts.

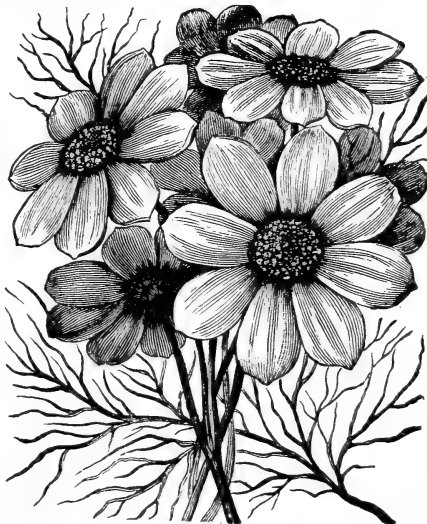

CENTRANTHUS MACROSIPHON—Pretty red annual for rockeries. Pkt. 3 cts.

CELOSIA—(Cockscomb.) One of the most showy and brilliant of annuals. The combs of the best varieties often grow a foot or more across the top. Eight or ten of the best sorts mixed. Pkt. 3 cts.

CINERARIA MARITIMA—(Dusty Miller.) Very ornamental for bedding and as a decorative plant. Of dwarf, compact habit, with handsome silvery-white foliage; can be grown very easily from seed. Pkt. 3 cts.

CACALIA—(Tassel Flower.) Small, tassel-like blooms, often called Flora's Paint Brush, gracefully borne on long stems; useful for cutting; bright scarlet and yellow mixed. Pkt. 3 cts.

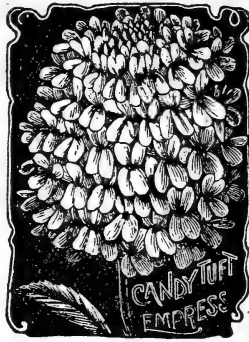

CHRYSANthemum, ECLIPSE—Flowers large, yellow and reddish brown. Pkt. 3 cts.

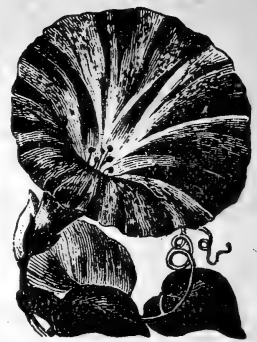

GIANT COSMOS.

CHRYSANTHEMUM.

DIANTHUS PINK.

CONVOLVULUS.

CHRYSANTHEMUM, TRICOLOR, MIXED VARIETIES—Distinct and valuable for cut flowers. Pkt. 3 cts.

CHRYSANTHEMUM, FRUTESCENS—(Paris Daisy, or Marguerite.) The finest of the whole Daisies; valuable for cutting. Pkt. 5 cts.

CHRYSANTHEMUM, PERENNIAL VARIETIES—These are the flowers which win so many prizes at Autumn Shows. Our seed is saved from a superb collection, the finest in the world. Pkt. 15 cts.

CHRYSANTHEMUM, INODORUM PLENISSIMUM—Although a perennial, it flowers abundantly the first year from seed, each plant producing hundreds of beautiful, perfectly double, snow-white flowers. Pkt. 3 cts.

CHRYSANTHEMUM—"French Marguerites" or "Painted Daisies." These annual Chrysanthemums have no resemblance whatever to the perennial varieties, also so popular, but have a distinct beauty. The plants grow 12 to 15 inches high, and produce on long stems beautiful, large flowers of many bright colors, having the appearance of being laid on with a paint brush. Pkt. 5 cts.

CHRYSANTHEMUM CORONARIUM—Fine double flowers for cutting. White, yellow and mixed. Pkt. 3 cts.

CHRYSANTHEMUM BURRIDGIANUM—Large yellow flowers with a purple center, for cutting. Pkt. 3 cts.

CHRYSANTHEMUM, GOLDEN FEATHER—The dark velvety disk in the center is surrounded by a circle of bright golden yellow, followed by another clear-cut circle of crimson; beautiful golden foliage. Pkt. 5 cts.

CLARKIA PULCHELLA—1½ feet. Fine free-blooming annuals, with flowers in all shades of blue, purple and white. Single and double, mixed colors. Pkt. 3 cts.

COLLINSIA BICOLOR—Free-flowering annual, which may be sown in spring for autumn flowers, or in autumn for spring cutting. Purple and white. Pkt. 3 cts.

CONVOLVULUS MAJOR—(Morning Glory.) Well known and universally-grown climber. Mixed colors. Pkt. 3 cts.

CONVOLVULUS MINOR—(Dwarf Morning Glory.) Grows to a height of one foot only. Mixed colors. Pkt. 3 cts.

CONVOLVULUS CRIMSON VIOLET—Flowers crimson, with white throat and yellow eye. Pkt. 3 cts.

CONVOLVULUS MAURITANICUS—A pretty, blue flowered trailing plant, for hanging baskets, vases, etc. Pkt. 5 cts.

COLLOMIA COCCINEA—Numerous heads of fine red flowers, somewhat like a Bouvardia. Pkt. 3 cts.

COMMELINA CÆLESTIS—(Blue Day Flower.) Few, if any, flowers can equal this in lovely, sky-blue color. It grows easily and blooms freely from seed sown in the open ground, while the tuberous roots can be taken up and kept all winter like Dahlia roots. It should be in every garden; height, eighteen inches. Pkt. 3 cts.

CLEOME PUNGENS—(Giant Spider Plant.) A showy plant with curious heads of bright rose-colored flowers. Pkt. 3 cts.

CENTRANTHUS MIXED—Fine garden annuals, with large heads of red, pink or white flowers. Pkt. 3 cts.

CREPIS MIXED COLORS—"Hawk's Beard." Pretty dwarf annuals of easy culture; excellent for cutting. Pkt. 3 cts.

DIANTHUS CHINENSIS—(Double Chinese Pinks.) Very double, large flowers; magnificent in color and variety. Pkt. 3 cts.

DIANTHUS SNOWFLAKE—Pure white flowers, of immense size, very double, fringed. Pkt. 5 cts.

DIANTHUS CRIMSON BELLE—Very large, single, dark-red flowers. Pkt. 3 cts.

DIANTHUS DWARF FIREBALL—The plants are covered with brilliant blood-red, perfectly double, lacinated flowers. Pkt. 5 cts.

DIANTHUS LITTLE GEM—Very large, handsome, single, pure white flowers; with deep, purplish red, surrounded by a still darker ring. Pkt. 5 cts.

DIANTHUS MOURNING CLOAK—Large double flowers; the ground color is a very dark mahogany, almost black; each petal edged with a clear-cut margin of pure white. Pkt. 3 cts.

DIANTHUS EASTERN QUEEN—Magnificent single flowers; 2 to 3 inches across, splendidly striped and stained. Pkt. 3 cts.

DIANTHUS HEDDEWIGI—(Japan Pink.) Splendid double flowers for growing in beds or borders. Great variety color. Pkt. 3 cts.

DIANTHUS LACINIATUS—Large, single, fringed flowers; mixed. Pkt. 3 cts.

DIANTHUS LACINIATUS fl. pl.—Magnificent large, perfectly double and deeply fringed flowers; finest mixed. Pkt. 5 cts.

DAHLIAS—Everyone knows and admires the Double Dahlia, but comparatively few are aware that it can be grown so easily from seed, and flowers so beautifully the first season. We offer the choicest seed, which, if sown in the spring, will give a magnificent display of the brightest colors by August. Large-flowering double mixed or show. Pkt. 10 cts. For bulbs see page 57.

DAHLIA, SINGLE-FLOWERING VARIETIES—In great variety of bright colors. Pkt. 10 cts.

DOUBLE DAISY—Daisies are easily raised from spring-sown seed, and comes into flower in a very short time. Among the most charming spring flowers, they are indispensable for cool, shady places. With protection they will withstand the winter. Fine double mixed. Pkt. 10 cts.

DAISY LONGFELLOW—Remarkable for the unusual size and doubleness of its dark-rose flowers. Pkt. 10 cts.

DAISY SNOWBALL—Large flowers, perfectly double, of purest white. Pkt. 10 cts.

DATURA—(Angel's Trumpet or Sweet Nightingale.) Very showy, large branching plants, growing three to five feet high, bearing, immense trumpet-shaped flowers six inches in length and very fragrant. They bloom freely from seed sown in the open ground the first season, but the roots can be taken up and kept over winter the same as Dahlias. Mixed seed of the flowering varieties. Pkt. 5 cts.

DATURA WRIGHTII—Large, single white flowers. Pkt. 5 cts.

DATURA FASTUOSA fl. pl.—Large, double white. Pkt. 5 cts.

DATURA FASTUOSA fl. pl.—Double purple. Pkt. 5 cts.

DATURA CHLORANTHA, fl. pl.—Large, double golden-yellow, funnel-shaped flowers sweet scented. Pkt. 5 cts.

DELPHINIUM (LARKSPUR) DOUBLE DWARF ROCKET—Finest mixed. Pkt. 3 cts.

DELPHINIUM (LARKSPUR) TALL ROCKET—Double mixed. Pkt. 3 cts.

DELPHINIUM (LARKSPUR) EMPEROR—Really splendid, a single plant having fifty or more erect spikes of flowers. Pkt. 3 cts.

ESCHSCHOLTZIA—(California Poppy). Mixed. Flowers yellow, orange and white; leaves finely cut; height, 10 to 12 inches; very showy. Pkt. 3 cts.

ESCHSCHOLTZIA MANDARIN—The inner side of petals is of a rich orange, the outer a mandarin scarlet. Pkt. 3 cts.

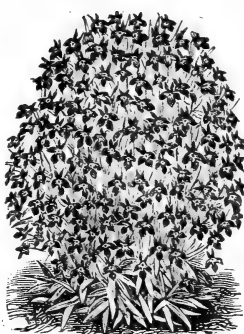

EUPHORBIA HETEROPHYLLA—This beautiful new "Annual Poinsettia," or Mexican Fire Plant, grows two to three feet high, of decidedly bush-like form, with smooth, glossy, fiddle-shaped leaves. The leaves are at first entirely green, but about mid-summer at the end of each branch appear greenish white flowers, enveloped in beautiful orange scarlet bracts, and the surrounding leaves are either blotched with vivid carmine or are carmine with green tips. Pkt. 10 cts.

MARIGOLD ELDORADO.

HELIOTROPE.

LOBELIA.

GODETIA.

EUPHORBIA MARGINATA — (Snow-on-the-Mountain.) Beautiful foliage, elegantly veined and margined with white; very showy. Pkt. 3 cts.

ERYSIMUM PEROFFSKIANUM—Orange flowers, showy and free-flowering annual. Pkt. 3 cts.

FORGET-ME-NOT—See *Myosotis*.

FENZLIA DIANTHIFLORA—A neat little plant, making a mat of fine foliage. A perfect mass of flowers, rosy-tinted with dark-purple throat. Pkt. 5 cts.

FOUR O'CLOCK—See *Marvel of Peru*.

FREESIA GIGANTEA GRANDIFLORA—A greatly improved Freesia that grows fifteen inches high. The flowers are double the size of the ordinary Freesia; the colors are pure white with yellow throat, cream yellow with orange throat, cream shaded lavender and white with lavender. Pkt. 10 cts.

GILLIA, MIXED—Free-blooming annuals for beds or rockeries. Pkt. 3 cts.

GYPSOPHILLA ELEGANS—White perennial for bouquets, grows in any soil. Pkt. 3 cts.

GERANIUM ZONALE, EXTRA FINE MIXED—This seed has been saved from collection of choice named sorts, and is sure to produce some new and striking sorts. Pkt. 10 cts.

GERANIUM APPLE-SCENTED—Leaves are very fragrant. Pkt. 15 cts.

GAILLARDIA (BLANKET FLOWER), SALMON RED—(Sun-kissed.) Large, single flowers, salmon red, distinctly edged with bright orange. Pkt. 3 cts.

GAILLARDIA (BLANKET FLOWER), PICTA LORENZIANA—(New Double Gaillardia.) Large, gay-colored, double flowers, produced abundantly from July until frost, and are valuable for cutting. The colors embrace sulphur, golden yellow, orange, amaranth, and claret. Pkt. 3 cts.

GAILLARDIA (BLANKET FLOWER), FINE MIXED—Including all the above and also other varieties. This mixture, although so cheap, is equal to any high-priced "hybrids." Oz. 25 cts.; pkt. 3 cts.

GODETIA, LADY ALBEMARLE—Crimson and carmine, suffused lilac. Pkt. 5 cts.

GODETIA, DUCHESS OF ALBANY—Satiny white. Pkt. 5 cts.

GODETIA, LADY SATIN ROSE—Glossy rose-pink. Pkt. 5 cts.

GODETIA FINEST MIXED—Includes many sorts. Pkt. 5 cts.

GAURA LINDHEIMERI—Bears numerous elegant spikes of rosy-white flowers throughout the summer; an elegant, slender, branching species. Pkt. 3 cts.

HELIANTHUS—(Sunflower.) The Dahlia. Produces numerous bright golden-yellow flowers, which are generally perfectly double. Pkt. 5 cts.

HELIANTHUS—Mammoth double flowering. Pkt. 5 cts.

HAWKWEED RED—Showy annual of free growth. Pkt. 3 cts.

HELIOTROPE CHOICE MIXED OF MANY VARIETIES. Pkt. 5 cts.

HELIOTROPE, DARK BOUQUET—The large flower heads are intensely dark, of the deepest blue in color and most deliciously fragrant; it comes true from the seed. Pkt. 10 cts.

HELIOTROPE, THE BLACK KING—It comes true from seed, which can be sown in the open ground with entire success. The richly fragrant flowers are borne in immense clusters; the color is an unusually rich, dark purple, nearly black; undoubtedly the darkest color yet developed. Pkt. 10 cts.

HELIOTROPE, LADY IN WHITE—This lovely variety also comes true from seed, and is a fitting companion to the Black King. It possesses the same vigorous, healthy habit of growth, while the superb large clusters of deliciously fragrant flowers are of pure spotless white. Pkt. 10 cts.

HELICHRYSUM BRACATEATUM—(Eternal Flower.) Yellow; prized for winter bouquets. Pkt. 10 cts.

ICE PLANT—(Mesembryanthemum Crystallinum.) Fine for vases; singular icy foliage. Pkt. 5 cts.

JONOPSIDUM ACAULE, DIAMOND FLOWER—This is a lovely little annual from Portugal, which quickly covers the ground with tufts of beautiful, moss-like foliage, from which the bright blossoms glisten like diamonds. Mixed. Pkt. 10 cts.

KALFUSSIA AMELLOIDES—Blue annual for edgings. Pkt. 3 cts.

LOASA AURIANTICA—Beautiful annual, curiously formed orange flowers. Pkt. 3 cts.

LIMNANTHES DOUGLASII—A dwarf, hardy annual, with very pretty, daisy-like flowers; bright yellow, margined broadly with white. Pkt. 3 cts.

LINARIA SPLENDIDA—A very attractive, free-flowering, hardy annual; heads of handsome purple flowers, resembling the Snapdragon. Pkt. 3 cts.

LINUM GRANDIFLORUM RUBRUM—(Crimson Flax.) One of the most beautiful annuals known; valuable for bedding. Pkt. 3 cts.

LOBELIA—A most elegant and useful genus of plants of easy culture, and well adapted to bedding, edging, pots or rockeries. Seeds should be covered lightly. Fine mixed. Pkt. 3 cts.

LOBELIA, WHITE GEM—This lovely new compact annual Lobelia grows only four to five inches high, and is densely covered with charming pure white flowers. Pkt. 5 cts.

LOBELIA, STAR OF ISCHL—A very dwarf, erect growth, only four to six inches high, and forming dense balls of charming dark flowers. The uniform habit of growth and striking contrast of colors make these two new varieties very useful for bedding. Pkt. 5 cts.

MARVEL OF PERU—(Mirabilis.) The Marvel of Peru, or Four O'clock, is as easily grown as a weed, and yet is one of the most brilliant and showy of annuals. Planted in beds or masses, their compact growth, rich, glossy leaves, together with their profusion and diversity of bloom, presents a gorgeous sight during the afternoon. Mixed. All colors. Oz. 15 cts.; pkt. 3 cts.

MALOPE—This old hardy annual is a favorite wherever known. The plants grow 18 to 20 inches high, and bear beautiful, large, single flowers. Grandiflora Mixed. Crimson, rose and white. Pkt. 3 cts.

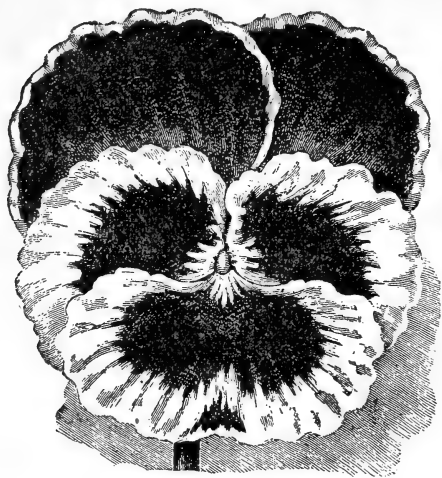

MARIGOLD AFRICAN—The African varieties are stronger in habit and produce larger flowers than the French. Double mixed. All varieties. Pkt. 3 cts.

MARIGOLD EL DORADO, OR DAHLIA-FLOWERED—The flowers are globular, as perfectly double as a show Dahlia, and of enormous size, measuring three and a half to four inches across. They embrace four shades of colors—the lightest primrose, lemon, rich golden-yellow and deep, glowing orange. Pkt. 3 cts.

MARIGOLD FRENCH DOUBLE DWARF—Mixed colors. Of compact habit, with numerous bright flowers. Pkt. 3 cts.

MARIGOLD FRENCH COMPACT GOLD STRIPED—Each plant is thickly studded with handsome flowers, generally striped regularly with brown on yellow ground. Pkt. 3 cts.

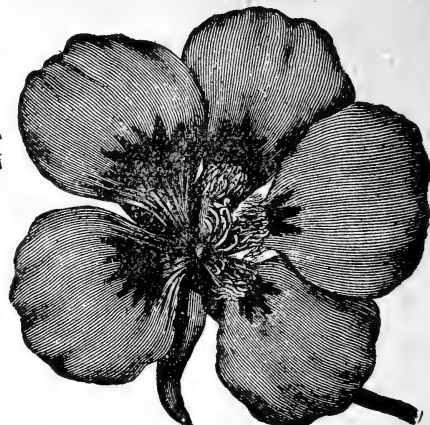

MIGNONETTE, LARGE FLOWERING—The common Sweet Mignonette. Pkt. 3 cts.

PANSY, GIANT TRIMARDEAU.

PHLOX, STARRED AND FRINGED.

NASTURTIIUM.

MIGNONETTE, PARSON'S WHITE—Nearly white, very fragrant, fine spike. Pkt. 3 cts.

MIGNONETTE, MILES' HYBRID SPIRAL—Flowers white, very fragrant; spikes eight to twelve inches long; plant dwarf and branching. Pkt. 3 cts.

MIGNONETTE, MACHET—A dwarf French variety with broad spikes of very fragrant red flowers. Pkt. 5 cts.

MIGNONETTE, GOLDEN QUEEN—Golden yellow flowers, dense dwarf growth. Pkt. 3 cts.

MIGNONETTE, GIANT WHITE SPIRAL—Quite showy in growth, with very long spikes of bloom. Pkt. 5 cts.

MIGNONETTE, MIXED—All the above colors mixed. Pkt. 5 cts.

MYOSOTIS—(Forget-Me-Not). These charming little favorites succeed best in damp sandy situations, but will thrive well in almost any soil. Blue flowers. Pkt. 5 cts.

MYOSOTIS, VICTORIA—Very large, blue flowers; fine for pot culture. Pkt. 10 cts.

MIMULUS MOSCHATIS—(Musk or Monkey Flower). Singularly shaped and brilliant colored flowers, blotched and spotted in every conceivable manner. Pkt. 5 cts.

NEMOPHILA INSIGNIS—Very pretty blue annual for edgings. Pkt. 3 cts.

NEIREMBERGIA FRUTESCENS—Perennial; handsome white and lilac flowers. Pkt. 5 cts.

NIGELIA—(Love in the Mist). The plant has finely-cut foliage, curious-looking flowers and seed-pods; of easy culture. All varieties and colors. One foot. Pkt. 3 cts.

NOLANA MIXED—Very pretty trailing plants for rock-work, hanging-baskets, floral borders, etc. Flowers resemble the Dwarf Convolvulus. Pkt. 3 cts.

TOM THUMB NASTURTIIUMS—The Improved Dwarf or Tom Thumb Nasturtiums are unrivaled in beauty and effect. When planted in poor soil, they flower most profusely, and remain in bloom. Varieties Mixed. Oz. 15 cts.; ½ lb. 40 cts.; pkt. 3 cts.

NASTURTIIUM, GOLDEN KING—Deep golden-yellow flowers, thrown well above the dark foliage. Pkt. 5 cts.

NASTURTIIUM, RUBY KING—Pink, shaded with carmine, contrasting beautifully with its dark foliage. Pkt. 3 cts.

NASTURTIIUM, KING OF THE TOM THUMBS—Bluish-green foliage. Showy, intense scarlet flowers. Pkt. 3 cts.

NASTURTIIUM, KING THEODORE—Selected from King of the Thumbs. Bluish-green foliage and almost black flowers. Pkt. 3 cts.

NASTURTIIUM, LADY BIRD—Rich golden yellow. Each petal barred with bright ruby crimson. Pkt. 5 cts.

NASTURTIIUM, EMPRESS OF INDIA—Brilliant crimson scarlet flowers. Very rich. Pkt. 5 cts.

NASTURTIIUM, SPOTTED KING—With beautifully spotted flowers. Pkt. 5 cts.

CENOTHERA DRUMMONDII—Very large, bright yellow flowers. Pkt. 3 cts.

CENOTHERA (Evening Primrose) *Acaulis Alba*—Saucer-shaped, silvery-white flowers of enormous size; striking and fragrant. Pkt. 3 cts.

IMPROVED NEW PANSIES.

THE BLACK PRINCE—The flowers enormous, of great substance and quite distinct in color. The rich, glossy

black, has a peculiarly soft, velvety appearance, hitherto unknown. The flowers are of fine, circular form, carried upright, well above the foliage. Pkt. 10 cts.

GIANT, OR TRIMARDEAU PANSIES—These remarkably large Pansies, for size of flower and robust growth, eclipse, by all odds, any known strain. The flowers are of immense size and splendid shape, and stand well above the foliage, each flower distinctly marked with three large blotches. With their vigorous habit they get such a start in the spring that the hot summer weather seems to have no effect on them, even when other Pansies have almost dwindled away. Pkt. 10 cts.

RED RIDING HOOD—This is an entirely new color of the Imperial German strain. The flowers are of good size, fine circular form, and of the most brilliant, solid red color we have ever seen Pansies. A charming novelty. Pkt. 10 cts.

IMPROVED STRIPED—A fine, new class, producing very large, perfectly formed flowers of the most brilliant and exquisite tints of coloring, each flower being handsomely striped. Pkt. 10 cts.

QUADRICOLOR OR "RAINBOW"—Upper petals sky blue, edged with violet; lower petals are mostly purple, sometimes on a white, sometimes on a yellow ground, marbled and spotted. Most beautiful in colors. Pkt. 10 cts.

FIRE KING PANSY—The three lower petals have each a large blotch of deep brown-red or magenta margined with yellow, while the upper petals are of a bright reddish brown, of a really fiery shade. Pkt. 10 cts.

PEACOCK PANSY—A grand fancy colored flower, petals edged with a thin white line, within which is a space of purplish-crimson, passing into a rich central blotch of deep blue shading to black. Pkt. 10 cts.

All of the following at 3 cents per packet.

PANSY, AZURE BLUE—Very fine; beautiful shade.

PANSY, BRONZE COLOR—A new and striking color.

PANSY, DARK PURPLE—Rich dark purple.

PANSY, DARK BLUE—Very rich and lasting.

PANSY, KING OF THE BLACKS—Almost a coal black; a beauty.

PANSY, LIGHT BLUE—Very rich and lasting.

PANSY, MAHOGANY COLORED—A beautiful color.

PANSY, PURE YELLOW—Generally true to color.

PANSY, RED—Bright coppery colors, but not strictly red.

PANSY, STRIPED AND MOTTLED—Very fine and beautiful.

PANSY, VIOLET—With white border.

PANSY, WHITE—Sometimes slightly marked with purple.

PANSY, YELLOW MARGINED—Beautiful margin, or belt of yellow.

SPECIAL OFFER—We will send one package of each of the above thirteen varieties priced at 3 cents each for 35 cents.

PANSY, EXTRA FINE MIXED—All of the above thirteen varieties mixed. Pkt. 5 cts.

NEW INNISFALLEN "SUPERB" PANSIES—A combination of the finest French, English and German Prize Ex-

hibition Varieties, the labor of many years of careful cultivation and constant selection has resulted in an almost endless variety of charming shades of color and good circular substance, united with extra large size of the flowers. They embrace all the solid and self-colors, delicately shaded flowers: five-spotted on backgrounds of every color; large spotted; edged or bordered flowers of various colors, each with a distinct rim of white, yellow or blue; dark and light marbled varieties; flowers with clear, distinct eyes; striped flowers of striking beauty, and vividly-colored fancy varieties, blotched, veined, mottled and margined in combinations that would be thought impossible. Pkt. 10 cts.

PANSY, YELLOW PRINCE—Of perfect form and color pure golden-yellow, with the three lower petals distinctly marked with a large, black-purplish blotch; the form and substance of the flower are so perfect that it is certain to become a favorite variety, and should be grown by all lovers of the Pansy. It is of very compact, bushy growth, and free flowering. Pkt. 10 cts.

PANSY, MAMMOTH BUTTERFLY—A most beautiful strain of Pansies with matchless form of beauty. Pkt. 10 cts.

PHLOX DRUMMONDII—Fine mixed. All colors of the original type of Phlox Drummondii. Oz. 60 cts.; pkt. 3 cts.

ALBA (Pure White.) Our strain is magnificent, the chaste, white flowers, of unusual size and perfect form. Pkt. 5 cts.

CARNEA—Flowers of delicate, fleshy pink, with chamois rose center. Pkt. 5 cts.

LARGE BLOOD-RED—The darkest colored of all, being of the deepest blood-red color. Pkt. 5 cts.

ECLIPSE—Bright rosy purple, deepening to rich, deep violet. Pkt. 5 cts.

PHLOX DRUMMONDII, NEW DWARF—A lovely strain, the plants growing only six to eight inches high and covered with large trusses of bright flowers. Extra fine mixed of many colors. Pkt. 5 cts.

PHLOX DRUMMONDI GRANDIFLORA (Fordhook strain) This strain of mixed large-flowering Phlox is most remarkable in variety and brilliancy of colors. Within a few feet visitors have frequently gathered bouquets embracing as many as twenty-six distinct types and colors of Phlox, so uniformly was the remarkable diversity of colors distributed. Not only is our strain notable for variety and brilliancy of colors, but also for the perfection and size of the flowers—many of the single flowers are so large they will nearly cover a fifty-cent piece. Pkt. 10 cts.

NEW LARGE YELLOW PHLOX—Rich straw-yellow, of warm and glowing tone, while the flowers are of extra large size and fine form. Pkt. 10 cts.

PHLOX "STARRED AND FRINGED"—The most striking novelty in Phloxes ever introduced. In the fringed flowers the petals are white, which, together with the bright eye of the center, contrast with the magnificent velvety colors, in more than twenty distinct shades. In the Starred Phloxes the pointed central teeth of the petals are five-eighths of an inch longer than the lateral ones and project beyond them like little spikes, giving the flowers a distinctly marked, regular, star-like form, the beauty of which is enhanced by the broad white margins bordering the edges of the petals. Pkt. 5 cts.

PERILLA NANKINENSIS—Valuable bedding plant, with dark violet-purple foliage. Pkt. 3 cts.

PETUNIA HYBRIDA, FINEST MIXED—A good mixture, embracing all colors, including striped and blotched varieties; very profuse flowering and excellent for bedding or massing. Pkt. 3 cts.

PETUNIA, BLOTCHED AND STRIPED—A magnificent strain, producing a great profusion of crimson and white flowers, beautifully blotched, striped and marked. Flowers very large and plants completely covered with bloom the whole season. Pkt. 5 cts.

PETUNIA, HYBRID GRANDIFLORA—A very charming race of unusual beauty. The flowers are of very large size and deep fringed; they are of various rich, deep colors, beautifully blotched, marbled, fringed and variegated. Pkt. 15 cts.

BEST DOUBLE PETUNIA—The Double Petunia produces no seed, and but little pollen, which is carefully used to fertilize the finest single flowers, and from these the seed is saved. In raising plants from this seed great care should be taken to preserve the smallest and weakest plants, as these are the ones that bear the finest double flowers. Pkt. 25 cts.

PORTULACA—In brilliancy and beauty of color, Portulacas are unrivaled. They delight in sunny situations, where they rapidly carpet the ground. Finest Single Mixed. Pkt. 3 cts.

DOUBLE ROSE FLOWERING, MIXED—Unsurpassed for brilliancy and beauty. One-half of the plants will produce magnificent double flowers; these can be transplanted eight inches apart as soon as they bloom, thus making the entire bed of double flowers. Pkt. 6 cts.

POPPY, THE MIKADO—Of pure white and brilliant crimson scarlet; large double flowers of quaint, artistic beauty, with petals deeply cut, fringed and twisted like a Japanese Chrysanthemum. Pkt. 5 cts.

POPPY SNOWDRIFT—A grand, new variety. The large, pure white flowers are perfectly round and double. Pkt. 3 cts.

POPPY, IMPROVED DOUBLE CARNATION, MIXED—For dazzling richness and variety of colors the flowers are unequalled. Simply scatter the seed in the open ground, and a mass of beauty will result. Pkt. 5 cts.

POPPY SHIRLEY—A new strain of marvelous beauty. The colors range through all shades of delicate rose, pink, carmine and brilliant crimson. Many of the flowers are edged with white, and the petals have a glossy, silk-like texture. Pkt. 5 cts.

POPPY, TULIP—A new and distinct Poppy, of brilliant red color, and very free blooming. Pkt. 5 cts.

POPPY, PÆONY-FLOWERED—(Double.) The flowers are equal to Pæonias in size and brilliancy, and variety of color. Pkt. 5 cts.

POPPY, IMPROVED DOUBLE, MIXED—For dazzling richness and great variety of colors are unequalled. Simply scatter the seed in the open ground and a mass of beauty will result. Pkt. 5 cts.

POPPY, BURPEE'S FAIRY BLUSH—The immense globular flowers are perfectly double, and measure from ten to thirteen inches in circumference; the petals are elegantly fringed and pure white, except at the tips, where they are distinctly colored with rosy cream. Pkt. 5 cts.

GOLDEN GATE POPPIES—Every conceivable combination of colors, striped, blotch, edged and bordered, on both single, semi-double and double-flowers, wondrously varied and beautiful. Pkt. 5 cts.

POPPY, DANEBROG—Single, scarlet, with a large white spot on the base of the petals. Pkt. 3 cts.

The following two varieties are Hardy Perennials:

ORIENTALE—Immense flowers of bright scarlet, with a purple center. Pkt. 10 cts.

NUDICAULE—(Iceland Poppy.) Dwarfier than the preceding. Flowers varying from white to the deepest and most orange yellow. Very free blooming and admirable for pots. Mixed colors. Pkt. 10 cts.

RICINUS—(Castor-Oil Bean.) Noble plants for summer subtropical decoration. In a single summer they will grow to a height of from five to fifteen feet, with imposing foliage and flower stalks. Mixed varieties. Pkt. 3 cts.

Sweet Peas.

Like a good, stiff loam, and if this is moist the plant will continue blooming all summer. Should be sown four inches deep and cultivated like common peas. Should be sown very early. Cut flowers freely, and pick off seed pods as fast as they appear. We have discarded all the old varieties of Sweet Peas, and offer only the new and improved varieties.

APPLE-BLOSSOM—Large, pointed flowers, shaded pink and rose, with the prevailing tints deepest in the clear veined standards. Pkt. 5 cts.; oz. 10 cts.

BOREATTON—Splendid, deep dark maroon blossoms, with largest flowers and of richest coloring. Pkt. 5 cts.; oz. 10 cts.

BLANCHE FERRY—It bears large pink and white flowers; very free-flowering. The beautiful flowers are very fragrant. Pkt. 3 cts.; oz. 10 cts.

BUTTERFLY—White, laced with lavender. Pkt. 3 cts.; oz. 8 cts.

BRONZE KING—Very novel and unique. Standard of a curious terra-cotta tint, supposed to be bronze; wings ivory white. Very attractive. Pkt. 5 cts.

BLUSHING BEAUTY—Very fine and extra large; rich, soft fleshy rose, of very large and expanded form. Pkt. 5 cts.

BLANCHE BURPEE—A pure white of exquisite form and immense size, having a bold, rigid, upright, shell-shaped standard of great substance; is a wonderfully profuse bloomer, and absolutely free from the objectionable notch so conspicuous in Queen of England and Emily Henderson. It usually bears three flowers on a stem; a very chaste variety, and by far the best Sweet Pea ever introduced. Pkt. 10 cts.

CAPTAIN OF THE BLUES—Three large flowers on a stem, light claret-colored standards; wings attractive blue, cast with purple. Pkt. 3 cts.; oz. 10 cts.

CUPID—(New.) This is the first dwarf Sweet Pea ever offered. Branches from the roots and does not grow over six inches high. Flowers pure waxy white and borne three on a stem; wonderfully free-blooming. This is the finest plant for bedding and planting in the borders ever offered. Blooms until frost. Pkt. 15 cents.

COUNTRESS OF RADNOR—A lovely variety, distinctly two-colored, light and dark mauve. Wings light lilac; standards of the prevailing mauve tone. Pkt. 5c. oz. 10c.

Nearly all varieties at 3 cents per packet; or if you order one dollar's worth they will cost but 2 cents per packet.

DOROTHY TENNANT—A lovely companion to Countess of Radnor. Standards deep rose-mauve; wings bluish-mauve. Largest expanded form. Pkt. 5 cts.; oz. 15 cts.;

DUKE OF CLARENCE—Very beautiful hooded variety. A brilliant shade of rosy-claret; extra large. Pkt. 5 cts.; oz. 15 cts.

EMILY HENDERSON—Pure white; often has three flowers on a stem. Pkt. 10 cts.

ECKFORD'S DELIGHT—White, with standard at first crested with crimson, which becomes softly diffused. Pkt. 5 cts.; oz. 15 cts.

FAIRY QUEEN—The lower petals are milky white, while the upper petals are tinted with pink. Pkt. 3 cts.; oz. 10 cts.

FIREFLY—Intense, brilliant carmine scarlet, the finest and brightest red. Pkt. 5 cts.; oz. 10 cts.

GAJETY—Of largest expanded form; long stems, bright and lively stripes of crimson on white ground. Pkt. 5 cts.

IMPERIAL BLUE—(Grand Blue.) Pure blue wings slightly shaded mauve; standard deep rich purple, touched with rose. Pkt. 5 cts.

INVINCIBLE CARMINE—Intense shining crimson-scarlet, covering the vines with a profusion of bloom. Pkt. 5 cts.

LOTTIE ECKFORD—Large, creamy-white flowers, distinctly marked with a narrow edging of blue; wings and standards of soft white, edged with lavender blue. Pkt. 5 cts.; oz. 10 cts.

LADY PENZANCE—A beautiful laced rose-pink, touching orange; wings darker and purer pink. Of superb, large form. Pkt. 5 cts.

LEMON QUEEN—One of the most beautiful novelties; flowers of the largest size, always three on a stem; the coloring is white, tinted softly with lemon and blush. Pkt. 5 cts.

LADY BEACONSFIELD—Very fine. Light salmon-pink standards, wings pale primrose yellow. One of the handsomest. Pkt. 5 cts.

MISS HUNT—Pale carmine, salmon, standards and white wings. Pkt. 5 cts.; oz. 10 cts.

MRS. ECKFORD—The best yellow to date—delicate, sulphur yellow. Pkt. 5 cts.; oz. 10 cts.

MRS. GLADSTONE—The most delicately shaded variety of all. On opening, the flowers are buff and soft pink, changing to a beautiful pale blush. Standard pink, deepening in color at the base, and wings flesh-tinted. Pkt. 5 cts.; oz. 10 cts.

MRS. SANKEY—Remarkable for large size and pure white flowers. Valuable for forcing. Pkt. 5 cts.; oz. 10 cts.

NEW DOUBLE SWEET PEAS—Are of incomparable beauty. The plants are of extremely robust growth, producing a lavish profusion of richly fragrant flowers that are extra large, frequently measuring two inches across. They do not always come perfectly double, but usually about fifty per cent. of the new type come double. Pkt. 15 cts.

ORANGE PRINCE—Of rare beauty, bright orange-pink; blush scarlet; wings rich rose, veined with pink. Pkt. 5 cts.; oz. 10 cts.

PRINCESS VICTORIA—Cherry mauve and pink. Pkt. 5 cts.; oz. 10 cts.

PRINCESS OF WALES—Shaded and stained with mauve on a white ground in the most pleasing manner. Pkt. 3 cts.; oz. 10 cts.

PRINCESS BEATRICE—Flowers of fine form with broad, expanded wings and flat standard, all a uniform bright rose pink. Pkt. 3 cts.; oz. 10 cts.

PRIMROSE—Distinct as the nearest approach to yellow in Sweet Peas; of a pale primrose-yellow. Pkt. 5 cts.

QUEEN OF THE ISLES—Scarlet ground color with white stripes. Charmingly mottled and striped with red, faintly tinted with light purple. Pkt. 5 cts.; oz. 10 cts.

RISING SUN—Curious mixture of orange and rose, shaded carmine; wings rose, shading to blush; small but charming. Pkt. 5 cts.

ROYAL ROBE—A most delicate shade of pink; of very large size. Pkt. 5 cts.

SPLENDOR—Superb, rose-colored blossoms, richly shaded with crimson. Splendid large flowers, finely formed and of bright clear colorings. Pkt. 5 cts.; oz. 10 cts.

THE SENATOR—Splendid, large flowers, shaded chocolate and bright brown, and striped on a creamy white ground-color; mottled and blotched in every conceivable manner. Pkt. 5 cts.; oz. 10 cts.

VIOLET QUEEN—Standard deep mauve; wings light violet; very pretty. Pkt. 3 cts.; oz. 10 cts.

ECKFORD'S NEW SWEET PEAS, MIXED—This is a mixture of all the above and other distinct varieties, and we can recommend it as the finest strain of Mixed Sweet Peas ever offered for sale; the seed is now so cheap that lovers

of Sweet Peas should plant it by the pound. Pkt. 3 cts.; oz. 10 cts.; two oz. 15 cts.; $\frac{1}{4}$ lb. 30 cts.; lb. \$1.00, postpaid.

SALVIA SPLENDENS—(Large-flowering Scarlet Sage.) This "flame-colored beauty" is the most gorgeous of all plants. For months the blaze of flaming scarlet is intensely brilliant, with great spikes of bloom completely concealing the foliage. Pkt. 10 cts.

SALVIA COCCINEA GRANDIFLORA ROSEA—Very beautiful flowers of an orange-rose color; height, three feet. Pkt. 10 cts.

SALVIA HORMINUM—Red topped; curious. Pkt. 5 cts.

SALVIA FARINACEA—The plants form dwarf, compact bushes, clothed with peculiarly rich, bright foliage, from which rise long spikes of beautiful blue flowers, a charming contrast. Pkt. 10 cts.

SWEET SULTAN—See Centaurea, page 65.

SMILAX—Grown principally for its elegant green foliage, so indispensable for floral work, it, nevertheless, bears flowers by the thousand, which for rare and graceful beauty and a delicious fragrance can not be excelled. Requires a nice, sunny window and freedom from dust. It grows very quickly from seed. Pkt. 5 cts.

SCABIOSA TALL GERMAN—(Mourning Bride.) The old and well known Sweet Scabiosa is not as generally cultivated as it deserves. The perfectly double flowers are useful for cutting; they are gracefully borne upon long, slender stems, well above the foliage. Mixed. All colors. Pkt. 3 cts.

SCABIOSA, DWARF DOUBLE, MIXED—Plants of compact habit, profusely bearing globe-shaped double flowers of great beauty. Pkt. 5 cts.

SCABIOSA, GOLD-LEAVED—Double, of deep blood-purple color, contrasting strikingly with the lacinated foliage, which is light yellow. Pkt. 5 cts.

SCABIOSA, SNOW-BALL—Elegant double white flowers; very chaste and charming for bouquets. Pkt. 5 cts.

SCABIOSA, NEW DOUBLE BLACK—A superb new variety. With elegant black-purple flowers—so deep in color as to appear nearly coal-black. Pkt. 5 cts.

SCABIOSA, NEW LARGE-FLOWERED DOUBLE—(New.) Compact and upright; long, stiff stems; large round flowers, perfectly double, borne in profusion until checked by frost. The range of color is remarkable, from white to rich pink, crimson to deep red, lilac to porcelain; some almost black. Very valuable for cutting. Pkt. 5 cts.

STEVIA SERRATA—Produces a mass of tiny, star-shaped, pure white flowers. Most excellent for bouquets. The plants grow about eighteen inches high, stems branching freely and almost completely covered with the corymbs of flowers. Very pretty in beds, and almost unequaled for cutting to arrange in bouquets and vases with other flowers. Pkt. 5 cts.

SANVITALIA—(Procumbens, fl. pl.) Dwarf, creeping plant, with profusion of double, bright yellow flowers; compact and effective as border plants. Pkt. 3 cts.

SCHIZANTHUS—Half hardy annuals, one and a half feet in height, literally covered with flowers; mixed, all colors. Pkt. 3 cts.

SCHIZANTHUS PAPILIONACEUS—(Butterfly Flower).—A charming variety. Marked with violet, yellow, crimson, etc. Pkt. 3 cts.

SEDUM CÆRULEUM—(Stone-crop). Blue; a charming dwarf annual, suitable for rockwork or pots. Pkt. 5 cts.

STOCK TEN WEEKS—Desirable pot plants, as well as in the open garden. They are greatly prized for cut flowers on account of their fragrance and diversity of color. To have a continuous succession of bloom sow at intervals from the beginning of March to the end of May. Fine mixed. Pkt. 3 cts.

NEW LARGEST FLOWERING GLOBE PYRAMIDAL STOCK—A magnificent race, with immense spikes of perfectly double flowers, the individual blooms frequently measuring from two to two and one-half inches in diameter. The great profusion, the spikes being compactly pyramidal in shape, and the plants of neat habit of growth. In great variety of color. Pkt. 10 cts.

STOCK, SNOWFLAKE—Of very dwarf growth. The little plants are each crowned with magnificent heads of beautifully shaped, perfectly double flowers of fine form and paper-white color. The strain is so high bred that a remarkable percentage comes double. Pkt. 10 cts.

STOCK NEW RED VICTORIA—Each plant forms in itself a naturally grown bouquet, of a beautiful pyramidal shape, the natural branches being symmetrically arranged around the main stem, which is slightly raised in the center; brilliant, double, dark blood-red flowers. Pkt. 10 cts.

STOCK GIANT PERFECTION—A splendid race, growing two and a half feet high, with large spikes of perfectly double flowers of great substance. Mixed. Pkt. 8 cts.

STOCK NEW WHITE PERPETUAL—(Princess Alice; or "Cut and Come Again.") Of strong growth and fine branching habit, it grows to the height of one and a half feet, and if sown early will produce uninterruptedly a great abundance of bloom from June until November. The individual flowers are uncommonly large, of a fine rosette-like shape, and the purest possible white. The flowers appear on each little shoot, and the oftener they are cut the better they seem to like it. Pkt. 10 cts.

SENSITIVE PLANT, MIMOSA PUDICA—The Sensitive Plant is very chaste and elegant in foliage, the leaves being delicately pinnated, while it bears attractive, small pink flowers in globose heads. It affords much amusement by its sensitive character—even when slightly touched the leaves instantly close and droop; easily grown. Pkt. 3 cts.

TOBACCO PLANT NICOTIANA COLOSSEA—Ornamental plant of great beauty, of very quick growth and compact habit. Very effective as a lawn plant. Pkt. 10 cts.

VERBENA FINE MIXED—The seed, although so cheap, is really quite good, and embraces all colors. Pkt. 3 cts.

VERBENA HYBRIDA FINE MIXED—From a superb collection of named varieties. Very large in flower and corymbs, and of the richest and most brilliant colors as now perfected, is one of the finest strains in cultivation. Pkt. 5 cts.

VERBENA AURICULA-FLOWERED—Splendid flowers, of large size and bright colors, each with large white eye. Pkt. 5 cts.

VERBENA SCARLET DEFIANCE—True, brightest scarlet, intensely rich. Pkt. 5 cts.

VERBENA PURE WHITE—(Sea Foam, or Candidissima.) A fine strain of large flowers. Pkt. 5 cts.

VERBENA BLUE WITH WHITE EYE—Large blue flowers, each with large white eye, very showy. Pkt. 5 cts.

VERBENA ITALIAN STRIPED—Very showy striped flowers of many bright colors. Pkt. 5 cts.

NEW MAMMOTH LARGE FLOWERING VERBENA—Altogether distinct and surprisingly beautiful. The average trusses measure nine to twelve inches in circumference, and the individual florets on properly grown plants over one inch across, or larger than a twenty-five-cent silver piece. They bloom freely, are vigorous in growth, and contain all of the beautiful new colors and shades. Mixed colors. Pkt. 10 cts.

VERBENA NANA MIXED—Very dwarf; magnificent colored flowers of the richest shades. Pkt. 10 cts.

VERBENA NANA CANDIDISSIMA—Pure snowy white, beautiful and very dwarf. Pkt. 10 cts.

VINCA—(Madagascar Periwinkle). Splendid house and bedding plants, growing 18 inches high, with glossy green leaves and beautiful circular flowers. From seed sown early in the garden they will flower beautifully during the summer and autumn and may be potted for the house before frost. Mixed colors. Pkt. 5 cts.

VIRGINIA STOCK—Beautiful, fine flowering little plants, for beds, baskets or edgings. Lilac and white flowers. Pkt. 3 cts.

WHITLAVIA—Charming hardy annuals, with beautiful bell-shaped flowers. Violet, blue and pure white, with delicate blue lip. Mixed colors. Pkt. 3 cts.

ZINNIA GIANT MAMMOTH—Of unusually robust habit of growth and immense size, the perfectly formed, very double flowers are of various striking colors. The plants are three to three and a quarter feet high, are clothed with luxuriant foliage and bloom during a long period. Pkt. 5 cts.

ZINNIA DOUBLE LILLIPUT—Dwarf, compact bushes, bearing very small, perfectly double, pompon-shaped flowers of the brightest colors, which profusely cover the plants during the entire summer and until frost sets in. The flowers are charming for bouquets, and embrace a wide range of both light and dark colors evenly distributed. Pkt. 5 cts.

ZINNIA DWARF SNOWBALL—Handsome dwarf, bushy plants. The large, Dahlia-like flowers are always perfectly double and the purest snow white. Pkt. 5 cts.

ZINNIA DWARF FIREBALL—Exactly like the Snowball, except that the very double flowers are of a dazzling fiery-scarlet. Pkt. 3 cts.

ZINNIA POMPON—The florets are piled in a symmetrical, smooth cone. The colors range from pure white, through creams and buffs, to a clear chrome yellow. Then, again, there is a series of tints ranging from the softest pinks to the deepest crimson. Pkt. 5 cts.

ZINNIA STRIPED ZEBRA—Double flowers, distinctly striped, but only a small percentage come true. Pkt. 5 cts.

ZINNIA SUPERB DOUBLE, MIXED—Perfectly double flowers, of grand form, large size, brilliant colors. Pkt. 5 cts.

ZINNIA CURLED AND CRESTED—New, odd and superb. Petals twisted, curled and crested into fantastic contortions and graceful forms, a magnificent variety of colors. Pkt. 5 cts.

SEEDS OF ANNUAL CLIMBERS.

There is no class of flowers more useful than these. Many a trellis, fence, tree stump, or veranda, otherwise unattractive, can be rendered beautiful by planting seed of rapid-growing climbers.

ADLUMIA CHIRRHOSA—(Mountain Fringe or Allegheny Vine). An attractive and beautiful plant flowering the first season. Of graceful habit. Pale green, delicate foliage, with clusters of small, rosy-lilac flowers. Fifteen feet. Pkt. 5 cts.

AMPELOPSIS VEITCHI—(Boston or Japan Ivy). One of the most valuable of our hardy climbing plants, clinging with great tenacity to wood as well as brick or stone. Beautiful foliage grows rapidly from seed. Pkt. 5 cts.

ARISTOLOCHIA SIPHO—(Dutchman's Pipe). Fine hardy climber with curiously shaped flowers resembling a pipe. Pkt. 5 cts.

BALLOON VINE—(Cardiospermum). The Balloon Vine, or Love-in-a-Puff, is of rapid growth, with pretty foliage and inflated capsules. Pkt. 3 cts.

BRAZILIAN MORNING GLORY—This is no doubt the most magnificent summer climber in our collection; makes a growth of thirty to forty feet in the course of the summer. The flowers, which open in the morning, are three inches or more across, of a beautiful rose color, and are borne in large clusters very freely from July to frost. Pkt. 10 cts.

CANARY BIRD FLOWER—This is one of the most beautiful of climbers, with handsomely fringed, rich yellow and delicate flowers. Pkt. 3 cts.

COBÆA SCANDENS—Of rapid growth and large size, with fine foliage. This is one of the most graceful climbers. Large, bell-shaped flowers of a beautiful violet hue. Pkt. 5 cts.

CRUEL PLANT—(Physianthus Albens). It takes its name from the fact that butterflies, moths, ants, etc., seeking honey in its perfumed flowers are caught and securely held. It bears long sprays of beautiful, bell-shaped white flowers, which are very fragrant. Pkt. 5 cts.

CYCLANTHERA EXPLODENS—Attains a height of ten feet; is quite a pretty vine, with minute white flowers, and bears oval fruits, which explode with a loud noise when ripe. Pkt. 3 cts.

CYPRESS VINE—One of the most elegant vines, with delicate, fern-like foliage and beautiful, star-shaped flowers. Mixed colors. Pkt. 3 cts.

SCARLET—Intensely rich scarlet. Pkt. 3 cts.

WHITE—Purest paper-white. Pkt. 3 cts.

CENTROSEMA GRANDIFLORA—(The Butterfly Pea.) A hardy perennial vine, of great beauty, which blooms early in June, from seed sown in April, and bears in the greatest profusion inverted pea-shaped flowers, ranging in color from a rosy violet to a reddish purple, with a broad feathered white marking through the center, very fragrant. Pkt. 10 cts.

CONVOLVULUS STRIPED—(Morning Glory.) Large, handsome flowers of great beauty; they are variously striped and blotched with red, blue and rose, on a white ground. Pkt. 3 cts.

CONVOLVULUS FINE MIXED—Embracing a great variety of colors. Pkt. 3 cts.

CLEMATIS PANICULATA—One of the finest hardy species in cultivation, twelve feet, and covered from the ground to the summit with pure white, deliciously fragrant flowers. Pkt. 10 cts.

CLEMATIS HYBRIDA MIXED—Rapid growing climbers, fine for arbors and verandas, the small varieties in clusters, and are very fragrant; fifteen feet. Pkt. 10 cts.

CLEMATIS FLAMULA—(Virgin's Bower.) Beautiful clusters of small, white, fragrant flowers. Pkt. 5 cts.

DOLICHOS LABLAB—Purple and white mixed. Makes a dense screen, growing ten feet high. Pkt. 3 cts.

GOURDS—Summer climbers of exceedingly rapid growth and luxuriant foliage, for covering arbors, etc.; they bear fruits known as "Ornamental Gourds," which, when allowed to fully ripen on the vines, can be kept for months as curiosities. Ten to thirty feet, fine mixture. Pkt. 3 cts.

HUMULUS JAPONICUS—(Japanese Hop.) While the foliage resembles in shape that of the common hop, it has more incisions, is very dense, and of a lively green; the stems and leaves are somewhat rough and hairy. The most valuable feature is that it attains enormous dimensions very quickly. Pkt. 3 cts.

IPOMÆA—Rapid-growing, tender annuals, with ornamental foliage and beautiful, most varied-colored flowers. Valuable climbers for the garden; easily grown. Choice Mixed. Pkt. 3 cts.

IPOMÆA, BONA NOX, GOOD NIGHT OR EVENING GLORY—Most beautiful, large, violet flowers. Pkt. 3 cts.

IPOMÆA COCCINEA, STAR IPOMÆA—Of wonderful rapid growth; dense foliage, covered with hundreds of the brightest scarlet flowers; very showy. Pkt. 3 cts.

IPOMŒA HEDERACEA GRANDIFLORA SUPERBA—Rich sky-blue flowers, white margin; large and very handsome. Pkt. 3 cts.

IPOMŒA HEDERACEA GRANDIFLORA SUPERBA ALBA—Large, fragrant, pure white flowers; handsome. Pkt. 3 cts.

IPOMŒA GRANDIFLORA, STRIPE-LEAVED MIXED—Leaves green, marbled with silvery white; flowers fragrant and mostly of an intense ultramarine blue, edged with sky-blue, and with a pink throat. Pkt. 3 cts.

IPOMŒA "HEAVENLY BLUE"—The vines are completely covered by its sky-blue flowers, measuring four inches across; a lovely climber. Pkt. 10 cts.

IPOMŒA, NEW IMPERIAL HYBRIDS—A new race of Ipomœas that is difficult to describe; the colors some variegated, marbled, striped, flamed margined, in wonderful combinations; flowers of immense size; vine of rapid growth.

Single Flowering Mixed. Pkt. 20 cts.

Double Flowering Mixed. Pkt. 25 cts.

MAURANDYA—Charming climbers, elegant alike in flower and foliage, and from their graceful growth are well suited for hanging-baskets, vases, and light trellises. Fine mixed. Pkt. 3 cts.

MORMORDICA BALSAMINA—(Balsam Apple). A very beautiful climbing plant with handsome apple-shaped fruits. Pkt. 5 cts.

THE MOON FLOWER—Makes an immense growth of vine and dense foliage, but must be started early to flower in the North. Some of the large flowers are a beautiful blue, others pure white. Even when it does not bloom it is one of the handsomest vines in cultivation, on account of its quick-growing and dense foliage. The leaves are a bright glossy green, uniformly heart-shaped. Pkt. 5 cts.

SWAINSONIA ALBA—A beautiful climber, divided foliage, long spikes of pure white pea-shaped flowers. Pkt. 10 cts.

THUNBERGIA, FINE MIXED—Elegant, slender-growing climbers, rapidly covering wire trellises, hanging baskets, etc., in the house. In sheltered situations they succeed well out of doors. Pkt. 5 cts.

TROPÆOLUM LOBBIANUM—As easily grown as the common tall Nasturtium, which it far surpasses in the remarkable brilliancy of its flowers. Few flowers bloom more profusely or possess such intense vivid and rich colors as the *Tropæolum Lobbianum*. They make beautiful hedges grown on bush, as are Sweet Peas, while they also can be trained to a greater height. In vases they are particularly attractive, hanging over, while grown simply trailing on the ground they are surpassingly beautiful, and furnish an abundance of bloom for house decoration in vases or bowls.

TROPÆOLUM (LOBBIANUM) GOLD-GARNET—Superb flowers of shining yellow, richly marbled with garnet; very distinct. Pkt. 10 cts.

TROPÆOLUM (LOBBIANUM) LUCIFER—The richest velvety deep crimson imaginable. Pkt. 5 cts.

TROPÆOLUM (LOBBIANUM) SPITFIRE—New, entirely true from seed; the brightest and most glowing in tone of all. Pkt. 5 cts.

TROPÆOLUM (LOBBIANUM) FINEST MIXED—From dark velvety to the brightest gay colors in mixture. Pkt. 3 cts.; oz. 25 cts.

TROPÆOLUM MAJUS—Mixed colors. Pkt. 3 cts.; oz. 15 cts.

SEEDS OF PERENNIAL FLOWERS.

In the following list we describe Biennials and Perennials which live in the garden over winter, and flower in the spring and summer of the following year with scarcely any care.

ALYSSUM (GOLD DUST)—Saxatile, small, golden yellow flowers. Pkt. 3 cts.

AQUILEGIA (COLUMBINE) SINGLE MIXED—A great variety of color. Pkt. 3 cts.

AQUILEGIA (COLUMBINE) FINE DOUBLE MIXED—A very choice assortment of the best. Pkt. 3 cts.

AQUILEGIA CHRYSANTHA—Beautiful, long, golden-yellow, spurred flowers. Pkt. 5 cts.

ADONIS—Ornamental garden plants of easy culture flowering freely; graceful, feathery foliage. Pkt. 3 cts.

ACONITUM FINE MIXED—(Monkshood.) Free growing plants for borders or window. A variety of colors mixed. Pkt. 3 cts.

ANEMONE CORONARIA MIXED—Large, saucer-shaped flowers of many colors. Showy, hardy plants. Pkt. 3 cts.

ANCHUSA ITALICA—Intense blue flowers in large panicles. Pkt. 3 cts.

ARABIS ALPINA—One of the earliest of all spring flowers, spreading tufts with pure white flowers. Pkt. 5 cts.

CAMPANULA—(Canterbury Bells.) Popular perennials, producing bell-shaped flowers of many different colors.

CAMPANULA FINE SINGLE MIXED—A choice assortment of colors. Pkt. 3 cts.

CAMPANULA CHOICE DOUBLE MIXED—All double varieties, mixed. Pkt. 3 cts.

CARNATION—The superb courtly hues, the ivory-like finish, the rich, passionate odor and air of the carnation seems made for the court gardens of Italy and Spain, rather than for our rude country and climate. One has a feeling that the hand that plucks it should be jeweled. But on our democratic estates any maid or man can gather this royal flower and do what they will with its finished richness. Not being difficult of cultivation, the plant should be found in every garden, where its scarlet, crimson, rose and pink make a wonderful show of tints. Fine mixed. Pkt. 10 cts.

CARNATION MARGUERITE—See page 65.

COREOPSIS LANCEOLATA—Large, golden yellow flowers; profuse bloomer; keeps in flower throughout the summer; one of the best hardy plants; very handsome. Pkt. 3 cts.

DIGITALIS (FOX GLOVE) FINE MIXED—Long racemes of beautifully spotted flowers. Pkt. 3 cts.

DIANTHUS PLUMARIUS, (HARDY PINKS) SINGLE MIXED—(Feathered Pheasant's-Eye Pink.) Large, single, fragrant flowers of beautiful colors and finely fringed. Pkt. 3 cts.

DIANTHUS PLUMARIUS, (HARDY PINKS) DOUBLE MIXED—(Double Pheasant's-Eye Pink.) Double fringed flowers, fragrant, and of white, crimson or purple shades, spotted and variegated, nine to twelve inches high. Pkt. 10 cts.

DELPHINIUM (LARKSPUR) FORMOSUM—Flowers very deep blue, in tall, much crowded spikes. Pkt. 3 cts.

DELPHINIUM (LARKSPUR) HYBRIDUM—(Bee Larkspur) The grandest of the perennial species. Tall spikes, three to four feet, of light or dark blue flowers, each with a black, bee-like spot in the center. Pkt. 3 cts.

DELPHINIUM (LARKSPUR) CHINESE—Dwarf Chinese Larkspur.) These grow to a height of 1½ feet and are very free-blooming. Flowers blue, light blue and white. Mixed colors. Pkt. 3 cts.

GOLDEN ROD—America's National Flower. The favorite yellow wild beauty. Pkt. 3 cts.

GLADIOLUS—The culture of Gladioli from seed is interesting for the opportunities thus afforded to originate new varieties. They bloom the second and third year. French Hybrids, Mixed. Pkt. 5 cts.

GYPSOPHILA PANICULATA—A graceful, hardy plant, fine for cutting for bouquets. Flowers in feathery-white panicles. Pkt. 3 cts.

HOLLYHOCK, DOUBLE FINE MIXED—Fine double flowers. Pkt. 5 cts.

HOLLYHOCK, CHARTIER'S SUPERB DOUBLE MIXED—Of all the brightest and best colors. The perfect doubleness of the magnificent large flowers will please the most critical. Pkt. 5 cts.

HOLLYHOCK—Double White, Double Yellow, Double Pink, Red and Rose. Separate colors. Pkt. 5 cts.

HONESTY—(Lunaria). Has purple racemes of beautiful flowers, which form curious, silvery seed pouches. Pkt. 5 cts.

IRIS KÄMPFERI—(Japan Iris). A perfectly hardy bulbous plant, with large, showy flowers, pure white and of many shades of blue and purple. Pkt. 5 cts.

HIBISCUS, CALIFORNICUS—Strong-growing plants of very easy culture and exceedingly showy, the large, cup-shaped flowers frequently measuring six inches across. White flowers, with deep carmine center; very fine and striking. Pkt. 8 cts.

LATHYRUS—(Perennial Peas). These Perennial Peas, while lacking the delicious fragrance of the Sweet Peas, are equally as beautiful, and are very valuable, from the fact that they are in full bloom early in the spring, before the others have begun to flower. They live year after year, bearing magnificent clusters of flowers. Perfectly hardy, and grow eight to ten feet high. Easily grown. Mixed. Flowers purple and white. Pkt. 3 cts.

LAVENDER—An ornamental hardy perennial, bearing long spikes of fragrant blue flowers. Pkt. 3 cts.

LYCHNIS HAAGENEAE, HYBRIDA—Hardy perennials for borders. Pkt. 5 cts.

OBELISCARIA PULCHERRIMA—Showy red and yellow perennial borders. Pkt. 3 cts.

PÆONY, DOUBLE MIXED—Grand, hardy plants, well-known ornaments of our gardens, with large, double flowers of various shades. Pkt. 8 cts.

PAPAYER ORIENTALE—The darkest red; magnificent. See Poppies, page 69.

PICOTEE—Pink, fancy double; mixed superb flowers from prize collection. Pkt. 5 cts.

PENSTEMON, MIXED—All varieties. Flowers resemble *Gloxinias* in shape. Mottled in crimson, pink, blue and white. Pkt. 3 cts.

PHLOX HARDY—Magnificent, hardy flowering plants, growing in strong bushes from two to three feet high, bearing immense heads of large, waxy flowers of lovely shades of color. Pkt. 10 cts.

PYRETHRUM, HARDY FLOWERING VARIETIES—Valuable for permanent beds, bearing large, bright-colored flowers of rose, flesh pink, white, crimson, etc., which remain in bloom a long time. Pkt. 5 cts.

PLATYCODON GRANDIFLORUM—This new variety from Japan comes quite true from seed, and is so dwarf and compact in growth that it requires absolutely no support. It grows upright, producing very handsome, bright, deep-blue and white flowers of extra large size. It flowers freely the first year from seed, and is perfectly hardy; altogether, one of the finest border plants known. Pkt. 5 cts.

SWEET WILLIAM, PERFECTION, SINGLE MIXED—A splendid strain; flowers of many bright colors, large size, and varied markings, including the finest auricula-eyed varieties. Pkt. 3 cts.

SWEET WILLIAM, DOUBLE, MIXED—Fine double flowers, which, however, to our fancy, are not so beautiful as the single. Pkt. 3 cts.

TRITOMA UVARIA GRANDIFLORA—(Red-hot Poker Plant.) Brilliant flowers; spike nearly a foot in length, golden yellow to dazzling scarlet. Pkt. 5 cts.

VIOLA ODORATA, SWEET VIOLET—The popular Sweet Violet flowers, being early in spring, deliciously fragrant. They lie a long time in the ground before germinating. Several colors mixed. Pkt. 5 cts.

ROCKET SWEET—Mixed colors, fragrant purple and white flowers. Pkt. 3 cts.

VALERIANA, MIXED—Hardy sweet biennials: fine for borders. Pkt. 5 cts.

WALLFLOWER, FINE GERMAN, MIXED—Spikes of deliciously fragrant double flowers, combining many shades of color, chocolate and orange purple predominating. Sow early in hot-bed and prick out the small plants into pots; sink the pots in the earth and in the autumn remove to the house, where they will bloom all winter. Double mixed. Pkt. 5 cts.; single mixed, 3 cts.

WISTARIA—Of luxuriant and rapid growth, bearing in the spring immense panicles of purple or white flowers produced in great profusion, fifty to seventy-five feet. Chinese Blue and Chinese White, Pkt. 10 cts. each.

SEEDS FOR THE GREENHOUSE, ALSO FOR THE HOUSE.

The growth of rare plants from seed is very interesting, and many of the choicest varieties may be readily grown in the house by those who are willing to give them careful attention. For winter blooming the seed should be sown in shallow boxes any time during the spring or summer.

ACACIA MIXED—Decorative greenhouse shrubs with elegant foliage, flowers yellow, white or red. Pkt. 8 cts.

ANGELONIA GRANDIFLORA—Beautiful for pot culture; fine spikes of sweet-scented blue flowers; elegant for beds. Pkt. 8 cts.

ANTIGONON LEPTOPUS—Rosy carmine flowers, in long spikes; magnificent climber for warm greenhouses, doing well outside in summer. Pkt. 8 cts.

ASPARAGUS TENUISSIMUS—A indoor climbing plant of exquisite beauty with graceful feathery lace-like foliage; fine for cutting. Pkt. 10 cts.

BEGONIA, SINGLE TUBEROUS-ROOTED HYBRIDS—These charming and showy Begonias, with their orchid-like flowers and rich, tropical foliage, can be raised from seed planted in light, moderately rich soil with a liberal mixture of sand. Seedlings raised from sowings made early in the year will bloom freely in the course of the summer, but not so freely as those of greater age. Fine mixed. Pkt. 15 cts.

DOUBLE TUBEROUS-ROOTED BEGONIAS—Extra fine mixed. Pkt. 25 cts.

CALCEOLARIA, PRIZE STRAIN—These popular favorites are unsurpassed for pot culture in the greenhouse or conservatory, producing their brilliant flowers in great profusion and variety. The blooms are remarkable for their oddness of shape, for their size, and for richness, diversity and delicacy of coloring. Seed may be sown from May to August, in light, rich, well-sifted soil, and frequently transplanted. An eight-inch pot will do for the plant when full size for blooming. Tender perennials. Height, one foot. This strain is famous for the richness and variety of color. Pkt. 15 cts.

CINERARIA HYBRIDA—This is one of the brightest and best of house plants, blooming most profusely during the late winter and early spring. When in full flower the plants present a gorgeous sight, being each covered with

one mass of bloom of richest colors; crimson, magenta, violet blue, white and variegated. Seed should be sown from August to October, when they will bloom the first winter. Keep the plants in a cool, shady place during the summer. Large flowering, finest mixed. Pkt. 15 cts.

COLEUS, SUNSET STRAIN OF LARGE-LEAVED—Embracing varieties of extraordinary merit, all with richly colored leaves of large size. The foliage is beautifully lacinated, of intensely brilliant colors, variegated in every conceivable manner, and nearly every plant is entirely different from the other, altogether a wonderful variety. The plants from this new race, which can not be too highly recommended, will prove remarkably effective in decorating baskets, or in massing in summer in the open ground. They are very easily raised from seed, and one packet will produce an almost endless variety, which will make a gorgeous display throughout the entire summer. Pkt. 15 cts.

CYCLAMEN PERSICUM—Most charming bulbous-rooted plants, with beautiful foliage, variegated in different shades of green, and richly colored orchid-like flowers. They are universal favorites as pot plants for winter and spring blooming. If the seed is sown early, in sandy loam, they will make flowering bulbs in one season. After flowering, the bulbs should be allowed to rest in a dry state over summer. Splendid Mixed. Pkt. 10 cts.

CYCLAMEN GIGANTEUM, MIXED—Beautifully mottled leaves, and very large flowers of rich colors. Pkt. 10 cts.

CACTUS, MIXED VARIETIES—Beautiful plants for pot culture in the window or greenhouse; the flowers of some very beautiful and the foliage of others very curious. Pkt. 15 cts.

CLIANTHUS DAMPIERI—("Australian Glory Pea"). One of the most beautiful plants grown for either the greenhouse or border; the flowers of scarlet, blotched with black, are borne in gorgeous clusters; tender, shrubby trailer; succeeds best when treated as an annual; must not be transplanted. Pkt. 10 cts.

DRACÆNA INDIVISA—A foliage plant, used extensively for the centers of vases, and for pot culture, thin, arching leaves, two to three feet. Pkt. 8 cts.

ERYTHRINA—(Coral Plant.) Forms a shrub about five feet high, with large spikes of deep scarlet, pea-shaped blossoms. Pkt. 5 cts.

EUPATORIUM FRASERI—Very pretty plants, with snow-white flowers. Fine for bouquets. Pkt. 5 cts.

FUCHSIA—Beautiful well known plants, easily grown from seed. Single and double mixed. Pkt. 15 cts.

GLOXINIAS NEW SUPERB MIXED—The *Gloxinia* is a grand flower which does not receive proper appreciation in this country, owing no doubt to its high price and the fact that the most beautiful strains have not yet been seen in general cultivation. We have a collection of the finest, new, blotched, spotted and margined strains. Without seeing them, no one can appreciate their unrivaled beauty. Of large size, beautiful shape, and profuse bloomers, the colors ranging from pure white to dark blood red, pink, lavender, indigo blue, marbled, spotted and margined in a manner truly fascinating. Nothing makes a lovelier pot plant, and they are easily grown, it being necessary only to pot the bulbs in the spring in light, rich soil, and after they are done growing and blooming in the fall dry them off and store them in a warm place over winter. In growing them from seed, the seed should be sown under glass and carefully tended until they are large enough to transplant. When started early and well cared for they often bloom the first summer.

Mrs. C. A. Fales, of West Medway, Mass., writes; "I raised eighty-four *Gloxinias* from seed."

Price of choice select seed of all sorts mixed: Pkt. 15 cts.

HYACINTHUS CANDICANS—Giant Summer Flowering Hyacinth, of robust growth, producing spikes three feet long, of white, bell-shaped flowers, five feet, bulbs keeping dry over winter like a *Gladiolus*. Pkt. 5 cts.

LINARIA CYMBALARIA (Kenilworth Ivy.) A hardy and perennial trailing variety, suitable for baskets, vases, pots and rockwork. Three inches. Pkt. 5 cts.

LANTANA, FINEST MIXED—Well-known, shrubby plants, with clusters of Verbena-like flowers, making a grand display the first season. Pkt. 8 cts.

MUSA ENSETTE—(The Abyssinian Banana Tree.) Strikingly effective as single specimens upon the lawn, as well as in clumps or masses. The rapidity of its growth is astonishing; if the seed is sown early in hot-beds and re-potted several times the plants will attain the height of eight feet the first summer. They can be stored in the cellar during winter with a covering of soil, or planted in a tub, watered sparingly, and will attain gigantic proportions the second season. The leaves are magnificently long, broad and massive, of a beautiful, bright green. 10 cts. per pkt. for two seeds.

PASSIFLORA, PASSION FLOWER—Handsome, rapid growing, perennial climber, for greenhouse decoration or sunny positions in the open ground in summer. Several sorts mixed. Pkt. 10 cts.

PRIMULA SINENSES FIMBRIATA—(Fringed Chinese Primrose.) The Chinese Primrose is the most beautiful and satisfactory of all house plants for winter blooming, and is as easily grown as a Geranium. It is never attacked by insects, and will even thrive in a window where there is but little sun, and where few other plants would bloom. Finest single mixed. Pkt. 10 cts.

PRIMULA ALBA MAGNIFICA—Flowers borne in large trusses well above the foliage, are pure white, with large, bright yellow eyes. Pkt. 20 cts.

PRIMULA COERULEA—(New Blue.) One of the rarest and prettiest colors. Pkt. 20 cts.

PRIMULA ROSY MORN—The large, finely-fringed flowers, produced in great profusion, are of a distinct and beautiful carmine rose. Pkt. 20 cts.

PRIMULA BRIGHT RED—(Coccinea.) A very brilliant color. Pkt. 20 cts.

PRIMULA RUBRO-VIOLEACEA—Beautiful and showy. Pkt. 20 cts.

PRIMULA KERMESINA SPLENDENS—Splendid crimson. Pkt. 20 cts.

PRIMULA STRIPED—White, striped with rose. Pkt. 20 cts.

PRIMULA SNOW QUEEN—New, pure white. Pkt. 20 cts.

PRIMULA LILAC-MARbled—Very attractive. Pkt. 20 cts.

PRIMULA FINEST FRINGED—Large-flowering. A grand mixture, embracing all the above and many other finest fringed, large-flowering varieties. Pkt. 15 cts.

PRIMULA OBCONICA—A lovely and profuse blooming Primrose, bearing beautiful single flowers, white, shaded with a slight tinge of lilac. This is really an everblooming plant, producing elegant clusters of flowers continuously throughout the year. Pkt. 10 cts.

SWAINSONIA ALBA—Very popular plant for house culture or open ground during the summer. Beautiful and graceful foliage. Flowers pure white produced in sprays of twelve to twenty flowers, each resembling Sweet Peas. Of easy culture and everblooming. Pkt. 15 cts.

TORENIA, FOURNIERI—Lovely, velvety-blue flowers, with three large spots of the darkest blue and a bright yellow throat; covered with bloom until frost. Pkt. 5 cts.

TORENIA, WHITE WINGS—The compact, well-balanced plants are covered with dainty and distinct flowers of ivory white, delicately tinted rose at throat. The contrast with the other varieties is charming. Pkt. 5 cts.

EVERLASTINGS.

The Everlasting Flowers, with their rich, brilliant, colors are very valuable for winter decoration. They should be cut as soon as they come into full bloom, tied in small

bunches and dried slowly in the shade, with the heads downward, to keep the heads straight.

ACROCLINIUM, MIXED—Rose and white. Pkt. 3 cts.

AMMOBIUM—Small white flowers, pretty. Pkt. 3 cts.

GOMPHRENA—(Globe Amaranth or Bachelor's Button.) Mixed. Small, globe-shaped, double flowers, of perfect form and bright colors. Pkt. 3 cts.

HELIPTERUM SANFORDI—Small, yellow flowers. Pkt. 3 cts.

HELICHRYSUM—Fine, large, double flowers, of most brilliant colors. Often called "The Eternal Flower." Mixed colors. Pkt. 3 cts.

RODANTHE MACULATA, MIXED—Flowers of various colors. Pkt. 3 cts.

XERANTHEMUM, MIXED—Double flowers. Pkt. 3 cts.

MIXED EVERLASTING—A single packet will give in abundance a great variety of the most attractive Everlasting Flowers. No more welcome present can be given a visitor, when looking through the flower garden, than a bouquet of these imperishable flowers. Pkt. 5 cts.

ORNAMENTAL GRASSES.

If our customers could see the wonderful variety and graceful forms of the Ornamental Grasses they would be induced to use them much more largely, particularly when it is considered how indispensable they are in the arrangement of graceful bouquets.

AGROSTIS NEBULOSA—Fine and feathery; elegant. Pkt. 3 cts.

AVENA STERILIS—(Animated Oat.) 2½ feet. Pkt. 3 cts.

BRIZA GRACILIS—Small graceful racemes. Pkt. 3 cts.

BRIZA MAXIMA—(Quaking Grass.) Large racemes of beautiful rattles. Very ornamental. Pkt. 3 cts.

BROMUS BRIZÆFORMIS—Drooping panicles; beautiful. Pkt. 3 cts.

COIX LACHRYMA—(Job's Tears). Pkt. 3 cts.

ERIANTHUS RAVENNAE—As fine as Pampas Grass. Pkt. 3 cts.

GYNERIUM ARGENTIUM—(Pampas Grass.) Flowers the second season; requires protection. Pkt. 5 cts.

HORDEUM JUBATUM—(Squirrel-Tail Grass.) Fine. Pkt. 3 cts.

LAGURUS OVATUS—(Hare's-Tail Grass.) Pkt. 3 cts.

STIPA PENNATA—(Feather Grass.) Perennial. Pkt. 3 cts.

MIXED ANNUAL VARIETIES OF ORNAMENTAL GRASSES—All should at least have a packet of this mixture—it contains seed of all the annual varieties named above, thus furnishing ample material for home decoration in winter. Pkt. 5 cts.

New and Standard Vegetable Seeds SELECTED LIST.

Quality . . . <small>REGISTERED INNISFALLEN TRADE-MARK.</small> the Highest.	WARRANTY. THAT OUR SEEDS ARE AS GOOD AS THE BEST IN THE MARKET AND WE STAND READY TO REPLACE ANY SUCH SEEDS THAT DO NOT PROVE SATISFACTORY THROUGH DEFECT IN THE SEED OR IN QUALITY AND PURITY. CULTURE ON ALL PACKETS.	Our Prices <small>REGISTERED INNISFALLEN TRADE-MARK.</small> the Lowest.
--	--	--

POSTAGE PAID BY US.—Please bear in mind that our prices include prepayment of postage on all Packets, Ounces, Fractional Pounds or Pounds, Pints or Quarts. Thus you only have to send us the catalogue price and we guarantee safe arrival of Seeds.

Our Big Discount:

For together with our already low priced packages of seed is the biggest reduction ever offered to seed buyers and in these hard times every body should have a garden spot of their own be it large or small. Home grown vegetables are always the better tasted and more wholesome. In addition to the above premiums we endeavor to add to all orders some "Extras" of our own selection—often of rare, new varieties. Nothing for which money is expended makes so large a return as Seeds, if they be good. Nothing causes greater vexation than worthless Seeds. If you wish to avoid disappointment, do not rely on seeds peddled over the country and sold on commission—the chances are against their vegetating. The thoughtful cultivator will provide himself with a surplus quantity of the seeds he designs to plant, to hold a reserve for replanting, as dry weather, beating rains, and insect depredation often destroy the first sowings.

..... IMPORTANT NOTICE.

Seeds in bulk ounces, pounds, pints or quarts are always net and not subject to any discount, if ordered by express or freight at purchaser's expense, deduct at the rate of 8 cents per pound and 8 cents per pint. The prices quoted on peck, half bushel or bushel are always at the purchaser's expense.

Examine our list of Flower and Vegetable Seeds. See the very Low Prices. None Better. None Cheaper.

ASPARAGUS.—Pkt. 3 cents.

COLOSSAL—The shoots are of the largest size, very productive, and of the best quality. oz. 10 cts., pd. 50 cts.

PALMETTO—A new introduction, superior to the Colossal in being more even and regular in its growth, and in condition a week or two earlier, while it is its equal in quality. oz. 10 cts., pd. 75 cts.

BEANS.—Pkt. 5 cents.

Bush Varieties with Yellow or Wax Pods.

YOSEMITE MAMMOTH WAX—The largest pods of all the wax sorts, productive and of good quality. pt. 30 cts., pk. \$2.50.

WARDWELL'S WAX—The pods are handsome, long and flat, stringless and of exquisite flavor. Does not rust. A heavy yielder. pt. 25 cts., pk. \$1.50.

GOLDEN TANKARD—Bright yellow, one of the finest. oz. 8 cts., pd. 60 cts.

LANE'S IMPERIAL SUGAR—For sugar-making or stock-feeding. oz. 8 cts., pd. 50 cts.

RED TOP SUGAR—Productive, handsome, hardy, and well shaped; twenty tons to the acre, containing about 8 per cent sugar. oz. 8 cts., pd. 45 cts.

Brussels Sprouts.

PERFECTION—Handsome, solid, round sprouts of the best quality. Pkt. 5 cts.

Broccoli.

PURPLE CAPE—Produces heads very nearly like Cauliflower, but more hardy. This variety has large, close heads of brownish-purple color and good flavor. Pkt. 5 cts., oz. 25 cts.

CABBAGE.—Pkt. 3 cents,

EXCEPT WHERE NOTED.

EXTRA EARLY EXPRESS—Excels all others in earliness; a week earlier than any other Cabbage. oz. 15 cts., pd. \$2.00.

EARLIEST ETAMPES—Excepting the Empress this is earlier than any other Cabbage. Has pointed heads. oz. 12 cts., pd. \$1.75.

EARLY YORK—The standard English sort. oz. 12 cts., pd. \$2.00.

EARLY CANNON BALL—Hard, heavy and solid heads. oz. 12 cts., pd. \$1.75.

EARLY WINNIGSTADT—A standard early sort. oz. 12 cts., pd. \$1.75.

EARLY SUMMER—A superior second early sort; large and solid heads of superior quality. oz. 12 cts., pd. \$2.00.

EARLY JERSEY WAKEFIELD—Well known, and most valuable for early. oz. 15 cts., pd. \$2.00.

ALL SEASONS—One of the finest for second early, or late, growing to a large size quickly and surely. oz. 15 cts., pd. \$2.00.

HENDERSON'S SUCCESSION—An excellent second early or late sort in the style of All Seasons. oz. 20 cts., pd. \$2.25.

BURPEE'S ALL HEAD EARLY—Most uniform in color, shape and size of any early variety. oz. 20 cts., pd. \$2.25.

LARGE LATE FLAT DUTCH—A valuable main crop sort for market. oz. 15 cts., pd. \$1.75.

MARBLEHEAD MAMMOTH—Of enormous size, single heads frequently weighing fifty pounds. oz. 20 cts., pd. \$2.25.

BURPEE'S SUREHEAD—Always sure to head, when other varieties fail. Fine flavor; keeps well. Pkt. 5 cts., oz. 20 cts., pd. \$2.75.

AUTUMN KING—Said to be the finest of all winter Cabbages. Very large and distinct. Pkt. 5 cts., oz. 25 cts., pd. \$2.75.

SHORT STEM DRUMHEAD—The heads are large, extra hard, solid, and flattened on the top. Finest quality. oz. 20 cts., pd. \$2.25.

RED DUTCH—A useful sort for pickling. oz. 15 cts., pd. \$1.50.

DRUMHEAD SAVOY—The finest type of winter Cabbage. Not surpassed by even the Cauliflower. oz. 15 cts., pd. \$1.50.

SOLID EMPEROR—See cover page.

SWEET CORN.—Pkt. 5 cents.

PINT 20 CTS., PECK \$1.00, EXCEPT WHERE NOTED.

EARLY CORY—A very early variety; with good sized ears and large grains.

MARBLEHEAD—One of the earliest; good quality for an variety.

EARLY MINNESOTA—The standard early sweet corn, good size, sweet and well flavored.

PERRY HYBRID—Very early and of large size. Valuable for market.

STABLER PEDIGREE—Noted for earliness and great sweetness. Fine market variety.

Second Early or Intermediate.

SHAKER EARLY—Quite early, large, delicious, sweet flavor.

CROSBY—Excellent quality, sweet and juicy, fine flavor.

POTTER'S EXCELSIOR—Remarkably sweet, succulent and tender.

AMBER CREAM—Very rich, sugary and tender. Extra large ears.

NEW EVERBEARING—Produces frequently as many as six good-sized ears during the season.

General Crop.

LARGE EIGHT-ROWED—Very productive, and of superior sweetness.

HICKOX IMPROVED—Handsome ears, very white and rich flavor.

STOWELL'S EVERGREEN—Remains green a long time; highly prized.

RUBY—Large ears, pure white grains, delicious flavor, and extremely sweet. Handsome appearance.

Late Sorts.

BLACK MEXICAN—Sweet, and of superior flavor. Black grains.

COUNTRY GENTLEMAN—One of the sweetest grown: large ears, delicious quality.

LATE MAMMOTH—Large ears, rich and sweet.

EGYPTIAN—Large and of superior quality. The latest of all.

Popcorn.

SILVER LACE—A single kernel will produce three to four stalks, handsome ears, six inches long, with sixteen rows of smooth, round, metallic white grains. pt. 25 cts.

QUEEN'S GOLDEN—It pops perfectly white, and a single kernel will expand to a diameter of nearly one inch; exceedingly tender when popped, with delicious and delicate taste. pt. 25 cts.

CELERY—Pkt. 5 cents.

CRAWFORD'S HALF DWARF—Very ornamental, yellowish white, rich, nutty flavor.

IMPROVED WHITE PLUME—Very early, and the handsomest celery in the market. The tops being naturally almost white, require little blanching. oz. 25 cts.

GOLDEN SELF-BLANCHING—Resembles the White Plume, except in color, which is a bright yellow. oz. 25 cts.

GIANT PASCAL—An easily blanched and fine-keeping, large sort, of excellent flavor and superior quality. oz. 20 cts.

HEARTWELL—The heart is golden yellow, and of superior quality. oz. 25 cts.

KALAMAZOO—Solid, crisp-eating, and delicious flavor. oz. 15 cts.

NEW ROSE—Beautiful rose shading with the white in the blanched stalk and heart. oz. 20 cts.

GIANT WHITE—Immense size, solid and crisp; a fine keeper. oz. 30 cts.

CAULIFLOWER.

EXTRA EARLY PARIS—Very early; good forcing. Pkt. 5 cts., oz. 75 cts.

AUTUMN GIANT—Vigorous growth and very large; late. Pkt. 5 cts., oz. 40 cts.

LE NORMAND'S SHORTSTEM—Has very large heads, white and firm. Pkt. 5 cts.

EARLY ERFURT—Very dwarf, with solid, pure white heads of superior quality. Pkt. 15 cts., ½ oz. 75 cts., 1 oz. \$1.50.

IMPROVED SNOWBALL—By all odds the best Cauliflower known, whether for the market gardener or for private use. It is a week earlier than any other variety, is more dwarf in habit, though the head is just as large, and is more sure than any other variety of forming a head in a bad season. Pkt. 15 cts., ¼ oz. 75 cts., ½ oz. \$1.50, oz. \$3.00.

CUCUMBERS.—Pkt. 3 cents.

EXCEPT WHERE NOTED.

COOL AND CRISP—Very early and prolific, one of the best for pickling, and at the same time a table variety. Pkt. 5 cts.

EARLY FRAME—Handsome, tender, and crisp flesh, good for pickles. oz. 8 cts., pd. 60 cts.

EARLY GREEN PROLIFIC—One of the best for pickling, very productive and uniform, small size. oz. 8 cts., pd. 65 cts.

EARLY WHITE SPINE—Early and good for pickling or table use. oz. 8 cts., pd. 70 cts.

IMPROVED CHICAGO PICKLE—One of the most valuable for pickling; has yielded at the rate of 200,000 per acre. oz. 8 cts., pd. 65 cts.

GIANT PERA—The fruit is very long, well shaped and of fine flavor, fine for table use. Pkt. 5 cts., oz. 15 cts.

LONG GREEN—Long and crisp, a popular variety. oz. 8 cts. pd. 75 cts.

LONG WHITE SPINE—Very fine shape for the market; splendid for table use. oz. 8 cts., pd. 75 cts.

NEW EVERBEARING—Very early and enormously productive; valuable as a green pickler. oz. 8 cts., pd. 75 cts.

WHITE PEARL—Beautiful pearly white; immense yield. Pkt. 5 cts. oz., 15 cts.

NEW JAPANESE CLIMBING—Early and productive, excellent for table or pickling, vigorous climber in habit. Pkt. 5 cts.

COLLARDS.

GEORGIA COLLARDS—Also known as "Cole" and "Colewort." Extensively grown in the South for "greens" as they are an easy, sure crop, and afford an abundance of food for both man and beast. It forms a mass of leaves on a tall stem, and in the South continues in growth all winter. As the leaves are pulled off the stem increases in height, bearing new leaves. Pkt. 3 cts. oz., 15 cts.

CRESS, OR PEPPER GRASS.

CURLED GARDEN—Pkt 3 cts., oz. 10 cts., ¼ pd. 20 cts.

WATER CRESS—Used as a salad or raw. Pkt. 10 cts.

CORN SALAD, OR VETTIKOST.

LARGE ROUND-LEAVED LARGE SEEDED—A small, hardy salad, extensively used during the winter and spring months as a substitute for lettuce; also cooked and served like spinach. In warm weather the plants will mature in from four to six weeks; sow early in spring. For winter and spring use, sow in August and September. Pkt. 5 cts.

CARROT.—Pkt. 3 cents.

EARLY FORCING—Best for early and late crops and frames. oz. 10 cts.

EARLY SCARLET HORN—Favorite early crop. Roots thick and short. oz. 10 cts.

DANVER'S HALF LONG ORANGE—Rich, dark, orange-colored roots. oz. 8 cts.

CORELESS LONG RED—Stump-rooted, of rich color; twelve to fifteen inches long. oz. 8 cts.

CHANTENAY—Best for table use. Deep, golden orange color. oz. 8 cts.

OXHEART—Of the finest quality for the table. oz. 8 cts.

HALF-LONG SCARLET STUMP-ROOTED—Smooth skin and rich color. oz. 8 cts.

ST. VALLERY—Good size and tapering. Fine quality. oz. 8 cts.

IMPROVED LONG ORANGE—Good keeper, fine quality; productive. oz. 8 cts., pd. 85 cts.

LARGE WHITE AND LARGE YELLOW BELGIAN—Of the largest size; grown largely for stock feeding. oz. 8 cts., pd. 60 cts.

DANDELION.

Resembles Endive, and is sometimes cultivated for spring greens, or blanching for salad. Pkt. 10 cts.

SUMMER SAVORY—A culinary herb.

THYME—Used in seasoning meats, etc.

TARRAGON—(Russian.) Used for flavoring soups.

TANSY—Used in medicine.

WORMWOOD—Has medicinal qualities.

GRASS SEEDS—LAWN.

As a guide for the proper quantity to order we may state that one quart of Lawn Grass is sufficient to thoroughly sow an area of twenty feet by fifteen feet—three hundred square feet—three to five bushels will be required for one acre. It should be borne in mind that in order to produce the best results, grass seed for lawns should be sown twice as thickly as if sown for hay—one quart of seed to about one and a half square rods. At the price per bushel and per peck we deliver to Express Company here, or on board of cars. No charge for bags or packing. By the quart we prepay postage.

VELVET LAWN MIXTURE—Is a compound of Grasses that ripen successively, thereby always presenting a cheerful appearance. Lawns sown with only one or two Grasses turn brown under our hot sun, and remain in that condition until the cool months of autumn revive them. The mixture that we offer is one of the best in the market, and can be relied upon to produce the very best results. Sow four bushels to the acre. Weight, per bushel, fourteen pounds. Qt. 25 cts., pk. \$1.00, bu. \$3.75.

 The Club Discounts on First Page Do Not Include These Collections. 

SPECIAL BARGAIN COLLECTION OF PLANTS.

Only 50 Cts.

Will buy any one of these collections named below, delivered safely by mail, postpaid, to any address. The collections are all fine, strong plants of the best varieties, and are marvels of cheapness. We can only afford to sell them so cheap by growing our plants in immense numbers. The choice of the varieties must invariably be left to us, the purchaser simply naming the number of the set or sets desired. Every plant is plainly labeled, and there are no two varieties alike in the same collection.

WHEN ORDERING USE BOTH NUMBER AND NAME. WE CANNOT MAKE ANY CHANGE IN THESE COLLECTIONS.

COLLECTION 1—12 Beautiful Everblooming Roses. In this collection we will send the very best varieties and distinct colors such as will give the best results in your locality.

Solid Emperor Cabbage.

(SEE CUT.)

Superior to all Intermediate and Late Cabbages.
Enormous Solid Heads. Creamy White Interior.
Solid and Crisp. Unsurpassed for Slicing or
Cooking, and Especially Fine Flavored.

Without hesitation we claim the **Solid Emperor** to be the best general crop Cabbage ever grown. Produces large, round, solid heads, remarkably uniform in size, ordinarily averaging ten to fifteen pounds; when well grown it has been known to reach eighteen to twenty pounds to a single head. Grandest winter keeper and always a sure header, when all other varieties have signally failed.

Mr. L. A. Benham, of St. Francis, Wis., writes: "Last season I tried some of your **Solid Emperor Cabbage**. I have been in garden business for fourteen years and always bought the best seeds catalogued in this country, but have never grown anything that comes up to your **Solid Emperor**."

Price, per pkt. 10 cts.; oz. 35 cts.; ½ pd. \$2.00; pd. \$3.50.

Excelsior Rose Collection.

20 FINE ROSES

FOR ONLY \$1.00.

A Large Bed, Three Feet in Diameter, will hold this Collection of Our CHOICEST EVERBLOOMING ROSES.

GET UP A CLUB. We will send you 6 Excelsior Rose Collections of our 20 Roses for FIVE DOLLARS.

NO FURTHER DISCOUNT ON THIS REMARKABLE OFFER.

PINK BEAUTY—(Kosteletzkyia Virginica.)

The plant is of sturdy habit, attaining a height of three to four feet and a spread of eighteen to twenty-four inches and so floriferous the entire summer and autumn months as to present a solid mass of pink. The individual blossoms are from two to two and one-half inches in diameter, perfectly flat and almost as regular and round as a silver dollar; of the most tender, bright rosy-pink imaginable, with delicate veinings upon the petals; the reverse of the petals being silvery-rose or La France rose color and cheerful lemon-yellow pistils and stamens, producing a harmony of color truly poetical. It is of the easiest culture, succeeding equally well in moist or dry situations and always growing vigorously. The seed germinates quickly; the plants beginning to bloom when a foot high, continuing without interruption throughout the season. In fact, wherever plants of the Kosteletzkyia stand a beauty spot is produced. In addition to the interest that always attends the advent of a distinct and really beautiful hardy herbaceous plant, the history of the Kosteletzkyia is especially entertaining. It is a genus that was described by Linnaeus, and long since lost. Plants 20 cts. each; 3 for 50 cts. Seed per pkt. 15 cts.; 2 for 25c.

NEW STRAWBERRY-RASPBERRY.

This is indeed a remarkable fruit which, like so many novel and beautiful fruits comes to us from Japan. It is said to a hybrid between the Strawberry and Raspberry. Improbable as this would seem to appear, the habit of the plant and its fruit gives strong evidence that this statement is correct. Its habit is that of neither of the fruits named, but a compromise of the two; it being a spreading, low-growing bush, producing its fruit in branching clusters of three or more at the ends of the stems. In form and appearance of fruit it is about as good a combination of a Strawberry and Red Raspberry as one could well imagine—in size about midway between the two and the form of neither, but half way between each, being formed of globules or drupes like a Raspberry, but in color a crimson equalling in brilliancy the most beautiful Strawberry. Said to be entirely hardy. A fruit so unique in every way, so exceedingly beautiful and prolific and so full of promise that it cannot fail to meet a ready and large sale. Fine plants 35 cents each.

SPECIAL OFFER—For \$1.00 we will mail you 4 fine plants.

No further discount.

The Blue Solanum.

SOLANUM SEAFORTHIANUM (Azurum). Certainly one of the finest plants lately introduced. Every one is well acquainted with *Solanum Jasminoides*, and its merits are greatly appreciated. In "The Blue Solanum" we have a far superior plant in every respect. It is of robust growth, soon making fine specimens that will climb over and cover a porch with the most handsomely cut foliage. In mild localities it is covered during the late summer months with hundreds of clusters of large, lavender-blue, Wistaria-like flowers, brightly set off with golden stamens, each cluster measuring 15 inches in circumference, and often attaining a length of 12 inches. The flowers are succeeded by bright scarlet berries, remaining perfect for a long time. Price, 15 cents each.

The White Solanum.

SOLANUM JASMINOIDES GRANDIFLORUM—A beautiful new plant which inclines to a trailing or climbing habit, but never attains a greater height than three to five feet and can be pinched back to bush form. Its flowers are star-shaped, like a Clematis, and borne in enormous panicles or clusters, often a foot across. In color they are pure white, with a violet tinge on back of petals and on the buds. In pots it is a fine bloomer, both summer and winter; but its grandeur for outdoor culture, when trained against the wall or trellis, and showing hundreds of these magnificent panicles of bloom, can not be described. It is a free and constant bloomer, commencing when only a foot high, and like the Manettia its

flowers keep perfect a long time before fading. No more beautiful object can be seen than these two vines growing side by side and mingling their profusion of bloom. Price, for strong plants, 10 cts. each.

THE WHITE SOLANUM.

THE "BLUE" SOLANUM

The Dwarf Bush Solanum

SOLANUM CAPSICASTRUM. (New Dwarf.)—This beautiful plant is one of the handsomest ornamental plants in cultivation. It is of the easiest

culture and is covered with beautiful, white star-shaped blossoms and bright scarlet colored berries about the size of cherries, which color up in the fall and remain on all winter. A very novel and attractive decorative plant. Price, 15 cents each.

SPECIAL OFFER—The 3 Beautiful Solanums for 30 cents; Four Sets for \$1.00. No Further Discount.

The Wonderful Artillery Plant.

PILEA SERPÆFOLIA—Graceful, frond-like leaves. When in flower, produces a snapping sound when water is thrown on the leaves. 8 cents each.

Two Beautiful Hardy Fragrant Shrubs.

PHILADELPHUS, MOCK ORANGE—A most desirable shrub. Beautiful and fragrant. Grows to a height of eight or ten feet. We have both the double and single flowered. Price, 10 cents each.

PHILADELPHUS PRIMULÆFOLUS—(Double-flowering Mock Orange.) Flowers large, of delightful fragrance, double, white, star-shaped, resembling the double white Primula; produced in bunches of five to seven. Hardy. Price, 10 cents each.

Petunias, Double Fringed Varieties

The Double Petunia is one of the finest bedding plants for massing, mixed borders or vases. The brilliancy and variety of its colors, combined with the duration of its blooming period, render it invaluable for greenhouse decorations. Twelve fine varieties. Price, 10 cents each.

SPECIAL OFFER—The set of 12 Fine Fringed Varieties for only \$1.00. No Further Discount.

NEW DWARF SOLANUM.
